### **Item 1.01 Entry into a Material Definitive Agreement**

On May 28, 2020 (the “Closing Date”), Owl Rock Capital Corporation (the “Company”) completed a \$438.9 million term debt securitization transaction (the “CLO Transaction”), also known as a collateralized loan obligation transaction, which is a form of secured financing incurred by the Company. The secured notes and preferred shares issued in the CLO Transaction were issued by the Company’s consolidated subsidiaries Owl Rock CLO IV, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the “Issuer”), and Owl Rock CLO IV, LLC, a Delaware limited liability company (the “Co-Issuer” and together with the Issuer, the “Issuers”) and are backed by a portfolio of collateral obligations consisting of middle market loans and participation interests in middle market loans as well as by other assets of the Issuer.

The CLO Transaction was executed by the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the Closing Date (the “Indenture”), by and among the Issuers and State Street Bank and Trust Company: (i) \$236.5 million of AAA(sf) Class A-1 Notes, which bear interest at three-month LIBOR plus 2.62% and (ii) \$15.5 million of AAA(sf) Class A-2 Notes, which bear interest at three-month LIBOR plus 3.40% (together, the “Secured Notes”). The Secured Notes are secured by the middle market loans, participation interests in middle market loans and other assets of the Issuer. The Secured Notes are scheduled to mature on May 20, 2029. The Secured Notes were privately placed by Natixis Securities Americas LLC. Upon the occurrence of certain triggering events relating to the end of LIBOR, a different benchmark rate will replace LIBOR as the reference rate for interest accruing on the Secured Notes.

Concurrently with the issuance of the Secured Notes, the Issuer issued approximately \$186.9 million of subordinated securities in the form of 186,900 preferred shares at an issue price of U.S.\$1,000 per share (the “Preferred Shares”). The Preferred Shares were issued by the Issuer as part of its issued share capital and are not secured by the collateral securing the Secured Notes. The Company purchased all of the Preferred Shares. The Company acts as retention holder in connection with the CLO Transaction for the purposes of satisfying certain U.S. and European Union regulations requiring sponsors of securitization transactions to retain exposure to the performance of the securitized assets and as such is required to retain a portion of the Preferred Shares.

As part of the CLO Transaction, the Company entered into a loan sale agreement with the Issuer dated as of the Closing Date, which provided for the sale and contribution of approximately \$275.07 million par amount of middle market loans from the Company to the Issuer on the Closing Date and for future sales from the Company to the Issuer on an ongoing basis. Such loans constituted part of the initial portfolio of assets securing the Secured Notes. The remainder of the initial portfolio assets securing the Secured Notes consisted of approximately \$174.92 million par amount of middle market loans purchased by the Issuer from ORCC Financing II LLC, a wholly-owned subsidiary of the Company, under an additional loan sale agreement executed on the Closing Date between the Issuer and ORCC Financing II LLC. The Company and ORCC Financing II LLC each made customary representations, warranties, and covenants to the Issuer under the applicable loan sale agreement.

Through November 20, 2021, a portion of the proceeds received by the Issuer from the loans securing the Secured Notes may be used by the Issuer to purchase additional middle market loans under the direction of Owl Rock Capital Advisors LLC (“ORCA”), the Company’s investment advisor, in its capacity as collateral manager for the Issuer and in accordance with the Company’s investing strategy and ability to originate eligible middle market loans.

The Secured Notes are the secured obligation of the Issuers, and the Indenture includes customary covenants and events of default. The Secured Notes have not been registered under the Securities Act of 1933, as amended (the “Securities Act”), or any state securities (e.g., “blue sky”) laws, and may not be offered or sold in the United States absent registration with the Securities and Exchange Commission or pursuant to an applicable exemption from such registration.

ORCA will serve as collateral manager for the Issuer under a collateral management agreement dated as of the Closing Date. ORCA is entitled to receive fees for providing these services. ORCA has waived its right to receive such fees but may rescind such waiver at any time.

---

ORCC expects to use the proceeds of the issuance and incurrence of the Secured Notes, net of certain fees and expenses, to repay revolving loans borrowed by ORCC and its subsidiaries under existing credit facilities.

The above description of the documentation related to the CLO Transaction and other arrangements entered into on the Closing Date contained in this Current Report on Form 8-K do not purpose to be complete and are qualified in their entirety by reference to the underlying agreements, which will be attached as exhibits to ORCC's Quarterly Report on Form 10-Q for the quarter ended June 30, 2020.

**Item 2.03 – Creation of a Direct Financial Obligation**
