We are a specialty finance company focused on lending to U.S. middle market companies. We define “middle market companies” to generally mean companies with earnings before interest expense, income tax expense, depreciation and amortization (“EBITDA”) between \$10 million and \$250 million annually, and/or annual revenue of \$50 million to \$2.5 billion at the time of investment. We may on occasion invest in smaller or larger companies if an attractive opportunity presents itself, especially when there are dislocations in the capital markets, including the high yield and syndicated loan markets.

We invest in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity and equity-related securities including warrants, preferred stock and similar forms of senior equity, which may or may not be convertible into a portfolio company’s common equity. The debt in which we invest typically is not rated by any rating agency, but if these instruments were rated, they would likely receive a rating of below investment grade (that is, below BBB- or Baa3), which is often referred to as “high yield” or “junk.” Our investment objective is to generate current income and, to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns. While we believe that current market conditions favor extending credit to middle market companies in the United States, our investment strategy is intended to generate favorable returns across credit cycles with an emphasis on preserving capital.

We are an externally managed, closed-end management investment company that has elected to be regulated as a business development company (“BDC”) under the Investment Company Act of 1940, as amended (the “1940 Act”). We have elected to be treated, and intend to qualify annually, as a regulated investment company (“RIC”) under the Internal Revenue Code of 1986, as amended (the “Code”) for U.S. federal income tax purposes. As a BDC and a RIC, we are required to comply with certain regulatory requirements.

We may offer, from time to time, in one or more offerings or series, up to \$3 billion of our common stock, preferred stock, debt securities, subscription rights to purchase shares of our common stock or warrants representing rights to purchase shares of our common stock, preferred stock or debt securities, which we refer to, collectively, as the “securities.” The preferred stock, debt securities, subscription rights and warrants offered hereby may be convertible or exchangeable into shares of our common stock. The securities may be offered at prices and on terms to be described in one or more supplements to this prospectus.

In the event we offer common stock, the offering price per share of our common stock less any underwriting discounts or commissions will generally not be less than the net asset value per share of our common stock at the time we make the offering. However, we may issue shares of our common stock pursuant to this prospectus at a price per share that is less than our net asset value per share (i) in connection with a rights offering to our existing shareholders, (ii) with the prior approval of the majority of our outstanding voting securities or (iii) under such other circumstances as the Securities and Exchange Commission may permit.

The securities may be offered directly to one or more purchasers, or through agents designated from time to time by us, or to or through underwriters or dealers. Each prospectus supplement relating to an offering will identify any agents or underwriters involved in the sale of the securities, and will disclose any applicable purchase price, fee, discount or commissions arrangement between us and our agents or underwriters or among our underwriters or the basis upon which such amount may be calculated. See “*Plan of Distribution*” in this prospectus. We may not sell any of the securities pursuant to this registration statement through agents, underwriters or dealers without delivery of this prospectus and a prospectus supplement describing the method and terms of the offering of such securities.

Our common stock is traded on the New York Stock Exchange under the symbol “ORCC.” On June 30, 2020, the last reported sales price of our common stock on the NYSE was \$12.33 per share. The net asset value per share of our common stock at March 31, 2020 (the last date prior to the date of this prospectus for which we reported net asset value) was \$14.09.

**Investing in our securities involves a high degree of risk, including credit risk and the risk of the use of leverage, and is highly speculative. In addition, shares of closed-end investment companies, including BDCs, frequently trade at a discount to their net asset values. Before investing in our securities, you should read the discussion of the material risks of investing in our securities, including the risk of leverage, in “Risk Factors” beginning on page 29 of this prospectus, Part I, Item 1A “RISK FACTORS” in our most recent Annual Report on Form 10-K, Part II, Item 1A “RISK FACTORS” in our most recent Quarterly Report on Form 10-Q, as well as in any of our subsequent SEC filings, and in, or incorporated by reference into, the applicable prospectus supplement and in any free writing prospectuses we may authorize for use in connection with a specific offering, and under similar headings in the other documents that are incorporated by reference into this prospectus.**

Under the shelf registration process, which constitutes a delayed offering in reliance on Rule 415 under the Securities Act, we may offer, from time to time, in one or more offerings or series, up to \$3 billion of our common stock, preferred stock, debt securities, subscription rights to purchase shares of our common stock, or warrants representing rights to purchase shares of our common stock, preferred stock or debt securities on terms to be determined at the time of the offering.

The securities may be offered at prices and on terms described in one or more supplements to this prospectus. This prospectus provides you with a general description of the securities that we may offer. Each time we use this prospectus to offer securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. ## PROSPECTUS SUMMARY

*This summary highlights some of the information in this prospectus. It is not complete and may not contain all of the information that you may want to consider before investing in our securities. You should read our entire prospectus before investing in our securities. Throughout this prospectus we refer to Owl Rock Capital Corporation as “we,” “us,” “our” or the “Company,” and to “Owl Rock Capital Advisors LLC,” our investment adviser, as “Owl Rock Capital Advisors,” “ORCA” or the “Adviser.”*

### **Owl Rock Capital Corporation**

We were formed on October 15, 2015 as a corporation under the laws of the State of Maryland. We are a specialty finance company focused on lending to U.S. middle-market companies. Since we began investment activities in April 2016 through March 31, 2020, our Adviser and its affiliates have originated \$21.0 billion aggregate principal amount of investments, of which \$19.4 billion of aggregate principal amount of investments, prior to any subsequent exits or repayments, was retained by either us or a corporation or fund advised by our Adviser or its affiliates. Our capital will be used by our portfolio companies to support growth, acquisitions, market or product expansion, refinancings and/or recapitalizations.

On July 22, 2019, we closed our initial public offering (“IPO”), issuing 10 million shares of our common stock at a public offering price of \$15.30 per share, and on August 2, 2019, the underwriters exercised their option to purchase an additional 1.5 million shares of our common stock at a purchase price of \$15.30 per share. Net of underwriting fees and offering costs, we received total cash proceeds of \$164.0 million. Our common stock began trading on the New York Stock Exchange (“NYSE”) under the symbol “ORCC” on July 18, 2019.

We define “middle market companies” to generally mean companies with earnings before interest expense, income tax expense, depreciation and amortization (“EBITDA”) between \$10 million and \$250 million annually, and/or annual revenue of \$50 million to \$2.5 billion at the time of investment. We may on occasion invest in smaller or larger companies if an attractive opportunity presents itself, especially when there are dislocations in the capital markets, including the high yield and syndicated loan markets. We generally seek to invest in companies with a loan-to-value ratio of 50% or below. Our target credit investments will typically have maturities between three and ten years and generally range in size between \$20 million and \$250 million. The investment size will vary with the size of our capital base. The debt in which we invest typically is not rated by any rating agency, but if these instruments were rated, they would likely receive a rating of below investment grade (that is, below BBB – or Baa3), which is often referred to as “high yield” or “junk.” As of March 31, 2020, our average debt investment size in each of our portfolio companies was approximately \$89.1 million based on fair value. As of March 31, 2020, our portfolio companies, excluding the investment in Sebago Lake LLC, a joint venture between us and The Regents of the University of California, and certain investments that fall outside of our typical borrower profile, represented 95.9% of our total portfolio based on fair value, had weighted average annual revenue of \$416 million and weighted average annual EBITDA of \$83 million.

We invest in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity and equity-related securities including warrants, preferred stock and similar forms of senior equity, which may or may not be convertible into a portfolio company’s common equity. Our investment objective is to generate current income and, to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns. While we believe that current market conditions favor extending credit to middle market companies in the United States, our investment strategy is intended to generate favorable returns across credit cycles with an emphasis on preserving capital.

We are an externally managed, closed-end management investment company that has elected to be regulated as a BDC under the 1940 Act. We have elected to be treated, and intend to qualify annually, as a RIC under the Code for U.S. federal income tax purposes. As a BDC and a RIC, we are required to comply with certain regulatory requirements. As a BDC, at least 70% of our assets must be assets of the type listed in Section 55(a) of the 1940 Act, as described herein. We will not invest more than 20% of our total assets in companies whose principal place of business is outside the United States. See Part I, Item 1 “*BUSINESS—Regulation as a Business Development Company*” in our most recent Annual Report on Form 10-K, and “*Certain U.S. Federal Income Tax Considerations*” in this prospectus.

We generally intend to distribute, out of assets legally available for distribution, substantially all of our available earnings, on a quarterly basis, as determined by our board of directors (the “Board”) in its sole discretion.

To achieve our investment objective, we will leverage the Adviser’s investment team’s extensive network of relationships with other sophisticated institutions to source, evaluate and, as appropriate, partner with on transactions. There are no assurances that we will achieve our investment objective.

A BDC generally may borrow money from time to time if immediately after such borrowing, the ratio of the BDC’s total assets (less total liabilities other than indebtedness represented by senior securities) to its total indebtedness represented by senior securities plus preferred stock, if any, or its “asset coverage,” is at least 200%. However, recent legislation has modified the 1940 Act by allowing a BDC to increase the maximum amount of leverage it may incur from an asset coverage ratio of 200% to an asset coverage ratio of 150%, if certain requirements are met. This means that, generally, a BDC may borrow up to \$1 for every \$1 of investor equity, or, if certain conditions are met, a BDC may borrow up to \$2 for every \$1 of investor equity. A BDC is permitted to increase its leverage capacity if shareholders representing at least a majority of the votes cast, when quorum is met, approve a proposal to do so. If the BDC receives such shareholder approval, it would be permitted to increase its leverage capacity on the first day after such approval. Alternatively, a BDC may increase the maximum amount of leverage it may incur to an asset coverage ratio of 150% if the required majority (as defined in Section 57(o) of the 1940 Act) of the independent members of its board of directors approves such increase with such approval becoming effective after one year.

On March 31, 2020, our Board, including a “required majority” (as such term is defined in Section 57(o) of the 1940 Act) of our Board, approved the application of the modified asset coverage requirements to us, effective March 31, 2021. However, on June 8, 2020, our shareholders approved a proposal that allows us to reduce our minimum asset coverage to 150%, effective June 9, 2020. See Part II, Item 7 “*MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Leverage*” in our most recent Annual Report on Form 10-K, Part I, Item 2 “*MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Leverage*” in our most recent Quarterly Report on Form 10-Q and “*Prospectus Summary — Recent Developments*” in this prospectus.

As of March 31, 2020, we had in place a senior secured revolving credit facility (the “Revolving Credit Facility”) and four special purpose vehicle asset credit facilities (the “SPV Asset Facility I,” the “SPV Asset Facility II,” the “SPV Asset Facility III,” and the “SPV Asset Facility IV,” respectively), and in the future may enter into additional credit facilities. As of March 31, 2020, we had issued unsecured notes maturing in 2023 (the “2023 Notes”) in a private placement and unsecured notes maturing in 2024, March 2025, and July 2025 (the “2024 Notes,” the “2025 Notes” and the “July 2025 Notes,” respectively) in registered offerings and in the future may issue additional unsecured notes. In addition, as of March 31, 2020, we had entered into three term debt securitization transactions, also known as collateralized loan obligation transactions (“CLO I,” “CLO II” and “CLO III,” respectively) and in the future may enter into additional collateralized loan obligation transactions. Subsequent to March 31, 2020, we entered into a fourth term debt securitization transaction (“CLO IV”) and terminated the SPV Asset Facility I. See our Current Reports on Form 8-K filed May 28, 2020 and June 2, 2020, respectively. We expect to use our credit facilities and other borrowings, along with proceeds from the rotation of our portfolio, to finance our investment objectives. See Part I, Item 1 “*BUSINESS — Regulation as a Business Development Company*” and Part II, Item 7 “*MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Debt*” in our most recent Annual Report on Form 10-K, and Part I, Item 2 “*MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Debt*” in our most recent Quarterly Report on Form 10-Q.

#### **Investment Portfolio**

As of March 31, 2020, based on fair value, our portfolio consisted of 80.1% first lien senior secured debt investments (of which 40% we consider to be unitranche debt investments (including “last out” portions of such loans)), 17.6% second lien senior secured debt investments, 1.0% investment funds and vehicles, and 1.3% equity investments. As of March 31, 2020, 100.0% of our debt investments based on fair value in

our portfolio were at floating rates. As of March 31, 2020, we had investments in 101 portfolio companies with an aggregate fair value of \$8.9 billion.

As of March 31, 2020, our portfolio was invested across 27 different industries. The largest industries in our portfolio as of March 31, 2020 were internet software and services and professional services, which represented, as a percentage of our portfolio, 8.6% and 8.1%, respectively, based on fair value.

As of March 31, 2020, our weighted average total yield of the portfolio at fair value and amortized cost was 8.3% and 7.9%, respectively, and our weighted average yield of debt and income producing securities at fair value and amortized cost was 8.4% and 8.0%, respectively.

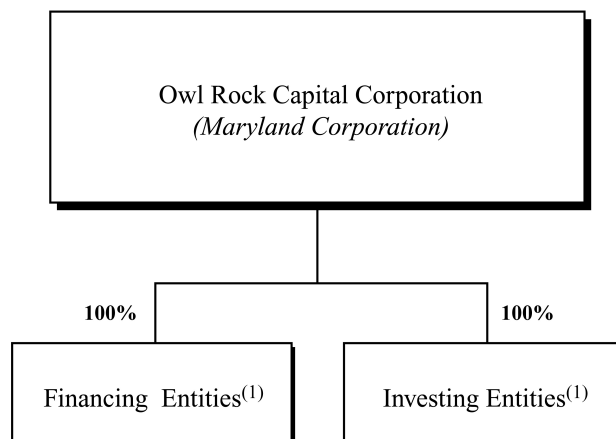

As of March 31, 2020, our portfolio companies, excluding the investment in Sebago Lake LLC and certain investments that fall outside of our typical borrower profile, represented 95.9% of our total portfolio based on fair value, had weighted average annual revenue of \$416 million and weighted average annual EBITDA of \$83 million.

### Corporate Structure

Our portfolio is subject to diversification and other requirements because we have elected to be regulated as a BDC under the 1940 Act and as a RIC for U.S. federal income tax purposes. We made our BDC election on March 3, 2016. We intend to maintain these elections. See Part I, Item 1 “*BUSINESS — Regulation as a Business Development Company*” in our most recent Annual Report on Form 10-K for more information on these requirements.

On April 27, 2016, we formed a wholly-owned subsidiary, OR Lending LLC, a Delaware limited liability company, which holds a California finance lenders license. OR Lending LLC originates loans to borrowers headquartered in California. From time to time we may form wholly-owned subsidiaries to facilitate our normal course of business.

The following chart depicts our ownership structure:

(1) From time to time we may form wholly-owned subsidiaries to facilitate the normal course of business.

### The Adviser and Administrator — Owl Rock Capital Advisors LLC

The Adviser serves as our investment adviser pursuant to an investment advisory agreement between us and the Adviser. See Part I, Item 1 “*BUSINESS — Investment Advisory Agreement*” in our most recent Annual Report on Form 10-K. The Adviser also serves as our Administrator pursuant to an Administration Agreement between us and the Adviser which was entered into on March 1, 2016 (the “Administration Agreement”). See Part I, Item 1 “*BUSINESS — Administration Agreement*” in our most recent Annual

Report on Form 10-K. The Adviser is registered with the SEC as an investment adviser under the Investment Advisers Act of 1940, as amended (the “Advisers Act”). The Adviser is an indirect subsidiary of Owl Rock Capital Partners LP (“Owl Rock Capital Partners”). Owl Rock Capital Partners is led by its three co-founders, Douglas I. Ostrover, Marc S. Lipschultz and Craig W. Packer. The Adviser’s investment team (the “Investment Team”) is also led by Douglas I. Ostrover, Marc S. Lipschultz and Craig W. Packer and is supported by certain members of the Adviser’s senior executive team and the investment committee (the “Investment Committee”). The Investment Committee is comprised of Douglas I. Ostrover, Marc S. Lipschultz, Craig W. Packer and Alexis Maged. The Adviser has limited operating history. Subject to the overall supervision of the Board, the Adviser manages our day-to-day operations, and provides investment advisory and management services to us.

The Adviser also serves as investment adviser to Owl Rock Capital Corporation II. Owl Rock Capital Corporation II is a corporation formed under the laws of the State of Maryland that, like us, has elected to be treated as a BDC under the 1940 Act. Owl Rock Capital Corporation II’s investment objective is similar to ours, which is to generate current income, and to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns. As of March 31, 2020, Owl Rock Capital Corporation II had raised gross proceeds of approximately \$1.1 billion, including seed capital contributed by the Adviser in September 2016 and approximately \$10.0 million in gross proceeds raised from certain individuals and entities affiliated with the Adviser.

The Adviser is affiliated with Owl Rock Technology Advisors LLC (“ORTA”), Owl Rock Diversified Advisors LLC (“ORDA”), and Owl Rock Capital Private Fund Advisors LLC (“ORPFA” and collectively with the Adviser, ORTA and ORDA, the “Owl Rock Advisers”), which also are investment advisers and subsidiaries of Owl Rock Capital Partners. The Adviser, ORTA, ORDA, ORPFA and Owl Rock Capital Partners are referred to, collectively, as “Owl Rock.” ORTA’s, ORDA’s, and ORPFA’s investment teams are led by Douglas I. Ostrover, Marc S. Lipschultz and Craig W. Packer. ORTA serves as investment adviser to Owl Rock Technology Finance Corp., ORDA serves as investment adviser to, among other clients, Owl Rock Capital Corporation III, and ORPFA serves as investment adviser to, among other clients, Owl Rock First Lien Master Fund, L.P.

Owl Rock Technology Finance Corp. is a BDC and its investment objective is to maximize total return by generating current income from its debt investments and other income producing securities, and capital appreciation from its equity and equity-linked investments. Owl Rock Technology Finance Corp. has adopted a policy to invest, under normal circumstances, at least 80% of the value of its assets in technology-related companies. Owl Rock Technology Finance Corp. conducts private offerings of its common stock to investors in reliance on exemptions from the registration requirements of the Securities Act. As of March 31, 2020, Owl Rock Technology Finance Corp. had approximately \$2.7 billion in total capital commitments from investors (\$1.8 billion undrawn), of which \$72.2 million is from entities affiliated with or related to the Adviser (\$48.4 million undrawn). Owl Rock Technology Finance Corp. conducts private offerings of its common stock to investors in reliance on exemptions from the registration requirements of the Securities Act.

Owl Rock Capital Corporation III is a BDC and its investment objective is similar to ours, which is to generate current income and, to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns. Owl Rock Capital Corporation III conducts private offerings of its common stock to investors in reliance on exemptions from the registration requirements of the Securities Act.

Owl Rock First Lien Master Fund intends to originate and make loans to, and make debt investments in, U.S. middle market companies.

In addition to Owl Rock Capital Corporation II, Owl Rock Technology Finance Corp., Owl Rock Capital Corporation III and Owl Rock First Lien Master Fund, L.P., the Owl Rock Advisers may provide management or investment advisory services to entities that have overlapping objectives with us. The Adviser and its affiliates may face conflicts in the allocation of investment opportunities to us and others. In order to address these conflicts, the Owl Rock Advisers have put in place an allocation policy that addresses the allocation of investment opportunities as well as co-investment restrictions under the 1940 Act.

In addition, we, the Adviser and certain of its affiliates have been granted exemptive relief by the SEC to co-invest with other funds managed by the Adviser or its affiliates in a manner consistent with our

investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to such exemptive relief, we generally are permitted to co-invest with certain of our affiliates if a “required majority” (as defined in Section 57(o) of the 1940 Act) of our independent directors make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to us and our shareholders and do not involve overreaching of us or our shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of our shareholders and is consistent with our investment objective and strategies, and (3) the investment by our affiliates would not disadvantage us, and our participation would not be on a basis different from or less advantageous than that on which our affiliates are investing. The Owl Rock Advisers’ allocation policy incorporates the conditions of the exemptive relief. As a result of the exemptive relief, there could be significant overlap in our investment portfolio and the investment portfolio of Owl Rock Capital Corporation II, Owl Rock Technology Finance Corp., Owl Rock Capital Corporation III and/or other funds established by the Adviser or its affiliates that could avail themselves of the exemptive relief. See Part I, Item 1A “*RISK FACTORS — Risks Related to our Adviser and its Affiliates — We may compete for capital and investment opportunities with other entities managed by our Adviser or its affiliates, subjecting our Adviser to certain conflicts of interest*” in our most recent Annual Report on Form 10-K, as well as in any of our subsequent SEC filings.

The Adviser or its affiliates may engage in certain origination activities and receive attendant arrangement, structuring or similar fees. These protections may lead our Adviser to act in a riskier manner when acting on our behalf than it would when acting on its own account. See Part I, Item 1A “*RISK FACTORS — Risks Related to our Adviser and its Affiliates — The Adviser and its affiliates may face conflicts of interest with respect to services performed for issuers in which we invest*” in our most recent Annual Report on Form 10-K, as well as in any of our subsequent SEC filings.

#### **Investment Advisory Agreement**

On March 1, 2016, we entered into an investment advisory agreement (the “Original Investment Advisory Agreement”) with the Adviser, which, with the approval of the Board, including a majority of our independent directors, was amended and restated on February 27, 2019 (as amended and restated, the “First Amended and Restated Investment Advisory Agreement”) to reduce the fees that the Company would pay the Adviser following the listing of our common stock on a national securities exchange. On February 19, 2020, the Board approved the continuation of the First Amended and Restated Investment Advisory Agreement. On March 31, 2020, the Board determined to amend and restate the First Amendment and Restated Investment Advisory Agreement to reduce the management fee payable to the Adviser when the Company’s asset coverage ratio, calculated in accordance with Section 18 and 61 of the 1940 Act is below 200% (as amended and restated, the “Investment Advisory Agreement”).

Under the terms of the Investment Advisory Agreement, the Adviser is responsible for managing our business and activities, including sourcing investment opportunities, conducting research, performing diligence on potential investments, structuring its investments, and monitoring our portfolio companies on an ongoing basis through a team of investment professionals.

We pay the Adviser an investment advisory fee for its services under the Investment Advisory Agreement consisting of two components: a Management Fee and an Incentive Fee. The cost of both the Management Fee and the Incentive Fee will ultimately be borne by our shareholders.

The Management Fee is payable quarterly in arrears. The Management Fee is payable at an annual rate of (x) 1.50% of our average gross assets (excluding cash and cash equivalents, but including assets purchased with borrowed amounts) that is above an asset coverage ratio of 200% calculated in accordance with Sections 18 and 61 of the 1940 Act and (y) 1.00% of our average gross assets (excluding cash and cash equivalents, but including assets purchased with borrowed amounts) that is below an asset coverage ratio of 200% calculated in accordance with Section 18 and 61 of the 1940 Act, in each case, at the end of the two most recently completed calendar quarters. The Management Fee for any partial month or quarter, as the case may be, will be appropriately prorated and adjusted for any share issuances or repurchases during the relevant calendar months or quarters, as the case may be. For purposes of the Investment Advisory Agreement, gross assets means our total assets determined on a consolidated basis in accordance with

generally accepted accounting principles in the United States, excluding cash and cash equivalents, but including assets purchased with borrowed amounts.

The Incentive Fee consists of two components that are independent of each other, with the result that one component may be payable even if the other is not. A portion of the Incentive Fee is based on our income and a portion is based on our capital gains, each as described below. The portion of the Incentive Fee based on income is determined and paid quarterly in arrears commencing with the first calendar quarter following July 18, 2019, the date of our listing on the New York Stock Exchange (the “Listing Date”), and equals 100% of the pre-Incentive Fee net investment income in excess of a 1.5% quarterly “hurdle rate,” until the Adviser has received 17.5% of the total pre-Incentive Fee net investment income for that calendar quarter and, for pre-Incentive Fee net investment income in excess of 1.82% quarterly, 17.5% of all remaining pre-Incentive Fee net investment income for that calendar quarter. The 100% “catch-up” provision for pre-Incentive Fee net investment income in excess of the 1.5% “hurdle rate” is intended to provide the Adviser with an incentive fee of 17.5% on all pre-Incentive Fee net investment income when that amount equals 1.82% in a calendar quarter (7.27% annualized), which is the rate at which catch-up is achieved. Once the “hurdle rate” is reached and catch-up is achieved, 17.5% of any pre-Incentive Fee net investment income in excess of 1.82% in any calendar quarter is payable to the Adviser.

The second component of the incentive fee, the capital gains incentive fee, payable at the end of each calendar year in arrears, equals 17.5% of cumulative realized capital gains from July 18, 2019, the Listing Date, to the end of each calendar year, less cumulative realized capital losses and unrealized capital depreciation from the Listing Date to the end of each calendar year, less the aggregate amount of any previously paid capital gains incentive fee for prior periods. In no event will the capital gains incentive fee payable pursuant to the Investment Advisory Agreement be in excess of the amount permitted by the Advisers Act, including Section 205 thereof.

In addition, the Adviser agreed at all times prior to the fifteen-month anniversary of the Listing Date, to waive (i) any portion of the Management Fee that is in excess of 0.75% of our gross assets, excluding cash and cash equivalents but including assets purchased with borrowed amounts at the end of the two most recently completed calendar quarters, calculated in accordance with the Investment Advisory Agreement, and (ii) the Incentive Fee (including, for the avoidance of doubt, the Capital Gains Incentive Fee). See Part I, Item 1 “*BUSINESS — Compensation of the Adviser*” in our most recent Annual Report on Form 10-K for further information.

#### **Administration Agreement**

On March 1, 2016, we entered into an Administration Agreement with the Adviser, which was re-approved by the Board, including a majority of our independent directors, on February 19, 2020. Under the terms of the Administration Agreement, the Adviser performs, or oversees, the performance of, required administrative services, which includes providing office space, equipment and office services, maintaining financial records, preparing reports to shareholders and reports filed with the SEC, and managing the payment of expenses and the performance of administrative and professional services rendered by others. The Administration Agreement also provides that we reimburse the Adviser for certain organization costs incurred prior to the commencement of our operations, and for certain offering costs. We reimburse the Adviser for services performed for it pursuant to the terms of the Administration Agreement. In addition, pursuant to the terms of the Administration Agreement, the Adviser may delegate its obligations under the Administration Agreement to an affiliate or to a third party and we will reimburse the Adviser for any services performed for it by such affiliate or third party. See Part I, Item 1 “*BUSINESS — Administration Agreement*” in our most recent Annual Report on Form 10-K for further information.

#### **Market Trends**

We believe the middle-market lending environment provides opportunities for us to meet our goal of making investments that generate attractive risk-adjusted returns based on a combination of the following factors:

***Limited Availability of Capital for Middle-Market Companies.*** We believe that regulatory and structural changes in the market have reduced the amount of capital available to U.S. middle-market

companies. In particular, we believe there are currently fewer providers of capital to middle market companies. We believe that many commercial and investment banks have, in recent years, de-emphasized their service and product offerings to middle-market businesses in favor of lending to large corporate clients and managing capital markets transactions. In addition, these lenders may be constrained in their ability to underwrite and hold bank loans and high yield securities for middle-market issuers as they seek to meet existing and future regulatory capital requirements. We also believe that there is a lack of market participants that are willing to hold meaningful amounts of certain middle-market loans. As a result, we believe our ability to minimize syndication risk for a company seeking financing by being able to hold its loans without having to syndicate them, coupled with reduced capacity of traditional lenders to serve the middle-market, present an attractive opportunity to invest in middle-market companies.

***Capital Markets Have Been Unable to Fill the Void in U.S. Middle Market Finance Left by Banks.*** While underwritten bond and syndicated loan markets have been robust in recent years, middle market companies are less able to access these markets for reasons including the following:

***High Yield Market*** — Middle market companies generally are not issuing debt in an amount large enough to be an attractively sized bond. High yield bonds are generally purchased by institutional investors who, among other things, are focused on the liquidity characteristics of the bond being issued. For example, mutual funds and exchange traded funds (“ETFs”) are significant buyers of underwritten bonds. However, mutual funds and ETFs generally require the ability to liquidate their investments quickly in order to fund investor redemptions and/or comply with regulatory requirements. Accordingly, the existence of an active secondary market for bonds is an important consideration in these entities’ initial investment decision. Because there is typically little or no active secondary market for the debt of U.S. middle market companies, mutual funds and ETFs generally do not provide debt capital to U.S. middle market companies. We believe this is likely to be a persistent problem and creates an advantage for those like us who have a more stable capital base and have the ability to invest in illiquid assets.

***Syndicated Loan Market*** — While the syndicated loan market is modestly more accommodating to middle market issuers, as with bonds, loan issue size and liquidity are key drivers of institutional appetite and, correspondingly, underwriters’ willingness to underwrite the loans. Loans arranged through a bank are done either on a “best efforts” basis or are underwritten with terms plus provisions that permit the underwriters to change certain terms, including pricing, structure, yield and tenor, otherwise known as “flex”, to successfully syndicate the loan, in the event the terms initially marketed are insufficiently attractive to investors. Furthermore, banks are generally reluctant to underwrite middle market loans because the arrangement fees they may earn on the placement of the debt generally are not sufficient to meet the banks’ return hurdles. Loans provided by companies such as ours provide certainty to issuers in that we can commit to a given amount of debt on specific terms, at stated coupons and with agreed upon fees. As we are the ultimate holder of the loans, we do not require market “flex” or other arrangements that banks may require when acting on an agency basis.

***Robust Demand for Debt Capital.*** We believe U.S. middle market companies will continue to require access to debt capital to refinance existing debt, support growth and finance acquisitions. In addition, we believe the large amount of uninvested capital held by funds of private equity firms, estimated by Prequin Ltd., an alternative assets industry data and research company, to be \$1.5 trillion as of June 2019, will continue to drive deal activity. We expect that private equity sponsors will continue to pursue acquisitions and leverage their equity investments with secured loans provided by companies such as us.

***The Middle Market is a Large Addressable Market.*** According to GE Capital’s National Center for the Middle Market 4<sup>th</sup> quarter 2019 Middle Market Indicator, there are approximately 200,000 U.S. middle market companies, which have approximately 47.9 million aggregate employees. Moreover, the U.S. middle market accounts for one-third of private sector gross domestic product (“GDP”). GE defines U.S. middle market companies as those between \$10 million and \$1 billion in annual revenue, which we believe has significant overlap with our definition of U.S. middle market companies.

***Attractive Investment Dynamics.*** An imbalance between the supply of, and demand for, middle market debt capital creates attractive pricing dynamics. We believe the directly negotiated nature of middle market financings also generally provides more favorable terms to the lender, including stronger covenant and reporting packages, better call protection, and lender-protective change of control provisions. Additionally,

we believe BDC managers' expertise in credit selection and ability to manage through credit cycles has generally resulted in BDCs experiencing lower loss rates than U.S. commercial banks through credit cycles. Further, we believe that historical middle market default rates have been lower, and recovery rates have been higher, as compared to the larger market capitalization, broadly distributed market, leading to lower cumulative losses. Lastly, we believe that in the current environment, with the economic shutdown resulting from the COVID-19 national health emergency, lenders with available capital may be able to take advantage of attractive investment opportunities as the economy re-opens and may be able to achieve improved economic spreads and documentation terms.

***Conservative Capital Structures.*** Following the credit crisis, which we define broadly as occurring between mid-2007 and mid-2009, lenders have generally required borrowers to maintain more equity as a percentage of their total capitalization, specifically to protect lenders during economic downturns. With more conservative capital structures, U.S. middle market companies have exhibited higher levels of cash flows available to service their debt. In addition, U.S. middle market companies often are characterized by simpler capital structures than larger borrowers, which facilitates a streamlined underwriting process and, when necessary, restructuring process.

***Attractive Opportunities in Investments in Loans.*** We invest in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity and equity-related securities. We believe that opportunities in senior secured loans are significant because of the floating rate structure of most senior secured debt issuances and because of the strong defensive characteristics of these types of investments. Given the current low interest rate environment, we believe that debt issues with floating interest rates offer a superior return profile as compared with fixed-rate investments, since floating rate structures are generally less susceptible to declines in value experienced by fixed-rate securities in a rising interest rate environment. Senior secured debt also provides strong defensive characteristics. Senior secured debt has priority in payment among an issuer's security holders whereby holders are due to receive payment before junior creditors and equity holders. Further, these investments are secured by the issuer's assets, which may provide protection in the event of a default.

#### **Potential Competitive Advantages**

We believe that our Adviser's disciplined approach to origination, fundamental credit analysis, portfolio construction and risk management should allow us to achieve attractive risk-adjusted returns while preserving our capital. We believe that we represent an attractive investment opportunity for the following reasons:

***Experienced Team with Expertise Across all Levels of the Corporate Capital Structure.*** The members of the Investment Committee have over 25 years of experience in private lending and investing at all levels of a company's capital structure, particularly in high yield securities, leveraged loans, high yield credit derivatives and distressed securities, as well as experience in operations, corporate finance and mergers and acquisitions. The members of the Investment Committee have diverse backgrounds with investing experience through multiple business and credit cycles. Moreover, certain members of the Investment Committee and other executives and employees of the Adviser and its affiliates have operating and/or investing experience on behalf of business development companies. We believe this experience provides the Adviser with an in-depth understanding of the strategic, financial and operational challenges and opportunities of middle market companies and will afford it numerous tools to manage risk while preserving the opportunity for attractive risk-adjusted returns on our investments.

***Distinctive Origination Platform.*** To date, a substantial majority of our investments have been sourced directly. We believe that our origination platform provides us the ability to originate investments without the assistance of investment banks or other traditional Wall Street intermediaries. The Investment Team includes over 50 investment professionals and is responsible for originating, underwriting, executing and managing the assets of our direct lending transactions and for sourcing and executing opportunities directly. The Investment Team has significant experience as transaction originators and building and maintaining strong relationships with private equity sponsors and companies.

The Investment Team also maintains direct contact with banks, corporate advisory firms, industry consultants, attorneys, investment banks, "club" investors and other potential sources of lending

opportunities. We believe our Adviser's ability to source through multiple channels allows us to generate investment opportunities that have more attractive risk-adjusted return characteristics than by relying solely on origination flow from investment banks or other intermediaries and to be more selective investors.

Since its inception through March 31, 2020, our Adviser and its affiliates have reviewed over 4,400 opportunities and have sourced potential investment opportunities from over 470 private equity sponsors and venture capital firms. We believe that our Adviser receives "early looks" and "last looks" based on its relationships, allowing it to be highly selective in the transactions it pursues.

**Potential Long-Term Investment Horizon.** We believe our potential long-term investment horizon gives us flexibility, allowing us to maximize returns on our investments. We invest using a long-term focus, which we believe provides us with the opportunity to increase total returns on invested capital, as compared to other private company investment vehicles or investment vehicles with daily liquidity requirements (e.g., open-ended mutual funds and ETFs).

**Defensive, Income-Oriented Investment Philosophy.** Our Adviser employs a defensive investment approach focused on long-term credit performance and principal protection. This investment approach involves a multi-stage selection process for each investment opportunity as well as ongoing monitoring of each investment made, with particular emphasis on early detection of credit deterioration. This strategy is designed to minimize potential losses and achieve attractive risk adjusted returns.

**Active Portfolio Monitoring.** Our Adviser closely monitors the investments in our portfolio and takes a proactive approach to identifying and addressing sector- or company-specific risks. Our Adviser receives and reviews detailed financial information from portfolio companies no less than quarterly and seeks to maintain regular dialogue with portfolio company management teams regarding current and forecasted performance. Although we may invest in "covenant-lite" loans, which generally do not have a complete set of financial maintenance covenants, we anticipate that many of our investments will have financial covenants that we believe will provide an early warning of potential problems facing our borrowers, allowing lenders, including us, to identify and carefully manage risk.

Further, we anticipate that many of our equity investments will provide us the opportunity to nominate a member or observer to our Board of the portfolio company, which we believe will allow us to closely monitor the performance of our portfolio companies.

#### **Structure of Investments**

Our investment objective is to generate current income and, to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns.

We expect that generally our portfolio composition will be majority debt or income producing securities, which may include "covenant-lite" loans, with a lesser allocation to equity or equity-linked opportunities. In addition, we may invest a portion of our portfolio in opportunistic investments, which will not be our primary focus, but will be intended to enhance returns to our shareholders. These investments may include high-yield bonds and broadly-syndicated loans. Our portfolio composition may fluctuate from time to time based on market conditions and interest rates.

Covenants are contractual restrictions that lenders place on companies to limit the corporate actions a company may pursue. Generally, the loans in which we expect to invest will have financial maintenance covenants, which are used to proactively address materially adverse changes in a portfolio company's financial performance. However, to a lesser extent, we may invest in "covenant-lite" loans. We use the term "covenant-lite" to refer generally to loans that do not have a complete set of financial maintenance covenants. Generally, "covenant-lite" loans provide borrower companies more freedom to negatively impact lenders because their covenants are incurrence-based, which means they are only tested and can only be breached following an affirmative action of the borrower, rather than by a deterioration in the borrower's financial condition. Accordingly, to the extent we invest in "covenant-lite" loans, we may have fewer rights against a borrower and may have a greater risk of loss on such investments as compared to investments in or exposure to loans with financial maintenance covenants.

**Debt Investments.** The terms of our debt investments are tailored to the facts and circumstances of each transaction. Our Adviser negotiates the structure of each investment to protect our rights and manage our risk. We intend to invest in the following types of debt:

- *First-lien debt.* First-lien debt typically is senior on a lien basis to other liabilities in the issuer’s capital structure and has the benefit of a first-priority security interest in assets of the issuer. The security interest ranks above the security interest of any second-lien lenders in those assets. Our first-lien debt may include stand-alone first-lien loans, “unitranche” loans (including “last out” portions of such loans), and secured corporate bonds with similar features to these categories of first-lien loans. As of March 31, 2020, 40% of our first-lien debt was comprised of unitranche loans.
- *Stand-alone first lien loans.* Stand-alone first-lien loans are traditional first-lien loans. All lenders in the facility have equal rights to the collateral that is subject to the first-priority security interest.
- *Unitranche loans.* Unitranche loans (including “last out” portion of such loans) combine features of first-lien, second-lien and mezzanine debt, generally in a first-lien position. In many cases, we may provide the issuer most, if not all, of the capital structure above their equity. The primary advantages to the issuer are the ability to negotiate the entire debt financing with one lender and the elimination of intercreditor issues. “Last out” first-lien loans have a secondary priority behind super-senior “first out” first-lien loans in the collateral securing the loans in certain circumstances. The arrangements for a “last out” first-lien loan are set forth in an “agreement among lenders,” which provides lenders with “first out” and “last out” payment streams based on a single lien on the collateral. Since the “first out” lenders generally have priority over the “last out” lenders for receiving payment under certain specified events of default, or upon the occurrence of other triggering events under intercreditor agreements or agreements among lenders, the “last out” lenders bear a greater risk and, in exchange, receive a higher effective interest rate, through arrangements among the lenders, than the “first out” lenders or lenders in stand-alone first-lien loans. Agreements among lenders also typically provide greater voting rights to the “last out” lenders than the intercreditor agreements to which second-lien lenders often are subject. Among the types of first-lien debt in which we may invest, “last out” first-lien loans generally have higher effective interest rates than other types of first-lien loans, since “last out” first-lien loans rank below standalone first-lien loans.
- *Second-lien debt.* Our second-lien debt may include secured loans, and, to a lesser extent, secured corporate bonds, with a secondary priority behind first-lien debt. Second-lien debt typically is senior on a lien basis to unsecured liabilities in the issuer’s capital structure and has the benefit of a security interest over assets of the issuer, though ranks junior to first-lien debt secured by those assets. First-lien lenders and second-lien lenders typically have separate liens on the collateral, and an intercreditor agreement provides the first-lien lenders with priority over the second-lien lenders’ liens on the collateral.
- *Mezzanine debt.* Structurally, mezzanine debt usually ranks subordinate in priority of payment to first-lien and second-lien debt, is often unsecured, and may not have the benefit of financial covenants common in first-lien and second-lien debt. However, mezzanine debt ranks senior to common and preferred equity in an issuer’s capital structure. Mezzanine debt investments generally offer lenders fixed returns in the form of interest payments, which could be paid in-kind, and may provide lenders an opportunity to participate in the capital appreciation, if any, of an issuer through an equity interest. This equity interest typically takes the form of an equity co-investment or warrants. Due to its higher risk profile and often less restrictive covenants compared to senior secured loans, mezzanine debt generally bears a higher stated interest rate than first-lien and second-lien debt.

Our debt investments are typically structured with the maximum seniority and collateral that we can reasonably obtain while seeking to achieve our total return target. Our Adviser seeks to limit the downside potential of our investments by:

- requiring a total return on our investments (including both interest and potential equity appreciation) that compensates us for credit risk;
- negotiating covenants in connection with our investments consistent with preservation of our capital. Such restrictions may include affirmative covenants (including reporting requirements),

negative covenants (including financial covenants), lien protection, change of control provisions and board rights, including either observation rights or rights to a seat on the board under some circumstances; and

- including debt amortization requirements, where appropriate, to require the timely repayment of principal of the loan, as well as appropriate maturity dates.

Within our portfolio, our Adviser aims to maintain the appropriate proportion among the various types of first-lien loans, as well as second-lien debt and mezzanine debt, to allow us to achieve our target returns while maintaining our targeted amount of credit risk.

**Equity Investments.** Our investment in a portfolio company could be or may include an equity or equity linked interest, such as a warrant or profit participation right. In certain instances, we will make direct equity investments, although those situations are generally limited to those cases where we are also making an investment in a more senior part of the capital structure of the issuer.

### Operating and Regulatory Structure

We are an externally-managed, closed-end management investment company that filed an election to be regulated as a BDC under the 1940 Act. In addition, for tax purposes we have elected to be treated as a RIC under Subchapter M of the Code. See “*Certain U.S. Federal Income Tax Considerations*” in this prospectus. Our investment activities are managed by our Adviser and supervised by our Board, a majority of whom are not “interested persons” of the Company or of our Adviser as defined in Section 2(a)(19) of the 1940 Act and are “independent,” as determined by our Board. As a BDC, we are required to comply with certain regulatory requirements. See Part I, Item 1 “*BUSINESS — Regulation as a Business Development Company*” in our most recent Annual Report on Form 10-K.

### Use of Leverage

The amount of leverage we use in any period depends on a variety of factors, including cash available for investing, the cost of financing and general economic and market conditions. Generally, pursuant to the 1940 Act, a BDC’s total borrowings are limited so that it cannot incur additional borrowings if immediately after such borrowing, the ratio of its total assets (less total liabilities other than indebtedness represented by senior securities) to its total indebtedness represented by senior securities plus preferred stock, if any, is at least 200%; however, legislation enacted in March 2018 has modified the 1940 Act by allowing a BDC to increase the maximum amount of leverage it may incur from an asset coverage ratio of 200% to an asset coverage ratio of 150%, if certain requirements are met. The reduced asset coverage requirement would permit a BDC to double the amount of leverage it could incur. This means that generally, a BDC can borrow up to \$1 for every \$1 of investor equity or, if certain requirements are met and it reduces its asset coverage ratio, it can borrow up to \$2 for every \$1 of investor equity. A BDC is permitted to increase its leverage capacity if shareholders representing at least a majority of the votes cast, when quorum is met, approve a proposal to do so. If the BDC receives such shareholder approval, it would be permitted to increase its leverage capacity on the first day after such approval. Alternatively, a BDC may increase the maximum amount of leverage it may incur to an asset coverage ratio of 150% if the “required majority” (as defined in Section 57(o) of the 1940 Act) of the independent members of its board of directors approve such increase with such approval becoming effective after one year. In either case, the BDC would be required to make certain disclosures on its website and in SEC filings regarding, among other things, the receipt of approval to increase its leverage, its leverage capacity and usage, and risks related to leverage. See Part I, Item 1 “*BUSINESS — Regulation as a Business Development Company*” in our most recent Annual Report on Form 10-K for more information.

On March 31, 2020, our Board, including the “required majority” thereof (as defined in Section 57(o) of the 1940 Act), approved the application of the minimum asset coverage ratio of 150% to the Company, with such reduced asset coverage to become effective on March 31, 2021. However, on June 8, 2020, shareholders representing the majority of votes cast, approved a proposal to allow us to reduce our minimum asset coverage requirement to 150% effective June 9, 2020. See “*Prospectus Summary — Recent Developments*” and “*Risk Factors — Risks Related to Our Investments — Legislation enacted in March 2018 may allow us to incur additional leverage*” in this prospectus.

In any period, our interest expense will depend largely on the extent of our borrowing and we expect interest expense will increase as we increase our leverage over time subject to the limits of the 1940 Act. In addition, we may dedicate assets to financing facilities.

As of March 31, 2020, we had in place a Revolving Credit Facility, the SPV Asset Facility I, the SPV Asset Facility II, the SPV Asset Facility III, and the SPV Asset Facility IV, and in the future may enter into additional credit facilities. As of March 31, 2020, we had issued the 2023 Notes in a private placement and the 2024 Notes, the 2025 Notes and the July 2025 Notes in registered offerings and in the future may issue additional unsecured notes. In addition, as of March 31, 2020, we had entered into CLO I, CLO II and CLO III and in the future may enter into additional collateralized loan obligation transactions. Subsequent to March 31, 2020, we entered into CLO IV and terminated the SPV Asset Facility I.

As of March 31, 2020, we had approximately \$3.7 billion of debt outstanding with approximately \$1.6 billion available under our existing credit facilities. As of March 31, 2020, our asset coverage ratio was 246%. See Part II, Item 7 “*MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Debt*” in our most recent Annual Report on Form 10-K, Part I, Item 2 “*MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Debt*” in our most recent Quarterly Report on Form 10-Q, and Part I, Item 1A “*RISK FACTORS — Risks Related to Our Business — To the extent that we borrow money, the potential for gain or loss on amounts invested in us will be magnified and may increase the risk of investing in us. Borrowed money may also adversely affect the return on our assets, reduce cash available to service our debt or for distribution to our shareholders, and result in losses,*” and “*— Risks Related to Business Development Companies — Regulations governing our operation as a business development company and RIC affect our ability to raise capital and the way in which we raise additional capital or borrow for investment purposes, which may have a negative effect on our growth. As a business development company, the necessity of raising additional capital may expose us to risks, including risks associated with leverage*” in our most recent Annual Report on Form 10-K as well as in our subsequent SEC filings.

### **Conflicts of Interests**

We have entered into both the Investment Advisory Agreement and the Administration Agreement with the Adviser. Pursuant to the Investment Advisory Agreement, we will pay the Adviser a base management fee and an incentive fee. See Part I, Item 1 “*BUSINESS — Investment Advisory Agreement*” in our most recent Annual Report on Form 10-K for a description of how the fees payable to the Adviser will be determined. Pursuant to the Administration Agreement, we will reimburse the Adviser for expenses necessary to perform services related to our administration and operations. See Part I, Item 1 “*BUSINESS — Administration Agreement*” in our most recent Annual Report on Form 10-K for a description of services for which we will reimburse to the Adviser. In addition, the Adviser or its affiliates may engage in certain origination activities and receive attendant arrangement, structuring or similar fees.

Our executive officers, certain of our directors and certain other finance professionals of Owl Rock Capital Partners also serve as executives of the Owl Rock Advisers and officers and directors of the Company and certain professionals of Owl Rock Capital Partners and the Adviser are officers of Owl Rock Capital Securities LLC. In addition, our executive officers and directors and the members of the Adviser and members of its investment committee serve or may serve as officers, directors or principals of entities that operate in the same, or a related, line of business as we do (including the Owl Rock Advisers) including serving on their respective investment committees and/or on the investment committees of investments funds, accounts or other investment vehicles managed by our affiliates which may have investment objectives similar to our investment objective. At times we may compete with these other entities managed by the Adviser as well as entities managed by the other Owl Rock Advisers, including Owl Rock Capital Corporation II, Owl Rock Technology Finance Corp., Owl Rock Capital Corporation III, and Owl Rock First Lien Master Fund L.P. (the “Owl Rock Clients”), for capital and investment opportunities. As a result, we may not be given the opportunity to participate in certain investments made by the Owl Rock Clients. This can create a potential conflict when allocating investment opportunities among us and such other Owl Rock Clients. An investment opportunity that is suitable for multiple clients of the Adviser and its affiliates may not be capable of being shared among some or all of such clients and affiliates due to the limited scale of the opportunity or other factors, including regulatory restrictions imposed by the 1940 Act. However, in order

for the Adviser and its affiliates to fulfill their fiduciary duties to each of their clients, the Owl Rock Advisers have put in place an investment allocation policy that seeks to ensure the fair and equitable allocation of investment opportunities over time and addresses the co-investment restrictions set forth under the 1940 Act.

#### *Allocation of Investment Opportunities*

The Owl Rock Advisers intend to allocate investment opportunities in a manner that is fair and equitable over time and is consistent with its allocation policy, so that no client of the Adviser or its affiliates is disadvantaged in relation to any other client of the Adviser or its affiliates, taking into account such factors as the relative amounts of capital available for new investments, cash on hand, existing commitments and reserves, the investment programs and portfolio positions of the participating investment accounts, the clients for which participation is appropriate, targeted leverage level, targeted asset mix and any other factors deemed appropriate.

The Owl Rock Advisers have put in place an investment allocation policy that seeks to ensure the equitable allocation of investment opportunities and addresses the co-investment restrictions set forth under the 1940 Act. When we engage in co-investments as permitted by the exemptive relief described below, we will do so in a manner consistent with the Owl Rock Advisers' allocation policy. In situations where co-investment with other entities managed by the Adviser or its affiliates is not permitted or appropriate, such as when there is an opportunity to invest in different securities of the same issuer, a committee comprised of certain executive officers of the Owl Rock Advisers (including executive officers of the Adviser) along with other officers and employees, will need to decide whether we or such other entity or entities will proceed with the investment. The allocation committee will make these determinations based on the Owl Rock Advisers' allocation policy, which generally requires that such opportunities be offered to eligible accounts in a manner that will be fair and equitable over time.

The Owl Rock Advisers' allocation policy is designed to manage the potential conflicts of interest between the Adviser's fiduciary obligations to us and its or its affiliates' similar fiduciary obligations to other clients, including Owl Rock Capital Corporation II, Owl Rock Technology Finance Corp., Owl Rock Capital Corporation III, and Owl Rock First Lien Master Fund L.P.; however, there can be no assurance that the Owl Rock Advisers' efforts to allocate any particular investment opportunity fairly among all clients for whom such opportunity is appropriate will result in an allocation of all or part of such opportunity to us. Not all conflicts of interest can be expected to be resolved in our favor.

The allocation of investment opportunities among us and any of the other investment funds sponsored or accounts managed by the Adviser or its affiliates may not always, and often will not, be proportional. In general, pursuant to the Owl Rock Advisers' allocation policy, the process for making an allocation determination includes an assessment as to whether a particular investment opportunity (including any follow-on investment in, or disposition from, an existing portfolio company held by the Company or another investment fund or account) is suitable for us or another investment fund or account including Owl Rock Capital Corporation II, Owl Rock Technology Finance Corp., Owl Rock Capital Corporation III, and Owl Rock First Lien Master Fund L.P. In making this assessment, the Owl Rock Advisers may consider a variety of factors, including, without limitation: the investment objectives, guidelines and strategies applicable to the investment fund or account; the nature of the investment, including its risk-return profile and expected holding period; portfolio diversification and concentration concerns; the liquidity needs of the investment fund or account; the ability of the investment fund or account to accommodate structural, timing and other aspects of the investment process; the life cycle of the investment fund or account; legal, tax and regulatory requirements and restrictions, including, as applicable, compliance with the 1940 Act (including requirements and restrictions pertaining to co-investment opportunities discussed below); compliance with existing agreements of the investment fund or account; the available capital of the investment fund or account; diversification requirements for BDCs or RICs; the gross asset value and net asset value of the investment fund or account; the current and targeted leverage levels for the investment fund or account; and portfolio construction considerations. The relevance of each of these criteria will vary from investment opportunity to investment opportunity. In circumstances where the investment objectives of multiple investment funds or accounts regularly overlap, while the specific facts and circumstances of each allocation decision will be determinative, the Owl Rock Advisers may afford prior decisions precedential value.

Pursuant to the Owl Rock Advisers' allocation policy, if through the foregoing analysis, it is determined that an investment opportunity is appropriate for multiple investment funds or accounts, the Owl Rock Advisers generally will determine the appropriate size of the opportunity for each such investment fund or account. If an investment opportunity falls within the mandate of two or more investment funds or accounts, and there are no restrictions on such funds or accounts investing with each other, then each investment fund or account will receive the amount of the investment that it is seeking, as determined based on the criteria set forth above.

Certain allocations may be more advantageous to us relative to one or all of the other investment funds, or vice versa. While the Owl Rock Advisers will seek to allocate investment opportunities in a way that it believes in good faith is fair and equitable over time, there can be no assurance that our actual allocation of an investment opportunity, if any, or terms on which the allocation is made, will be as favorable as they would be if the conflicts of interest to which the Adviser may be subject did not exist.

#### ***Exemptive Relief***

We, the Adviser and certain of its affiliates have been granted exemptive relief by the SEC to co-invest with other funds managed by the Adviser or its affiliates in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to such exemptive relief, we generally are permitted to co-invest with certain of our affiliates if a "required majority" (as defined in Section 57(o) of the 1940 Act) of our independent directors make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to us and our shareholders and do not involve overreaching of us or our shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of our shareholders and is consistent with our investment objective and strategies, and (3) the investment by our affiliates would not disadvantage us, and our participation would not be on a basis different from or less advantageous than that on which our affiliates are investing. The Owl Rock Advisers' investment allocation policy incorporates the conditions of the exemptive relief. As a result of the exemptive relief, there could be significant overlap in our investment portfolio and the investment portfolio of Owl Rock Capital Corporation II, Owl Rock Technology Finance Corp. and/or other funds established by the Adviser or its affiliates that could avail themselves of the exemptive relief. See Part I, Item 1 "BUSINESS — *Affiliated Transactions*" in our most recent Annual Report on Form 10-K.

In addition, pursuant to an exemptive order issued by the SEC on April 8, 2020 and applicable to all BDCs, through December 31, 2020, we may, subject to the satisfaction of certain conditions, co-invest in our existing portfolio companies with certain other funds managed by the Adviser or its affiliates and covered by our exemptive relief, even if such other funds have not previously invested in such existing portfolio company. Without this order, affiliated funds would not be able to participate in such co-investments with us unless the affiliated funds had previously acquired securities of the portfolio company in a co-investment transaction with us. Owl Rock Advisers' allocation policy seeks to ensure equitable allocation of investment opportunities over time between us and other funds managed by our Adviser or its affiliates. As a result of the exemptive relief, there could be significant overlap in our investment portfolio and the investment portfolio of other funds established by the Adviser or its affiliates that could avail themselves of the exemptive relief.

#### **Stock Repurchase Plan**

On July 7, 2019, our Board approved a stock repurchase plan (the "Company 10b5-1 Plan"), to acquire up to \$150 million in the aggregate of our common stock at prices below our net asset value per share over a specified period, in accordance with the guidelines specified in Rule 10b-18 and Rule 10b5-1 of the Exchange Act. We put the Company 10b5-1 Plan in place because we believe that, in the current market conditions, if our common stock is trading below our then-current net asset value per share, it is in the best interest of our shareholders for us to reinvest in our portfolio.

The Company 10b5-1 Plan is intended to allow us to repurchase our common stock at times when we otherwise might be prevented from doing so under insider trading laws. The Company 10b5-1 Plan requires Goldman Sachs & Co. LLC, as our agent, to repurchase shares of common stock on our behalf when the market price per share is below the most recently reported net asset value per share (including any updates,

corrections or adjustments publicly announced by us to any previously announced net asset value per share). Under the Company 10b5-1 Plan, the agent will increase the volume of purchases made as the price of our common stock declines, subject to volume restrictions. The timing and amount of any stock repurchases will depend on the terms and conditions of the Company 10b5-1 Plan, the market price of our common stock and trading volumes, and no assurance can be given that any particular amount of common stock will be repurchased.

The purchase of shares pursuant to the Company 10b5-1 Plan is intended to satisfy the conditions of Rule 10b5-1 and Rule 10b-18 under the Exchange Act, and will otherwise be subject to applicable law, including Regulation M, which may prohibit purchases under certain circumstances. See Part I, Item 1 “*BUSINESS—Repurchase Offers*” in our most recent Annual Report on Form 10-K.

The Company 10b5-1 Plan commenced on August 19, 2019 and terminates upon the earliest to occur of (i) 18-months (tolled for periods during which the Company 10b5-1 Plan is suspended), (ii) the end of the trading day on which the aggregate purchase price for all shares purchased under the Company 10b5-1 Plan equals \$150 million and (iii) the occurrence of certain other events described in the Company 10b5-1 Plan. As of March 31, 2020, we have acquired 4,096,546 shares for approximately \$48.0 million, pursuant to the Company 10b5-1 Plan.

### **Recent Developments**

#### *Results of the 2020 Annual Meeting*

The Company held its Annual Meeting of Shareholders on June 8, 2020 and submitted three matters to the vote of the shareholders. First, shareholders elected two members of the board of directors of the Company, each to serve until the 2023 annual meeting of shareholders and until their successors are duly elected and qualified. Next, shareholders ratified the appointment of KPMG LLP as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2020. Finally, shareholders approved a proposal to allow the Company to reduce its asset coverage ratio to 150%, pursuant to Section 61(a)(2) of the Investment Company Act of 1940, as amended, to become effective the date after the Annual Meeting of Shareholders.

### **Risk Factors**

An investment in our securities involves a high degree of risk and may be considered speculative. You should carefully consider the information found under the captions Part I, Item 1A “*RISK FACTORS*” in our most recent Annual Report on Form 10-K, Part II, Item 1A “*RISK FACTORS*” in our most recent Quarterly Report on Form 10-Q, and “*Risk Factors*” in this prospectus before deciding to invest in our securities. Risks involved in an investment in us include:

- we have a limited operating history;
- price declines in the corporate leveraged loan market, including as a result of the COVID-19 pandemic, may adversely affect the fair value of our portfolio, reducing our net asset value through increased net unrealized depreciation and the incurrence of realized losses;
- economic recessions or downturns, including as a result of the COVID-19 pandemic, could impair our portfolio companies and harm our operating results;
- our ability to achieve our investment objective depends on our Adviser’s ability to manage and support our investment process. If our Adviser were to lose a significant number of its key professionals, or terminate the Advisory Agreement, our ability to achieve our investment objective could be significantly harmed;

- regulations governing our operation as a BDC and RIC affect our ability to raise capital and the way in which we raise additional capital or borrow for investment purposes, which may have a negative effect on our growth;
- recent legislation allows us to incur additional leverage;
- the interest rates of our term loans to our portfolio companies that extend beyond 2021 might be subject to change based on recent regulatory changes, including the decommissioning of LIBOR;
- to the extent that we borrow money, the potential for gain or loss on amounts invested in us will be magnified and may increase the risk of investing in us;
- we may face increasing competition for investment opportunities, which could delay further deployment of our capital, reduce returns and result in losses;
- because our business model depends to a significant extent upon the Adviser's relationships with corporations, financial institutions and investment firms, the inability of our Adviser to maintain or develop these relationships, or the failure of these relationships to generate investment opportunities, could adversely affect our business;
- we may be obligated to pay our Adviser incentive fees even if we incur a net loss due to a decline in the value of our portfolio and even if our earned interest income is not payable in cash;
- we will be subject to corporate-level U.S. federal income tax if we are unable to maintain our tax treatment as a RIC under Subchapter M of the Code or if we make investments through taxable subsidiaries;
- we may compete for capital and investment opportunities with other entities managed by our Adviser or its affiliates, subjecting our Adviser to certain conflicts of interest;
- the Adviser and its affiliates, including our officers and some of our directors, may face conflicts of interest caused by compensation arrangements with us and our affiliates which could result in increased risk taken by us;
- our Board may change our operating policies and strategies without prior notice or shareholder approval, the effects of which may be adverse to our shareholders;
- changes in laws or regulations governing our operations may adversely affect our business or cause us to alter our business strategy;
- our investment portfolio is recorded at fair value as determined in good faith in accordance with procedures established by our Board and, as a result, there is and will be uncertainty as to the value of our portfolio investments;
- the lack of liquidity in our investments may adversely affect our business;
- we generally will not control the business operations of our portfolio companies and, due to the illiquid nature of our holdings in our portfolio companies, we may not be able to dispose of our interest in our portfolio companies;
- we will be exposed to risks associated with changes in interest rates;
- defaults by our portfolio companies could jeopardize a portfolio company's ability to meet its obligations under the debt or equity investment that we hold which could harm our operating results;
- subordinated liens on collateral securing debt investments that we may make to portfolio companies may be subject to control by senior creditors with first priority liens. If there is a default, the value of the collateral may not be sufficient to repay in full both the first priority creditors and us;
- our ability to enter into transactions with our affiliates will be restricted;
- international investments create additional risks;
- the amount of any distributions we may make on our common stock is uncertain. We may not be able to pay you distributions, or be able to sustain distributions at any particular level, and our distributions per share, if any, may not grow over time, and our distributions per share may be reduced; and
- the market price of our common stock may fluctuate significantly.

### THE OFFERING SUMMARY

We may offer, from time to time, in one or more offerings or series, up to \$3 billion of our common stock, preferred stock, debt securities, subscription rights to purchase shares of our common stock or warrants representing rights to purchase shares of our common stock, preferred stock or debt securities, on terms to be determined at the time of the offering. We will offer our securities at prices and on terms to be set forth in one or more supplements to this prospectus. The offering price per share of our common stock, less any underwriting commissions or discounts, generally will not be less than the net asset value per share of our common stock at the time of such an offering. However, we may issue shares of our common stock pursuant to this prospectus at a price per share that is less than our net asset value per share (a) in connection with a rights offering to our existing shareholders, (b) with the prior approval of the majority of our outstanding voting securities or (c) under such other circumstances as the SEC may permit. Any such issuance of shares of our common stock below net asset value may be dilutive to the net asset value of our common stock. See “*Risk Factors — Risks Related to Offerings Pursuant to this Prospectus*” below and Part I, Item 1A “*RISK FACTORS — Risks Related to an Investment in Our Common Stock*” in our most recent Annual Report on Form 10-K as well as in any of our subsequent SEC filings for more information.

We may offer our securities directly to one or more purchasers, including existing shareholders in a rights offering by us, through agents that we designate from time to time or to or through underwriters or dealers. The prospectus supplement relating to each offering will identify any agents or underwriters involved in the sale of our securities, and will set forth any applicable purchase price, fee, commission or discount arrangement between us and the agents or underwriters or among the underwriters or the basis upon which such amount may be calculated. See “*Plan of Distribution*” in this prospectus. We may not sell any of the securities pursuant to the registration statement of which this prospectus is a part through agents, underwriters or dealers without delivery of this prospectus and a prospectus supplement describing the method and terms of the offering of our securities.

Set forth below is additional information regarding offerings of our securities:

Use of Proceeds	<p>Unless otherwise specified in a prospectus supplement, we intend to use the net proceeds from the sale of our securities for general corporate purposes, which may include, among other things, investing in accordance with our investment objective and repaying indebtedness (which will be subject to reborrowing).</p> <p>Each supplement to this prospectus relating to an offering will more fully identify the use of the proceeds from such offering.</p> <p>See “<i>Use of Proceeds</i>” in this prospectus.</p>

Distributions	<p>We intend to pay quarterly distributions to our shareholders out of assets legally available for distribution.</p> <p>The specific tax characteristics of our distributions will be reported to shareholders after the end of the calendar year. Future quarterly dividends, if any, will be determined by our Board. See “<i>Distributions</i>” in this prospectus.</p> <p>To maintain our tax treatment as a RIC, we must make certain distributions. See “<i>Certain U.S. Federal Income Tax Considerations — Taxation as a Regulated Investment Company</i>” in this prospectus.</p>
Taxation	<p>We have elected to be treated as a RIC for U.S. federal income tax purposes, and we intend to operate in a manner so as to continue to qualify for the tax treatment applicable to RICs. Our tax treatment as a RIC will enable us to deduct from our taxable income qualifying distributions to our shareholders, so that we will be subject to</p>

## Leverage

corporate-level U.S. federal income taxation only in respect of earnings that we retain and do not distribute.

To maintain our status as a RIC and to avoid being subject to corporate-level U.S. federal income taxation on our earnings, we must, among other things:

- maintain our election under the 1940 Act to be treated as a BDC;
- derive in each taxable year at least 90% of our gross income from dividends, interest, gains from the sale or other disposition of stock or securities and other specified categories of investment income; and
- maintain diversified holdings.

In addition, to receive tax treatment as a RIC, we must distribute (or be treated as distributing) in each taxable year dividends for tax purposes equal to at least 90% of our investment company taxable income and net tax-exempt income for that taxable year.

As a RIC, we generally will not be subject to corporate-level U.S. federal income tax on our investment company taxable income and net capital gains that we distribute to shareholders as dividends. If we fail to distribute our investment company taxable income or net capital gains on a timely basis, we will be subject to a nondeductible 4% U.S. federal excise tax. We may choose to carry forward investment company taxable income in excess of current year distributions into the next tax year and pay a 4% excise tax on such income. Any carryover of investment company taxable income or net capital gains must be timely declared and distributed as a dividend in the taxable year following the taxable year in which the income or gains were earned. See “*Distributions*” and “*Certain U.S. Federal Income Tax Considerations*” in this prospectus.

As a BDC, we are permitted under the 1940 Act to borrow funds or issue “senior securities” to finance a portion of our investments. As a result, we are exposed to the risks of leverage, which may be considered a speculative investment technique.

Leverage increases the potential for gain and loss on amounts invested and, as a result, increases the risks associated with investing in our securities. Prior to June 9, 2020, with certain limited exceptions, we were permitted to issue “senior securities,” including borrowing money from banks or other financial institutions only in amounts such that the ratio of our total assets (less total liabilities other than indebtedness represented by senior securities) to our total indebtedness represented by senior securities plus preferred stock, if any, was at least 200% after such incurrence or issuance. This meant that, prior to June 9, 2020, we generally could borrow up to \$1 for every \$1 of investor equity. On March 31, 2020 our Board, including a “required majority” of the independent directors (as defined in Section 57(o) of the 1940 Act), approved the application of a 150% minimum asset coverage to us, effective March 31, 2021. However, on June 8, 2020, shareholders representing the majority of votes cast approved a proposal to apply the 150% minimum asset coverage requirement to us beginning on June 9, 2020. See Part II, Item 7 “*MANAGEMENT’S DISCUSSION AND ANALYSIS OF*

Dividend reinvestment plan	<p><i>FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Leverage</i>” in our most recent Annual Report on Form 10-K, Part I, Item 2 “<i>MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Leverage</i>” in our most recent Quarterly Report on Form 10-Q and “<i>Prospectus Summary — Recent Developments</i>” in this prospectus. As a result, beginning June 9, 2020, we may borrow up to \$2 for every \$1 of investor equity.</p> <p>The costs associated with our borrowings, including any increase in the management fee payable to the Adviser, are borne by our shareholders. See Part I, Item 1 “<i>BUSINESS — Regulation as a Business Development Company</i>” in our most recent Annual Report on Form 10-K.</p> <p>As of March 31, 2020, our asset coverage was 246%.</p> <p>We have adopted an “opt out” dividend reinvestment plan for our shareholders. As a result, if we declare a cash dividend or other distribution, each shareholder that has not “opted out” of our dividend reinvestment plan will have their dividends or distributions automatically reinvested in additional shares of our common stock rather than receiving cash distributions. There will be no up-front selling commissions or dealer manager fees to you if you elect to participate in the dividend reinvestment plan. We will pay the plan administrator fees under the plan.</p>
Investment Advisory Fees	<p>Shareholders who receive dividends and other distributions in the form of shares of common stock generally are subject to the same U.S. federal tax consequences as shareholders who elect to receive their distributions in cash; however, since their cash dividends will be reinvested, those shareholders will not receive cash with which to pay any applicable taxes on reinvested dividends. See “<i>Dividend Reinvestment Plan</i>” in this prospectus.</p> <p>We pay the Adviser a fee for its services under the Investment Advisory Agreement consisting of two components: a Management Fee and an Incentive Fee. The cost of both the Management Fee and the Incentive Fee will ultimately be borne by our shareholders.</p> <p>The Management Fee is payable quarterly in arrears. The Management Fee is payable at an annual rate of (x) 1.50% of the average of the Company’s gross assets, excluding cash and cash equivalents but including assets purchased with borrowed amounts, that is above an asset coverage ratio of 200% calculated in accordance with Sections 18 and 61 of the 1940 Act, and (y) 1.00% of the average of the Company’s gross assets, excluding cash and cash-equivalents but including assets purchased with borrowed amounts, that is below an asset coverage ratio of 200% calculated in accordance with Sections 18 and 61 of the 1940 Act, in each case at the end of the two most recently completed calendar quarters payable quarterly in arrears. The Management Fee for any partial month or quarter, as the case may be, will be appropriately prorated and adjusted for any share issuances or repurchases during the relevant calendar months or quarters, as the case may be. For purposes of the Investment Advisory Agreement, gross assets means our total assets determined on a consolidated basis in accordance with generally accepted accounting principles in the United States,</p>

excluding cash and cash equivalents, but including assets purchased with borrowed amounts.

The Incentive Fee consists of two components that are independent of each other, with the result that one component may be payable even if the other is not. A portion of the Incentive Fee is based on our income and a portion is based on our capital gains, each as described below. The portion of the Incentive Fee based on income is determined and paid quarterly in arrears commencing with the first calendar quarter following the Listing Date, and equals 100% of the pre-Incentive Fee net investment income in excess of a 1.5% quarterly “hurdle rate,” until the Adviser has received 17.5% of the total pre-Incentive Fee net investment income for that calendar quarter and, for pre-Incentive Fee net investment income in excess of 1.82% quarterly, 17.5% of all remaining pre-Incentive Fee net investment income for that calendar quarter. The 100% “catch-up” provision for pre-Incentive Fee net investment income in excess of the 1.5% “hurdle rate” is intended to provide the Adviser with an incentive fee of 17.5% on all pre-Incentive Fee net investment income when that amount equals 1.82% in a calendar quarter (7.27% annualized), which is the rate at which catch-up is achieved. Once the “hurdle rate” is reached and catch-up is achieved, 17.5% of any pre-Incentive Fee net investment income in excess of 1.82% in any calendar quarter is payable to the Adviser.

The second component of the incentive fee, the capital gains incentive fee, payable at the end of each calendar year in arrears, equals 17.5% of cumulative realized capital gains from the Listing Date to the end of each calendar year, less cumulative realized capital losses and unrealized capital depreciation from the Listing Date to the end of each calendar year, less the aggregate amount of any previously paid capital gains incentive fee for prior periods. In no event will the capital gains incentive fee payable pursuant to the Investment Advisory Agreement be in excess of the amount permitted by the Advisers Act, including Section 205 thereof.

In addition, the Adviser agreed at all times prior to the fifteen-month anniversary of the Listing Date, to waive (i) any portion of the Management Fee that is in excess of 0.75% of the Company’s gross assets, excluding cash and cash-equivalents but including assets purchased with borrowed amounts at the end of the two most recently completed calendar quarters, calculated in accordance with the Investment Advisory Agreement, and (ii) the entire Incentive Fee (including, for the avoidance of doubt, both the portion of the Incentive Fee based on our income and the Capital Gains Incentive Fee).

See Part I, Item 1 “*BUSINESS — Compensation of the Adviser*” in our most recent Annual Report on Form 10-K.

#### Administration Agreement

We reimburse the Adviser under the Administration Agreement, for certain administrative services to us.

These services include providing office space, equipment and office services, maintaining financial records, preparing reports to shareholders and reports filed with the SEC, and managing the payment of expenses and the performance of administrative and professional services rendered by others. The Company will reimburse

	<p>the Adviser for services performed for it pursuant to the terms of the Administration Agreement. In addition, pursuant to the terms of the Administration Agreement, the Adviser may delegate its obligations under the Administration Agreement to an affiliate or to a third party and the Company will reimburse the Adviser for any services performed for it by such affiliate or third party. See Part I, Item 1 “<i>BUSINESS — Administration Agreement</i>” in our most recent Annual Report on Form 10-K.</p>

Other than with respect to this limited license, we have no legal right to the “Owl Rock” name or logo. See “Part I, Item 1 “<i>BUSINESS — License Agreement</i>” in our most recent Annual Report on Form 10-K.</p>
Trading at a Discount	<p>Shares of closed-end investment companies, including BDCs frequently trade at a discount to their net asset value. We are not generally able to issue and sell our common stock at a price below our net asset value per share unless we have shareholder approval. The risk that our shares may trade at a discount to our net asset value is separate and distinct from the risk that our net asset value per share may decline. We cannot predict whether our shares will trade above, at or below net asset value. See Part I, Item IA “<i>RISK FACTORS</i>” in our most recent Annual Report on Form 10-K, Part II, Item 1A “<i>RISK FACTORS</i>” in our most recent Quarterly Report on Form 10-Q, and “<i>Risk Factors</i>” in this prospectus.</p>
Custodian, Transfer and Dividend Paying Agent and Registrar	<p>State Street serves as our custodian and will serve as our transfer and dividend paying agent and registrar. See “<i>Custodian, Transfer and Dividend Paying Agent and Registrar</i>” in this prospectus.</p>

- (1) In the event that the securities are sold to or through underwriters, a related prospectus supplement will disclose the applicable sales load (underwriting discount or commission).
- (2) A related prospectus supplement will disclose the estimated amount of offering expenses, the offering price and the estimated amount of offering expenses borne by the Company as a percentage of the offering price.
- (3) The expenses of the dividend reinvestment plan are included in “other expenses” in the table above. For additional information, see “Dividend Reinvestment Plan.”
- (4) The Management Fee is payable quarterly in arrears. The Management Fee is payable at an annual rate of (x) 1.50% of the average of the Company’s gross assets, excluding cash and cash equivalents but including assets purchased with borrowed amounts, that is above an asset coverage ratio of 200% calculated in accordance with Sections 18 and 61 of the 1940 Act, and (y) 1.00% of the average of the Company’s gross assets, excluding cash and cash-equivalents but including assets purchased with borrowed amounts, that is below an asset coverage ratio of 200% calculated in accordance with Sections 18 and 61 of the 1940 Act, in each case at the end of the two most recently completed calendar quarters payable quarterly in arrears. The Management Fee for any partial month or quarter, as the case may be, will be appropriately prorated and adjusted for any share issuances or repurchases during the relevant calendar months or quarters, as the case may be. We may from time to time decide it is appropriate to change the terms of the agreement. Under the 1940 Act, any material change to our Investment Advisory Agreement must be submitted to shareholders for approval. The Management Fee reflected in the table is calculated by determining the ratio that the Management Fee bears to our net assets attributable to common stock (rather than our gross assets).
- (5) The Incentive Fee consists of two components that are independent of each other, with the result that one component may be payable even if the other is not. A portion of the Incentive Fee is based on our income and a portion is based on our capital gains, each as described below. The portion of the Incentive Fee based on income is determined and paid quarterly in arrears commencing with the first

calendar quarter following the Listing Date, and equals 100% of the pre-Incentive Fee net investment income in excess of a 1.5% quarterly “hurdle rate,” until the Adviser has received 17.5% of the total pre-Incentive Fee net investment income for that calendar quarter and, for pre-Incentive Fee net investment income in excess of 1.82% quarterly, 17.5% of all remaining pre-Incentive Fee net investment income for that calendar quarter. The 100% “catch-up” provision for pre-Incentive Fee net investment income in excess of the 1.5% “hurdle rate” is intended to provide the Adviser with an incentive fee of 17.5% on all pre-Incentive Fee net investment income when that amount equals 1.82% in a calendar quarter (7.27% annualized), which is the rate at which catch-up is achieved. Once the “hurdle rate” is reached and catch-up is achieved, 17.5% of any pre-Incentive Fee net investment income in excess of 1.82% in any calendar quarter is payable to the Adviser.

Pre-Incentive Fee net investment income means dividends (including reinvested dividends), interest and fee income accrued by us during the calendar quarter, minus operating expenses for the calendar quarter (including the Management Fee, expenses payable under the Administration Agreement, as discussed below, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the Incentive Fee). Pre-Incentive Fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with payment-in-kind interest (“PIK”) and zero coupon securities), accrued income that we may not have received in cash. The Adviser is not obligated to return the Incentive Fee it receives on PIK interest that is later determined to be uncollectible in cash. Pre-Incentive Fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation.

To determine whether pre-Incentive Fee net investment income exceeds the hurdle rate, pre-Incentive Fee net investment income is expressed as a rate of return on the value of our net assets at the end of the immediately preceding calendar quarter commencing with the first calendar quarter following the Listing Date. Because of the structure of the Incentive Fee, it is possible that we may pay an Incentive Fee in a calendar quarter in which we incur a loss. For example, if we receive pre-Incentive Fee net investment income in excess of the quarterly hurdle rate, we will pay the applicable Incentive Fee even if we have incurred a loss in that calendar quarter due to realized and unrealized capital losses. In addition, because the quarterly hurdle rate is calculated based on our net assets, decreases in our net assets due to realized or unrealized capital losses in any given calendar quarter may increase the likelihood that the hurdle rate is reached and therefore the likelihood of us paying an Incentive Fee for that calendar quarter. Our net investment income used to calculate this component of the Incentive Fee is also included in the amount of our gross assets used to calculate the Management Fee because gross assets are total assets (including cash received) before deducting liabilities (such as declared dividend payments).

The second component of the Incentive Fee, the Capital Gains Incentive Fee, payable at the end of each calendar year in arrears, equals 17.5% of cumulative realized capital gains from the Listing Date to the end of each calendar year, less cumulative realized capital losses and unrealized capital depreciation from the Listing Date to the end of each calendar year. Each year, the fee paid for the Capital Gains Incentive Fee is net of the aggregate amount of any previously paid Capital Gains Incentive Fee for prior periods. We will accrue, but will not pay, a Capital Gains Incentive Fee with respect to unrealized appreciation because a Capital Gains Incentive Fee would be owed to the Adviser if we were to sell the relevant investment and realize a capital gain. For the sole purpose of calculating the Capital Gains Incentive Fee, the cost basis as of the Listing Date for all of our investments made prior to the Listing Date will be equal to the fair market value of such investments as of the last day of the quarter in which the Listing Date occurred; provided, however, that in no event will the Capital Gains Fee payable pursuant to the Investment Advisory Agreement be in excess of the amount permitted by the Advisers Act, including Section 205 thereof.

- (6) The Adviser agreed at all times prior to the fifteen-month anniversary of the Listing Date, to waive (i) any portion of the Management Fee that is in excess of 0.75% of our gross assets, excluding cash and cash-equivalents but including assets purchased with borrowed amounts at the end of the two most recently completed calendar quarters, calculated in accordance with the Investment Advisory Agreement, and (ii) the entire Incentive Fee (including, for the avoidance of doubt, both the portion of the Incentive Fee based on our income and the Capital Gains Incentive Fee).
- (7) Interest payments on borrowed funds represents an estimate of our annualized interest expense based on borrowings under the Revolving Credit Facility, our SPV Asset Facilities, the 2023 Notes, the 2024

Notes, the 2025 Notes, the July 2025 Notes, and our CLOs. The assumed weighted average interest rate on our total debt outstanding was 4.2%. We may borrow additional funds from time to time to make investments to the extent we determine that the economic situation is conducive to doing so. We may also issue additional debt securities or preferred stock, subject to our compliance with applicable requirements under the 1940 Act.

- (8) Includes our overhead expenses, such as payments under the Administration Agreement for certain expenses incurred by the Adviser. We based these expenses on estimated amounts for the current fiscal year.
- (9) Estimated.
- (10) Our shareholders indirectly bear the expenses of underlying funds or other investment vehicles in which we invest that (1) are investment companies or (2) would be investment companies under section 3(a) of the 1940 Act but for the exceptions to that definition provided for in sections 3(c)(1) and 3(c)(7) of the 1940 Act (“Acquired Funds”). This amount includes the estimated annual fees and expenses of Sebago Lake, LLC, our joint venture with The Regents of the University of California, which is our only Acquired Fund as of March 31, 2020.
- (11) This table reflects all of the fees and expenses borne by us with respect to the CLO Transactions, but does not include fees payable to but waived by the Adviser for serving as collateral manager to the CLO Issuers.

#### Example

The following example demonstrates the projected dollar amount of total cumulative expenses over various periods with respect to a hypothetical investment in our common stock. In calculating the following expense amounts, we have assumed we would have no additional leverage and that our annual operating expenses would remain at the levels set forth in the table above. Transaction expenses are included in the following example.

	<u>1 year</u>	<u>3 years</u>	<u>5 years</u>	<u>10 years</u>
You would pay the following expenses on a \$1,000 investment, assuming a 5% annual return from realized capital gains	63	223	386	810

The foregoing table is to assist you in understanding the various costs and expenses that an investor in our common stock will bear directly or indirectly. While the example assumes, as required by the SEC, a 5% annual return, our performance will vary and may result in a return greater or less than 5%. Because the income portion of the Incentive Fee under the Investment Advisory Agreement is unlikely to be significant assuming a 5% annual return, the example assumes that the 5% annual return will be generated entirely through the realization of capital gains on our assets and, as a result, will trigger the payment of the capital gains portion of the Incentive Fee under the Investment Advisory Agreement. The income portion of the Incentive Fee under the Investment Advisory Agreement, which, assuming a 5% annual return, would either not be payable or have an immaterial impact on the expense amounts shown above, is not included in the example. If we achieve sufficient returns on our investments, including through the realization of capital gains, to trigger an Incentive Fee of a material amount, our expenses, and returns to our investors, would be higher. In addition, while the example assumes reinvestment of all dividends and distributions at net asset value, if our Board authorizes and we declare a cash dividend, participants in our dividend reinvestment plan who have not otherwise elected to receive cash will receive a number of shares of our common stock, determined by dividing the total dollar amount of the dividend payable to a participant by the market price per share of our common stock at the close of trading on the valuation date for the dividend. See “Dividend Reinvestment Plan” for additional information regarding our dividend reinvestment plan.

This example and the expenses in the table above should not be considered a representation of our future expenses, and actual expenses (including the cost of debt, if any, and other expenses) may be greater or less than those shown.

## RISK FACTORS

*Investing in our securities involves a number of significant risks. Before you invest in our securities, you should be aware of various risks associated with the investment, including those described in this prospectus, the accompanying prospectus supplement, Part I, Item IA “RISK FACTORS” in our most recent Annual Report on Form 10-K, which is incorporated by reference into this prospectus in their entirety, Part II, Item IA “RISK FACTORS” in our most recent Quarterly Report on Form 10-Q, which is incorporated by reference into this prospectus in their entirety, any document incorporated by reference herein, and any free writing prospectus we may authorize in connection with a specific offering. You should carefully consider these risk factors, together with all of the other information included in this prospectus, before you decide whether to make an investment in our securities. The risks set out in this prospectus, the accompanying prospectus supplement, Part I, Item IA “RISK FACTORS” in our most recent Annual Report on Form 10-K, Part II, Item IA “RISK FACTORS” in our most recent Quarterly Report on Form 10-Q, any document incorporated by reference herein, and any free writing prospectus we may authorize in connection with a specific offering are not the only risks we face. Additional risks and uncertainties not presently known to us or not presently deemed material by us may also impair our operations and performance. If any of the following events occur, our business, financial condition and results of operations could be materially and adversely affected. In such case, you may lose all or part of your investment.*

### Risks Related to Offerings Pursuant to this Prospectus

***Distributions on our common stock may exceed our taxable earnings and profits. Therefore, portions of the distributions that we pay may represent a return of capital to you. A return of capital is a return of a portion of your original investment in shares of our common stock. As a result, a return of capital will (i) lower your tax basis in your shares and thereby increase the amount of capital gain (or decrease the amount of capital loss) realized upon a subsequent sale or redemption of such shares, and (ii) reduce the amount of funds we have for investment in portfolio companies. We have not established any limit on the extent to which we may use offering proceeds to fund distributions.***

We may pay our distributions from offering proceeds in anticipation of future cash flow, which may constitute a return of your capital and will lower your tax basis in your shares, thereby increasing the amount of capital gain (or decreasing the amount of capital loss) realized upon a subsequent sale or redemption of such shares, even if such shares have not increased in value or have, in fact, lost value.

***We will have broad discretion over the use of proceeds of any offering made pursuant to this prospectus, to the extent it is successful.***

We will have significant flexibility in applying the proceeds of any offering made pursuant to this prospectus. For example, we may pay operating expenses from net proceeds, which could limit our ability to achieve our investment objective.

### Risks Related to our Business

***To the extent that we borrow money, the potential for gain or loss on amounts invested in us will be magnified and may increase the risk of investing in us. Borrowed money may also adversely affect the return on our assets, reduce cash available to service our debt or for distribution to our shareholders, and result in losses.***

The use of borrowings, also known as leverage, increases the volatility of investments by magnifying the potential for gain or loss on invested equity capital. To the extent that we use leverage to partially finance our investments through borrowing from banks and other lenders, you will experience increased risks of investing in our securities. If the value of our assets decreases, leverage would cause our net asset value to decline more sharply than it otherwise would if we had not borrowed and employed leverage. Similarly, any decrease in our income would cause net income to decline more sharply than it would have if we had not borrowed and employed leverage. Such a decline could negatively affect our ability to service our debt or make distributions to our shareholders. In addition, our shareholders will bear the burden of any increase in our expenses as a result of our use of leverage, including interest expenses and any increase in the base management or incentive fees payable to our Adviser attributable to the increase in assets purchased using leverage.

The amount of leverage that we employ will depend on the Adviser's and the Board's assessment of market and other factors at the time of any proposed borrowing. There can be no assurance that leveraged financing will be available to us on favorable terms or at all. However, to the extent that we use leverage to finance our assets, our financing costs will reduce cash available for distributions to shareholders. Moreover, we may not be able to meet our financing obligations and, to the extent that we cannot, we risk the loss of some or all of our assets to liquidation or sale to satisfy the obligations. In such an event, we may be forced to sell assets at significantly depressed prices due to market conditions or otherwise, which may result in losses.

As a BDC, generally, the ratio of our total assets (less total liabilities other than indebtedness represented by senior securities) to our total indebtedness represented by senior securities plus any preferred stock, if any, must be at least 200%; however, legislation enacted in March 2018 has modified the 1940 Act by allowing a BDC to increase the maximum amount of leverage it may incur from an asset coverage ratio of 200% to an asset coverage ratio of 150%, if certain requirements are met. On June 8, 2020, our shareholder, approved the application of the modified asset coverage requirements set forth in Section 61(a)(2) of the 1940 Act, as amended by the Small Business Credit Availability Act. As a result, effective June 9, 2020, our asset coverage ratio applicable to senior securities was reduced from 200% to 150%, and the risks associated with an investment in us may increase. If this ratio declines below 150%, we cannot incur additional debt and could be required to sell a portion of our investments to repay some indebtedness when it may be disadvantageous to do so. This could have a material adverse effect on our operations, and we may not be able to service our debt or make distributions.

### **Risks Related to Our Investments**

#### ***Legislation enacted in March 2018 allows us to incur additional leverage.***

The 1940 Act generally prohibits a BDC from incurring indebtedness unless immediately after such borrowing the ratio of its total assets (less total liabilities other than indebtedness represented by senior securities) to its total indebtedness represented by senior securities plus preferred stock, if any, is at least 200%. However, legislation enacted in March 2018 has modified the 1940 Act by allowing a BDC to increase the maximum amount of leverage it may incur from an asset coverage ratio of 200% to an asset coverage ratio of 150%, if certain requirements are met. This means that generally, a BDC can borrow up to \$1 for every \$1 of investor equity or, if certain requirements are met and it reduces its asset coverage ratio, it can borrow up to \$2 for every \$1 of investor equity. The reduced asset coverage requirement permits a BDC to double the amount of leverage it may incur. Under the legislation, a BDC is allowed to increase its leverage capacity if shareholders representing at least a majority of the votes cast, when quorum is met, approve a proposal to do so. If the BDC receives shareholder approval, it would be allowed to increase our leverage capacity on the first day after such approval. Alternatively, the legislation allows the BDC's directors, including a "required majority," as defined by Section 57(o) of the 1940 Act, of the BDC's independent directors, to approve an increase in its leverage capacity, and such approval would become effective after one year. In either case, the BDC would be required to make certain disclosures on its website and in SEC filings regarding, among other things, the receipt of approval to increase our leverage, its leverage capacity and usage, and risks related to leverage.

On March 31, 2020, our Board, including the required majority (as defined in Section 57(o) of the 1940 Act) thereof, also approved the application of the minimum asset coverage ratio of 150% to the Company, with such reduced asset coverage to become effective on March 31, 2021. However, on June 8, 2020, shareholders representing the majority of votes cast approved a proposal to allow us to reduce our minimum asset coverage requirement to 150%. As a result, we may apply a 150% minimum asset coverage ratio beginning on June 9, 2020.

Leverage magnifies the potential for loss on investments in our indebtedness and on invested equity capital. As we use leverage to partially finance our investments, you will experience increased risks of investing in our securities. If the value of our assets increases, then leveraging would cause the net asset value attributable to our common stock to increase more sharply than it would have had we not leveraged. Conversely, if the value of our assets decreases, leveraging would cause net asset value to decline more sharply than it otherwise would have had we not leveraged our business. Similarly, any increase in our income in excess of interest payable on the borrowed funds would cause our net investment income to increase more

than it would without the leverage, while any decrease in our income would cause net investment income to decline more sharply than it would have had we not borrowed. Such a decline could negatively affect our ability to pay common stock dividends, scheduled debt payments or other payments related to our securities. Leverage is generally considered a speculative investment technique. See Part I, Item 1A “*RISK FACTORS — Risks Related to Our Business — To the extent that we borrow money, the potential for gain or loss on amounts invested in us will be magnified and may increase the risk of investing in us. Borrowed money may also adversely affect the return on our assets, reduce cash available to service our debt or for distribution to our shareholders, and result in losses*” in our most recent Annual Report on Form 10-K as well as in any of our subsequent SEC filings.

***We are subject to certain risks as a result of our interests in the CLO Preferred Shares.***

Under the respective terms of the loan sale agreement entered into in connection with the \$596 million term debt securitization transaction (the “CLO I Transaction”) we completed on May 28, 2019 (the “CLO I Closing Date”), the \$396.6 million term debt securitization transaction (the “CLO II Transaction”) we completed on December 12, 2019 (the “CLO II Closing Date”), the \$395.31 million term debt securitization transaction (the “CLO III Transaction”) we completed on March 26, 2020 (the “CLO III Closing Date”) and the \$438.9 million term debt securitization transaction (the “CLO IV Transaction”) we completed on May 28, 2020 (the “CLO IV Closing Date”) (each a “CLO Transaction” and, collectively, the “CLO Transactions”), we and one of ORCC Financing II, ORCC Financing III, or ORCC Financing IV sold and/or contributed to Owl Rock CLO I, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the “CLO I Issuer”), Owl Rock CLO II, Ltd. an exempted company incorporated in the Cayman Islands with limited liability (the “CLO II Issuer”), Owl Rock CLO III, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the “CLO III Issuer”) and Owl Rock CLO IV Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the “CLO IV Issuer”) (each a “CLO Issuer” and collectively, the “CLO Issuers”) all of the ownership interest in the portfolio loans and participations held by the CLO Issuers on the CLO I Closing Date, the CLO II Closing Date, the CLO III Closing Date and the CLO IV Closing Date, respectively, for the purchase price and other consideration set forth in such loan sale agreements. As a result of the CLO Transactions, we hold all of the preferred shares issued by the CLO I Issuer (the “CLO I Preferred Shares”), the preferred shares issued by the CLO II Issuer (the “CLO II Preferred Shares”), the preferred shares issued by the CLO III Issuer (the “CLO III Preferred Shares”) and the preferred shares issued by the CLO IV Issuer (the “CLO IV Preferred Shares”) (collectively, the “CLO Preferred Shares”), which comprise 100% of the equity interests (other than certain nominal interests held by a charitable trust for purposes of limiting the ability of the CLO Issuers to file for bankruptcy), in the CLO Issuers and the CLO I Issuer in turn owns 100% of the equity of Owl Rock CLO I, LLC, a Delaware limited liability company (the “CLO I Co-Issuer”), the CLO II Issuer in turn owns 100% of the equity of Owl Rock CLO II, LLC, a Delaware limited liability company (the “CLO II Issuer”), the CLO III Issuer in turn owns 100% of the equity of Owl Rock CLO III, LLC, a Delaware limited liability company (the “CLO III Issuer”) and the CLO IV Issuer in turn owns 100% of the equity of Owl Rock CLO IV, LLC, a Delaware limited liability company (the “CLO IV Issuer”) (each a “CLO Co-Issuer” and collectively, the “CLO Co-Issuers”). As a result, we expect to consolidate the financial statements of the CLO Issuers in our consolidated financial statements. However, once sold or contributed to a CLO, the underlying loans and participation interests have been securitized and are no longer our direct investment, and the risk return profile has been altered. In general, rather than holding interests in the underlying loans and participation interests, the CLO Transactions resulted in us holding equity interests in the CLO Issuers, with the CLO Issuers holding the underlying loans. As a result, we are subject both to the risks and benefits associated with the equity interests of the CLO Issuers (i.e., the CLO Preferred Shares) and, indirectly, the risks and benefits associated with the underlying loans and participation interests held by the CLO Issuers. In addition, our ability to sell, amend or otherwise modify an underlying loan held by a CLO Issuer is subject to certain conditions and restrictions under the applicable CLO Transactions, which may prevent us from taking actions that we would take if we held such underlying loan directly.

***The subordination of the CLO Preferred Shares will affect our right to payment.***

The respective CLO Preferred Shares are subordinated to the notes issued and amounts borrowed by the CLO I Issuer and the CLO I Co-Issuer (the “CLO I Debt”), the notes issued by the CLO II Issuer and the CLO II Co-Issuer (the “CLO II Debt”), the notes issued by the CLO III Issuer and the CLO III Co-Issuer

(the “CLO III Debt”) and the notes issued by the CLO IV Issuer and the CLO IV Co-Issuer (the “CLO IV Debt”) (collectively, the “CLO Debt”), respectively, and certain fees and expenses. If an overcollateralization test or an interest coverage test is not satisfied as of a determination date, the proceeds from the underlying loans otherwise payable to a CLO Issuer (which such CLO Issuer could have distributed with respect to the CLO Preferred Shares of such CLO Issuer) will be diverted to the payment of principal on the CLO Debt of such CLO Issuer. See “— *The CLO Indentures require mandatory redemption of CLO Debt for failure to satisfy coverage tests, which would reduce the amounts available for distribution to us.*”

On the scheduled maturity of the CLO Debt of a CLO Issuer or if such CLO Debt is accelerated after an event of default, proceeds available after the payment of certain administrative expenses will be applied to pay both principal of and interest on the such CLO Debt until such CLO Debt is paid in full before any further payment will be made on the the CLO Preferred Shares of such CLO Issuer. As a result, such CLO Preferred Shares would not receive any payments until such CLO Debt is paid in full and under certain circumstances may not receive payments at any time.

In addition, if an event of default occurs and is continuing with respect to the CLO Debt of a CLO Issuer, the holders of such CLO Debt will be entitled to determine the remedies to be exercised under the indenture pursuant to which such CLO Debt was issued (each a “CLO Indenture” and collectively, the “CLO Indentures”). Remedies pursued by the holders of CLO Debt could be adverse to our interests as the holder of CLO Preferred Shares, and the holders of CLO Debt will have no obligation to consider any possible adverse effect on such our interest or the interest of any other person. See “— *The holders of certain CLO Debt will control many rights under the CLO Indentures and therefore, we will have limited rights in connection with an event of default or distributions thereunder.*”

The CLO Preferred Shares represent leveraged investments in the underlying loan portfolio of the applicable CLO Issuer, which is a speculative investment technique that increases the risk to us as the owner of the CLO Preferred Shares. As the junior interest in a leveraged capital structure, the CLO Preferred Shares will bear the primary risk of deterioration in the performance of the applicable CLO Issuer and its portfolio of underlying loans.

***The holders of certain CLO Debt will control many rights under the CLO Indentures and therefore, we will have limited rights in connection with an event of default or distributions thereunder.***

Under each CLO Indenture, as long as any CLO Debt of the applicable CLO Issuer is outstanding, the holders of the senior-most outstanding class of such CLO Debt will have the right to direct the trustee or the applicable CLO Issuer to take certain actions under the applicable CLO Indenture (and the CLO I Credit Agreement, in the case of CLO I), subject to certain conditions. For example, these holders will have the right, following an event of default, to direct certain actions and control certain decisions, including the right to accelerate the maturity of applicable CLO Debt and, under certain circumstances, the liquidation of the collateral. Remedies pursued by such holders upon an event of default could be adverse to our interests. Although we, as the holder of the CLO Preferred Shares, will have the right, subject to the conditions set forth in the CLO Indentures, to purchase assets in any liquidation of assets by the collateral trustee, if an event of default has occurred and is continuing, we will not have any creditors’ rights against the applicable CLO Issuer and will not have the right to determine the remedies to be exercised under the applicable CLO Indenture. There is no guarantee that any funds will remain to make distributions to us as the holder of the CLO Preferred Shares following any liquidation of assets and the application of the proceeds from such assets to pay the applicable CLO Debt and the fees, expenses, and other liabilities payable by the applicable CLO Issuer.

***The CLO Indentures require mandatory redemption of the respective CLO Debt for failure to satisfy coverage tests, which would reduce the amounts available for distribution to us.***

Under the CLO Indentures governing the CLO Transactions, there are two coverage tests applicable to CLO Debt. These test apply to each CLO Transaction separately.

The first such test, the interest coverage test, compares the amount of interest proceeds received and, other than in the case of defaulted loans, scheduled to be received on the underlying loans held by each CLO Issuer to the amount of interest due and payable on the CLO Debt of such CLO Issuer and the amount

of fees and expenses senior to the payment of such interest in the priority of distribution of interest proceeds. To satisfy this test interest received on the portfolio loans held by such CLO Issuer must equal at least 120% of the amount equal to the interest payable on the CLO Debt of such CLO Issuer plus the senior fees and expenses.

The second such test, the overcollateralization test, compares the adjusted collateral principal amount of the portfolio of underlying loans of each CLO Issuer to the aggregate outstanding principal amount of the CLO Debt of such CLO Issuer. To satisfy this second test at any time, this adjusted collateral principal amount for CLO I must equal at least 138.46% of the outstanding principal amount of the CLO I Debt, 138.50% for CLO II, 138.46% for CLO III and 163.57% for CLO IV. In this test, certain reductions are applied to the principal balance of underlying loans in connection with certain events, such as defaults or ratings downgrades to "CCC" levels or below with respect to the loans held by each CLO Issuer. These adjustments increase the likelihood that this test is not satisfied.

If either coverage test with respect to a CLO Transaction is not satisfied on any determination date on which such test is applicable, the applicable CLO Issuer must apply available amounts to redeem its CLO Debt in an amount necessary to cause such test to be satisfied. This would reduce or eliminate the amounts otherwise available to make distributions to us as the holder of the CLO Preferred Shares of such CLO Issuer.

### SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some of the statements in the prospectus, the prospectus supplement, any documents we may incorporate by reference herein, and any related free writing prospectus contain forward-looking statements that involve substantial risks and uncertainties. Such statements involve known and unknown risks, uncertainties and other factors and undue reliance should not be placed thereon. These forward-looking statements are not historical facts, but rather are based on current expectations, estimates and projections about Owl Rock Capital Corporation (the “Company,” “we” or “our”), our current and prospective portfolio investments, our industry, our beliefs and opinions, and our assumptions. Words such as “anticipates,” “expects,” “intends,” “plans,” “will,” “may,” “continue,” “believes,” “seeks,” “estimates,” “would,” “could,” “should,” “targets,” “projects,” “outlook,” “potential,” “predicts” and variations of these words and similar expressions are intended to identify forward-looking statements. These statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond our control and difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements, including without limitation:

- an economic downturn could impair our portfolio companies’ ability to continue to operate, which could lead to the loss of some or all of our investments in such portfolio companies;
- an economic downturn could disproportionately impact the companies that we intend to target for investment, potentially causing us to experience a decrease in investment opportunities and diminished demand for capital from these companies;
- an economic downturn could also impact availability and pricing of our financing and our ability to access the debt and equity capital markets;
- a contraction of available credit and/or an inability to access the equity markets could impair our lending and investment activities;
- interest rate volatility, including the decommissioning of LIBOR, could adversely affect our results, particularly if we elect to use leverage as part of our investment strategy;
- currency fluctuations could adversely affect the results of our investments in foreign companies, particularly to the extent that we receive payments denominated in foreign currency rather than U.S. dollars;
- our future operating results;
- our business prospects and the prospects of our portfolio companies;
- our contractual arrangements and relationships with third parties;
- the ability of our portfolio companies to achieve their objectives;
- competition with other entities and our affiliates for investment opportunities;
- the speculative and illiquid nature of our investments;
- the use of borrowed money to finance a portion of our investments as well as any estimates regarding potential use of leverage;
- the adequacy of our financing sources and working capital;
- the loss of key personnel;
- the timing of cash flows, if any, from the operations of our portfolio companies;
- the ability of the Adviser to locate suitable investments for us and to monitor and administer our investments;
- the ability of the Adviser to attract and retain highly talented professionals;
- our ability to maintain our tax treatment as a RIC under the Code, and as a BDC.
- the effect of legal, tax and regulatory changes; and

- other risks, uncertainties and other factors previously identified in the reports and other documents Owl Rock Capital Corporation has filed with the SEC.

Although we believe that the assumptions on which these forward-looking statements are based are reasonable, any of those assumptions could prove to be inaccurate, and as a result, the forward-looking statements based on those assumptions also could be inaccurate. In light of these and other uncertainties, the inclusion of a projection or forward-looking statement in this prospectus, the prospectus supplement, any documents we may incorporate by reference herein, and any related free writing prospectus should not be regarded as a representation by us that our plans and objectives will be achieved. These forward-looking statements apply only as of the dates of this prospectus, the prospectus supplement, any documents we may incorporate by reference herein, and any related free writing prospectus. Moreover, we assume no duty and do not undertake to update the forward-looking statements. Because we are an investment company, the forward-looking statements and projections contained in this prospectus are excluded from the safe harbor protection provided by Section 21E of the 1934 Act.

### USE OF PROCEEDS

Unless otherwise specified in a prospectus supplement, we intend to use the net proceeds from the sale of our securities pursuant to this prospectus for general corporate purposes, which may include, among other things, investing in accordance with our investment objective and strategies described in this prospectus and repaying indebtedness (which will be subject to reborrowing). The supplement to this prospectus relating to an offering will more fully identify the use of the proceeds from such offering.

We estimate that it will take less than three months for us to substantially invest the net proceeds of any offering made pursuant to this prospectus, depending on the availability of attractive opportunities, market conditions and the amount raised.

Proceeds not immediately used for new investments or the temporary repayment of debt will be invested primarily in cash, cash equivalents, U.S. government securities and other high-quality investments that mature in one year or less from the date of investment. These securities may have lower yields than the types of investments we would typically make in accordance with our investment objective and, accordingly, may result in lower dividends, if any, during such period.

### PRICE RANGE OF COMMON STOCK AND DISTRIBUTIONS

Our common stock is traded on the NYSE under the symbol “ORCC.” Our common stock has traded at prices both above and below our net asset value per share. It is not possible to predict whether our common stock will trade at a price per share at, above or below net asset value per share. See “*Risk Factors — Risks Related to Offerings Pursuant to this Prospectus*” in this prospectus and Part I, Item 1A “*RISK FACTORS — Risks Related to an Investment in Our Common Stock*” in our most recent Annual Report on Form 10-K as well as in any subsequent SEC filing for more information.

The following table sets forth the net asset value per share of our common stock, the range of high and low closing sales prices of our common stock reported on the NYSE, the closing sales price as a premium (discount) to net asset value and the dividends declared by us in each fiscal quarter since we began trading on the NYSE. On June 30, 2020, the last reported closing sales price of our common stock on the NYSE was \$12.33 per share, which represented a discount of approximately 12.5% to the net asset value per share reported by us as of March 31, 2020, the last date prior to the date of this prospectus for which we reported net asset value.

On August 2, 2019, the Company issued a total of 1,500,000 shares of its common stock pursuant to the exercise of the underwriters’ over-allotment option.

- \* Net asset value has not yet been calculated for this period.

To maintain our tax treatment as a RIC, we must distribute (or be treated as distributing) in each taxable year dividends of an amount equal to at least 90% of our investment company taxable income (which includes, among other items, dividends, interest, the excess of any net short-term capital gains over net long-term capital losses, as well as other taxable income (excluding any net capital gains) reduced by deductible expenses) and 90% of our net tax-exempt income for that taxable year. As a RIC, we generally will not be subject to corporate-level U.S. federal income tax on our investment company taxable income and net capital gains that we distribute to shareholders. In addition, to avoid the imposition of a nondeductible 4% U.S. federal excise tax, we must distribute (or be treated as distributing) in each calendar year an amount at least equal to the sum of:

- 98% of our net ordinary income, excluding certain ordinary gains and losses, recognized during a calendar year;
- 98.2% of our capital gain net income, adjusted for certain ordinary gains and losses, recognized for the twelve-month period ending on October 31 of such calendar year; and
- 100% of any income or gains recognized, but not distributed, in preceding years on which we paid no corporate level U.S. federal income tax.

We have previously incurred, and can be expected to incur in the future, such excise tax on a portion of our income and gains. While we intend to distribute income and capital gains to minimize exposure to the 4% excise tax, we may not be able to, or may not choose to, distribute amounts sufficient to avoid the imposition of the tax entirely. In that event, we will be liable for the tax only on the amount by which we do not meet the foregoing distribution requirement. See Part I, Item 1A “*RISK FACTORS—Federal Income Tax Risks—We will be subject to corporate-level income tax if we are unable to qualify and maintain our qualification as a RIC under Subchapter M of the Code or if we make investments through taxable subsidiaries*” in our most recent Annual Report on 10-K as well as any subsequent SEC filing.

### PORTFOLIO COMPANIES

The following table sets forth certain information regarding each of the portfolio companies in which we had a debt or equity investment as of March 31, 2020. We offer to make available significant managerial assistance to our portfolio companies. We may receive rights to observe the meetings of our portfolio companies' board of directors. Other than these investments, our only relationships with our portfolio companies are the managerial assistance we may separately provide to our portfolio companies, which services would be ancillary to our investments. As of March 31, 2020, other than Sebago Lake LLC and Wingspire Capital Holdings LLC, we did not "control" and are not an "affiliate" of any of our portfolio companies, each as defined in the 1940 Act. In general, under the 1940 Act, we would "control" a portfolio company if we owned 25.0% or more of its voting securities and would be an "affiliate" of a portfolio company if we owned five percent or more of its voting securities.

(11) As defined in the 1940 Act, the Company is deemed to be both an “Affiliated Person” and has “Control” of this portfolio company as the Company owns more than 25% of the portfolio company’s outstanding voting securities or has the power to exercise control over management or policies of such portfolio company (including through a management agreement). Other than for purposes of the 1940 Act, the Company does not believe that it has control over this portfolio company.

Subsequent to this filing, information about the portfolio companies in which we have debt or equity investments may be located in Part II, Item 7 “*MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Portfolio Companies*” in our most recent Annual Report on Form 10-K, which is incorporated herein by reference. The general terms of our expected debt and equity investments are described in Part I, Item 1 “*BUSINESS — Structure of Investments*” in our most recent Annual Report on Form 10-K. Other than these investments, our only formal relationships with our portfolio companies will be the managerial assistance we may provide upon request and the board observer or participation rights we may receive in connection with our investment.

## **DETERMINATION OF NET ASSET VALUE**

The net asset value per share of our outstanding shares of common stock is determined quarterly by dividing the value of total assets minus liabilities by the total number of shares outstanding. We calculate the value of our investments in accordance with the procedures described in “*MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Critical Accounting Policies — Investments at Fair Value*” in Part II, Item 7 of our most recent Annual Report on Form 10-K and in Part I, Item 2 of our most recent Quarterly Report on Form 10-Q, which are incorporated herein by reference.

### **Determinations in Connection with Offerings**

In connection with certain future offerings of shares of our common stock, our Board or an authorized committee thereof will be required to make the determination that we are not selling shares of our common stock at a price below the then current net asset value of our common stock, exclusive of any distributing commission or discount (which net asset value shall be determined as of a time within 48 hours, excluding Sunday and holidays, next preceding the time of such determination). Our Board or an authorized committee thereof will consider the following factors, among others, in making such a determination:

- the net asset value of our common stock disclosed in the most recent periodic report that we filed with the SEC;

- our management's assessment of whether any material change in the net asset value of our common stock has occurred (including through the realization of gains on the sale of our portfolio securities) during the period beginning on the date of the most recently disclosed net asset value of our common stock and ending as of a time within 48 hours (excluding Sundays and holidays) of the sale of our common stock; and
- the magnitude of the difference between (i) a value that our Board or an authorized committee thereof has determined reflects the current (as of a time within 48 hours, excluding Sundays and holidays) net asset value of our common stock, which is based upon the net asset value of our common stock disclosed in the most recent periodic report that we filed with the SEC, as adjusted to reflect our management's assessment of any material change in the net asset value of our common stock since the date of the most recently disclosed net asset value of our common stock, and (ii) the offering price of the shares of our common stock in the proposed offering.

Moreover, to the extent that there is a possibility that we may (i) issue share of common stock at a price per share below the then current net asset value per share at the time at which the sale is made or (ii) trigger the undertaking (which we provide in certain registration statements we file with the SEC) to suspend the offering of shares of our common stock if the net asset value per share fluctuates by certain amounts in certain circumstances until the prospectus is amended, our Board will elect, in the case of clause (i) above, either to postpone the offering until such time that there is no longer the possibility of the occurrence of such event or to undertake to determine the net asset value per share of common stock within two days prior to any such sale to ensure that such sale will not be below our then current net asset value per share, and, in the case of clause (ii) above, to comply with such undertaking or to undertake to determine the net asset value per share to ensure that such undertaking has not been triggered.

These processes and procedures are part of our compliance policies and procedures. Records will be made contemporaneously with all determinations described in this section and these records will be maintained with other records that we are required to maintain under the 1940 Act.

**DIVIDEND REINVESTMENT PLAN**

Pursuant to the second amended and restated dividend reinvestment plan we will reinvest all cash distributions declared by the Board on behalf of our shareholders who do not elect to receive their distribution in cash as provided below. As a result, if the Board authorizes, and we declare, a cash dividend or other distribution, then our shareholders who have not opted out of our dividend reinvestment plan will have their cash distributions automatically reinvested in additional shares of our common stock as described below, rather than receiving the cash dividend or other distribution.

If newly issued shares are used to implement the dividend reinvestment plan, the number of shares to be issued to a shareholder will be determined by dividing the total dollar amount of the cash dividend or distribution payable to a shareholder by the market price per share of our common stock at the close of regular trading on the New York Stock Exchange on the payment date of a distribution, or if no sale is reported for such day, the average of the reported bid and ask prices. However, if the market price per share on the payment date of a cash dividend or distribution exceeds the most recently computed net asset value per share, we will issue shares at the greater of (i) the most recently computed net asset value per share and (ii) 95% of the current market price per share (or such lesser discount to the current market price per share that still exceeded the most recently computed net asset value per share). For example, if the most recently computed net asset value per share is \$15.00 and the market price on the payment date of a cash dividend is \$14.00 per share, we will issue shares at \$14.00 per share. If the most recently computed net asset value per share is \$15.00 and the market price on the payment date of a cash dividend is \$16.00 per share, we will issue shares at \$15.20 per share (95% of the current market price). If the most recently computed net asset value per share is \$15.00 and the market price on the payment date of a cash dividend is \$15.50 per share, we will issue shares at \$15.00 per share, as net asset value is greater than 95% (\$14.73 per share) of the current market price.

If shares are purchased in the open market to implement the dividend reinvestment plan, the number of shares to be issued to a shareholder shall be determined by dividing the dollar amount of the cash dividend payable to such shareholder by the weighted average price per share for all shares purchased by the plan administrator in the open market in connection with the dividend.

No action is required on the part of a registered shareholder to have his, her or its cash dividend or other distributions reinvested in shares of our common stock. A registered shareholder is able to elect to receive an entire cash dividend or other distribution in cash by notifying the Adviser in writing so that such notice is received by the Adviser no later than ten days prior to the record date for distributions to the shareholders.

There are no brokerage charges or other charges to shareholders who participate in the plan.

The plan is terminable by us upon notice in writing mailed to each shareholder of record at least 30 days prior to any record date for the payment of any distribution by us.

During each quarter, but in no event later than 30 days after the end of each calendar quarter, our transfer agent or another designated agent will mail and/or make electronically available to each participant in the dividend reinvestment plan, a statement of account describing, as to such participant, the distributions received during such quarter, the number of shares of our common stock purchased during such quarter, and the per share purchase price for such shares. Annually, as required by the Code, we (or the applicable withholding agent) will include tax information for income earned on shares under the dividend reinvestment plan on a Form 1099-DIV that is mailed to shareholders subject to IRS tax reporting. We reserve the right to amend, suspend or terminate the dividend reinvestment plan. Any distributions reinvested through the issuance of shares through our dividend reinvestment plan will increase our gross assets on which the base management fee and the incentive fee are determined and paid under the Investment Advisory Agreement. State Street Bank and Trust Company acts as the administrator of the dividend reinvestment plan.

For additional discussion regarding the tax implications of participation in the dividend reinvestment plan, see "*Certain U.S. Federal Income Tax Considerations*". Additional information about the dividend reinvestment plan may be obtained by contacting shareholder services for Owl Rock Capital Corporation at (212) 419-3000.

## CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion is a general summary of certain U.S. federal income tax considerations applicable to us and to an investment in our common stock. This discussion does not purport to be a complete description of the income tax considerations applicable to such an investment. For example, this discussion does not describe tax consequences that we have assumed to be generally known by investors or certain considerations that may be relevant to certain types of holders subject to special treatment under U.S. federal income tax laws, including persons who hold our common stock as part of a straddle or a hedging, integrated or constructive sale transaction, persons subject to the alternative minimum tax, tax-exempt organizations, insurance companies, brokers or dealers in securities, pension plans and trusts, persons whose functional currency is not the U.S. dollar, U.S. expatriates, regulated investment companies, real estate investment trusts, personal holding companies, persons who acquire an interest in the Company in connection with the performance of services, and financial institutions. Such persons should consult with their own tax advisers as to the U.S. federal income tax consequences of an investment in our common stock, which may differ substantially from those described herein. This discussion assumes that shareholders hold our common stock as capital assets (within the meaning of the Code).

The discussion is based upon the Code, Treasury regulations, and administrative and judicial interpretations, each as of the date of this Registration Statement and all of which are subject to change, possibly retroactively, which could affect the continuing validity of this discussion. We have not sought and will not seek any ruling from the Internal Revenue Service (“IRS”) regarding any matter discussed herein. Prospective investors should be aware that, although we intend to adopt positions we believe are in accord with current interpretations of the U.S. federal income tax laws, the IRS may not agree with the tax positions taken by us and that, if challenged by the IRS, our tax positions might not be sustained by the courts. This summary does not discuss any aspects of U.S. estate, alternative minimum, or gift tax or foreign, state or local tax. It also does not discuss the special treatment under U.S. federal income tax laws that could result if we invested in tax-exempt securities or certain other investment assets.

For purposes of this discussion, a “U.S. Shareholder” generally is a beneficial owner of our common stock that is for U.S. federal income tax purposes:

- a citizen or individual resident of the United States;
- a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) organized in or under the laws of the U.S. or of any political subdivision thereof;
- a trust that is subject to the supervision of a court within the U.S. and the control of one or more U.S. persons or that has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person; or
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source.

A “Non-U.S. Shareholder” is a beneficial owner of our common stock that is neither a U.S. Shareholder nor a partnership for U.S. tax purposes.

If a partnership (including an entity treated as a partnership for U.S. federal income tax purposes) holds our common stock, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. Any partner of a partnership holding our common stock should consult its tax advisers with respect to the purchase, ownership and disposition of such shares.

Tax matters are very complicated and the tax consequences to an investor of an investment in our common stock will depend on the facts of his, her or its particular situation.

### ***Taxation as a Regulated Investment Company***

We have elected to be treated, and intend to qualify each year, as a RIC. As a RIC, we generally will not have to pay corporate-level U.S. federal income taxes on any ordinary income or capital gains that we distribute to our shareholders as dividends. To qualify as a RIC, we must, among other things, meet certain source-of-income and asset diversification requirements (as described below). In addition, in order to

obtain RIC tax benefits, we must distribute to our shareholders, for each taxable year, at least 90% of our “investment company taxable income,” which is generally our ordinary income plus the excess of realized net short-term capital gains over realized net long-term capital losses (the “Annual Distribution Requirement”).

If we:

- qualify as a RIC; and
- satisfy the Annual Distribution Requirement,

then we will not be subject to U.S. federal income tax on the portion of our income and capital gains that we timely distribute (or are deemed to distribute) to our shareholders. We will be subject to U.S. federal income tax at the regular corporate rates on any income or capital gains not distributed (or deemed distributed) to our shareholders.

We will be subject to a 4% nondeductible U.S. federal excise tax on certain undistributed income unless we distribute in a timely manner an amount at least equal to the sum of (i) 98% of our net ordinary income for each calendar year, (ii) 98.2% of the amount by which our capital gains exceed our capital losses (adjusted for certain ordinary losses) for the one-year period ending October 31 in that calendar year and (iii) certain undistributed amounts from previous years on which we paid no corporate level U.S. federal income tax (the “Excise Tax Avoidance Requirement”). While we intend to distribute any income and capital gains in order to avoid imposition of this 4% U.S. federal excise tax, we may not be successful in avoiding entirely the imposition of this tax. In that case, we will be liable for the tax only on the amount by which we do not meet the foregoing distribution requirement.

In order to qualify as a RIC for U.S. federal income tax purposes, we must, among other things:

- continue to qualify as a BDC under the 1940 Act at all times during each taxable year;
- derive in each taxable year at least 90% of our gross income from dividends, interest, payments with respect to loans of certain securities, gains from the sale of stock or other securities or foreign currencies, net income from certain “qualified publicly traded partnerships,” or other income derived with respect to our business of investing in such stock or securities (the “90% Income Test”); and
- diversify our holdings so that at the end of each quarter of the taxable year:
  - at least 50% of the value of our assets consists of cash, cash equivalents, U.S. Government securities, securities of other RICs, and other securities if such other securities of any one issuer do not represent more than 5% of the value of our assets or more than 10% of the outstanding voting securities of the issuer; and
  - no more than 25% of the value of our assets is invested in the (i) securities, other than U.S. government securities or securities of other RICs, of one issuer, (ii) securities of two or more issuers that are controlled, as determined under applicable Code rules, by us and that are engaged in the same or similar or related trades or businesses or (iii) securities of one or more “qualified publicly traded partnerships” (the “Diversification Tests”).

We may be required to recognize taxable income in circumstances in which we do not receive cash. For example, if we hold debt obligations that are treated under applicable tax rules as having original issue discount (such as debt instruments with PIK interest or, in certain cases, increasing interest rates or issued with warrants), we must include in income each year a portion of the original issue discount that accrues over the life of the obligation, regardless of whether cash representing such income is received by us in the same taxable year. We may also have to include in income other amounts that we have not yet received in cash, such as PIK interest and deferred loan origination fees that are paid after origination of the loan. Because any original issue discount or other amounts accrued will be included in our investment company taxable income for the year of accrual, we may be required to make a distribution to our shareholders in order to satisfy the Annual Distribution Requirement, even though we will not have received the corresponding cash amount.

Although we do not presently expect to do so, we are authorized to borrow funds, to sell assets and to make taxable distributions of our stock and debt securities in order to satisfy distribution requirements. Our ability to dispose of assets to meet our distribution requirements may be limited by (i) the illiquid nature

of our portfolio and/or (ii) other requirements relating to our status as a RIC, including the Diversification Tests. If we dispose of assets in order to meet the Annual Distribution Requirement or the Excise Tax Avoidance Requirement, we may make such dispositions at times that, from an investment standpoint, are not advantageous. If we are unable to obtain cash from other sources to satisfy the Annual Distribution Requirement, we may fail to qualify for tax treatment as a RIC and become subject to tax as an ordinary corporation.

Under the 1940 Act, we are not permitted to make distributions to our shareholders while our debt obligations and other senior securities are outstanding unless certain “asset coverage” tests are met. If we are prohibited from making distributions, we may fail to qualify for tax treatment as a RIC and become subject to tax as an ordinary corporation.

Certain of our investment practices may be subject to special and complex U.S. federal income tax provisions that may, among other things: (i) disallow, suspend or otherwise limit the allowance of certain losses or deductions; (ii) convert lower taxed long-term capital gain into higher taxed short-term capital gain or ordinary income; (iii) convert an ordinary loss or a deduction into a capital loss (the deductibility of which is more limited); (iv) cause us to recognize income or gain without a corresponding receipt of cash; (v) adversely affect the time as to when a purchase or sale of securities is deemed to occur; (vi) adversely alter the characterization of certain complex financial transactions; and (vii) produce income that will not be qualifying income for purposes of the 90% Income Test described above. We will monitor our transactions and may make certain tax decisions in order to mitigate the potential adverse effect of these provisions.

A RIC is limited in its ability to deduct expenses in excess of its “investment company taxable income” (which is, generally, ordinary income plus the excess of net short-term capital gains over net long-term capital losses). If our expenses in a given year exceed investment company taxable income, we would experience a net operating loss for that year. However, a RIC is not permitted to carry forward net operating losses to subsequent years. In addition, expenses can be used only to offset investment company taxable income, not net capital gain. Due to these limits on the deductibility of expenses, we may, for tax purposes, have aggregate taxable income for several years that we are required to distribute and that is taxable to our shareholders even if such income is greater than the aggregate net income we actually earned during those years. Such required distributions may be made from our cash assets or by liquidation of investments, if necessary. We may realize gains or losses from such liquidations. In the event we realize net capital gains from such transactions, a shareholder may receive a larger capital gain distribution than it would have received in the absence of such transactions.

Investment income received from sources within foreign countries, or capital gains earned by investing in securities of foreign issuers, may be subject to foreign income taxes withheld at the source. In this regard, withholding tax rates in countries with which the United States does not have a tax treaty can be as high as 35% or more. The United States has entered into tax treaties with many foreign countries that may entitle us to a reduced rate of tax or exemption from tax on this related income and gains. The effective rate of foreign tax cannot be determined at this time since the amount of our assets to be invested within various countries is not now known. We do not anticipate being eligible for the special election that allows a RIC to treat foreign income taxes paid by such RIC as paid by its shareholders.

If we purchase shares in a “passive foreign investment company,” or PFIC, we may be subject to U.S. federal income tax on a portion of any “excess distribution” or gain from the disposition of such shares even if such income is distributed as a taxable dividend by us to our shareholders. Additional charges in the nature of interest may be imposed on us in respect of deferred taxes arising from such distributions or gains. If we invest in a PFIC and elect to treat the PFIC as a “qualified electing fund” under the Code, or QEF, in lieu of the foregoing requirements, we will be required to include in income each year a portion of the ordinary earnings and net capital gain of the QEF, even if such income is not distributed to us. Alternatively, we can elect to mark-to-market at the end of each taxable year our shares in a PFIC; in this case, we will recognize as ordinary income any increase in the value of such shares and as ordinary loss any decrease in such value to the extent it does not exceed prior increases included in income. Under either election, we may be required to recognize in a year income in excess of our distributions from PFICs and our proceeds from dispositions of PFIC stock during that year, and such income will nevertheless be subject to

the Annual Distribution Requirement and will be taken into account for purposes of the 4% U.S. federal excise tax. We intend to limit and/or manage our holdings in PFICs to minimize our liability for any taxes and related interest charges.

Foreign exchange gains and losses realized by us in connection with certain transactions involving non-dollar debt securities, certain foreign currency futures contracts, foreign currency option contracts, foreign currency forward contracts, foreign currencies, or payables or receivables denominated in a foreign currency are subject to Code provisions that generally treat such gains and losses as ordinary income and losses and may affect the amount, timing and character of distributions to our shareholders. Any such transactions that are not directly related to our investment in securities (possibly including speculative currency positions or currency derivatives not used for hedging purposes) could, under future Treasury regulations, produce income not among the types of “qualifying income” from which a RIC must derive at least 90% of its annual gross income.

In accordance with certain applicable Treasury regulations and guidance published by the IRS, a RIC may treat a distribution of its own stock as fulfilling its RIC distribution requirements if each shareholder may elect to receive his or her entire distribution in either cash or stock of the RIC, subject to a limitation that the aggregate amount of cash to be distributed to all shareholders must be at least 20% of the aggregate declared distribution. If too many shareholders elect to receive cash, the cash available for distribution must be allocated among shareholders electing to receive cash (with the balance of the distribution paid in stock). In no event will any shareholder, electing to receive cash, receive less than the lesser of (a) the portion of the distribution such shareholder elected to receive in cash, or (b) an amount equal to his or her entire distribution times the percentage limitation on cash available for distribution. If these and certain other requirements are met, for U.S. federal income tax purposes, the amount of the dividend paid in stock will be equal to the amount of cash that could have been received instead of stock. We have no current intention of paying dividends in shares of our stock in accordance with these Treasury regulations or published guidance.

#### ***Failure to Qualify as a RIC***

If we fail to qualify for treatment as a RIC, and certain amelioration provisions are not applicable, we would be subject to tax on all of our taxable income (including our net capital gains) at regular corporate rates. We would not be able to deduct distributions to our shareholders, nor would they be required to be made. Distributions, including distributions of net long-term capital gain, would generally be taxable to our shareholders as ordinary dividend income to the extent of our current and accumulated earnings and profits. Subject to certain limitations under the Code, our corporate shareholders would be eligible to claim a dividend received deduction with respect to such dividend; our non-corporate shareholders would generally be able to treat such dividends as “qualified dividend income,” which is subject to reduced rates of U.S. federal income tax. Distributions in excess of our current and accumulated earnings and profits would be treated first as a return of capital to the extent of the shareholder’s tax basis, and any remaining distributions would be treated as a capital gain. In order to requalify as a RIC, in addition to the other requirements discussed above, we would be required to distribute all of our previously undistributed earnings attributable to the period we failed to qualify as a RIC by the end of the first year that we intend to requalify as a RIC. If we fail to requalify as a RIC for a period greater than two taxable years, we may be subject to regular corporate tax on any net built-in gains with respect to certain of our assets (*i.e.*, the excess of the aggregate gains, including items of income, over aggregate losses that would have been realized with respect to such assets if we had been liquidated) that we elect to recognize on requalification or when recognized over the next five years.

The remainder of this discussion assumes that we qualify for RIC tax treatment for each taxable year.

#### ***Taxation of U.S. Shareholders***

Distributions by us generally are taxable to U.S. Shareholders as ordinary income or capital gains. Distributions of our “investment company taxable income” (which is, generally, our net ordinary income plus realized net short-term capital gains in excess of realized net long-term capital losses) will be taxable as ordinary income to U.S. Shareholders to the extent of our current or accumulated earnings and profits, whether paid in cash or reinvested in additional shares of our common stock. To the extent such distributions

paid by us to our shareholders taxed at individual rates are attributable to dividends from U.S. corporations and certain qualified foreign corporations, such distributions (“Qualifying Dividends”) may be eligible for a current maximum tax rate of 20%. In this regard, it is anticipated that distributions paid by us will generally not be attributable to dividends and, therefore, generally will not qualify for the 20% maximum rate applicable to Qualifying Dividends. Distributions of our net capital gains (which are generally our realized net long-term capital gains in excess of realized net short-term capital losses) properly reported by us as “capital gain dividends” will be taxable to a U.S. Shareholder as long-term capital gains that are currently taxable at a maximum rate of 20% in the case of our shareholders taxed at individual rates, regardless of the U.S. Shareholder’s holding period for his, her or its shares of our common stock and regardless of whether paid in cash or reinvested in additional common stock. Distributions in excess of our earnings and profits first will reduce a U.S. Shareholder’s adjusted tax basis in such shareholder’s shares of our common stock and, after the adjusted basis is reduced to zero, will constitute capital gains to such U.S. Shareholder.

We may retain some or all of our realized net long-term capital gains in excess of realized net short-term capital losses, but designate the retained net capital gain as a “deemed distribution.” In that case, among other consequences, we will pay tax on the retained amount, each U.S. Shareholder will be required to include his, her or its share of the deemed distribution in income as if it had been actually distributed to the U.S. Shareholder, and the U.S. Shareholder will be entitled to claim a credit equal to his, her or its allocable share of the tax paid thereon by us. If the amount of tax that a U.S. Shareholder is treated as having paid exceeds the tax such shareholder owes on the capital gain distribution, such excess generally may be refunded or claimed as a credit against the U.S. Shareholder’s other U.S. federal income tax obligations. The amount of the deemed distribution net of such tax will be added to the U.S. Shareholder’s cost basis for his, her or its shares of our common stock. In order to utilize the deemed distribution approach, we must provide written notice to our shareholders prior to the expiration of 60 days after the close of the relevant taxable year. We cannot treat any of our investment company taxable income as a deemed distribution.

For purposes of determining (i) whether the Annual Distribution Requirement is satisfied for any year and (ii) the amount of capital gain dividends paid for that year, we may, under certain circumstances, elect to treat a dividend that is paid during the following taxable year as if it had been paid during the taxable year in question. If we make such an election, the U.S. Shareholder will still be treated as receiving the dividend in the taxable year in which the distribution is made. However, any dividend declared by us in October, November or December of any calendar year, payable to our shareholders of record on a specified date in such a month and actually paid during January of the following year, will be treated as if it had been received by our U.S. Shareholders on December 31 of the year in which the dividend was declared.

With respect to the reinvestment of dividends, if a U.S. Shareholder owns shares of our common stock registered in its own name, the U.S. Shareholder will have all cash distributions automatically reinvested in additional shares of our common stock unless the U.S. Shareholder opts out of the reinvestment of dividends by delivering a written notice to our dividend paying agent prior to the record date of the next dividend or distribution. Any distributions reinvested will nevertheless remain taxable to the U.S. Shareholder. The U.S. Shareholder will have an adjusted basis in the additional shares of our common stock purchased through the reinvestment equal to the amount of the reinvested distribution. The additional shares will have a new holding period commencing on the day following the day on which the shares are credited to the U.S. Shareholder’s account.

If an investor purchases shares of our common stock shortly before the record date of a distribution, the price of the shares will include the value of the distribution. However, the shareholder will be taxed on the distribution as described above, despite the fact that, economically, it may represent a return of his, her or its investment.

A U.S. Shareholder generally will recognize taxable gain or loss if the U.S. Shareholder sells or otherwise disposes of his, her or its shares of our common stock. The amount of gain or loss will be measured by the difference between such U.S. Shareholder’s adjusted tax basis in our common stock sold and the amount of the proceeds received in exchange. Any gain arising from such sale or disposition generally will be treated as long-term capital gain or loss if the U.S. Shareholder has held his, her or its shares for more than one year. Otherwise, it will be classified as short-term capital gain or loss. However, any capital loss arising from the sale or disposition of shares of our common stock held for six months or less will be treated as long-term capital loss to the extent of the amount of capital gain dividends received, or undistributed

capital gain deemed received, with respect to such shares. In addition, all or a portion of any loss recognized upon a disposition of shares of our common stock may be disallowed if other shares of our common stock are purchased (whether through reinvestment of distributions or otherwise) within 30 days before or after the disposition.

In general, U.S. Shareholders taxed at individual rates currently are subject to a maximum U.S. federal income tax rate of 20% on their recognized net capital gain (i.e., the excess of recognized net long-term capital gains over recognized net short-term capital losses, subject to certain adjustments), including any long-term capital gain derived from an investment in our shares. Such rate is lower than the maximum rate on ordinary income currently payable by such U.S. Shareholders. In addition, individuals with modified adjusted gross incomes in excess of \$200,000 (\$250,000 in the case of married individuals filing jointly and \$125,000 in the case of married individuals filing separately) and certain estates and trusts are subject to an additional 3.8% tax on their “net investment income,” which generally includes gross income from interest, dividends, annuities, royalties, and rents, and net capital gains (other than certain amounts earned from trades or businesses), reduced by certain deductions allocable to such income. Corporate U.S. Shareholders currently are subject to U.S. federal income tax on net capital gain at the maximum 21% rate also applied to ordinary income. Non-corporate U.S. Shareholders with net capital losses for a year (i.e., capital losses in excess of capital gains) generally may deduct up to \$3,000 of such losses against their ordinary income each year. Any net capital losses of a non-corporate U.S. Shareholder in excess of \$3,000 generally may be carried forward and used in subsequent years as provided in the Code. Corporate U.S. Shareholders generally may not deduct any net capital losses for a year, but may carry back such losses for three years or carry forward such losses for five years.

Under applicable Treasury regulations, if a U.S. Shareholder recognizes a loss with respect to shares of \$2 million or more for a non-corporate U.S. Shareholder or \$10 million or more for a corporate U.S. Shareholder in any single taxable year (or a greater loss over a combination of years), the U.S. Shareholder must file with the IRS a disclosure statement on Form 8886. Direct U.S. Shareholders of portfolio securities are in many cases excepted from this reporting requirement, but under current guidance, U.S. Shareholders of a RIC are not excepted. Future guidance may extend the current exception from this reporting requirement to U.S. Shareholders of most or all RICs. The fact that a loss is reportable under these regulations does not affect the legal determination of whether the taxpayer’s treatment of the loss is proper. U.S. Shareholders should consult their own tax advisers to determine the applicability of these regulations in light of their individual circumstances.

We (or the applicable withholding agent) will send to each of our U.S. Shareholders, as promptly as possible after the end of each calendar year, a notice reporting the amounts includible in such U.S. Shareholder’s taxable income for such year as ordinary income and as long-term capital gain. In addition, the federal tax status of each year’s distributions generally will be reported to the IRS (including the amount of dividends, if any, eligible for the 20% maximum rate). Dividends paid by us generally will not be eligible for the dividends-received deduction or the preferential tax rate applicable to Qualifying Dividends because our income generally will not consist of dividends. Distributions may also be subject to additional state, local and foreign taxes depending on a U.S. Shareholder’s particular situation.

We may be required to withhold U.S. federal income tax (“backup withholding”) from all distributions to certain U.S. Shareholders (i) who fail to furnish us with a correct taxpayer identification number or a certificate that such shareholder is exempt from backup withholding or (ii) with respect to whom the IRS notifies us that such shareholder furnished an incorrect taxpayer identification number or failed to properly report certain interest and dividend income to the IRS and to respond to notices to that effect. An individual’s taxpayer identification number is his or her social security number. Any amount withheld under backup withholding is allowed as a credit against the U.S. Shareholder’s federal income tax liability, provided that proper information is provided to the IRS.

U.S. shareholders that hold their common stock through foreign accounts or intermediaries will be subject to U.S. withholding tax at a rate of 30% on dividends if certain disclosure requirements related to U.S. accounts are not satisfied.

#### ***Taxation of Tax-Exempt Shareholders***

A U.S. Shareholder that is a tax-exempt organization for U.S. federal income tax purposes and therefore generally exempt from U.S. federal income taxation may nevertheless be subject to taxation to the

extent that it is considered to derive unrelated business taxable income (“UBTI”). The direct conduct by a tax-exempt U.S. Shareholder of the activities we propose to conduct could give rise to UBTI. However, a BDC is a corporation for U.S. federal income tax purposes and its business activities generally will not be attributed to its shareholders for purposes of determining their treatment under current law. Therefore, a tax-exempt U.S. Shareholder generally should not be subject to U.S. taxation solely as a result of the shareholder’s ownership of our common stock and receipt of dividends with respect to such common stock. Moreover, under current law, if we incur indebtedness, such indebtedness will not be attributed to a tax-exempt U.S. Shareholder. Therefore, a tax-exempt U.S. Shareholder should not be treated as earning income from “debt-financed property” and dividends we pay should not be treated as “unrelated debt-financed income” solely as a result of indebtedness that we incur. Legislation has been introduced in Congress in the past, and may be introduced again in the future, which would change the treatment of “blocker” investment vehicles interposed between tax-exempt investors and non-qualifying investments if enacted. In the event that any such proposals were to be adopted and applied to BDCs, the treatment of dividends payable to tax-exempt investors could be adversely affected. In addition, special rules would apply if we were to invest in certain real estate mortgage investment conduits or taxable mortgage pools, which we do not currently plan to do, that could result in a tax-exempt U.S. Shareholder recognizing income that would be treated as UBTI.

#### ***Taxation of Non-U.S. Shareholders***

The following discussion only applies to certain Non-U.S. Shareholders. Whether an investment in the shares is appropriate for a Non-U.S. Shareholder will depend upon that person’s particular circumstances. An investment in the shares by a Non-U.S. Shareholder may have adverse tax consequences. Non-U.S. Shareholders should consult their tax advisers before investing in our common stock.

Distributions of our “investment company taxable income” to Non-U.S. Shareholders (including interest income and realized net short-term capital gains in excess of realized long-term capital losses, which generally would be free of withholding if paid to Non-U.S. Shareholders directly) will be subject to withholding of federal tax at a 30% rate (or lower rate provided by an applicable treaty) to the extent of our current and accumulated earnings and profits unless an applicable exception applies. No withholding is required with respect to certain distributions if (i) the distributions are properly reported as “interest-related dividends” or “short-term capital gain dividends,” (ii) the distributions are derived from sources specified in the Code for such dividends and (iii) certain other requirements are satisfied. No assurance can be provided as to whether any of our distributions will be reported as eligible for this exemption. If the distributions are effectively connected with a U.S. trade or business of the Non-U.S. Shareholder, we will not be required to withhold federal tax if the Non-U.S. Shareholder complies with applicable certification and disclosure requirements, although the distributions will be subject to U.S. federal income tax at the rates applicable to U.S. persons. (Special certification requirements apply to a Non-U.S. Shareholder that is a foreign trust, and to a foreign partnership and such entities are urged to consult their own tax advisers.)

Actual or deemed distributions of our net capital gains to a Non-U.S. Shareholder, and gains realized by a Non-U.S. Shareholder upon the sale of our common stock, will generally not be subject to federal withholding tax and generally will not be subject to U.S. federal income tax unless the distributions or gains, as the case may be, are effectively connected with a U.S. trade or business of the Non-U.S. Shareholder.

Under our reinvestment of dividends policy, if a Non-U.S. Shareholder owns shares of our common stock registered in its own name, the Non-U.S. Shareholder will have all cash distributions automatically reinvested in additional shares of our common stock unless the Non-U.S. Shareholder opts out of the reinvestment of dividends by delivering a written notice to our dividend paying agent prior to the record date of the next dividend or distribution. See “*Item 1(c). Description of Business — Dividend Reinvestment Plan.*” If the distribution is a distribution of our investment company taxable income, is not reported by us as a short-term capital gains dividend or interest-related dividend and it is not effectively connected with a U.S. trade or business of the Non-U.S. Shareholder (or, if required by an applicable income tax treaty, is not attributable to a U.S. permanent establishment of the Non-U.S. Shareholder), the amount distributed (to the extent of our current or accumulated earnings and profits) will be subject to withholding of U.S. federal income tax at a 30% rate (or lower rate provided by an applicable treaty) and only the net after-tax amount will be reinvested in our common stock. The Non-U.S. Shareholder will have an adjusted basis in

the additional common shares purchased through the reinvestment equal to the amount reinvested. The additional shares will have a new holding period commencing on the day following the day on which the shares are credited to the Non-U.S. Shareholder's account.

The tax consequences to Non-U.S. Shareholders entitled to claim the benefits of an applicable tax treaty or that are individuals that are present in the U.S. for 183 days or more during a taxable year may be different from those described herein. Non-U.S. Shareholders are urged to consult their tax advisers with respect to the procedure for claiming the benefit of a lower treaty rate and the applicability of foreign taxes.

If we distribute our net capital gains in the form of deemed rather than actual distributions, a Non-U.S. Shareholder will be entitled to a U.S. federal income tax credit or tax refund equal to the shareholder's allocable share of the tax we pay on the capital gains deemed to have been distributed. In order to obtain the refund, the Non-U.S. Shareholder must obtain a U.S. taxpayer identification number and file a refund claim even if the Non-U.S. Shareholder would not otherwise be required to obtain a U.S. taxpayer identification number or file a U.S. federal income tax return. For a corporate Non-U.S. Shareholder, distributions (both actual and deemed), and gains realized upon the sale of our common stock that are effectively connected to a U.S. trade or business may, under certain circumstances, be subject to an additional "branch profits tax" at a 30% rate (or at a lower rate if provided for by an applicable treaty). Accordingly, investment in the shares may not be advisable for a Non-U.S. Shareholder.

We must generally report to our Non-U.S. Shareholders and the IRS the amount of dividends paid during each calendar year and the amount of any tax withheld. Information reporting requirements may apply even if no withholding was required because the distributions were effectively connected with the Non-U.S. Shareholder's conduct of a United States trade or business or withholding was reduced or eliminated by an applicable income tax treaty. This information also may be made available under a specific treaty or agreement with the tax authorities in the country in which the Non-U.S. Shareholder resides or is established. Under U.S. federal income tax law, interest, dividends and other reportable payments may, under certain circumstances, be subject to "backup withholding" at the then applicable rate (currently 24%). Backup withholding, however, generally will not apply to distributions to a Non-U.S. Shareholder of our common stock, provided the Non-U.S. Shareholder furnishes to us the required certification as to its non-U.S. status, such as by providing a valid IRS Form W-8BEN, IRS Form W-8BEN-E, or IRS Form W-8ECI, or certain other requirements are met. Backup withholding is not an additional tax but can be credited against a Non-U.S. Shareholder's federal income tax, and may be refunded to the extent it results in an overpayment of tax and the appropriate information is timely supplied to the IRS.

Legislation commonly referred to as the "Foreign Account Tax Compliance Act," or "FATCA," generally imposes a 30% withholding tax on payments of certain types of income to foreign financial institutions ("FFIs") unless such FFIs either (i) enter into an agreement with the U.S. Treasury to report certain required information with respect to accounts held by U.S. persons (or held by foreign entities that have U.S. persons as substantial owners) or (ii) reside in a jurisdiction that has entered into an intergovernmental agreement ("IGA") with the United States to collect and share such information and are in compliance with the terms of such IGA and any related laws or regulations implementing such IGA. The types of income subject to the tax include U.S. source interest and dividends. The information required to be reported includes the identity and taxpayer identification number of each account holder that is a U.S. person and certain transaction activity within the holder's account. In addition, subject to certain exceptions, this legislation also imposes a 30% withholding on payments to a foreign entity that is not a financial institution unless the foreign entity certifies that it does not have a greater than 10% U.S. owner or provides the withholding agent with identifying information on each greater than 10% U.S. owner. Depending on the status of a Non-U.S. Shareholder and the status of the intermediaries through which they hold their shares, Non-U.S. Shareholders could be subject to this 30% withholding tax with respect to distributions on their shares. Under certain circumstances, a Non-U.S. Shareholder might be eligible for refunds or credits of such taxes.

Non-U.S. Shareholders should consult their own tax advisers with respect to the U.S. federal income tax and withholding tax, and state, local and foreign tax consequences of an investment in the shares.

## DESCRIPTION OF OUR SECURITIES

This prospectus contains a summary of our common stock, preferred stock, subscription rights, debt securities and warrants. These summaries are not meant to be a complete description of each security. However, this prospectus and the accompanying prospectus supplement will describe the material terms and conditions for each security.

## DESCRIPTION OF OUR CAPITAL STOCK

The following description is based on relevant portions of the Maryland General Corporation Law (the “MGCL”) and on our certificate of incorporation and bylaws. This summary is not necessarily complete, and we refer you to the MGCL and our charter and bylaws for a more detailed description of the provisions summarized below.

### Capital Stock

Under the terms of our charter, our authorized stock consists solely of 500 million shares of common stock, par value \$0.01 per share, and no shares of preferred stock, par value \$0.01 per share. As permitted by the MGCL, our charter provides that a majority of the entire Board, without any action by our shareholders, may amend the charter from time to time to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that we have authority to issue. Our charter also provides that the Board may classify or reclassify any unissued shares of our common stock into one or more classes or series of common stock or preferred stock by setting or changing the preferences, conversion or other rights, voting powers, restrictions, or limitations as to dividends, qualifications, or terms or conditions of redemption of the shares. There is currently no market for our stock, and we can offer no assurances that a market for our stock will develop in the future. Unless the Board determines otherwise, we will issue all shares of our stock in uncertificated form.

None of our shares of common stock are subject to further calls or to assessments, sinking fund provisions, obligations or potential liabilities associated with ownership of the security (not including investment risks).

The following presents our outstanding classes of securities as of June 30, 2020:

Title of Class	Amount Authorized	Amount Held by Us or for Our Account	Amount Outstanding Exclusive of Amount Held by Us or for Our Account
Common Stock	500,000,000	—	384,686,586

### Common Stock

Under the terms of the charter, all shares of our common stock have equal rights as to dividends, distributions and voting and, when they are issued, will be duly authorized, validly issued, fully paid and nonassessable. Dividends and distributions may be paid to our shareholders if, as and when authorized by the Board and declared out of funds legally available therefor. Shares of our common stock have no preemptive, exchange, conversion or redemption rights and shareholders generally have no appraisal rights. Other than as described below, shares of our common stock are freely transferable, except where their transfer is restricted by federal and state securities laws or by contract and except that, in order to avoid the possibility that our assets could be treated as “plan assets,” we may require any person proposing to acquire shares of our common stock to furnish such information as may be necessary to determine whether such person is a Benefit Plan Investor or a controlling person, restrict or prohibit transfers of shares of such stock or redeem any outstanding shares of stock for such price and on such other terms and conditions as may be determined by or at the direction of the Board. Following the Listing Date, without the prior written consent of the Board:

- for 180 days following the Listing Date, a shareholder is not permitted to transfer (whether by sale, gift, merger, by operation of law or otherwise), exchange, assign, pledge, hypothecate or otherwise dispose of or encumber any shares of common stock held by such shareholder prior to the Listing Date;

- for 270 days following the Listing Date, a shareholder is not permitted to transfer (whether by sale, gift, merger, by operation of law or otherwise), exchange, assign, pledge, hypothecate or otherwise dispose of or encumber two-thirds of the shares of common stock held by such shareholder prior to the Listing Date; and
- for 365 days following the Listing Date, a shareholder is not permitted to transfer (whether by sale, gift, merger, by operation of law or otherwise), exchange, assign, pledge, hypothecate or otherwise dispose of or encumber one-third of the shares of common stock held by such shareholder prior to the Listing Date.

This means that, as a result of these transfer restrictions, without the consent of the Board, a shareholder who owned 99 shares of common stock on the Listing Date could not sell any of such shares for 180 days following the Listing Date; 181 days following the Listing Date, such shareholder could only sell up to 33 of such shares; 271 days following the Listing Date, such shareholder could only sell up to 66 of such shares and 366 days following the Listing Date, such shareholder could sell all of such shares.

In the event of a liquidation, dissolution or winding up, each share of our common stock would be entitled to share ratably in all of our assets that are legally available for distribution after we pay or otherwise provide for all debts and other liabilities and subject to any preferential rights of holders of our preferred stock, if any preferred stock is outstanding at such time. Subject to the rights of holders of any other class or series of stock, each share of our common stock is entitled to one vote on all matters submitted to a vote of our shareholders, including the election of directors, and the shareholders will possess the exclusive voting power. There will be no cumulative voting in the election of directors. Cumulative voting entitles a shareholder to as many votes as equals the number of votes which such holder would be entitled to cast for the election of directors multiplied by the number of directors to be elected and allows a shareholder to cast a portion or all of the shareholder's votes for one or more candidates for seats on the Board. Without cumulative voting, a minority shareholder may not be able to elect as many directors as the shareholder would be able to elect if cumulative voting were permitted. Subject to the special rights of the holders of any class or series of preferred stock to elect directors, each director will be elected by a majority of the votes cast with respect to such director's election, except in the case of a "contested election" (as defined in our bylaws), in which directors will be elected by a plurality of the votes cast in the contested election of directors.

#### ***Preferred Stock***

Under the terms of our charter, the Board may authorize us to issue shares of preferred stock in one or more classes or series, without shareholder approval, to the extent permitted by the 1940 Act. The Board has the power to fix the preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends and other distributions, qualifications and terms and conditions of redemption of each class or series of preferred stock. We do not currently anticipate issuing preferred stock in the near future. In the event we issue preferred stock, we will make any required disclosure to shareholders. We will not offer preferred stock to the Adviser or our affiliates except on the same terms as offered to all other shareholders.

Preferred stock could be issued with terms that would adversely affect our shareholders. Preferred stock could also be used as an anti-takeover device through the issuance of shares of a class or series of preferred stock with terms and conditions which could have the effect of delaying, deferring or preventing a transaction or a change in control. Every issuance of preferred stock will be required to comply with the requirements of the 1940 Act. The 1940 Act requires, among other things, that: (1) immediately after issuance and before any dividend or other distribution is made with respect to common stock and before any purchase of common stock is made, such preferred stock together with all other senior securities must not exceed an amount equal to 50% of our total assets after deducting the amount of such dividend, distribution or purchase price, as the case may be, and (2) the holders of shares of preferred stock, if any are issued, must be entitled as a class voting separately to elect two directors at all times and to elect a majority of the directors if distributions on such preferred stock are in arrears by two full years or more. Certain matters under the 1940 Act require the affirmative vote of the holders of at least a majority of the outstanding shares of preferred stock (as determined in accordance with the 1940 Act) voting together as a separate class. For example, the vote of such holders of preferred stock would be required to approve a proposal involving a plan of reorganization adversely affecting such securities.

The issuance of any preferred stock must be approved by a majority of the independent directors not otherwise interested in the transaction, who will have access, at our expense, to our legal counsel or to independent legal counsel.

#### **Limitation on Liability of Directors and Officers; Indemnification and Advance of Expenses**

Maryland law permits a Maryland corporation to include in its charter a provision eliminating the liability of its directors and officers to the corporation and its shareholders for money damages except for liability resulting from (a) actual receipt of an improper benefit or profit in money, property or services or (b) active and deliberate dishonesty that is established by a final judgment and is material to the cause of action. Our charter contains a provision that eliminates directors' and officers' liability, subject to the limitations of Maryland law and the requirements of the 1940 Act.

Maryland law requires a corporation (unless its charter provides otherwise, which our charter does not) to indemnify a director or officer who has been successful in the defense of any proceeding to which he or she is made or threatened to be made a party by reason of his or her service in that capacity against reasonable expenses actually incurred in the proceeding in which the director or officer was successful. Maryland law permits a corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made or threatened to be made a party by reason of their service in those or other capacities unless it is established that (1) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (a) was committed in bad faith or (b) was the result of active and deliberate dishonesty; (2) the director or officer actually received an improper personal benefit in money, property or services; or (3) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. Under Maryland law, a Maryland corporation also may not indemnify for an adverse judgment in a suit by or on behalf of the corporation or for a judgment of liability on the basis that a personal benefit was improperly received, unless in either case a court orders indemnification, and then only for expenses. In addition, Maryland law permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of (a) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation and (b) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the standard of conduct was not met.

Our charter obligates us, subject to the limitations of Maryland law and the requirements of the 1940 Act, to indemnify (1) any present or former director or officer; (2) any individual who, while a director or officer and at the Company's request, serves or has served another corporation, real estate investment trust, partnership, limited liability company, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner, member, manager or trustee; or (3) the Adviser or any of its affiliates acting as an agent for the Company, from and against any claim or liability to which the person or entity may become subject or may incur by reason of such person's service in that capacity, and to pay or reimburse such person's reasonable expenses as incurred in advance of final disposition of a proceeding. These indemnification rights vest immediately upon an individual's election as a director or officer. In accordance with the 1940 Act, the Company will not indemnify any person for any liability to the extent that such person would be subject by reason of such person's willful misconduct, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his, her or its office.

Notwithstanding the foregoing, and in accordance with the NASAA Omnibus Guidelines, at anytime following a continuous public offering through the independent broker-dealer network (a "Non-Listed Offering"), our charter prohibits us from holding harmless a director, the Adviser or any affiliate of the Adviser for any loss or liability suffered by the Company, or indemnifying such persons for any loss or liability by him, her or it, unless each of the following conditions are met: (1) the party seeking indemnification has determined, in good faith, that the course of conduct that caused the loss or liability was in the Company's best interest; (2) the party seeking indemnification was acting or performing services on the Company's behalf; (3) such liability or loss was not the result of (a) negligence or misconduct, in the case that the party seeking indemnification is the Adviser or any of its affiliates or an officer of the Company, or (b) gross negligence or willful misconduct, in the case that the party seeking indemnification is an independent director

(and not also an officer of us, the Adviser or any of its affiliates); and (4) such indemnification or agreement to hold harmless is recoverable only out of our net assets and not from shareholders. Our charter provides that this provision does not apply to any dealer manager.

Our charter further provides that, following a Non-Listed Offering, we may not provide indemnification to a director, the Adviser or any affiliate of the Adviser for any loss, liability or expense arising from or out of an alleged violation of federal or state securities laws by such party unless one or more of the following conditions are met: (1) there has been a successful adjudication on the merits of each count involving alleged material securities law violations as to the party seeking indemnification; (2) such claims have been dismissed with prejudice on the merits by a court of competent jurisdiction as to such party; or (3) a court of competent jurisdiction approves a settlement of the claims against such party and finds that indemnification of the settlement and the related costs should be made, and the court considering the request for indemnification has been advised of the position of the SEC and of the published position of any state securities regulatory authority in which our securities were offered or sold as to indemnification for violations of securities laws.

Our charter provides that, following a Non-Listed Offering, we may pay or reimburse reasonable legal expenses and other costs incurred by a director, the Adviser or any affiliate of the Adviser in advance of final disposition of a proceeding only if all of the following are satisfied: (1) the proceeding relates to acts or omissions with respect to the performance of duties or services on our behalf; (2) such party provides us with written affirmation of his, her or its good faith belief that he, she or it has met the standard of conduct necessary for indemnification by us; (3) the legal proceeding was initiated by a third party who is not a shareholder or, if by a shareholder acting in his or her capacity as such, a court of competent jurisdiction approves such advancement; and (4) such party provides us with a written agreement to repay the amount paid or reimbursed by us, together with the applicable legal rate of interest thereon, if it is ultimately determined that such party did not comply with the requisite standard of conduct and is not entitled to indemnification. Our charter provides that this provision does not apply to any dealer manager.

#### **Maryland Law and Certain Charter and Bylaws Provisions; Anti-Takeover Measures**

Maryland law contains, and our charter and bylaws also contain, provisions that could make it more difficult for a potential acquirer to acquire us by means of a tender offer, proxy contest or otherwise. These provisions are expected to discourage certain coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of us to negotiate first with our Board. These measures may delay, defer or prevent a transaction or a change in control that might otherwise be in the best interests of shareholders. We believe, however, that the benefits of these provisions outweigh the potential disadvantages of discouraging any such acquisition proposals because, among other things, the Board's ability to negotiate such proposals may improve their terms.

Under the MGCL, a Maryland corporation generally cannot dissolve, amend its charter, merge, consolidate, convert into another form of business entity, sell all or substantially all of its assets or engage in a statutory share exchange unless declared advisable by the corporation's board of directors and approved by the affirmative vote of shareholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter. A Maryland corporation may provide in its charter for approval of these matters by a lesser or greater percentage, but not less than a majority of all of the votes entitled to be cast on the matter. Subject to certain exceptions discussed below, our charter provides for approval of these actions by the affirmative vote of shareholders entitled to cast a majority of the votes entitled to be cast on the matter.

Subject to certain exceptions provided in our charter, the affirmative vote of at least 75% of the votes entitled to be cast thereon, with the holders of each class or series of our stock voting as a separate class, in addition to the affirmative vote of at least 75% of the members of the Board, will be necessary to effect any of the following actions:

- any amendment to the charter to make our common stock a "redeemable security" or to convert us from a "closed-end company" to an "open-end company" (as such terms are defined in the 1940 Act);
- any shareholder proposal as to specific investment decisions made or to be made with respect to our assets;

- following a Non-Listed Offering, any proposal as to the voluntary liquidation or dissolution of the Company or any amendment to the charter to terminate our existence;
- following a Non-Listed Offering, any merger, consolidation or statutory share exchange of us with or into any other person; or
- following a Non-Listed Offering, the sale of all or substantially all of the assets of us, as further described in the charter, when such sale is to be made other than in the ordinary course of our business.

However, if the proposal, transaction or business combination is approved by at least 75% of our continuing directors, the proposal, transaction or business combination may be approved only by the Board and, if necessary, the shareholders as otherwise would be required by applicable law, the charter and bylaws and, following a Non-Listed Offering, the NASAA Omnibus Guidelines, without regard to the supermajority approval requirements discussed above. A “continuing director” is defined in the charter as a director who (i) is not an interested party (meaning a person who has or proposes to enter into a business combination with us or owns more than 5% of any class of our stock) or an affiliate or an associate of an interested party and who has been a member of the Board for a period of at least 24 months (or since we commenced operations, if that period is less than 24 months); or (ii) is a successor of a continuing director who is not an interested party or an affiliate or an associate of an interested party and is recommended to succeed a continuing director by a majority of the continuing directors then in office or is nominated for election by the shareholders by a majority of the continuing directors then in office; or (iii) is elected to the Board to be a continuing director by a majority of the continuing directors then in office and who is not an interested party or an affiliate or associate of an interested party.

Our charter also provides that the Board is divided into three classes, as nearly equal in size as practicable, with each class of directors serving for a staggered three-year term. Additionally, subject to the rights of holders of one or more classes or series of preferred stock to elect or remove one or more directors, directors may be removed at any time, but only for cause (as such term is defined in the charter) and only by the affirmative vote of shareholders entitled to cast at least 75% of the votes entitled to be cast generally in the election of directors, voting as a single class. The charter and bylaws also provide that, except as provided otherwise by applicable law, including the 1940 Act and subject to any rights of holders of one or more classes or series of preferred stock to elect or remove one or more directors, any vacancy on the Board, except, until such time as we have three independent directors, for vacancies resulting from the removal of a director by the shareholders, and any newly created directorship resulting from an increase in the size of the Board, may only be filled by vote of the directors then in office, even if less than a quorum, or by a sole remaining director; provided that, under Maryland law, when the holders of any class, classes or series of stock have the exclusive power under the charter to elect certain directors, vacancies in directorships elected by such class, classes or series may be filled by a majority of the remaining directors so elected by such class, classes or series of our stock. In addition, the charter provides that, subject to any rights of holders of one or more classes or series of stock to elect or remove one or more directors, the total number of directors will be fixed from time to time exclusively pursuant to resolutions adopted by the Board.

The classification of the Board and the limitations on removal of directors described above as well as the limitations on shareholders’ right to fill vacancies and newly created directorships and to fix the size of the Board could have the effect of making it more difficult for a third party to acquire us, or of discouraging a third party from acquiring or attempting to acquire us.

Maryland law and our charter and bylaws also provide that:

- any action required or permitted to be taken by the shareholders at an annual meeting or special meeting of shareholders may only be taken if it is properly brought before such meeting or by unanimous consent in lieu of a meeting;
- special meetings of the shareholders may only be called by the Board, the chairman of the Board or the chief executive officer, and must be called by the secretary upon the written request of shareholders who are entitled to cast at least a majority of all the votes entitled to be cast on such matter at such meeting; and
- from and after the Initial Closing, any shareholder nomination or business proposal to be properly brought before a meeting of shareholders must have been made in compliance with certain advance notice and informational requirements.

Our charter also provides that any tender offer made by any person, including any “mini-tender” offer, must comply with the provisions of Regulation 14D of the 1934 Act, including the notice and disclosure requirements. Among other things, the offeror must provide us notice of such tender offer at least ten business days before initiating the tender offer. Our charter prohibits any shareholder from transferring shares of stock to a person who makes a tender offer which does not comply with such provisions unless such shareholder has first offered such shares of stock to us at the tender offer price in the non-compliant tender offer. In addition, the non-complying offeror will be responsible for all of our expenses in connection with that offeror’s noncompliance.

These provisions could delay or hinder shareholder actions which are favored by the holders of a majority of our outstanding voting securities. These provisions may also discourage another person or entity from making a tender offer for the our common stock, because such person or entity, even if it acquired a majority of our outstanding voting securities, would be able to take action as a shareholder (such as electing new directors or approving a merger) only at a duly called shareholders meeting, and not by written consent. The provisions of our charter requiring that the directors may be removed only for cause and only by the affirmative vote of at least three-quarters of the votes entitled to be cast generally in the election of directors will also prevent shareholders from removing incumbent directors except for cause and upon a substantial affirmative vote. In addition, although the advance notice and information requirements in our bylaws do not give the Board any power to disapprove shareholder nominations for the election of directors or business proposals that are made in compliance with applicable advance notice procedures, they may have the effect of precluding a contest for the election of directors or the consideration of shareholder proposals if proper procedures are not followed and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal without regard to whether consideration of such nominees or proposals might be harmful or beneficial to us and our shareholders.

Under the MGCL, a Maryland corporation generally cannot amend its charter unless the amendment is declared advisable by the corporation’s board of directors and approved by the affirmative vote of shareholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter. A Maryland corporation may provide in its charter for approval of these matters by a lesser or greater percentage, but not less than a majority of all of the votes entitled to be cast on the matter. Subject to certain exceptions discussed below, our charter provides for approval of charter amendments by the affirmative vote of shareholders entitled to cast a majority of the votes entitled to be cast on the matter. The Board, by vote of a majority of the members of the Board, has the exclusive power to adopt, alter, amend or repeal our bylaws. Our charter provides that any amendment to the following provisions of our charter, among others, will require, in addition to any other vote required by applicable law or our charter, the affirmative vote of shareholders entitled to cast at least three-quarters of the votes entitled to be cast thereon, with the holders of each class or series of our stock voting as a separate class, in addition to the affirmative vote of at least 75% of the members of the Board, unless three-quarters of the continuing directors approve the amendment, in which case such amendment must be approved as would otherwise be required by applicable law, our charter and bylaws, and, following a Non-Listed Offering, the NASAA Omnibus Guidelines:

- the provisions regarding the classification of the Board;
- the provisions governing the removal of directors;
- the provisions limiting shareholder action by written consent;
- the provisions regarding the number of directors on the Board;
- the provisions specifying the vote required to approve extraordinary actions and amend the charter and the Board’s exclusive power to amend our bylaws;
- the limitations of directors’ and officers’ liability for money damages and the requirement that we indemnify its directors and officers as described above; and
- the provisions imposing additional voting requirements on certain business combinations and other actions.

Following a Non-Listed Offering, without the approval of shareholders entitled to cast a majority of the votes entitled to be cast on the matter, we may not permit the Adviser to:

- amend the charter, except for amendments that would not adversely affect the interests of shareholders;
- except as permitted in the Investment Advisory Agreement, voluntarily withdraw as investment adviser, unless such withdrawal would not affect our tax status and would not materially adversely affect the shareholders;
- appoint a new investment adviser other than a sub-adviser pursuant to the terms of the Investment Advisory Agreement and applicable law;
- sell all or substantially all of our assets other than in the ordinary course of our business or as otherwise permitted by law; and
- cause a merger or any other reorganization of us except as permitted by law.

Our charter prohibits the Adviser from, following a Non-Listed Offering: (i) receiving or accepting any rebate, give-ups or similar arrangement that is prohibited under applicable federal or state securities laws, (ii) participating in any reciprocal business arrangement that would circumvent provisions of applicable federal or state securities laws governing conflicts of interest or investment restrictions, or (iii) entering into any agreement, arrangement or understanding that would circumvent the restrictions against dealing with affiliates or promoters under applicable federal or state securities laws. In addition, the Adviser may not directly or indirectly pay or award any fees or commissions or other compensation to any person or entity engaged to sell our stock or give investment advice to a potential shareholder; provided, however, that the Adviser may pay a registered broker-dealer or other properly licensed agent from sales commissions for selling or distributing our common stock.

#### **Advance Notice Provisions for Shareholder Nominations and Shareholder Proposals**

Our bylaws provide that, with respect to an annual meeting of shareholders, nominations of individuals for election as directors and the proposal of business to be considered by shareholders may be made only (a) pursuant to the notice of the meeting, (b) by or at the direction of the Board or (c) by a shareholder who is a shareholder of record both at the time of giving the advance notice required by our bylaws and at the time of the meeting, who is entitled to vote at the meeting in the election of each individual so nominated or on any such other business and who has complied with the advance notice procedures of our bylaws. With respect to special meetings of shareholders, only the business specified in the notice of the meeting may be brought before the meeting. Nominations of individuals for election as directors at a special meeting at which directors are to be elected may be made only (a) by or at the direction of the Board or (b) provided that the special meeting has been called in accordance with our bylaws for the purpose of electing directors, by a shareholder who is a shareholder of record both at the time of giving the advance notice required by our bylaws and at the time of the meeting, who is entitled to vote at the meeting in the election of each individual so nominated and who has complied with the advance notice provisions of our bylaws.

The purpose of requiring shareholders to give us advance notice of nominations and other business is to afford the Board a meaningful opportunity to consider the qualifications of the proposed nominees and the advisability of any other proposed business and, to the extent deemed necessary or desirable by the Board, to inform shareholders and make recommendations about such qualifications or business, as well as to provide a more orderly procedure for conducting meetings of shareholders. Although our bylaws do not give the Board any power to disapprove shareholder nominations for the election of directors or proposals recommending certain action, the advance notice and information requirements may have the effect of precluding election contests or the consideration of shareholder proposals if proper procedures are not followed and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal without regard to whether consideration of such nominees or proposals might be harmful or beneficial to us and our shareholders.

#### **No Appraisal Rights**

For certain extraordinary transactions and charter amendments, the MGCL provides the right to dissenting shareholders to demand and receive the fair value of their shares, subject to certain procedures

and requirements set forth in the statute. Those rights are commonly referred to as appraisal rights. As permitted by the MGCL, our charter provides that shareholders will not be entitled to exercise appraisal rights unless the Board determines that appraisal rights apply, with respect to all or any classes or series of stock, to one or more transactions occurring after the date of such determination in connection with which shareholders would otherwise be entitled to exercise appraisal rights.

### **Control Share Acquisitions**

Certain provisions of the MGCL provide that a holder of control shares of a Maryland corporation acquired in a control share acquisition has no voting rights with respect to the control shares except to the extent approved by the affirmative vote of two-thirds of the votes entitled to be cast on the matter, which is referred to as the Control Share Acquisition Act. Shares owned by the acquirer, by officers or by employees who are directors of the corporation are excluded from shares entitled to vote on the matter. Control shares are voting shares of stock which, if aggregated with all other shares of stock owned by the acquirer or in respect of which the acquirer is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquirer to exercise voting power in electing directors within one of the following ranges of voting power:

- one-tenth or more but less than one-third;
- one-third or more but less than a majority; or
- a majority or more of all voting power.

The requisite shareholder approval must be obtained each time an acquirer crosses one of the thresholds of voting power set forth above. Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained shareholder approval or shares acquired directly from the corporation. A control share acquisition means the acquisition of issued and outstanding control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition may compel the board of directors of the corporation to call a special meeting of shareholders to be held within 50 days of demand to consider the voting rights of the shares. The right to compel the calling of a special meeting is subject to the satisfaction of certain conditions, including an undertaking to pay the expenses of the meeting. If no request for a meeting is made, the corporation may itself present the question at any shareholders meeting.

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the statute, then the corporation may redeem for fair value any or all of the control shares, except those for which voting rights have previously been approved. The right of the corporation to redeem control shares is subject to certain conditions and limitations. Fair value is determined, without regard to the absence of voting rights for the control shares, as of the date of the last control share acquisition by the acquirer or if a meeting of shareholders is held at which the voting rights of the shares are considered and not approved, as of the date of such meeting. If voting rights for control shares are approved at a shareholder meeting and the acquirer becomes entitled to vote a majority of the shares entitled to vote, all other shareholders may exercise appraisal rights. The fair value of the shares as determined for purposes of appraisal rights may not be less than the highest price per share paid by the acquirer in the control share acquisition.

The Control Share Acquisition Act does not apply (a) to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or (b) to acquisitions approved or exempted by the charter or bylaws of the corporation. Our bylaws contain a provision exempting from the Control Share Acquisition Act any and all acquisitions by any person of shares of stock. There can be no assurance that such provision will not be amended or eliminated at time in the future. The SEC staff previously took the position that, if a BDC failed to opt-out of the Control Share Acquisition act, its actions would be inconsistent with Section 18(i) of the 1940 Act. However, the SEC recently withdrew its previous position, and stated that it would not recommend enforcement action against a closed-end fund, including a BDC, that opts in to being subject to the Control Share Acquisition Act if the closed-end fund acts with reasonable care on a basis consistent with other applicable duties and laws and the duty to the company and its shareholders generally. As such, we may amend our bylaws to be subject to the Control Share Acquisition

Act, but will do so only if the Board determines that it would be in our best interests and if such amendment can be accomplished in compliance with applicable laws, regulations and SEC guidance.

### **Business Combinations**

Under Maryland law, “business combinations” between a Maryland corporation and an interested shareholder or an affiliate of an interested shareholder are prohibited for five years after the most recent date on which the interested shareholder becomes an interested shareholder. These business combinations include a merger, consolidation, statutory share exchange or, in circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities. An interested shareholder is defined as:

- any person who beneficially owns 10% or more of the voting power of the corporation’s stock; or
- an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of the then outstanding voting stock of the corporation.

A person is not an interested shareholder under this statute if the corporation’s board of directors approves in advance the transaction by which he or she otherwise would have become an interested shareholder. However, in approving a transaction, the board may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the board.

After the five-year prohibition, any such business combination generally must be recommended by the corporation’s board of directors and approved by the affirmative vote of at least:

- 80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and
- two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested shareholder with whom or with whose affiliate the business combination is to be effected or held by an affiliate or associate of the interested shareholder.

These super-majority vote requirements do not apply if holders of the corporation’s common stock receive a minimum price, as defined under Maryland law, for their shares in the form of cash or other consideration in the same form as previously paid by the interested shareholder for its shares. The statute provides various exemptions from its provisions, including for business combinations that are exempted by the corporation’s board of directors before the time that the interested shareholder becomes an interested shareholder. The Board has adopted a resolution exempting from the requirements of the statute any business combination between us and any other person, provided that such business combination is first approved by the Board (including a majority of the directors who are not “interested persons” within the meaning of the 1940 Act). This resolution, however, may be altered or repealed in whole or in part at any time. If this resolution is repealed, or the Board does not otherwise approve a business combination, the statute may discourage others from trying to acquire control of us and increase the difficulty of consummating any offer.

### **Restrictions on Roll-Up Transactions**

Following a Non-Listed Offering, in connection with a proposed “roll-up transaction,” which, in general terms, is any transaction involving the acquisition, merger, conversion or consolidation, directly or indirectly, of us and the issuance of securities of an entity that would be created or would survive after the successful completion of the roll-up transaction, we will obtain an appraisal of all of its properties from an independent expert. In order to qualify as an independent expert for this purpose, the person or entity must have no material current or prior business or personal relationship with us and must be engaged to a substantial extent in the business of rendering opinions regarding the value of assets of the type held by us. Following a Non-Listed Offering, our assets will be appraised on a consistent basis, and the appraisal will be based on the evaluation of all relevant information and will indicate the value of our assets as of a date immediately prior to the announcement of the proposed roll-up transaction. The appraisal will assume an orderly liquidation of our assets over a 12-month period. The terms of the engagement of such independent expert will clearly state that the engagement is for our benefit and the benefit of our shareholders. We will include a summary of the appraisal, indicating all material assumptions underlying the appraisal, in a

report to the shareholders in connection with the proposed roll-up transaction. If the appraisal will be included in a prospectus used to offer the securities of the roll-up entity, the appraisal will be filed with the SEC and the states as an exhibit to the registration statement for the offering.

Following a Non-Listed Offering, in connection with a proposed roll-up transaction, the person sponsoring the roll-up transaction must offer to the shareholders who vote against the proposal a choice of:

- accepting the securities of the entity that would be created or would survive after the successful completion of the roll-up transaction offered in the proposed roll-up transaction; or
- one of the following:
  - remaining as shareholders and preserving their interests in us on the same terms and conditions as existed previously; or
  - receiving cash in an amount equal to their *pro rata* share of the appraised value of our net assets.

Following a Non-Listed Offering, we are prohibited from participating in any proposed roll-up transaction:

- which would result in shareholders having voting rights in the entity that would be created or would survive after the successful completion of the roll-up transaction that are less than those provided in our charter including rights with respect to the election and removal of directors, annual and special meetings, amendments to our charter and our dissolution;
- which includes provisions that would operate as a material impediment to, or frustration of, the accumulation of shares of our common stock by any purchaser of the securities of the entity that would be created or would survive after the successful completion of the roll-up transaction, except to the minimum extent necessary to preserve the tax status of such entity, or which would limit the ability of an investor to exercise the voting rights of its securities of the entity that would be created or would survive after the successful completion of the roll-up transaction on the basis of the number of shares held by that investor;
- in which shareholders' rights to access to records of the entity that would be created or would survive after the successful completion of the roll-up transaction will be less than those provided in our charter; or
- in which we would bear any of the costs of the roll-up transaction if the shareholders reject the roll-up transaction.

#### **Conflict with the 1940 Act**

Our bylaws provide that, if and to the extent that any provision of the MGCL, including the Control Share Acquisition Act (if we amend our bylaws to be subject to such Act) and the Business Combination Act or any provision of our charter or bylaws conflicts with any provision of the 1940 Act, the applicable provision of the 1940 Act will control.

## DESCRIPTION OF OUR PREFERRED STOCK

In addition to shares of common stock, our Charter authorizes the issuance of preferred stock. If we offer preferred stock under this prospectus, we will issue an appropriate prospectus supplement. We may issue preferred stock from time to time in one or more classes or series, without shareholder approval. Prior to issuance of shares of each class or series, our Board is required by Maryland law and by our Charter to set, subject to the express terms of any of our then outstanding classes or series of stock, the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. Any such issuance must adhere to the requirements of the 1940 Act, Maryland law and any other limitations imposed by law.

The 1940 Act limits our flexibility as to certain rights and preferences of the preferred stock under our certificate of incorporation. In particular, every share of stock issued by a BDC must be voting stock and have equal voting rights with every other outstanding class of voting stock, except to the extent that the stock satisfies the requirements for being treated as a senior security, which requires, among other things, that:

- immediately after issuance and before any distribution is made with respect to common stock, we must meet a coverage ratio of total assets (less total liabilities other than indebtedness) to total indebtedness plus preferred stock, of at least 200%; and
- the holders of shares of preferred stock must be entitled as a class to elect two directors at all times and to elect a majority of the directors if and for so long as dividends on the preferred stock are unpaid in an amount equal to two full years of dividends on the preferred stock.

The features of the preferred stock are further limited by the requirements applicable to RICs under the Code.

For any class or series of preferred stock that we may issue, our Board will determine and the articles supplementary and the prospectus supplement relating to such class or series will describe:

- the designation and number of shares of such class or series;
- the rate and time at which, and the preferences and conditions under which, any dividends will be paid on shares of such class or series, as well as whether such dividends are participating or non-participating;
- any provisions relating to convertibility or exchangeability of the shares of such class or series, including adjustments to the conversion price of such class or series;
- the rights and preferences, if any, of holders of shares of such class or series upon our liquidation, dissolution or winding up of our affairs;
- the voting powers, if any, of the holders of shares of such class or series;
- any provisions relating to the redemption of the shares of such class or series;
- any limitations on our ability to pay dividends or make distributions on, or acquire or redeem, other securities while shares of such class or series are outstanding;
- any conditions or restrictions on our ability to issue additional shares of such class or series or other securities;
- if applicable, a discussion of certain U.S. federal income tax considerations; and
- any other relative powers, preferences and participating, optional or special rights of shares of such class or series, and the qualifications, limitations or restrictions thereof.

All shares of preferred stock that we may issue will be identical and of equal rank except as to the particular terms thereof that may be fixed by our Board, and all shares of each class or series of preferred stock will be identical and of equal rank except as to the dates from which dividends, if any, thereon will be cumulative.

## DESCRIPTION OF OUR SUBSCRIPTION RIGHTS

We may issue subscription rights to our shareholders to purchase common stock. Subscription rights may be issued independently or together with any other offered security and may or may not be transferable by the person purchasing or receiving the subscription rights. In connection with a subscription rights offering to our shareholders, we would distribute certificates evidencing the subscription rights and a prospectus supplement to our shareholders on the record date that we set for receiving subscription rights in such subscription rights offering.

The applicable prospectus supplement would describe the following terms of subscription rights in respect of which this prospectus is being delivered:

- the period of time the offering would remain open (which shall be open a minimum number of days such that all record holders would be eligible to participate in the offering and shall not be open longer than 120 days);
- the title of such subscription rights;
- the exercise price for such subscription rights (or method of calculation thereof);
- the ratio of the offering (which, in the case of transferable rights, will require a minimum of three shares to be held of record before a person is entitled to purchase an additional share);
- the number of such subscription rights issued to each shareholder;
- the extent to which such subscription rights are transferable and the market on which they may be traded if they are transferable;
- if applicable, a discussion of certain U.S. federal income tax considerations applicable to the issuance or exercise of such subscription rights;
- the date on which the right to exercise such subscription rights shall commence, and the date on which such right shall expire (subject to any extension);
- the extent to which such subscription rights include an over-subscription privilege with respect to unsubscribed securities and the terms of such over-subscription privilege;
- any termination right we may have in connection with such subscription rights offering; and
- any other terms of such subscription rights, including exercise, settlement and other procedures and limitations relating to the transfer and exercise of such subscription rights.

### Exercise of Subscription Rights

Each subscription right would entitle the holder of the subscription right to purchase for cash such amount of shares of common stock at such exercise price as shall in each case be set forth in, or be determinable as set forth in, the prospectus supplement relating to the subscription rights offered thereby. Subscription rights may be exercised at any time up to the close of business on the expiration date for such subscription rights set forth in the prospectus supplement. After the close of business on the expiration date, all unexercised subscription rights would become void.

Subscription rights may be exercised as set forth in the prospectus supplement relating to the subscription rights offered thereby. Upon receipt of payment and the subscription rights certificate properly completed and duly executed at the corporate trust office of the subscription rights agent or any other office indicated in the prospectus supplement we will forward, as soon as practicable, the shares of common stock purchasable upon such exercise. To the extent permissible under applicable law, we may determine to offer any unsubscribed offered securities directly to persons other than shareholders, to or through agents, underwriters or dealers or through a combination of such methods, as set forth in the applicable prospectus supplement.

### Dilutive Effects

Any shareholder who chooses not to participate in a rights offering should expect to own a smaller interest in us upon completion of such rights offering. Any rights offering will dilute the ownership interest

and voting power of shareholders who do not fully exercise their subscription rights. Further, because the net proceeds per share from any rights offering may be lower than our then current net asset value per share, the rights offering may reduce our net asset value per share. The amount of dilution that a shareholder will experience could be substantial, particularly to the extent we engage in multiple rights offerings within a limited time period. In addition, the market price of our common stock could be adversely affected while a rights offering is ongoing as a result of the possibility that a significant number of additional shares may be issued upon completion of such rights offering. All of our shareholders will also indirectly bear the expenses associated with any rights offering we may conduct, regardless of whether they elect to exercise any rights.

## DESCRIPTION OF OUR WARRANTS

The following is a general description of the terms of the warrants we may issue from time to time. Particular terms of any warrants we offer will be described in the prospectus supplement relating to such warrants.

We may issue warrants to purchase shares of our common stock, preferred stock or debt securities. Such warrants may be issued independently or together with common stock, preferred stock or debt securities and may be attached or separate from such securities. We will issue each series of warrants under a separate warrant agreement to be entered into between us and a warrant agent. The warrant agent will act solely as our agent and will not assume any obligation or relationship of agency for or with holders or beneficial owners of warrants.

A prospectus supplement will describe the particular terms of any series of warrants we may issue, including the following:

- the title of such warrants;
- the aggregate number of such warrants;
- the price or prices at which such warrants will be issued;
- the currency or currencies, including composite currencies, in which the price of such warrants may be payable;
- if applicable, the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security or each principal amount of such security;
- in the case of warrants to purchase debt securities, the principal amount of debt securities purchasable upon exercise of one warrant and the price at which and the currency or currencies, including composite currencies, in which this principal amount of debt securities may be purchased upon such exercise;
- in the case of warrants to purchase common stock or preferred stock, the number of shares of common stock or preferred stock, as the case may be, purchasable upon exercise of one warrant and the price at which and the currency or currencies, including composite currencies, in which these shares may be purchased upon such exercise;
- the date on which the right to exercise such warrants shall commence and the date on which such right will expire;
- whether such warrants will be issued in registered form or bearer form;
- if applicable, the minimum or maximum amount of such warrants which may be exercised at any one time;
- if applicable, the date on and after which such warrants and the related securities will be separately transferable;
- information with respect to book-entry procedures, if any;
- the terms of the securities issuable upon exercise of the warrants;
- if applicable, a discussion of certain U.S. federal income tax considerations; and
- any other terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants.

We and the warrant agent may amend or supplement the warrant agreement for a series of warrants without the consent of the holders of the warrants issued thereunder to effect changes that are not inconsistent with the provisions of the warrants and that do not materially and adversely affect the interests of the holders of the warrants.

Prior to exercising their warrants, holders of warrants will not have any of the rights of holders of the securities purchasable upon such exercise, including, in the case of warrants to purchase debt securities, the

right to receive principal, premium, if any, or interest payments, on the debt securities purchasable upon exercise or to enforce covenants in the applicable indenture or, in the case of warrants to purchase common stock or preferred stock, the right to receive dividends, if any, or payments upon our liquidation, dissolution or winding up or to exercise any voting rights.

Under the 1940 Act, we may generally only offer warrants provided that (1) the warrants expire by their terms within ten years; (2) the exercise or conversion price is not less than the current market value at the date of issuance; (3) our shareholders authorize the proposal to issue such warrants, and our Board approves such issuance on the basis that the issuance is in the best interests of us and our shareholders; and (4) if the warrants are accompanied by other securities, the warrants are not separately transferable unless no class of such warrants and the securities accompanying them has been publicly distributed. The 1940 Act also provides that the amount of our voting securities that would result from the exercise of all outstanding warrants, as well as options and rights, at the time of issuance may not exceed 25% of our outstanding voting securities. In particular, the amount of capital stock that would result from the conversion or exercise of all outstanding warrants, options or rights to purchase capital stock cannot exceed 25% of the BDC's total outstanding shares of capital stock.

## DESCRIPTION OF OUR DEBT SECURITIES

We may issue debt securities in one or more series. The specific terms of each series of debt securities will be described in the particular prospectus supplement relating to that series. The prospectus supplement may or may not modify the general terms found in this prospectus and will be filed with the SEC. For a complete description of the terms of a particular series of debt securities, you should read both this prospectus and the prospectus supplement relating to that particular series.

As required by federal law for all bonds and notes of companies that are publicly offered, the debt securities are governed by a document called an “indenture.” An indenture is a contract between us and a financial institution acting as trustee on your behalf, and is subject to and governed by the Trust Indenture Act of 1939, as amended. The trustee has two main roles. First, the trustee can enforce your rights against us if we default. There are some limitations on the extent to which the trustee acts on your behalf, described in the second paragraph under “— Events of Default — Remedies If an Event of Default Occurs.” Second, the trustee performs certain administrative duties for us.

Because this section is a summary, it does not describe every aspect of the debt securities and the indenture. We urge you to read the indenture because it, and not this description, defines your rights as a holder of debt securities. For example, in this section, we use capitalized words to signify terms that are specifically defined in the indenture. Some of the definitions are repeated in this prospectus, but for the rest you will need to read the indenture. We have filed the indenture with the SEC. We will file a supplemental indenture with the SEC in connection with any debt offering, at which time the supplemental indenture would be publicly available. See “*Available Information*” for information on how to obtain a copy of the applicable indenture.

The prospectus supplement, which will accompany this prospectus, will describe the particular series of debt securities being offered, including, among other things:

- the designation or title of the series of debt securities;
- the total principal amount of the series of debt securities;
- the percentage of the principal amount at which the series of debt securities will be offered;
- the date or dates on which principal will be payable;
- the rate or rates (which may be either fixed or variable) and/or the method of determining such rate or rates of interest, if any;
- the date or dates from which any interest will accrue, or the method of determining such date or dates, and the date or dates on which any interest will be payable;
- whether any interest may be paid by issuing additional securities of the same series in lieu of cash (and the terms upon which any such interest may be paid by issuing additional securities);
- the terms for redemption, extension or early repayment, if any;
- the currencies in which the series of debt securities are issued and payable;
- whether the amount of payments of principal, premium or interest, if any, on a series of debt securities will be determined with reference to an index, formula or other method (which could be based on one or more currencies, commodities, equity indices or other indices) and how these amounts will be determined;
- the place or places, if any, other than or in addition to the Borough of Manhattan in the City of New York, of payment, transfer, conversion and/or exchange of the debt securities;
- the denominations in which the offered debt securities will be issued (if other than \$1,000 and any integral multiple thereof);
- the provision for any sinking fund;
- any restrictive covenants;
- any Events of Default;

- whether the series of debt securities is issuable in certificated form;
- any provisions for defeasance or covenant defeasance;
- any special federal income tax implications, including, if applicable, U.S. federal income tax considerations relating to original issue discount;
- whether and under what circumstances we will pay additional amounts in respect of any tax, assessment or governmental charge and, if so, whether we will have the option to redeem the debt securities rather than pay the additional amounts (and the terms of this option);
- any provisions for convertibility or exchangeability of the debt securities into or for any other securities;
- whether the debt securities are subject to subordination and the terms of such subordination;
- whether the debt securities are secured and the terms of any security interest;
- the listing, if any, on a securities exchange; and
- any other terms.

The debt securities may be secured or unsecured obligations. Unless the prospectus supplement states otherwise, principal (and premium, if any) and interest, if any, will be paid by us in immediately available funds.

Generally, pursuant to the 1940 Act, a BDC's total borrowings are limited so that it cannot incur additional borrowings if immediately after such borrowing, the ratio of its total assets (less total liabilities other than indebtedness represented by senior securities) to its total indebtedness represented by senior securities plus preferred stock, if any, is at least 200%; however, legislation enacted in March 2018 has modified the 1940 Act by allowing a BDC to increase the maximum amount of leverage it may incur from an asset coverage ratio of 200% to an asset coverage ratio of 150%, if certain requirements are met. The reduced asset coverage requirement would permit a BDC to double the amount of leverage it could incur. This means that generally, a BDC can borrow up to \$1 for every \$1 of investor equity or, if certain requirements are met and it reduces its asset coverage ratio, it can borrow up to \$2 for every \$1 of investor equity. A BDC is permitted to increase its leverage capacity if shareholders representing at least a majority of the votes cast, when quorum is met, approve a proposal to do so. If the BDC receives such shareholder approval, it would be permitted to increase our leverage capacity on the first day after such approval. Alternatively, a BDC may increase the maximum amount of leverage it may incur to an asset coverage ratio of 150% if the "required majority" (as defined in Section 57(o) of the 1940 Act) of the independent members of the BDC's board of directors approve such increase with such approval becoming effective after one year. In either case, the BDC would be required to make certain disclosures on our website and in SEC filings regarding, among other things, the receipt of approval to increase its leverage, its leverage capacity and usage, and risks related to leverage. See Part I, Item 1 "*BUSINESS—Regulation as a Business Development Company*" in our most recent Annual Report on Form 10-K for more information.

On March 31, 2020, our Board, including the required majority (as defined in Section 57(o) of the 1940 Act) thereof, approved the application of the minimum asset coverage ratio of 150% to us, with such reduced asset coverage to become effective on March 31, 2021. However, on June 8, 2020, shareholders representing the majority of votes cast approved a proposal to allow us to reduce our minimum asset coverage requirement to 150% effective June 9, 2020. See "*Prospectus Summary—Recent Developments*" and "*Risk Factors—Risks Related to Our Investments—Legislation enacted in March 2018 may allow us to incur additional leverage*" in this prospectus.

#### **General**

The indenture provides that any debt securities proposed to be sold under this prospectus and the accompanying prospectus supplement ("offered debt securities") and any debt securities issuable upon the exercise of warrants or upon conversion or exchange of other offered securities ("underlying debt securities"), may be issued under the indenture in one or more series.

For purposes of this prospectus, any reference to the payment of principal of, or premium or interest, if any, on, debt securities will include additional amounts if required by the terms of the debt securities.

The indenture does not limit the amount of debt securities that may be issued thereunder from time to time. The indenture also provides that there may be more than one trustee thereunder, each with respect to one or more different series of indenture securities. See “— *Resignation of Trustee*” below. At a time when two or more trustees are acting under the indenture, each with respect to only certain series, the term “indenture securities” means the one or more series of debt securities with respect to which each respective trustee is acting. In the event that there is more than one trustee under the indenture, the powers and trust obligations of each trustee described in this prospectus will extend only to the one or more series of indenture securities for which it is trustee. If two or more trustees are acting under the indenture, then the indenture securities for which each trustee is acting would be treated as if issued under separate indentures.

Except as described under “— Events of Default” and “— Merger or Consolidation” below, the indenture does not contain any provisions that give you protection in the event we issue a large amount of debt or we are acquired by another entity.

We refer you to the prospectus supplement for information with respect to any deletions from, modifications of or additions to the Events of Default or our covenants that are described below, including any addition of a covenant or other provision providing event risk or similar protection.

We have the ability to issue indenture securities with terms different from those of indenture securities previously issued and, without the consent of the holders thereof, to reopen a previous issue of a series of indenture securities and issue additional indenture securities of that series unless the reopening was restricted when that series was created.

### **Conversion and Exchange**

If any debt securities are convertible into or exchangeable for other securities, the prospectus supplement will explain the terms and conditions of the conversion or exchange, including the conversion price or exchange ratio (or the calculation method), the conversion or exchange period (or how the period will be determined), if conversion or exchange will be mandatory or at the option of the holder or us, provisions for adjusting the conversion price or the exchange ratio and provisions affecting conversion or exchange in the event of the redemption of the underlying debt securities. These terms may also include provisions under which the number or amount of other securities to be received by the holders of the debt securities upon conversion or exchange would be calculated according to the market price of the other securities as of a time stated in the prospectus supplement.

### **Issuance of Securities in Registered Form**

We may issue the debt securities in registered form, in which case we may issue them either in book-entry form only or in “certificated” form. Debt securities issued in book-entry form will be represented by global securities. We expect that we will usually issue debt securities in book-entry only form represented by global securities.

#### ***Book-Entry Holders***

We will issue registered debt securities in book-entry form only, unless we specify otherwise in the applicable prospectus supplement. This means debt securities will be represented by one or more global securities registered in the name of a depository that will hold them on behalf of financial institutions that participate in the depository’s book-entry system. These participating institutions, in turn, hold beneficial interests in the debt securities held by the depository or its nominee. These institutions may hold these interests on behalf of themselves or customers.

Under the indenture, only the person in whose name a debt security is registered is recognized as the holder of that debt security. Consequently, for debt securities issued in book-entry form, we will recognize only the depository as the holder of the debt securities and we will make all payments on the debt securities to the depository. The depository will then pass along the payments it receives to its participants, which in turn will pass the payments along to their customers who are the beneficial owners. The depository and its

participants do so under agreements they have made with one another or with their customers; they are not obligated to do so under the terms of the debt securities.

As a result, investors will not own debt securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depository's book-entry system or holds an interest through a participant. As long as the debt securities are represented by one or more global securities, investors will be indirect holders, and not holders, of the debt securities.

#### ***Street Name Holders***

In the future, we may issue debt securities in certificated form or terminate a global security. In these cases, investors may choose to hold their debt securities in their own names or in "street name." Debt securities held in street name are registered in the name of a bank, broker or other financial institution chosen by the investor, and the investor would hold a beneficial interest in those debt securities through the account he or she maintains at that institution.

For debt securities held in street name, we will recognize only the intermediary banks, brokers and other financial institutions in whose names the debt securities are registered as the holders of those debt securities and we will make all payments on those debt securities to them. These institutions will pass along the payments they receive to their customers who are the beneficial owners, but only because they agree to do so in their customer agreements or because they are legally required to do so. Investors who hold debt securities in street name will be indirect holders, and not holders, of the debt securities.

#### **Legal Holders**

Our obligations, as well as the obligations of the applicable trustee and those of any third parties employed by us or the applicable trustee, run only to the legal holders of the debt securities. We do not have obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means. This will be the case whether an investor chooses to be an indirect holder of a debt security or has no choice because we are issuing the debt securities only in book-entry form.

For example, once we make a payment or give a notice to the holder, we have no further responsibility for the payment or notice even if that holder is required, under agreements with depository participants or customers or by law, to pass it along to the indirect holders but does not do so. Similarly, if we want to obtain the approval of the holders for any purpose (for example, to amend an indenture or to relieve us of the consequences of a default or of our obligation to comply with a particular provision of an indenture), we would seek the approval only from the holders, and not the indirect holders, of the debt securities. Whether and how the holders contact the indirect holders is up to the holders.

When we refer to you, we mean those who invest in the debt securities being offered by this prospectus, whether they are the holders or only indirect holders of those debt securities. When we refer to your debt securities, we mean the debt securities in which you hold a direct or indirect interest.

#### ***Special Considerations for Indirect Holders***

If you hold debt securities through a bank, broker or other financial institution, either in book-entry form or in street name, we urge you to check with that institution to find out:

- how it handles securities payments and notices,
- whether it imposes fees or charges,
- how it would handle a request for the holders' consent, if ever required,
- whether and how you can instruct it to send you debt securities registered in your own name so you can be a holder, if that is permitted in the future for a particular series of debt securities,
- how it would exercise rights under the debt securities if there were a default or other event triggering the need for holders to act to protect their interests, and
- if the debt securities are in book-entry form, how the depository's rules and procedures will affect these matters.

## Global Securities

As noted above, we usually will issue debt securities as registered securities in book-entry form only. A global security represents one or any other number of individual debt securities. Generally, all debt securities represented by the same global securities will have the same terms.

Each debt security issued in book-entry form will be represented by a global security that we deposit with and register in the name of a financial institution or its nominee that we select. The financial institution that we select for this purpose is called the depository. Unless we specify otherwise in the applicable prospectus supplement, The Depository Trust Company, New York, New York, known as DTC, will be the depository for all debt securities issued in book-entry form.

A global security may not be transferred to or registered in the name of anyone other than the depository or its nominee, unless special termination situations arise. We describe those situations below under “Special Situations when a Global Security Will Be Terminated”. As a result of these arrangements, the depository, or its nominee, will be the sole registered owner and holder of all debt securities represented by a global security, and investors will be permitted to own only beneficial interests in a global security. Beneficial interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that has an account with the depository. Thus, an investor whose security is represented by a global security will not be a holder of the debt security, but only an indirect holder of a beneficial interest in the global security.

### *Special Considerations for Global Securities*

As an indirect holder, an investor’s rights relating to a global security will be governed by the account rules of the investor’s financial institution and of the depository, as well as general laws relating to securities transfers. The depository that holds the global security will be considered the holder of the debt securities represented by the global security.

If debt securities are issued only in the form of a global security, an investor should be aware of the following:

- An investor cannot cause the debt securities to be registered in his or her name, and cannot obtain certificates for his or her interest in the debt securities, except in the special situations we describe below.
- An investor will be an indirect holder and must look to his or her own bank or broker for payments on the debt securities and protection of his or her legal rights relating to the debt securities, as we describe under “Issuance of Securities in Registered Form” above.
- An investor may not be able to sell interests in the debt securities to some insurance companies and other institutions that are required by law to own their securities in non-book-entry form.
- An investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the debt securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective.
- The depository’s policies, which may change from time to time, will govern payments, transfers, exchanges and other matters relating to an investor’s interest in a global security. We and the trustee have no responsibility for any aspect of the depository’s actions or for its records of ownership interests in a global security. We and the trustee also do not supervise the depository in any way.
- If we redeem less than all the debt securities of a particular series being redeemed, DTC’s practice is to determine by lot the amount to be redeemed from each of its participants holding that series.
- An investor is required to give notice of exercise of any option to elect repayment of its debt securities, through its participant, to the applicable trustee and to deliver the related debt securities by causing its participant to transfer its interest in those debt securities, on DTC’s records, to the applicable trustee.

- DTC requires that those who purchase and sell interests in a global security deposited in its book-entry system use immediately available funds. Your broker or bank may also require you to use immediately available funds when purchasing or selling interests in a global security.
- Financial institutions that participate in the depository's book-entry system, and through which an investor holds its interest in a global security, may also have their own policies affecting payments, notices and other matters relating to the debt securities. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the actions of any of those intermediaries.

#### ***Termination of a Global Security***

If a global security is terminated, interests in it will be exchanged for certificates in non-book-entry form (certificated securities). After that exchange, the choice of whether to hold the certificated debt securities directly or in street name will be up to the investor. Investors must consult their own banks or brokers to find out how to have their interests in a global security transferred on termination to their own names, so that they will be holders. We have described the rights of legal holders and street name investors under "Issuance of Securities in Registered Form" above.

The prospectus supplement may list situations for terminating a global security that would apply only to the particular series of debt securities covered by the prospectus supplement. If a global security is terminated, only the depository, and not we or the applicable trustee, is responsible for deciding the names of the institutions in whose names the debt securities represented by the global security will be registered and, therefore, who will be the holders of those debt securities.

#### **Payment and Paying Agents**

We will pay interest to the person listed in the applicable trustee's records as the owner of the debt security at the close of business on a particular day in advance of each due date for interest, even if that person no longer owns the debt security on the interest due date. That day, usually about two weeks in advance of the interest due date, is called the "record date." Because we will pay all the interest for an interest period to the holders on the record date, holders buying and selling debt securities must work out between themselves the appropriate purchase price. The most common manner is to adjust the sales price of the debt securities to prorate interest fairly between buyer and seller based on their respective ownership periods within the particular interest period. This prorated interest amount is called "accrued interest."

#### **Payments on Global Securities**

We will make payments on a global security in accordance with the applicable policies of the depository as in effect from time to time. Under those policies, we will make payments directly to the depository, or its nominee, and not to any indirect holders who own beneficial interests in the global security. An indirect holder's right to those payments will be governed by the rules and practices of the depository and its participants.

#### **Payments on Certificated Securities**

We will make payments on a certificated debt security as follows. We will pay interest that is due on an interest payment date to the holder of debt securities as shown on the trustee's records as of the close of business on the regular record date at our office in New York, NY and/or at other offices that may be specified in the prospectus supplement. We will make all payments of principal and premium, if any, by check at the office of the applicable trustee in New York, NY and/or at other offices that may be specified in the prospectus supplement or in a notice to holders against surrender of the debt security.

Alternatively, at our option, we may pay any interest that becomes due on the debt security by mailing a check to the holder at his or her address shown on the trustee's records as of the close of business on the regular record date or by transfer to an account at a bank in the United States, in either case, on the due date.

**Payment When Offices Are Closed**

Except as otherwise indicated in the applicable prospectus supplement, if any payment is due on a debt security on a day that is not a business day, we will make the payment on the next day that is a business day. Payments made on the next business day in this situation will be treated under the indenture as if they were made on the original due date, except as otherwise indicated in the applicable prospectus supplement. Such payment will not result in a default under any debt security or the indenture, and no interest will accrue on the payment amount from the original due date to the next day that is a business day.

Book-entry and other indirect holders should consult their banks or brokers for information on how they will receive payments on their debt securities.

**Events of Default**

You will have rights if an Event of Default occurs in respect of the debt securities of your series and is not cured, as described later in this subsection.

The term “Event of Default” in respect of the debt securities of your series means any of the following (unless the prospectus supplement relating to such debt securities states otherwise):

- (1) we default in the payment of any interest upon a debt securities of the series when due and payable and the default continues for a period of 30 days;
- (2) we default in the payment of the principal of (or premium, if any, on) a debt security of the series when it becomes due and payable at its maturity, including upon any redemption date or required repurchase date, and the default continues for a period of five days;
- (3) we fail for 60 consecutive days after written notice from the trustee or the holders of at least 25% in principal amount of the debt securities of the series then outstanding to us and the trustee, as applicable, has been received to comply with any of our other agreements with respect to debt securities of the series;
- (4) pursuant to Section 18(a)(1)(C)(ii) and Section 61 of the 1940 Act, or any successor provisions, on the last business day of each of 24 consecutive calendar months, any class of securities shall have an asset coverage (as such term is used in the 1940 Act) of less than 100%, giving effect to any amendments to such provisions of the 1940 Act or to any exemptive relief granted to us by the SEC;
- (5) we file for bankruptcy or certain events of bankruptcy, insolvency, or reorganization involving us occur and remain undischarged or unstayed for a period of 90 days;
- (6) we do not deposit any sinking fund payment in respect of debt securities of the series on its due date, and do not cure this default within five days; and
- (7) any other Event of Default in respect of debt securities of the series described in the applicable prospectus supplement occurs.

An Event of Default for a particular series of debt securities does not necessarily constitute an Event of Default for any other series of debt securities issued under the same or any other indenture. The trustee may withhold notice to the holders of debt securities of any default, except in the payment of principal, premium or interest, if it in good faith considers the withholding of notice to be in the interests of the holders.

***Remedies If an Event of Default Occurs***

If an Event of Default has occurred and has not been cured, the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of the affected series may declare the entire principal amount of all the debt securities of that series to be due and immediately payable. This is called a declaration of acceleration of maturity. A declaration of acceleration of maturity may be canceled by the holders of a majority in principal amount of the outstanding debt securities of the affected series if (1) we have

deposited with the trustee all amounts due and owing with respect to the securities (other than principal that has become due solely by reason of such acceleration) and certain other amounts, and (2) any other Events of Default have been cured or waived.

Except in cases of default, where the trustee has some special duties, the trustee is not required to take any action under the indenture at the request of any holders unless the holders offer the trustee reasonable protection from expenses and liability (called an “indemnity”). If indemnity satisfactory to the trustee is provided, the holders of a majority in principal amount of the outstanding debt securities of the relevant series may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the trustee. The trustee may refuse to follow those directions in certain circumstances. No delay or omission in exercising any right or remedy will be treated as a waiver of that right, remedy or Event of Default.

Before you are allowed to bypass your trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the debt securities, the following must occur:

- You must give your trustee written notice that an Event of Default with respect to the relevant series of debt securities has occurred and remains uncured.
- The holders of at least 25% in principal amount of all outstanding debt securities of the relevant series must make a written request that the trustee take action because of the default and must offer to the trustee security or indemnity satisfactory to it against the cost, expenses, and other liabilities of taking that action.
- The trustee must not have taken action for 60 days after receipt of the above notice and offer of security or indemnity.
- The holders of a majority in principal amount of the debt securities of that series must not have given the trustee a direction inconsistent with the above notice during that 60-day period.

However, you are entitled at any time to bring a lawsuit for the payment of money due on your debt securities on or after the due date.

Holders of a majority in principal amount of the debt securities of the affected series may waive any past defaults other than a default

- in the payment of principal, any premium, or interest or
- in respect of a covenant that cannot be modified or amended without the consent of each holder.

**Book-entry and other indirect holders should consult their banks or brokers for information on how to give notice or direction to or make a request of the trustee and how to declare or cancel an acceleration of maturity.**

Each year, we will furnish to each trustee a written statement of certain of our officers certifying that to their knowledge we are in compliance with the indenture and the debt securities or else specifying any default.

#### **Merger, Consolidation or Sale of Assets**

Unless the prospectus supplement relating to certain debt securities states otherwise, the indenture will provide that we will not merge or consolidate with or into any other person (other than a merger of a wholly-owned subsidiary into us), or sell, transfer, lease, convey or otherwise dispose of all or substantially all our property (provided that, for the avoidance of doubt, a pledge of assets pursuant to any secured debt instrument of the Company or its subsidiaries shall not be deemed to be any such sale, transfer, lease, conveyance or disposition; and provided further that this covenant shall not apply to any sale, transfer, lease, conveyance, or other disposition of all or substantially all of the Company’s property to a wholly-owned subsidiary of the Company) in any one transaction or series of related transactions unless:

- we are the surviving person (the “Surviving Person”) or the Surviving Person (if other than us) formed by such merger or consolidation or to which such sale, transfer, lease, conveyance or

disposition is made shall be a corporation or limited liability company organized and existing under the laws of the United States of America or any state or territory thereof;

- the Surviving Person (if other than us) expressly assumes, by supplemental indenture in form reasonably satisfactory to the trustee, executed and delivered to the trustee by such Surviving Person, the due and punctual payment of the principal of, and premium, if any, and interest on, all the Notes outstanding, and the due and punctual performance and observance of all the covenants and conditions of the indenture to be performed by us;
- immediately before and immediately after giving effect to such transaction or series of related transactions, no default or Event of Default shall have occurred and be continuing; and
- we shall deliver, or cause to be delivered, to the trustee, an officers' certificate and an opinion of counsel, each stating that such transaction and the supplemental indenture, if any, in respect thereto, comply with this covenant, that all conditions precedent in the indenture relating to such transaction have been complied with.

For the purposes of this covenant, the sale, transfer, lease, conveyance or other disposition of all the property of one or more of our subsidiaries, which property, if held by us instead of such subsidiaries, would constitute all or substantially all of our property on a consolidated basis, shall be deemed to be the transfer of all or substantially all of our property.

Although there is a limited body of case law interpreting the phrase "substantially all", there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve "all or substantially all" of the properties or assets of a person. As a result, it may be unclear as to whether the merger, consolidation or sale of assets covenant would apply to a particular transaction as described above absent a decision by a court of competent jurisdiction.

#### **Modification or Waiver**

There are three types of changes we can make to the indenture and the debt securities issued thereunder.

##### ***Changes Requiring Your Approval***

First, there are changes that we cannot make to your debt securities without your specific approval. The following is a list of those types of changes:

- change the stated maturity of the principal of or interest on the debt securities;
- reduce any amounts due on the debt securities;
- reduce the amount of principal payable upon acceleration of the maturity of a security following a default;
- adversely affect any right of repayment at the holder's option;
- change the place (except as otherwise described in the prospectus or prospectus supplement) or currency of payment on a debt security;
- impair your right to sue for payment;
- adversely affect any right to convert or exchange a debt security in accordance with its terms;
- modify the subordination provisions in the indenture in a manner that is adverse to outstanding holders of the debt securities;
- reduce the percentage of holders of debt securities whose consent is needed to modify or amend the indenture;
- reduce the percentage of holders of debt securities whose consent is needed to waive compliance with certain provisions of the indenture or to waive certain defaults;

- modify certain of the provisions of the indenture dealing with supplemental indentures, modification and waiver of past defaults, changes to the quorum or voting requirements or the waiver of certain covenants; and
- change any obligation we have to pay additional amounts.

#### ***Changes Not Requiring Approval***

The second type of change does not require any vote by the holders of the debt securities. This type is limited to clarifications, establishment of the form or terms of new securities of any series as permitted by the indenture, and certain other changes that would not adversely affect holders of the outstanding debt securities in any material respect, including adding additional covenants or events of default. We also do not need any approval to make any change that affects only debt securities to be issued under the indenture after the change takes effect.

#### ***Changes Requiring Majority Approval***

Any other change to the indenture and the debt securities would require the following approval:

- If the change affects only one series of debt securities, it must be approved by the holders of a majority in principal amount of that series.
- If the change affects more than one series of debt securities issued under the same indenture, it must be approved by the holders of a majority in principal amount of all of the series affected by the change, with all affected series voting together as one class for this purpose.

The holders of a majority in principal amount of a series of debt securities issued under an indenture, or all series, voting together as one class for this purpose, may waive our compliance with some of our covenants in that indenture. However, we cannot obtain a waiver of a payment default or of any of the matters covered by the bullet points included above under “— *Changes Requiring Your Approval*.”

#### **Further Details Concerning Voting**

When taking a vote, we will use the following rules to decide how much principal to attribute to a debt security:

- For original issue discount securities, we will use the principal amount that would be due and payable on the voting date if the maturity of these debt securities were accelerated to that date because of a default.
- For debt securities whose principal amount is not known (for example, because it is based on an index), we will use a special rule for that debt security described in the prospectus supplement.
- For debt securities denominated in one or more foreign currencies, we will use the U.S. dollar equivalent.
- Debt securities will not be considered outstanding, and therefore not eligible to vote, if we have deposited or set aside in trust money for their payment or redemption. Debt securities will also not be eligible to vote if they have been fully defeased as described later under “— Defeasance — Full Defeasance.”

We will generally be entitled to set any day as a record date for the purpose of determining the holders of outstanding indenture securities that are entitled to vote or take other action under the indenture. If we set a record date for a vote or other action to be taken by holders of one or more series, that vote or action may be taken only by persons who are holders of outstanding indenture securities of those series on the record date and must be taken within eleven months following the record date.

Book-entry and other indirect holders should consult their banks or brokers for information on how approval may be granted or denied if we seek to change the indenture or the debt securities or request a waiver.

### **Satisfaction and Discharge**

We may satisfy and discharge our obligations under the indenture by delivering to the securities registrar for cancellation all debt securities of the series then outstanding or by depositing with the trustee, in trust, funds in U.S. dollars in an amount sufficient to pay all of the debt securities of the series then outstanding after such debt securities have become due and payable or will become due and payable within one year (or scheduled for redemption within one year). Such discharge is subject to terms contained in the indenture.

### **Defeasance**

The following provisions will be applicable to each series of debt securities unless we state in the applicable prospectus supplement that the provisions of covenant defeasance and full defeasance will not be applicable to that series.

#### ***Covenant Defeasance***

If certain conditions are satisfied, we can make the deposit described below and be released from some of the restrictive covenants in the indenture under which the particular series was issued. This is called “covenant defeasance.” In that event, you would lose the protection of those restrictive covenants but would gain the protection of having money and government securities set aside in trust to repay your debt securities. If applicable, you also would be released from the subordination provisions described under “— Indenture Provisions — Subordination” below. In order to achieve covenant defeasance, we must do the following:

- If the debt securities of a particular series are denominated in U.S. dollars, we must deposit in trust for the benefit of all holders of the debt securities of a particular series a combination of money and United States government or United States government agency notes or bonds that will generate enough cash, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to make interest, principal and any other payments on the debt securities of the particular series on their various due dates.
- We must deliver to the trustee a legal opinion of our counsel confirming that, under current U.S. federal income tax law, we may make the above deposit without causing you to recognize income, gain or loss for U.S. federal income tax purposes as a result of such covenant defeasance or to be taxed on the debt securities any differently than if we did not make the deposit and repaid the debt securities at maturity.
- We must deliver to the trustee a legal opinion and officers’ certificate stating that all conditions precedent to covenant defeasance have been complied with.
- Covenant defeasance must not result in a breach or violation of, or result in a default under, the indenture or any of our other material agreements or instruments.
- No default or Event of Default with respect to such debt securities and any coupons appertaining thereto shall have occurred and be continuing and no defaults or events of default related to bankruptcy, insolvency or reorganization shall occur during the next 90 days.
- Satisfy the conditions for covenant defeasance contained in any supplemental indentures.

If we accomplished covenant defeasance, you can still look to us for repayment of the debt securities if there were a shortfall in the trust deposit or the trustee is prevented from making payment. For example, if one of the remaining Events of Default occurred (such as our bankruptcy) and the debt securities became immediately due and payable, there might be a shortfall. Depending on the event causing the default, you may not be able to obtain payment of the shortfall.

#### ***Legal Defeasance***

If there is a change in U.S. federal tax law or we obtain an IRS ruling, as described below, we can legally release ourselves from all payment and other obligations on the debt securities of a particular series (called “defeasance” or “legal defeasance”) if we put in place the following other arrangements for you to be repaid:

- If the debt securities of a particular series are denominated in U.S. dollars, we must deposit in trust for the benefit of all holders of the debt securities of a particular series a combination of money and United States government or United States government agency notes or bonds that will generate enough cash, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to make interest, principal and any other payments on the debt securities of the particular series on their various due dates.
- We must deliver to the trustee a legal opinion confirming that there has been a change in current U.S. federal tax law or an IRS ruling that allows us to make the above deposit without causing you to recognize income, gain, or loss for U.S. federal income tax purposes as a result of such defeasance or to be taxed on the debt securities any differently than if we did not make the deposit and repaid the debt securities at maturity. Under current U.S. federal tax law, the deposit and our legal release from the debt securities would be treated as though we paid you your share of the cash and notes or bonds at the time the cash and notes or bonds were deposited in trust in exchange for your debt securities and you would recognize gain or loss on the debt securities at the time of the deposit.
- We must deliver to the trustee a legal opinion and officers' certificate stating that all conditions precedent to defeasance have been complied with.
- Defeasance must not result in a breach or violation of, or result in a default under, the indenture or any of our other material agreements or instruments.
- No default or Event of Default with respect to such debt securities and any coupons appertaining thereto shall have occurred and be continuing and no defaults or events of default related to bankruptcy, insolvency or reorganization shall occur during the next 90 days.
- Satisfy the conditions for covenant defeasance contained in any supplemental indentures.

If we ever accomplished legal defeasance, as described above, you would have to rely solely on the trust deposit for repayment of your debt securities. You could not look to us for repayment in the unlikely event of any shortfall. Conversely, the trust deposit would most likely be protected from claims of our lenders and other creditors if we ever became bankrupt or insolvent. If applicable, you would also be released from the subordination provisions described later under "Indenture Provisions — Subordination".

#### **Form, Exchange and Transfer of Certificated Registered Securities**

If registered debt securities cease to be issued in book-entry form, they will be issued:

- only in fully registered certificated form,
- without interest coupons, and
- unless we indicate otherwise in the prospectus supplement, in denominations of \$1,000 and amounts that are multiples of \$1,000.

Holders may exchange their certificated securities, if any, for debt securities of smaller denominations or combined into fewer debt securities of larger denominations, as long as the total principal amount is not changed and as long as the denomination is greater than the minimum denomination for such securities.

Holders may exchange or transfer their certificated securities, if any, at the office of their trustee. We have appointed the trustee to act as our agent for registering debt securities in the names of holders transferring debt securities. We may appoint another entity to perform these functions or perform them ourselves.

Holders will not be required to pay a service charge to transfer or exchange their certificated securities, if any, but they may be required to pay any tax or other governmental charge associated with the transfer or exchange. The transfer or exchange will be made only if our transfer agent is satisfied with the holder's proof of legal ownership.

If we have designated additional transfer agents for your debt security, they will be named in your prospectus supplement. We may appoint additional transfer agents or cancel the appointment of any particular transfer agent. We may also approve a change in the office through which any transfer agent acts.

If any certificated securities of a particular series are redeemable and we redeem less than all the debt securities of that series, we may block the transfer or exchange of those debt securities during the period beginning 15 days before the day we mail the notice of redemption and ending on the day of that mailing, in order to freeze the list of holders to prepare the mailing. We may also refuse to register transfers or exchanges of any certificated securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any debt security that will be partially redeemed.

If a registered debt security is issued in book-entry form, only the depository will be entitled to transfer and exchange the debt security as described in this subsection, since it will be the sole holder of the debt security.

#### **Resignation of Trustee**

Each trustee may resign or be removed with respect to one or more series of indenture securities provided that a successor trustee is appointed to act with respect to these series and has accepted such appointment. In the event that two or more persons are acting as trustee with respect to different series of indenture securities under the indenture, each of the trustees will be a trustee of a trust separate and apart from the trust administered by any other trustee.

#### **Indenture Provisions — Subordination**

Upon any distribution of our assets upon our dissolution, winding up, liquidation or reorganization, the payment of the principal of (and premium, if any) and interest, if any, on any indenture securities denominated as subordinated debt securities is to be subordinated to the extent provided in the indenture in right of payment to the prior payment in full of all Senior Indebtedness (as defined below), but our obligation to you to make payment of the principal of (and premium, if any) and interest, if any, on such subordinated debt securities will not otherwise be affected. In addition, no payment on account of principal (or premium, if any), sinking fund or interest, if any, may be made on such subordinated debt securities at any time unless full payment of all amounts due in respect of the principal (and premium, if any), sinking fund and interest on Senior Indebtedness has been made or duly provided for in money or money's worth.

In the event that, notwithstanding the foregoing, any payment by us is received by the trustee in respect of subordinated debt securities or by the holders of any of such subordinated debt securities before all Senior Indebtedness is paid in full, the payment or distribution must be paid over to the holders of the Senior Indebtedness or on their behalf for application to the payment of all the Senior Indebtedness remaining unpaid until all the Senior Indebtedness has been paid in full, after giving effect to any concurrent payment or distribution to the holders of the Senior Indebtedness. Subject to the payment in full of all Senior Indebtedness upon this distribution by us, the holders of such subordinated debt securities will be subrogated to the rights of the holders of the Senior Indebtedness to the extent of payments made to the holders of the Senior Indebtedness out of the distributive share of such subordinated debt securities.

By reason of this subordination, in the event of a distribution of our assets upon our insolvency, certain of our senior creditors may recover more, ratably, than holders of any subordinated debt securities. The indenture provides that these subordination provisions will not apply to money and securities held in trust under the defeasance provisions of the indenture.

“Senior Indebtedness” is defined in the indenture as the principal of (and premium, if any) and unpaid interest on:

- our indebtedness (including indebtedness of others guaranteed by us), whenever created, incurred, assumed or guaranteed, for money borrowed (other than indenture securities issued under the indenture and denominated as subordinated debt securities), unless in the instrument creating or evidencing the same or under which the same is outstanding it is provided that this indebtedness is not senior or prior in right of payment to the subordinated debt securities, and
- renewals, extensions, modifications and refinancings of any of this indebtedness.

If this prospectus is being delivered in connection with the offering of a series of indenture securities denominated as subordinated debt securities, the accompanying prospectus supplement will set forth the approximate amount of our Senior Indebtedness outstanding as of a recent date.

### **Secured Indebtedness and Ranking**

We may issue two types of unsecured indebtedness obligations: senior and subordinated. Senior unsecured indebtedness obligations refer to those that rank senior in right of payment to all of our future indebtedness that is expressly subordinated in right of payment to such indebtedness. Subordinated unsecured indebtedness obligations refer to those that are expressly subordinated in right of payment to other unsecured obligations.

Certain of our indebtedness, including certain series of indenture securities, may be secured. The prospectus supplement for each series of indenture securities will describe the terms of any security interest for such series and will indicate the approximate amount of our secured indebtedness as of a recent date. Any unsecured indenture securities will effectively rank junior to any secured indebtedness, including any secured indenture securities, that we incur in the future to the extent of the value of the assets securing such future secured indebtedness. Our debt securities, whether secured or unsecured, will rank structurally junior to all existing and future indebtedness (including trade payables) incurred by our subsidiaries, financing vehicles or similar facilities, with respect to claims on the assets of any such subsidiaries, financing vehicles, or similar facilities.

In the event of our bankruptcy, liquidation, reorganization or other winding up, any of our assets that secure secured debt will be available to pay obligations on unsecured debt securities only after all indebtedness under such secured debt has been repaid in full from such assets. We advise you that there may not be sufficient assets remaining to pay amounts due on any or all unsecured debt securities then outstanding after fulfillment of this obligation. As a result, the holders of unsecured indenture securities may recover less, ratably, than holders of any of our secured indebtedness.

### **The Trustee under the Indenture**

Wells Fargo Bank, National Association, will serve as the trustee under the indenture.

### **Certain Considerations Relating To Foreign Currencies**

Debt securities denominated or payable in foreign currencies may entail significant risks. These risks include the possibility of significant fluctuations in the foreign currency markets, the imposition or modification of foreign exchange controls and potential illiquidity in the secondary market. These risks will vary depending upon the currency or currencies involved and will be more fully described in the applicable prospectus supplement.

### **Book-Entry Debt Securities**

Unless otherwise specified in the applicable prospectus supplement, the debt securities will be issued in book-entry form, and the Depository Trust Company, or DTC, will act as securities depository for the debt securities. Unless otherwise specified in the applicable prospectus supplement, the debt securities will be issued as fully registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered certificate will be issued for the debt securities, in the aggregate principal amount of such issue, and will be deposited with DTC. If, however, the aggregate principal amount of any issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.

DTC has advised us that it is:

- a limited purpose trust company organized under the laws of the State of New York;
- a "banking organization" within the meaning of the New York State Banking Law;
- a member of the Federal Reserve System;
- a "clearing corporation" within the meaning of the Uniform Commercial Code; and
- a "clearing agency" registered under Section 17A of the Exchange Act.

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between its participants through electronic book-entry changes to the accounts of its participants. DTC's participants, or Direct Participants, include securities brokers and dealers, including the underwriters; banks and trust companies; clearing corporations and other organizations. Indirect access to DTC's system is also available to others such as banks, brokers, dealers and trust companies; these indirect participants clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly. Investors who are not DTC participants may beneficially own securities held by or on behalf of DTC only through DTC participants or indirect participants in DTC.

DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation, or DTCC. DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly, or Indirect Participants. The DTC Rules applicable to its Participants are on file with the SEC.

Purchases of debt securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the debt securities on DTC's records. The ownership interest of each actual purchaser of each security, or Beneficial Owner, is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the debt securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in debt securities, except in the event that use of the book-entry system for the debt securities is discontinued.

To facilitate subsequent transfers, all debt securities deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. or such other name as may be requested by an authorized representative of DTC. The deposit of debt securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the debt securities; DTC's records reflect only the identity of the Direct Participants to whose accounts such debt securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the debt securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the debt securities unless authorized by a Direct Participant in accordance with DTC's Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to us as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the debt securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and interest payments on the debt securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from us or the trustee on the payment date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or

registered in “street name,” and will be the responsibility of such Participant and not of DTC or its nominee, the trustee, or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of us or the trustee, but disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the debt securities at any time by giving reasonable notice to us or to the trustee. Under such circumstances, in the event that a successor depository is not obtained, certificates are required to be printed and delivered. We may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC’s book-entry system has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy thereof.

**SHARES ELIGIBLE FOR FUTURE RESALE****Rule 144**

In general, under Rule 144 under the Securities Act, a person (or persons whose shares are aggregated) who is not deemed to have been an affiliate of ours at any time during the three months preceding a sale, and who has beneficially owned restricted securities within the meaning of Rule 144 for at least six months (including any period of consecutive ownership of preceding non-affiliated holders) would be entitled to sell those shares, subject only to the availability of current public information about us. A non-affiliated person who has beneficially owned restricted securities within the meaning of Rule 144 for at least one year would be entitled to sell those shares without regard to the provisions of Rule 144.

A person (or persons whose shares are aggregated) who is deemed to be an affiliate of ours and who has beneficially owned restricted securities within the meaning of Rule 144 for at least six months would be entitled to sell within any three-month period a number of shares that does not exceed the greater of 1% of the then outstanding shares of our common stock or the average weekly trading volume of our common stock during the four calendar weeks preceding such sale. Such sales are also subject to certain manner of sale provisions, notice requirements and the availability of current public information about us (which requires that we are current in our periodic reports under the 1934 Act).

**Transfer Restrictions**

Pursuant to the terms of our Charter, following the Listing Date, without the prior written consent of the Board, a shareholder who purchased shares prior the Listing Date is not permitted to transfer (whether by sale, gift, merger, by operation of law or otherwise), exchange, assign, pledge, hypothecate or otherwise dispose of or encumber (collectively, "Transfer") (i) any shares of our common stock held by such shareholder prior to the Listing Date for 180 days following the Listing Date; (ii) two-thirds of the shares of our common stock held by such shareholder prior to the Listing Date for 270 days following the Listing Date; and (iii) one-third of the shares of our common stock held by such shareholder prior to the Listing Date for 365 days following the Listing Date. This means that, as a result of these transfer restrictions, without the consent of the Board, a shareholder who owned 99 shares of common stock on the Listing Date could only sell up to 66 of such shares currently, and 366 days following the Listing Date, such shareholder could sell all of such shares. In addition, the Adviser, our directors and Mr. Lipschultz have agreed for a period of 540 days after the Listing Date (i) not to offer, sell, contract to sell, pledge, grant any option to purchase, lend or otherwise dispose of, or file with the SEC a registration statement under the Securities Act (other than a registration statement pursuant to Rule 415 of the Securities Act) relating to, any shares of our common stock, or any options or warrants to purchase any shares of our common stock, or any securities convertible into, exchangeable for or that represent the right to receive shares of our common stock or (ii) engage in any hedging or other transaction or arrangement (including, without limitation, any short sale or the purchase or sale of, or entry into, any put or call option, or combination thereof, forward, swap or any other derivative transaction or instrument, however described or defined) which is designed to or which reasonably could be expected to lead to or result in a sale or disposition (whether by the undersigned or someone other than the undersigned), or transfer of any of the economic consequences of ownership, in whole or in part, directly or indirectly, of our common stock or any such other securities whether any such transaction or arrangement (or instrument provided for thereunder) would be settled by delivery of our common stock or other securities, in cash or otherwise, without the prior written consent of Goldman Sachs & Co. LLC and BofA Securities, Inc. on behalf of the underwriters, subject to certain exceptions.

## REGULATION

The information in the section entitled “*BUSINESS — Regulation as a Business Development Company*” in Part I, Item 1 of our most recent Annual Report on Form 10-K is incorporated herein by reference.

### CUSTODIAN, TRANSFER AND DIVIDEND PAYING AGENT AND REGISTRAR

Our securities and loan documents are held by State Street Bank and Trust Company pursuant to a custodian agreement, and who will also serve as our transfer agent, distribution paying agent and registrar. The principal business address of State Street Bank and Trust Company is State Street Financial Center, One Lincoln Street, Boston, MA 02111-2900.

### BROKERAGE ALLOCATION AND OTHER PRACTICES

Since we will acquire and dispose of many of our investments in privately negotiated transactions, many of the transactions that we engage in will not require the use of brokers or the payment of brokerage commissions. Subject to policies established by our Board, the Adviser will be primarily responsible for selecting brokers and dealers to execute transactions with respect to the publicly traded securities portion of our portfolio transactions and the allocation of brokerage commissions. The Adviser does not expect to execute transactions through any particular broker or dealer but will seek to obtain the best net results for us under the circumstances, taking into account such factors as price (including the applicable brokerage commission or dealer spread), size of order, difficulty of execution and operational facilities of the firm and the firm’s risk and skill in positioning blocks of securities. The Adviser generally will seek reasonably competitive trade execution costs but will not necessarily pay the lowest spread or commission available. Subject to applicable legal requirements and consistent with Section 28(e) of the 1934 Act, the Adviser may select a broker based upon brokerage or research services provided to the Adviser and us and any other clients. In return for such services, we may pay a higher commission than other brokers would charge if the Adviser determines in good faith that such commission is reasonable in relation to the services provided.

### PLAN OF DISTRIBUTION

We may offer, from time to time, in one or more offerings or series, up to \$3 billion of our common stock, preferred stock, debt securities, subscription rights to purchase shares of our common stock or warrants representing rights to purchase shares of our common stock, preferred stock or debt securities, in one or more underwritten public offerings, at-the-market offerings, negotiated transactions, block trades, best efforts offerings or a combination of these methods.

We may sell the securities through underwriters or dealers, directly to one or more purchasers, including existing shareholders in a rights offering, through agents designated from time to time by us or through a combination of any such methods of sale. Any underwriter or agent involved in the offer and sale of the securities will be named in the applicable prospectus supplement. A prospectus supplement or supplements will also describe the terms of the offering of the securities, including: the purchase price of the securities and the proceeds we will receive from the sale; any options under which underwriters may purchase additional securities from us; any agency fees or underwriting discounts and other items constituting agents’ or underwriters’ compensation; the public offering price; any discounts or concessions allowed or re-allowed or paid to dealers; any securities exchange or market on which the securities may be listed; and, in the case of a rights offering, the number of shares of our common stock issuable upon the exercise of each right. Only underwriters named in the prospectus supplement will be underwriters of the securities offered by the prospectus supplement.

The distribution of the securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at prevailing market prices at the time of sale, at prices related to such prevailing market prices, or at negotiated prices, provided, however, that the offering price per share of any common stock offered by us, less any underwriting commissions or discounts, must equal or exceed the net asset value per share of our common stock at the time of the offering except (a) in connection with a rights offering to our existing shareholders, (b) with the consent of the majority of our outstanding voting securities or (c) under such circumstances as the SEC may permit. The price at which securities may be distributed may represent a discount from prevailing market prices.

In connection with the sale of the securities, underwriters or agents may receive compensation from us, or from purchasers of the securities, for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell the securities to or through dealers and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of the securities may be deemed to be underwriters under the Securities Act, and any discounts and commissions they receive from us and any profit realized by them on the resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act. Any such underwriter or agent will be identified and any such compensation received from us will be described in the applicable prospectus supplement. The maximum aggregate commission or discount to be received by any member of the Financial Industry Regulatory Authority, or FINRA, or independent broker-dealer will not be greater than 8% of the gross proceeds of the sale of securities offered pursuant to this prospectus and any applicable prospectus supplement. We may also reimburse the underwriter or agent for certain fees and legal expenses incurred by it.

Any underwriter may engage in over-allotment, stabilizing transactions, short-covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Over-allotment involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum price. Syndicate-covering or other short-covering transactions involve purchases of the securities, either through exercise of the option to purchase additional shares from us or in the open market after the distribution is completed, to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the securities originally sold by the dealer are purchased in a stabilizing or covering transaction to cover short positions. Those activities may cause the price of the securities to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.

We may sell securities directly or through agents we designate from time to time. We will name any agent involved in the offering and sale of securities and we will describe any commissions we will pay the agent in the prospectus supplement. Unless the prospectus supplement states otherwise, the agent will act on a best-efforts basis for the period of its appointment.

Unless otherwise specified in the applicable prospectus supplement, each class or series of securities will be a new issue with no trading market, other than our common stock, which is traded on the NYSE. We may elect to list any other class or series of securities on any exchanges, but we are not obligated to do so. We cannot guarantee the liquidity of the trading markets for any securities.

Under agreements that we may enter, underwriters, dealers and agents who participate in the distribution of the securities may be entitled to indemnification by us against certain liabilities, including liabilities under the Securities Act, or contribution with respect to payments that the agents or underwriters may make with respect to these liabilities. Underwriters, dealers and agents may engage in transactions with, or perform services for, us in the ordinary course of business.

If so indicated in the applicable prospectus supplement, we will authorize underwriters or other persons acting as agents to solicit offers by certain institutions to purchase securities from us pursuant to contracts providing for payment and delivery on a future date. Institutions with which such contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases such institutions must be approved by us. The obligations of any purchaser under any such contract will be subject to the condition that the purchase of the securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and such other agents will not have any responsibility in respect of the validity or performance of such contracts. Such contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth the commission payable for solicitation of such contracts.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may

use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. **Item 30. Indemnification**

Section 2-418 of the Maryland General Corporation Law allows for the indemnification of officers, directors and any corporate agents in terms sufficiently broad to indemnify these persons under certain circumstances for liabilities, including reimbursement for expenses, incurred arising under the Securities Act. Our certificate of incorporation and bylaws provide that we shall indemnify our directors and officers to the fullest extent authorized or permitted by law and this right to indemnification shall continue as to a person who has ceased to be a director or officer and shall inure to the benefit of his or her heirs, executors and personal and legal representatives; provided, however, that, except for proceedings to enforce rights to indemnification, we are not obligated to indemnify any director or officer (or his or her heirs, executors or personal or legal representatives) in connection with a proceeding (or part thereof) initiated by the person unless the proceeding (or part thereof) was authorized or consented to by the Board. The right to indemnification conferred includes the right to be paid by us the expenses incurred in defending or otherwise participating in any proceeding in advance of its final disposition.

So long as we are regulated under the 1940 Act, the above indemnification is limited by the 1940 Act or by any valid rule, regulation or order of the SEC thereunder. The 1940 Act provides, among other things, that a company may not indemnify any director or officer against liability to it or its security holders to which he or she might otherwise be subject by reason of his or her willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his or her office unless a determination is made by final decision of a court, by vote of a majority of a quorum of directors who are disinterested, non-party directors or by independent legal counsel that the liability for which indemnification is sought did not arise out of the foregoing conduct.

The Adviser and its affiliates (each, an “Indemnitee”) are not liable to us for (i) mistakes of judgment or for action or inaction that such person reasonably believed to be in our best interests absent such Indemnitee’s gross negligence, knowing and willful misconduct, or fraud or (ii) losses or expenses due to mistakes of judgment, action or inaction, or the negligence, dishonesty or bad faith of any broker or other agent of the Company who is not an affiliate of such Indemnitee, provided that such person was selected, engaged or retained without gross negligence, willful misconduct, or fraud.

We will indemnify each Indemnitee against any liabilities relating to the offering of our common stock or our business, operation, administration or termination, if the Indemnitee acted in good faith and in a manner it believed to be in, or not opposed to, our interests and except to the extent arising out of the Indemnitee’s gross negligence, fraud or knowing and willful misconduct. We may pay the expenses incurred by the Indemnitee in defending an actual or threatened civil or criminal action in advance of the final disposition of such action, provided the Indemnitee agrees to repay those expenses if found by adjudication not to be entitled to indemnification.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act.

Insofar as indemnification for liability arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed

in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by us of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

**Item 31. Business and Other Connections of Investment Advisor.**

Not Applicable.

**Item 34. Undertakings**

- (1) Not applicable.
- (2) Not applicable.
- (3) The Registrant hereby undertakes:
  - (a) to file, during any period in which offers or sales are being made, a post-effective amendment to the registration statement:
    - (i) to include any prospectus required by Section 10(a)(3) of the Securities Act;
    - (ii) to reflect in the prospectus any facts or events after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b), if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement; and
    - (iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

*Provided, however,* that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b), or other applicable SEC rule under the Securities Act, that is part of the registration statement;

(b) that, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of those securities at that time shall be deemed to be the initial bona fide offering thereof;

(c) to remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering;

(d) that, for the purpose of determining liability under the Securities Act to any purchaser:

(1) if the Registrant is relying on Rule 430B:

(A) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (x), or (xi) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(2) if the Registrant is subject to Rule 430C, each prospectus filed pursuant to Rule 424(b) under the Securities Act as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use; and

(e) that, for the purpose of determining liability of the Registrant under the Securities Act to any purchaser in the initial distribution of securities: The undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to the

purchaser: (1) any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424, under the Securities Act; (2) free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant; (3) the portion of any other free writing prospectus or advertisement pursuant to Rule 482 under the Securities Act relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and (4) any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(4) Not applicable.

(5) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act that is incorporated by reference into the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(6) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(7) The Registrant undertakes to send by first class mail or other means designed to ensure equally prompt delivery within two business days of receipt of a written or oral request, any prospectus or Statement of Additional Information.

**SIGNATURES**

Pursuant to the requirements of the Securities Act of 1933, the Registrant has duly caused this Registration Statement on Form N-2 to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of New York, and the State of New York on the 9th day of July, 2020.

In connection with all calculations required to be made pursuant to this Indenture with respect to Scheduled Distributions on any Asset, or any payments on any other assets included in the Assets, with respect to the sale of and reinvestment in Collateral Obligations, and with respect to the income that can be earned on Scheduled Distributions on such Assets and on any other amounts that may be received for deposit in the Collection Account, the provisions set forth in this Section 1.3 shall be applied. The provisions of this Section 1.3 shall be applicable to any determination or calculation that is covered by this Section 1.3, whether or not reference is specifically made to Section 1.3, unless some other method of calculation or determination is expressly specified in the particular provision.

(a) All calculations with respect to Scheduled Distributions on the Assets shall be made on the basis of information as to the terms of each such Asset and upon reports of payments, if any, received on such Asset that are furnished by or on behalf of the issuer of such Asset and, to the extent they are not manifestly in error, such information or reports may be conclusively relied upon in making such calculations.

(b) For purposes of calculating the Coverage Tests, except as otherwise specified in the Coverage Tests, such calculations will not include scheduled interest and principal payments on Defaulted Obligations unless or until such payments are actually made.

(c) For each Collection Period and as of any date of determination, the Scheduled Distribution on any Asset (including Current Pay Obligations but excluding Defaulted Obligations, which, except as otherwise provided herein, shall be assumed to have a Scheduled Distribution of zero, except to the extent any payments have actually been received) shall be the sum of (i) the total amount of payments and collections to be received during such Collection Period in respect of such Asset (including the proceeds of the sale of such Asset received and, in the case of sales which have not yet settled, to be received during the Collection Period and not reinvested in additional Collateral Obligations or Eligible Investments or retained in the Collection Account for subsequent reinvestment pursuant to Section 12.2) that, if paid as scheduled, will be available in the Collection Account at the end of the Collection Period and (ii) any such amounts received by the Issuer in prior Collection Periods that were not disbursed on a previous Payment Date.

(d) Each Scheduled Distribution receivable with respect to a Collateral Obligation shall be assumed to be received on the applicable Due Date, and each such Scheduled Distribution shall be assumed to be immediately deposited in the Collection Account to earn interest at the Assumed Reinvestment Rate. All such funds shall be assumed to continue to earn interest until the date on which they are required to be available in the Collection Account for application, in accordance with the terms hereof, to payments of principal of or interest on the Securities or other amounts payable pursuant to this Indenture.

(e) References in Section 11.1(a) to calculations made on a “*pro forma*” basis shall mean such calculations after giving effect to all payments, in accordance with the Priority of Payments described herein, that precede (in priority of payment) or include the clause in which such calculation is made.

(f) For purposes of calculating all Concentration Limitations, in both the numerator and the denominator of any component of the Concentration Limitations, Defaulted Obligations will be treated as having a Principal Balance equal to the Defaulted Obligation Balance.

(g) If a Collateral Obligation included in the Assets would be deemed a Current Pay Obligation but for the applicable percentage limitation in the proviso to the definition of “Defaulted Obligation,” then the Current Pay Obligations with the lowest Market Value (expressed as a percentage of the Principal Balance of such Current Pay Obligations as of the date of determination) shall be deemed Defaulted Obligations. Each such Defaulted Obligation will be treated as a Defaulted Obligation for all purposes until such time as the Aggregate Principal Balance of Current Pay Obligations would not exceed, on a *pro forma* basis including such Defaulted Obligation, the applicable percentage of the Collateral Principal Amount.

(h) Except where expressly referenced herein for inclusion in such calculations, Defaulted Obligations will not be included in the calculation of the Collateral Quality Test.

(i) For purposes of calculating compliance with the Investment Criteria, upon the direction of the Collateral Manager by notice to the Trustee, the Fiscal Agent and the Collateral Administrator, any Eligible Investment representing Principal Proceeds received upon the sale or other disposition of a Collateral Obligation shall be deemed to have the characteristics of such Collateral Obligation until reinvested in an additional Collateral Obligation. Such calculations shall be based upon the principal amount of such Collateral Obligation, except in the case of Defaulted Obligations and Credit Risk Obligations, in which case the calculations will be based upon the Principal Proceeds received on the disposition or sale of such Defaulted Obligation or Credit Risk Obligation.

(j) For the purposes of calculating compliance with each of the Concentration Limitations all calculations will be rounded to the nearest 0.1%. All other calculations, unless otherwise set forth herein or the context otherwise requires, shall be rounded to the nearest ten-thousandth if expressed as a percentage, and to the nearest one-hundredth if expressed otherwise.

(k) Except as expressly set forth herein, the "principal balance" and the "outstanding principal balance" of a Revolving Collateral Obligation or a Delayed Drawdown Collateral Obligation shall include all unfunded commitments that have not been irrevocably reduced or withdrawn.

(l) Notwithstanding any other provision of this Indenture to the contrary, all monetary calculations hereunder shall be in Dollars.

(m) Any reference in this Indenture to an amount of the Trustee's or the Collateral Administrator's fees calculated with respect to a period at a *per annum* rate shall be calculated on the basis of a 360-day year and the actual number of days elapsed during the related Interest Accrual Period and shall be based on the aggregate face amount of the Assets.

(n) To the extent of any ambiguity in the interpretation of any definition or term contained herein or to the extent more than one methodology can be used to make any of the determinations or calculations set forth herein, the Collateral Administrator shall request direction from the Collateral Manager as to the interpretation and/or methodology to be used, and the Collateral Administrator shall follow such direction, and together with the Trustee, shall be entitled to conclusively rely thereon without any responsibility or liability therefor.

(o) For purposes of calculating compliance with any tests under this Indenture, the trade date (and not the settlement date) with respect to any acquisition or disposition of a Collateral Obligation or Eligible Investment shall be used to determine whether and when such acquisition or disposition has occurred.

(p) For all purposes where expressly used herein, the "outstanding principal balance" and the "principal balance" of any or all of the Collateral Obligations shall exclude capitalized interest, if any.

(q) For purposes of calculating the sale proceeds of a Collateral Obligation in sale transactions, sale proceeds will include any Principal Financed Accrued Interest received in respect of such sale.

(r) For purposes of determining compliance with the EU Risk Retention Requirements, calculating the EU Retained Interest and determining whether an EU Retention Deficiency has occurred, the “principal balance” of any Asset shall be its principal balance in each case without any adjustments for purchase price or the application of haircuts or other adjustments.

The provisions of the “Operating Procedures of the Euroclear System” of Euroclear and the “Terms and Conditions Governing Use of Participants” of Clearstream, respectively, will be applicable to the Global Notes insofar as interests in such Global Notes are held by the Agent Members of Euroclear or Clearstream, as the case may be.

Agent Members shall have no rights under this Indenture with respect to any Global Notes held on their behalf by the Trustee, as custodian for DTC, and DTC may be treated by the Issuers, the Trustee, and any agent of the Issuers or the Trustee as the absolute owner of such Note for all payment purposes whatsoever, and for all other purposes except as provided in Section 14.2(e). Notwithstanding the foregoing, nothing herein shall prevent the Issuers, the Trustee, or any agent of the Issuers or the Trustee from giving effect to any written certification, proxy or other authorization furnished by DTC or impair, as between DTC and its Agent Members, the operation of customary practices governing the exercise of the rights of a Holder of any Note.

Section 2.5 Execution, Authentication, Delivery and Dating. (a) The Notes shall be executed on behalf of the Applicable Issuer by one of its Authorized Officers. The signature of such Authorized Officer on the Notes may be manual or facsimile.

Notes bearing the manual or facsimile signatures of individuals who were at the time of execution Authorized Officers of the Applicable Issuer shall bind the Applicable Issuer, notwithstanding the fact that such individuals or any of them have ceased to hold such offices prior to the authentication and delivery of such Notes or did not hold such offices at the date of issuance of such Notes.

At any time and from time to time after the execution and delivery of this Indenture, the Applicable Issuer may deliver Notes executed by the Applicable Issuer to the Trustee or the Authenticating Agent for authentication and the Trustee or the Authenticating Agent, upon Issuer Order, shall authenticate and deliver such Notes as provided herein and not otherwise.

Each Note authenticated and delivered by the Trustee or the Authenticating Agent upon Issuer Order on the Closing Date shall be dated as of the Closing Date. All other Notes that are authenticated after the Closing Date for any other purpose under this Indenture shall be dated the date of their authentication.

Notes issued upon transfer, exchange or replacement of other Notes shall be issued in authorized denominations reflecting the original aggregate principal amount of the Notes so transferred, exchanged or replaced, but shall represent only the current outstanding principal amount of the Notes so transferred, exchanged or replaced. If any Note is divided into more than one Note in accordance with this Article II, the original principal amount of such Note shall be proportionately divided among the Notes delivered in exchange therefor and shall be deemed to be the original aggregate principal amount of such subsequently issued Notes.

No Note shall be entitled to any benefit under this Indenture or be valid or obligatory for any purpose, unless there appears on such Note a Certificate of Authentication, substantially in the form provided for herein, executed by the Trustee or by the Authenticating Agent by the manual signature of one of their authorized signatories, and such Certificate of Authentication upon any Note shall be conclusive evidence, and the only evidence, that such Note has been duly authenticated and delivered hereunder.

Section 2.6 Registration, Registration of Transfer and Exchange. (a) The Issuer shall cause the Notes to be registered and shall cause to be kept a register (the “Register”) at the office of the Trustee in which, subject to such reasonable regulations as it may prescribe, the Issuer shall provide for the registration of Notes and the registration of transfers of Notes. The Trustee is hereby initially appointed registrar (the “Registrar”) for the purpose of registering Notes and transfers of such Notes with respect to the Register maintained in the United States as herein provided. Upon any resignation or removal of the Registrar, the Issuer shall promptly appoint a successor or, in the absence of such appointment, assume the duties of Registrar.

If a Person other than the Trustee is appointed by the Issuer as Registrar, the Issuer will give the Trustee prompt written notice of the appointment of a Registrar and of the location, and any change in the location, of the Register, and the Trustee shall have the right to inspect the Register at all reasonable times and to obtain copies thereof and the Trustee shall have the right to rely upon a certificate executed on behalf of the Registrar by an Officer thereof as to the names and addresses of the Holders of the Notes and the principal or face amounts and numbers of such Notes. Upon written request at any time the Registrar shall provide to the Issuer, the Collateral Manager or the Placement Agent a current list of Holders as reflected in the Register.

Subject to this Section 2.6, upon surrender for registration of transfer of any Notes at the office or agency of the Issuer to be maintained as provided in Section 7.2, the Issuer (and solely with respect to the Co-Issued Notes, the Co-Issuer) shall execute, and the Trustee shall authenticate, or cause the Authenticating Agent to authenticate, and deliver, in the name of the designated transferee or transferees, one or more new Notes of any authorized denomination and of a like aggregate principal or face amount. At any time, upon request of the Issuer, the Collateral Manager or the Placement Agent, the Trustee shall provide such requesting Person a list of Holders of the Notes.

In addition, when permitted under this Indenture, the Issuers, the Trustee and the Collateral Manager shall be entitled to rely upon any certificate of ownership provided to the Trustee by a beneficial owner of a Note (including a Beneficial Ownership Certificate or a certificate in the form of Exhibit C) and/or other forms of reasonable evidence of such ownership as to the names and addresses of such beneficial owner and the Classes, principal amounts and CUSIP numbers of Notes beneficially owned thereby. At any time, upon request of the Applicable Issuer, the Collateral Manager or the Placement Agent, the Trustee shall provide such requesting Person a copy of each Beneficial Ownership Certificate that the Trustee has received.

At the option of the Holder, Notes may be exchanged for Notes of like terms, in any authorized denominations and of like aggregate principal amount, upon surrender of the Notes to be exchanged at such office or agency. Whenever any Note is surrendered for exchange, the Applicable Issuer shall execute, and the Trustee shall authenticate, or cause the Authenticating Agent to authenticate, and deliver, the Notes that the Holder making the exchange is entitled to receive.

All Notes issued and authenticated upon any registration of transfer or exchange of Notes shall be the valid obligations of the Applicable Issuer, evidencing the same debt (to the extent they evidence debt), and entitled to the same benefits under this Indenture as the Notes surrendered upon such registration of transfer or exchange.

Every Note presented or surrendered for registration of transfer or exchange shall be duly endorsed, or be accompanied by a written instrument of transfer in a form reasonably satisfactory to the Registrar, duly executed by the Holder thereof or such Holder's attorney duly authorized in writing.

No service charge shall be made to a Holder for any registration of transfer or exchange of Notes, but the Trustee may require payment of a sum sufficient to cover any transfer, tax or other governmental charge payable in connection therewith. The Trustee shall be permitted to request such evidence reasonably satisfactory to it documenting the identity and/or signatures of the transferor and transferee.

(b) No Note may be sold or transferred (including, without limitation, by pledge or hypothecation) unless such sale or transfer is exempt from the registration requirements of the Securities Act, is exempt from the registration requirements under applicable state securities laws and will not cause the Applicable Issuer to become subject to the requirement that it register as an investment company under the 1940 Act.

(c) Each purchaser, beneficial owner and subsequent transferee of a Note (or interest therein) will be deemed (and may be required) to represent and agree to the requirements of Section 2.13.

(d) Notwithstanding anything contained herein to the contrary, the Trustee shall not be responsible for ascertaining whether any transfer complies with, or for otherwise monitoring or determining compliance with, the registration provisions of or any exemptions from the Securities Act, applicable state securities laws or the applicable laws of any other jurisdiction, ERISA, the Code, the 1940 Act, or the terms hereof; provided that if a certificate is specifically required by the terms of this Section 2.6 to be provided to the Trustee by a prospective transferor or transferee, the Trustee shall be under a duty to receive and examine the same to determine whether or not the certificate substantially conforms on its face to the applicable requirements of this Indenture and shall promptly notify the party delivering the same and the Issuer if such certificate does not comply with such terms.

(e) Each Holder will provide the Issuer or its agents with such information and documentation that may be required for the Issuer to achieve AML Compliance and shall update or replace such information or documentation, as may be necessary (the "Holder AML Obligations").

(f) Transfers of Global Notes shall only be made in accordance with Section 2.2(b) and this Section 2.6(f).

Upon receipt by the Registrar of (A) instructions given in accordance with DTC's procedures from an Agent Member directing the Registrar to credit or cause to be credited a beneficial interest in the corresponding Regulation S Global Note, but not less than the Minimum Denomination applicable to such holder's Notes, in an amount equal to the beneficial interest in the Rule 144A Global Note to be exchanged or transferred, (B) a written order given in accordance with DTC's procedures containing information regarding the participant account of DTC and the Euroclear or Clearstream account to be credited with such increase, (C) a certificate in the form of Exhibit B-1 attached hereto given by the holder of such beneficial interest stating that the exchange or transfer of such interest has been made in compliance with the transfer restrictions applicable to the Global Notes, including that the holder or the transferee, as applicable, is not a U.S. Person, and (D) a written certification in the form of Exhibit B-3 attached hereto given by the transferee in respect of such beneficial interest stating, among other things, that such transferee is not a U.S. Person, then the Registrar shall approve the instructions at DTC to reduce the principal amount of the Rule 144A Global Note and to increase the principal amount of the Regulation S Global Note by the aggregate principal amount of the beneficial interest in the Rule 144A Global Note to be exchanged or transferred, and to credit or cause to be credited to the securities account of the Agent Member specified in such instructions a beneficial interest in the corresponding Regulation S Global Note equal to the reduction in the principal amount of the Rule 144A Global Note.

(ii) Regulation S Global Note to Rule 144A Global Note If a holder of a beneficial interest in a Regulation S Global Note deposited with DTC wishes at any time to exchange its interest in such Regulation S Global Note for an interest in the corresponding Rule 144A Global Note or to transfer its interest in such Regulation S Global Note to a Person who wishes to take delivery thereof in the form of an interest in the corresponding Rule 144A Global Note, such holder may, subject to the immediately succeeding sentence and the rules and procedures of Euroclear, Clearstream and/or DTC, as the case may be, exchange or transfer, or cause the exchange or transfer of, such interest for an equivalent beneficial interest in the corresponding Rule 144A Global Note. Upon receipt by the Registrar of (A) instructions from Euroclear, Clearstream and/or DTC, as the case may be, directing the Registrar to cause to be credited a beneficial interest in the corresponding Rule 144A Global Note in an amount equal to the beneficial interest in such Regulation S Global Note, but not less than the Minimum Denomination applicable to such holder's Notes to be exchanged or transferred, such instructions to contain information regarding the participant account with DTC to be credited with such increase, (B) a certificate in the form of Exhibit B-2 attached hereto given by the holder of such beneficial interest and stating, among other things, that, in the case of a transfer, the Person transferring such interest in such Regulation S Global Note reasonably believes that the Person acquiring such interest in a Rule 144A Global Note is a QIB/QP, is obtaining such beneficial interest in a transaction meeting the requirements of Rule 144A and in accordance with any applicable securities laws of any state of the United States or any other jurisdiction and (C) a written certification in the form of Exhibit B-3 attached hereto given by the transferee in respect of such beneficial interest stating, among other things, that such transferee is a QIB/QP, then the Registrar will approve the instructions at DTC to reduce, or cause to be reduced, the Regulation S Global Note by the aggregate principal amount of the beneficial interest in the Regulation S Global Note to be transferred or exchanged and the Registrar shall instruct DTC, concurrently with such reduction, to credit or cause to be credited to the securities account of the Agent Member specified in such instructions a beneficial interest in the corresponding Rule 144A Global Note equal to the reduction in the principal amount of the Regulation S Global Note.

(iii) Global Note to Certificated Note Subject to Section 2.11(a), if a holder of a beneficial interest in a Global Note deposited with DTC wishes at any time to transfer its interest in such Global Note to a Person who wishes to take delivery thereof in the form of a corresponding Certificated Note, such holder may, subject to the immediately succeeding sentence and the rules and procedures of Euroclear, Clearstream and/or DTC, as the case may be, transfer, or cause the transfer of, such interest for a Certificated Note. Upon receipt by the Registrar of (A) a certificate substantially in the form of Exhibit B-2 attached hereto executed by the transferee and (B) appropriate instructions from DTC, if required, the Registrar will approve the instructions at DTC to reduce, or cause to be reduced, the Global Note by the aggregate principal amount of the beneficial interest in the Global Note to be transferred and record the transfer in the Register in accordance with Section 2.6(a) and upon execution by the Applicable Issuer, authentication by the Trustee or the Authenticating Agent and delivery by the Trustee of one or more corresponding Certificated Notes, registered in the names specified in the instructions described in clause (B) above, in principal amounts designated by the transferee (the aggregate of such principal amounts being equal to the aggregate principal amount of the interest in such Global Note transferred by the transferor), and in authorized denominations.

(g) Transfers of Certificated Notes shall only be made in accordance with Section 2.2(b) and this Section 2.6(g).

(i) Certificated Notes to Global Notes If a holder of a Certificated Note wishes at any time to exchange its interest in such Certificated Note for a beneficial interest in a corresponding Global Note or to transfer such Certificated Note to a Person who wishes to take delivery thereof in the form of a beneficial interest in a corresponding Global Note, such holder may, subject to the immediately succeeding sentence and the rules and procedures of Euroclear, Clearstream and/or DTC, as the case may be, exchange or transfer, or cause the exchange or transfer of, such Certificated Note for a beneficial interest in a corresponding Global Note. (h) If Notes are issued upon the transfer, exchange or replacement of Notes bearing the applicable legends set forth in Exhibit A hereto, and if a request is made to remove such applicable legend on such Notes, the applicable legend shall not be removed unless there is delivered to the Trustee and the Applicable Issuer such satisfactory evidence, which may include an Opinion of Counsel acceptable to them, as may be reasonably required by the Applicable Issuer (and which shall by its terms permit reliance by the Trustee), to the effect that neither such applicable legend nor the restrictions on transfer set forth therein are required to ensure that transfers thereof comply with the provisions of the Securities Act, the 1940 Act, ERISA or the Code. Upon provision of such satisfactory evidence, the Trustee or its Authenticating Agent, at the written direction of the Applicable Issuer shall, after due execution by the Applicable Issuer authenticate and deliver Notes that do not bear such applicable legend.

(vi) Such beneficial owner will provide notice to each Person to whom it proposes to transfer any interest in the Notes of the transfer restrictions and representations set forth in this [Section 2.6](#), including the Exhibits referenced herein.

(vii) Such beneficial owner understands that the Issuer has the right to compel any beneficial owner of any Re-Priced Class that does not consent to a Re-Pricing with respect to its Notes pursuant to the terms hereof to sell its interest in the Notes, or may sell such interest in the Notes on behalf of such beneficial owner in accordance with the terms hereof.

(viii) (1)(A) The express terms of this Indenture govern the rights of the Holders to direct the commencement of a Proceeding against any Person, (B) this Indenture contains limitations on the rights of the Holders to direct the commencement of any such Proceeding, and (C) each Holder shall comply with such express terms if it seeks to direct the commencement of any such Proceeding; (2) there are no implied rights under this Indenture to direct the commencement of any such Proceeding; and (3) notwithstanding any provision of this Indenture, the Secured Notes, the Preferred Shares, the Collateral Management Agreement, the Collateral Administration Agreement or any other agreement, the Issuer shall be under no duty or obligation of any kind to the holders of the Notes, or any of them, to institute any legal or other proceedings of any kind, against any person or entity, including, without limitation, the Trustee, the Collateral Manager, the Collateral Administrator or the Calculation Agent.

(ix) Such beneficial owner agrees that the Issuer, or the Re-Pricing Intermediary on behalf of the Issuer, may enter into binding commitments to sell and transfer all Notes of a Re-Priced Class held by non-consenting holders pursuant to this Indenture, and if such beneficial owner is a non-consenting holder, it agrees to sell and transfer its Notes in accordance with the provisions of this Indenture and hereby irrevocably appoints the Issuer, or the Re-Pricing Intermediary on behalf of the Issuer, as its true and lawful agent and attorney-in-fact (with full power of substitution) in its name, place and stead and at its expense, in connection with such sale and transfer, and agrees to cooperate with the Issuer, the Re-Pricing Intermediary on behalf of the Issuer, or the Trustee to effect such sale and transfers.

(x) Such beneficial owner is not a member of the public in the Cayman Islands.

(xi) Such beneficial owner agrees to be subject to the Bankruptcy Subordination Agreement.

(xii) Such beneficial owner understands and agrees that such Notes are from time to time and at any time limited recourse obligations of the Issuer (and, in the case of Co-Issued Notes, the Co-Issuer), payable solely from proceeds of the Assets available at such time in accordance with the Priority of Payments, and following realization of the Assets and application of the proceeds thereof in accordance with this Indenture, all obligations of and any claims against the Issuer (and, in the case of Co-Issued Notes, the Co-Issuer) thereunder or in connection therewith after such realization will be extinguished and will not thereafter revive.

(xiii) In the case of Certificated Notes, such beneficial owner understands that the Issuer is subject to anti-money laundering legislation in the Cayman Islands and that, accordingly, the Issuer may require a detailed verification of the identity of such beneficial owner or any proposed transferee thereof and the source of the payment used by such beneficial owner or transferee for purchasing such Certificated Notes. Such beneficial owner understands that the laws of other major financial centers may impose similar obligations upon the Issuer.

(xiv) Such beneficial owner acknowledges receipt of the Issuer's privacy notice (which can be accessed at <https://www.walkersglobal.com/external/SPVDPNotice.pdf> and provides information on the Issuer's use of personal data in accordance with the Cayman Islands Data Protection Law, 2017 and, in respect of any EU data subjects, the EU General Data Protection Regulation) and, if applicable, agrees to promptly provide the privacy notice (or any updated version thereof as may be provided from time to time) to each individual (such as any individual directors, shareholders, beneficial owners, authorised signatories, trustees or others) whose personal data it provides to the Issuer or any of its affiliates or delegates including, but not limited to the Administrator.

(j) Each Person who becomes an owner of a Certificated Note will be required to make the representations and agreements set forth in Exhibit B-3.

(k) Any purported transfer of a Note not in accordance with this Section 2.6 shall be null and void and shall not be given effect for any purpose whatsoever.

(l) To the extent required by the Issuer, as determined by the Issuer or the Collateral Manager on behalf of the Issuer, the Issuer may, upon written notice to the Trustee, impose additional transfer restrictions on the Securities to comply with the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 or the Code and other similar laws or regulations, including, without limitation, requiring each transferee of a Security to make representations to the Issuer in connection with such compliance.

(m) The Registrar, the Trustee and the Issuers shall be entitled to conclusively rely on the information set forth on the face of any purchaser, transferor and transferee certificate delivered pursuant to this Section 2.6 and shall be able to presume conclusively the continuing accuracy thereof, in each case without further inquiry or investigation. Notwithstanding anything in this Indenture to the contrary, the Trustee shall not be required to obtain any certificate specifically required by the terms of this Section 2.6 if the Trustee is not notified of or in a position to know of any transfer requiring such a certificate to be presented by the proposed transferor or transferee.

(n) For the avoidance of doubt, notwithstanding anything in this Indenture to the contrary, the Placement Agent may hold a position in a Regulation S Global Note prior to the distribution of the applicable Notes represented by such position.

Section 2.7 Mutilated, Defaced, Destroyed, Lost or Stolen Note. If (a) any mutilated or defaced Note is surrendered to a Transfer Agent, or if there shall be delivered to the Applicable Issuer, the Trustee and the relevant Transfer Agent evidence to their reasonable satisfaction of the destruction, loss or theft of any Note, and (b) there is delivered to the Applicable Issuer, the Trustee and such Transfer Agent such security or indemnity as may be required by them to save each of them harmless, then, in the absence of notice to the Applicable Issuer, the Trustee or such Transfer Agent that such Note has been acquired by a protected purchaser, the Applicable Issuer shall execute and, upon Issuer Order, the Trustee shall authenticate, or cause the Authenticating Agent to authenticate, and deliver to the Holder, in lieu of any such mutilated, defaced, destroyed, lost or stolen Note, a new Note, of like tenor (including the same date of issuance) and equal principal or face amount, registered in the same manner, dated the date of its authentication, bearing interest from the date to which interest has been paid on the mutilated, defaced, destroyed, lost or stolen Note and bearing a number not contemporaneously outstanding.

If, after delivery of such new Note, a protected purchaser of the predecessor Note presents for payment, transfer or exchange such predecessor Note, the Applicable Issuer, the Transfer Agent and the Trustee shall be entitled to recover such new Note from the Person to whom it was delivered or any Person taking therefrom, and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost or expense incurred by the Applicable Issuer, the Trustee and the Transfer Agent in connection therewith.

In case any such mutilated, defaced, destroyed, lost or stolen Note has become due and payable, the Applicable Issuer in its discretion may, instead of issuing a new Note pay such Note without requiring surrender thereof except that any mutilated or defaced Note shall be surrendered.

Upon the issuance of any new Note under this Section 2.7, the Applicable Issuer may require the payment by the Holder thereof of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses (including the fees and expenses of the Trustee) connected therewith.

Every new Note issued pursuant to this Section 2.7 in lieu of any mutilated, defaced, destroyed, lost or stolen Note shall constitute an original additional contractual obligation of the Applicable Issuer and such new Note shall be entitled, subject to the second paragraph of this Section 2.7, to all the benefits of this Indenture equally and proportionately with any and all other Notes of the same Class duly issued hereunder.

The provisions of this Section 2.7 are exclusive and shall preclude (to the extent lawful) all other rights and remedies with respect to the replacement or payment of mutilated, defaced, destroyed, lost or stolen Notes.

Section 2.8 Payment of Principal and Interest and Other Amounts; Principal and Interest Rights Preserved. (a) The Secured Notes of each Class shall accrue interest during each Interest Accrual Period at the applicable Interest Rate and such interest will be payable quarterly in arrears on each Payment Date on the Aggregate Outstanding Amount thereof as of the first day of the related Interest Accrual Period (after giving effect to payments of principal thereof on such date), except as otherwise set forth below; provided that any interest bearing Additional Securities issued after the Closing Date in accordance with the terms of this Indenture will accrue interest during the Interest Accrual Period in which such Additional Securities are issued from and including the applicable date of issuance of such Additional Securities to but excluding the last day of such Interest Accrual Period at the applicable Interest Rate for such Additional Securities; provided further that, with respect to any Interest Accrual Period during which a Re-Pricing has occurred, the applicable Interest Rate of any Re-Priced Class shall reflect the applicable Re-Pricing Rate from, and including, the applicable Re-Pricing Date. Payment of interest and distributions on each Class of Securities will be subordinated to the payment of interest on each related Priority Class as provided in Section 11.1. To the extent lawful and enforceable, interest on any interest that is not paid when due on any Secured Notes shall accrue at the Interest Rate for such Class until paid as provided herein.

(b) The principal of each Secured Note of each Class matures at par and is due and payable on the date of the Stated Maturity for such Class, unless such principal has been previously repaid or unless the unpaid principal of such Secured Note becomes due and payable at an earlier date by declaration of acceleration, call for redemption or otherwise. Notwithstanding the foregoing, the payment of principal of each Class of Secured Notes may only occur in accordance with the Priority of Payments. Payments of principal on any Class of Secured Notes which are not paid, in accordance with the Priority of Payments, on any Payment Date (other than the Payment Date which is the Stated Maturity of such Class of Secured Notes or any Redemption Date), because of insufficient funds therefor shall not be considered “due and payable” for purposes of Section 5.1(a) until the Payment Date on which such principal may be paid in accordance with the Priority of Payments or all Priority Classes with respect to such Class have been paid in full.

(c) Principal payments on the Secured Notes will be made in accordance with the Priority of Payments and Article IX.

(d) The Paying Agent shall require the previous delivery of properly completed and signed applicable tax certifications (generally, in the case of U.S. federal income tax, an IRS Form W-9 (or applicable successor form) in the case of a United States person or the applicable IRS Form W-8 (or applicable successor form) in the case of a Person that is not a United States person) or other certification acceptable to it to enable the Issuer, the Co-Issuer, the Trustee and any Paying Agent to determine their duties and liabilities with respect to any taxes or other charges that they may be required to pay, deduct or withhold from payments in respect of such Note or the Holder or beneficial owner of such Note under any present or future law or regulation of the United States, any other jurisdiction or any political subdivision thereof or taxing authority therein or to comply with any reporting or other requirements under any such law or regulation (including any cost basis reporting obligations) and the delivery of any information required under FATCA. The Issuer shall not be obligated to pay any additional amounts to the Holders or beneficial owners of the Notes as a result of deduction or withholding for or on account of any present or future taxes, duties, assessments or governmental charges with respect to the Notes. Nothing herein shall be construed to obligate the Paying Agent to determine the duties or liabilities of the Issuer or any other paying agent with respect to any tax certification or withholding requirements, or any tax certification or withholding requirements of any jurisdiction, political subdivision or taxing authority outside the United States.

(e) Payments in respect of interest on and principal of any Secured Notes shall be made by the Trustee in Dollars to DTC or its designee with respect to a Global Note and to the Holder or its nominee with respect to a Certificated Note, by wire transfer, as directed by such Person, in immediately available funds to a Dollar account maintained by DTC or its nominee with respect to a Global Note, to the Holder or its nominee with respect to a Certificated Note; provided that in the case of a Certificated Note (1) the Holder thereof shall have provided written wiring instructions to the Trustee on or before the related Record Date and (2) if appropriate instructions for any such wire transfer are not received by the related Record Date, then such payment shall be made by check drawn on a U.S. bank mailed to the address of the Holder specified in the Register. Payments in respect to the Preferred Shares shall be made by the Trustee to the Fiscal Agent, on behalf of the Issuer, for payments to Shareholders. Upon final payment due on the Maturity of a Note, the Holder thereof shall present and surrender such Note at the Corporate Trust Office of the Trustee or at the office of any Paying Agent on or prior to such Maturity; provided that if the Trustee and the Issuers shall have been furnished such security or indemnity as may be required by them to save each of them harmless and an undertaking thereafter to surrender such certificate, then, in the absence of notice to the Issuers or the Trustee that the applicable Note has been acquired by a protected purchaser, such final payment shall be made without presentation or surrender. None of the Issuers, the Trustee, the Collateral Manager, nor any Paying Agent will have any responsibility or liability for any aspects of the records (or for maintaining, supervising or reviewing such records) maintained by DTC, Euroclear, Clearstream or any of the Agent Members or any of their nominees relating to or for payments made thereby on account of beneficial interests in a Global Note. In the case where any final payment of principal and interest is to be made on any Secured Note (other than on the Stated Maturity thereof), the Trustee, in the name and at the expense of the Issuers shall prior to the date on which such payment is to be made, mail (by first class mail, postage prepaid) to the Persons entitled thereto at their addresses appearing on the Register, a notice which shall specify the date on which such payment will be made, the amount of such payment per U.S.\$1,000 original principal amount of such Notes and the place where such Notes may be presented and surrendered for such payment.

(f) Payments of principal to Holders of the Secured Notes of each Class shall be made in the proportion that the Aggregate Outstanding Amount of the Secured Notes of such Class registered in the name of each such Holder on the applicable Record Date bears to the Aggregate Outstanding Amount of all Secured Notes of such Class on such Record Date.

(g) Interest accrued with respect to the Floating Rate Notes shall be calculated on the basis of the actual number of days elapsed in the applicable Interest Accrual Period divided by 360.

(h) All reductions in the principal amount of a Note (or one or more predecessor Notes) effected by payments of installments of principal made on any Payment Date or Redemption Date shall be binding upon all future Holders of such Note and of any Notes issued upon the registration of transfer thereof or in exchange therefor or in lieu thereof, whether or not such payment is noted on such Note.

(i) Notwithstanding any other provision of this Indenture, the obligations of the Issuers under the Co-Issued Notes and the Issuer under the Securities and this Indenture from time to time and at any time are limited recourse obligations of the Issuers or the Issuer (as applicable) payable solely from the Assets available at such time and following realization of the Assets, and application of the proceeds thereof in accordance with this Indenture, all obligations of and any claims against the Issuers hereunder or in connection herewith after such realization shall be extinguished and shall not thereafter revive. No recourse shall be had against any officer, director, manager, partner, member, employee, shareholder, authorized Person or incorporator of the Issuer, the Co-Issuer, the Collateral Manager or their respective Affiliates, successors or assigns for any amounts payable under the Notes or this Indenture. It is understood that the foregoing provisions of this paragraph (i) shall not (i) prevent recourse to the Assets for the sums due or to become due under any security, instrument or agreement which is part of the Assets or (ii) constitute a waiver, release or discharge of any indebtedness or obligation evidenced by the Securities or secured by this Indenture until such Assets have been realized. It is further understood that the foregoing provisions of this paragraph (i) shall not limit the right of any Person to name the Issuer or the Co-Issuer as a party defendant in any Proceeding or in the exercise of any other remedy under the Notes or this Indenture, so long as no judgment in the nature of a deficiency judgment or seeking personal liability shall be asked for or (if obtained) enforced against any such Person or entity.

(j) Subject to the foregoing provisions of this Section 2.8, each Note delivered under this Indenture and upon registration of transfer of or in exchange for or in lieu of any other Note shall carry the rights to unpaid interest and principal (or other applicable amount) that were carried by such other Note.

Section 2.9 Persons Deemed Owners. The Applicable Issuer, the Trustee, and any agent of the Applicable Issuer or the Trustee shall treat as the owner of each Security the Person in whose name such Security is registered on the Register or Share Register, as applicable, on the applicable Record Date for the purpose of receiving payments of principal and interest on such Security and on, other than as otherwise expressly provided in this Indenture, any other date for all other purposes whatsoever (whether or not such Security is overdue), and neither the Applicable Issuer or the Trustee, or any agent of the Applicable Issuer or the Trustee shall be affected by notice to the contrary.

Section 2.10 Cancellation. All Secured Notes surrendered for payment, registration of transfer, exchange or redemption, or deemed lost or stolen, shall be promptly canceled by the Trustee and may not be reissued or resold. No Notes may be surrendered (including any surrender in connection with any abandonment thereof) except for payment as provided herein, or for registration of transfer or exchange in accordance with an Optional Redemption, a Tax Redemption, Clean-Up Call Redemption, Special Redemption or a Mandatory Redemption (and, in the case of a Special Redemption or a Mandatory Redemption, only to the extent that such Special Redemption or Mandatory Redemption results in the payment in full of the applicable Class of Secured Notes) or for replacement in connection with any Note deemed lost or stolen. Any Notes surrendered for cancellation as permitted by this Section 2.10 shall, if surrendered to any Person other than the Trustee, be delivered to the Trustee. No Notes shall be authenticated in lieu of or in exchange for any Notes canceled as provided in this Section 2.10, except as expressly permitted by this Indenture. All canceled Notes held by the Trustee shall be destroyed or held by the Trustee in accordance with its standard retention policy unless the Issuer shall direct by an Issuer Order received prior to destruction that they be returned to it. The Issuers are not permitted to repurchase any Securities; provided that such prohibition will not be deemed to limit the Issuer's rights or obligations relating to any redemption of the Notes permitted or required pursuant to this Indenture.

Section 2.11 DTC Ceases to Be Depository. (a) A Global Note deposited with DTC pursuant to Section 2.2 shall be transferred in the form of a corresponding Certificated Note to the beneficial owners thereof only if (A) such transfer complies with Section 2.6 of this Indenture and (B) either (x)(i) DTC notifies the Applicable Issuer that it is unwilling or unable to continue as depository for such Global Note, or (ii) DTC ceases to be a Clearing Agency registered under the Exchange Act and, in each case, a successor depository is not appointed by the Issuer within 90 days after receiving notice of such event or (y) an Event of Default has occurred and is continuing and such transfer is requested by any beneficial owner of an interest in such Global Note.

(b) Any Global Note that is transferable in the form of a corresponding Certificated Note to the beneficial owner thereof pursuant to this Section 2.11 shall be surrendered by DTC to the Trustee's Corporate Trust Office to be so transferred, in whole or from time to time in part, without charge, and the Applicable Issuer shall execute and the Trustee shall authenticate, or cause the Authenticating Agent to authenticate, and deliver, upon such transfer of each portion of such Global Note, an equal aggregate principal amount of definitive physical certificates (pursuant to the instructions of DTC) in authorized denominations. Any Certificated Note delivered in exchange for an interest in a Global Note shall, except as otherwise provided by Section 2.6, bear the legends set forth in Exhibit A and shall be subject to the transfer restrictions referred to in such legends.

(c) Subject to the provisions of paragraph (b) of this Section 2.11, the Holder of a Global Note may grant proxies and otherwise authorize any Person, including Agent Members and Persons that may hold interests through Agent Members, to take any action which such Holder is entitled to take under this Indenture or the Notes.

(d) In the event of the occurrence of any of the events specified in sub-Section (a) of this Section 2.11, the Applicable Issuer will promptly make available to the Trustee a reasonable supply of Certificated Notes.

If Certificated Notes are not so issued by the Applicable Issuer to such beneficial owners of interests in Global Notes as required by sub-Section (a) of this Section 2.11, the Applicable Issuers expressly acknowledge that the beneficial owners shall be entitled to pursue any remedy that the Holders of a Global Note would be entitled to pursue in accordance with Article V of this Indenture (but only to the extent of such beneficial owner's interest in the Global Note) as if corresponding Certificated Notes had been issued; provided that the Trustee shall be entitled to rely upon any certificate of ownership provided by such beneficial owners (including a certificate in the form of Exhibit C) and/or other forms of reasonable evidence of such ownership.

Neither the Trustee nor the Registrar shall be liable for any delay in the delivery of directions from the DTC, as depository, and may conclusively rely on, and shall be fully protected in relying on, such direction as to the names of the beneficial owners in whose names such Certificated Notes shall be registered or as to delivery instructions for such Certificated Notes.

Section 2.12 Non-Permitted Holders. (a) Notwithstanding anything to the contrary elsewhere herein, any transfer of a beneficial interest in any Note to a U.S. Person that is not a QIB/QP shall be null and void and any such purported transfer of which the Issuer or the Trustee shall have notice may be disregarded by the Issuer and the Trustee for all purposes. In addition, the acquisition of Notes by a Non-Permitted Holder under Section 2.12(b) shall be null and void *ab initio*.

(b) If any U.S. Person that is not a QIB/QP shall become the Holder or beneficial owner of an interest in any Note (other than a Regulation S Global Note) or any U.S. Person shall become the Holder of a Regulation S Global Note (any such Person a “Non-Permitted Holder”), the acquisition of Notes by such Holder shall be null and void *ab initio*. The Issuer (or the Collateral Manager on behalf of the Issuer) shall, promptly after discovery that such Person is a Non-Permitted Holder by the Issuer or the Trustee or upon notice to the Issuer from the Trustee (if a trust officer of the Trustee obtains actual knowledge, in which case, the Trustee agrees to notify the Issuer of such discovery), send notice to such Non-Permitted Holder demanding that such Non-Permitted Holder transfer its interest in the Notes held by such Non-Permitted Holder to a Person that is not a Non-Permitted Holder within 30 days after the date of such notice. If such Non-Permitted Holder fails to so transfer such Notes, the Issuer or the Collateral Manager acting for the Issuer shall have the right, without further notice to the Non-Permitted Holder, to sell such Notes or interest in such Notes to a purchaser selected by the Issuer that is not a Non-Permitted Holder on such terms as the Issuer may choose. The Issuer, or the Collateral Manager acting on behalf of the Issuer, may select the purchaser by soliciting one or more bids from one or more brokers or other market professionals that regularly deal in securities similar to the Notes, and sell such Notes to the highest such bidder; provided that the Collateral Manager, its Affiliates and accounts, funds, clients or portfolios established and controlled by the Collateral Manager shall be entitled to bid in any such sale. However, the Issuer or the Collateral Manager may select a purchaser by any other means determined by it in its sole discretion. The Holder of each Note, the Non-Permitted Holder and each other Person in the chain of title from the Holder to the Non-Permitted Holder, by its acceptance of an interest in the Notes, agrees to cooperate with the Issuer, the Collateral Manager and the Trustee to effect such transfers. The proceeds of such sale, net of any commissions, expenses and taxes due in connection with such sale shall be remitted to the Non-Permitted Holder. The terms and conditions of any such sale shall be determined in the sole discretion of the Issuer, and none of the Issuer, the Trustee or the Collateral Manager shall be liable to any Person having an interest in the Notes sold as a result of any such sale or the exercise of such discretion.

(c) If any Person shall become the beneficial owner of an interest in any Note who has made or is deemed to have made a prohibited transaction, Benefit Plan Investor or Other Plan Law representation required by Section 2.6 that is subsequently shown to be false or misleading (any such Person a “Non-Permitted ERISA Holder”), the Issuer (or the Collateral Manager on behalf of the Issuer) shall, promptly after discovery that such Person is a Non-Permitted ERISA Holder by the Issuer or upon notice to the Issuer from the Trustee (if a Trust Officer of the Trustee has actual knowledge and who agrees to notify the Issuer upon obtaining actual knowledge), send notice to such Non-Permitted ERISA Holder demanding that such Non-Permitted ERISA Holder transfer all or any portion of the Notes held by such Person to a Person that is not a Non-Permitted ERISA Holder within 10 days after the date of such notice. If such Non-Permitted ERISA Holder fails to so transfer such Notes, the Issuer shall have the right, without further notice to the Non-Permitted ERISA Holder, to sell such Notes or interest in such Notes to a purchaser selected by the Issuer that is not a Non-Permitted ERISA Holder on such terms as the Issuer may choose. The Issuer may select the purchaser by soliciting one or more bids from one or more brokers or other market professionals that regularly deal in securities similar to the Notes, and selling such Notes to the highest such bidder. The holder of each Note, the Non-Permitted ERISA Holder and each other Person in the chain of title from the Holder to the Non-Permitted ERISA Holder, by its acceptance of an interest in the Notes, agrees to cooperate with the Issuer and the Trustee to effect such transfers. The proceeds of such sale, net of any commissions, expenses and taxes due in connection with such sale shall be remitted to the Non-Permitted ERISA Holder. The terms and conditions of any sale under this sub-Section (c) shall be determined in the sole discretion of the Issuer, and none of the Issuers the Trustee or the Collateral Manager shall be liable to any Person having an interest in the Notes sold as a result of any such sale or the exercise of such discretion.

(d) If (i) a Holder of a Note fails for any reason to comply with the Holder AML Obligations or such information or documentation is not accurate or complete or (ii) the Issuer otherwise reasonably determines that such Holder's acquisition, holding or transfer of an interest in any Note would cause the Issuer to be unable to achieve AML Compliance, the Issuer (or any intermediary on the Issuer's behalf) shall have the right to (x) compel the relevant Holder to sell its interest in such Note or (y) sell such interest on such Holder's behalf. The Issuer shall not compel sales for failure to provide such other information or documentation as may be required under the Cayman AML Regulations unless the Issuer reasonably determines the Holder's acquisition, holding or transfer of an interest in such Note would result in a materially adverse effect on the Issuer.

Section 2.13 Treatment and Tax Certification. (a) Each Holder (including, for purposes of this Section 2.13, any beneficial owner of Secured Notes), by acceptance of such Notes or an interest in such Notes shall be deemed to have agreed, to treat, and shall treat, the Issuer, the Co-Issuer and the Notes as described in the "*Certain U.S. Federal Income Tax Considerations*" section of the Offering Circular for all U.S. federal, state and local income tax purposes and will take no action inconsistent with such treatment unless required by law.

(b) Each Holder will timely furnish the Issuer, the Trustee or their respective agents with any tax forms or certifications (including, without limitation, IRS Form W-9, an applicable IRS Form W-8 (together with all applicable attachments), or any successors to such IRS forms) that the Issuer, the Trustee or their respective agents reasonably request in order to (A) make payments to the Holder without, or at a reduced rate of, withholding, (B) qualify for a reduced rate of withholding in any jurisdiction from or through which they receive payments, and (C) satisfy reporting and other obligations under the Code, Treasury regulations, or any other applicable law or regulation (including the Cayman FATCA Legislation), and will update or replace such tax forms or certifications in accordance with their terms or subsequent amendments. Such Holder acknowledges that the failure to provide, update or replace any such tax forms or certifications may result in the imposition of withholding or back-up withholding on payments to the beneficial owner, or to the Issuer. Amounts withheld by the Issuer or their agents that are, in their sole judgment, required to be withheld pursuant to applicable tax laws will be treated as having been paid to such Holder by the Issuer.

(c) Each Holder will provide the Issuer or its agents with any correct, complete and accurate information or documentation that may be required for the Issuer to comply with FATCA, the Cayman FATCA Legislation and the CRS and to prevent the imposition of U.S. federal withholding tax under FATCA on payments to or for the benefit of the Issuer. In the event such Holder fails to provide such information or documentation, or to the extent that its ownership of Notes would otherwise cause the Issuer to be subject to any tax under FATCA, (A) the Issuer (and any agent acting on its behalf) is authorized to withhold amounts otherwise distributable to the investor as compensation for any amounts withheld from payments to or for the benefit of the Issuer as a result of such failure or such ownership, and (B) to the extent necessary to avoid an adverse effect on the Issuer as a result of such failure or such ownership, the Issuer will have the right to compel the investor to sell its Notes and, if such person does not sell its Notes within 10 Business Days after notice from the Issuer or its agents, the Issuer will have the right to sell such Notes at a public or private sale called and conducted in any manner permitted by law, and to remit the net proceeds of such sale (taking into account, in addition to other related costs and charges, any taxes incurred by the Issuer in connection with such sale) to such person as payment in full for such Notes. The Issuer may also assign each such Note a separate securities identifier in the Issuer's sole discretion. Each Holder agrees that the Issuer, the Trustee and/or their agents or representatives may (1) provide any information and documentation concerning its investment in its Notes to the Cayman Islands Tax Information Authority, the U.S. Internal Revenue Service and any other relevant tax authority and (2) take such other steps as they deem necessary or helpful to ensure that the Issuer complies with FATCA and the Cayman FATCA Legislation.

(d) Each Holder will be required or deemed to represent that, if it is not a United States person for U.S. federal income tax purposes, it:

(i) is:

(A) not a bank (or an entity affiliated with a bank) extending credit pursuant to a loan agreement entered into in the ordinary course of its trade or business (within the meaning of Section 881(c)(3)(A) of the Code);

(B) not a "10 percent shareholder" with respect to the holder or any beneficial owners of the Preferred Shares within the meaning of section 871(h)(3) or section 881(c)(3)(B) of the Code; and

(C) not a "controlled foreign corporation" that is related to the holder or any beneficial owners of the Preferred Shares within the meaning of section 881(c)(3)(C) of the Code;

(ii) has provided an IRS Form W-8ECI representing that all payments received or to be received by it from the Issuer are effectively connected with its conduct of a trade or business in the United States and includible in its gross income; or

(iii) is eligible for benefits under an income tax treaty with the United States that eliminates U.S. federal income taxation of payments on the Notes.

(e) Each Holder will be required or deemed to agree to provide the Issuer and the Trustee with certifications necessary to establish that it is not subject to withholding tax under FATCA.

(f) Each Holder represents that it is not a member of an "expanded group" (as defined in Treasury regulations section 1.385-1(c)(4)) with respect to which a beneficial owner of Preferred Shares is a "covered member" (as defined in Treasury regulations section 1.385-1(c)(2)), except to the extent that the Issuer or its agents have provided such beneficial owner with an express waiver of this representation.

(g) Each Holder and beneficial owner of Preferred Shares will be required or deemed to agree to act in accordance with Sections 2.7 and 2.8 of the Fiscal Agency Agreement, as in effect on the Closing Date.

(a) to file and prove a claim or claims for the whole amount of principal and interest owing and unpaid in respect of the Secured Notes upon direction by a Majority of the Controlling Class and to file such other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for reasonable compensation to the Trustee and each predecessor Trustee, and their respective agents, attorneys and counsel, and for reimbursement of all reasonable expenses and liabilities incurred, and all advances made, by the Trustee and each predecessor Trustee, except as a result of negligence or bad faith) and of the Holders allowed in any Proceedings relative to the Issuer or to the creditors or property of the Issuer;

(b) unless prohibited by applicable law and regulations, to vote on behalf of the Holders upon the direction of a Majority of the Controlling Class, in any election of a trustee or a standby trustee in arrangement, reorganization, liquidation or other bankruptcy or insolvency Proceedings or Person performing similar functions in comparable Proceedings; and

(c) to collect and receive any Monies or other property payable to or deliverable on any such claims, and to distribute all amounts received with respect to the claims of the Holders and of the Trustee on their behalf; and any trustee, receiver or liquidator, custodian or other similar official is hereby authorized by each of the Holders to make payments to the Trustee, and, if the Trustee shall consent to the making of payments directly to the Holders to pay to the Trustee such amounts as shall be sufficient to cover reasonable compensation to the Trustee, each predecessor Trustee and their respective agents, attorneys and counsel, and all other reasonable expenses and liabilities incurred, and all advances made, by the Trustee and each predecessor Trustee except as a result of negligence or bad faith.

Nothing herein contained shall be deemed to authorize the Trustee to authorize or consent to or vote for or accept or adopt on behalf of any Holders, any plan of reorganization, arrangement, adjustment or composition affecting the Secured Notes or any Holder thereof, or to authorize the Trustee to vote in respect of the claim of any Holders, as applicable, in any such Proceeding except, as aforesaid, to vote for the election of a trustee in bankruptcy or similar Person.

In any Proceedings brought by the Trustee on behalf of the Holders of the Secured Notes (and any such Proceedings involving the interpretation of any provision of this Indenture to which the Trustee shall be a party), the Trustee shall be held to represent all the Holders of the Secured Notes.

Notwithstanding anything in this Section 5.3 to the contrary, the Trustee may not sell or liquidate the Assets or institute Proceedings in furtherance thereof pursuant to this Section 5.3 except according to the provisions specified in Section 5.5(a).

Section 5.4 Remedies. (a) If an Event of Default has occurred and is continuing, and the Secured Notes have been declared due and payable and such declaration and its consequences have not been rescinded and annulled, the Issuers agree that the Trustee may, and shall, subject to the terms of this Indenture (including Section 6.3(e)), upon written direction of a Majority of the Controlling Class, to the extent permitted by applicable law, exercise one or more of the following rights, privileges and remedies:

- (i) institute Proceedings for the collection of all amounts then payable on the Secured Notes or otherwise payable under this Indenture, whether by declaration or otherwise, enforce any judgment obtained, and collect from the Assets any Monies adjudged due;
- (ii) sell or cause the sale of all or a portion of the Assets or rights or interests therein, at one or more public or private sales called and conducted in any manner permitted by law and in accordance with Section 5.17 hereof;
- (iii) institute Proceedings from time to time for the complete or partial foreclosure of this Indenture with respect to the Assets;
- (iv) exercise any remedies of a secured party under the UCC and take any other appropriate action to protect and enforce the rights and remedies of the Trustee and the Holders of the Secured Notes hereunder (including exercising all rights of the Trustee under the Account Control Agreement); and
- (v) exercise any other rights and remedies that may be available at law or in equity;

provided that the Trustee may not sell or liquidate the Assets or institute Proceedings in furtherance thereof pursuant to this Section 5.4 except according to the provisions of Section 5.5(a).

The Trustee may, but need not, obtain and rely upon an opinion of an Independent investment banking firm of national reputation in structuring and distributing securities similar to the Secured Notes (the reasonable cost of which shall be payable as an Administrative Expense), which may be the Placement Agent, as to the feasibility of any action proposed to be taken in accordance with this Section 5.4 and as to the sufficiency of the proceeds and other amounts receivable with respect to the Assets to make the required payments of principal of and interest on the Secured Notes which opinion shall be conclusive evidence as to such feasibility or sufficiency.

(b) If an Event of Default as described in Section 5.1(d) hereof shall have occurred and be continuing the Trustee may, and at the direction of the Holders of not less than 25% of the Aggregate Outstanding Amount of the Controlling Class shall, subject to the terms of this Indenture (including Section 6.3(e)), institute a Proceeding solely to compel performance of the covenant or agreement or to cure the representation or warranty, the breach of which gave rise to the Event of Default under such Section, and enforce any equitable decree or order arising from such Proceeding.

(c) Upon any sale, whether made under the power of sale hereby given or by virtue of judicial Proceedings, any of the Holders of the Securities, the Trustee, the Collateral Manager, ORCC, the Collateral Administrator or any Affiliate of the Issuers may bid for and purchase the Assets or any part thereof and, upon compliance with the terms of sale and applicable law (including the Advisers Act), may hold, retain, possess or dispose of such property in its or their own absolute right without accountability.

Upon any sale, whether made under the power of sale hereby given or by virtue of judicial Proceedings, the receipt of the Trustee, or of the Officer making a sale under judicial Proceedings, shall be a sufficient discharge to the purchaser or purchasers at any sale for its or their purchase Money, and such purchaser or purchasers shall not be obliged to see to the application thereof.

Any such sale, whether under any power of sale hereby given or by virtue of judicial Proceedings, shall bind the Issuers, the Trustee and the Holders of the Securities, shall operate to divest all right, title and interest whatsoever, either at law or in equity, of each of them in and to the property sold, and shall be a perpetual bar, both at law and in equity, against each of them and their successors and assigns, and against any and all Persons claiming through or under them.

(d) If an Event of Default has occurred and is continuing and the Trustee has directed or been directed to cause a liquidation of the Assets pursuant to this Indenture, ORCC shall have the right to make a contribution in an amount no less than would be sufficient to discharge in full the amounts then due (or, in the case of interest, accrued) and unpaid on the Secured Notes for principal and interest and all other amounts that, pursuant to the Priority of Payments, are required to be paid prior to such payments on such Secured Notes (including any amounts due and owing as Administrative Expenses (without regard to the Administrative Expense Cap) and any due and unpaid Base Management Fee) and upon the making of such contribution, any such direction for liquidation shall be null and void and any liquidation procedures or auction shall be terminated.

(e) Notwithstanding any other provision of this Indenture, none of the Trustee, the Secured Parties or the Holders may, prior to the date which is one year (or if longer, any applicable preference period) plus one day after the payment in full of all Notes and any other debt obligations of the Issuer that have been rated upon issuance, institute against, or join any other Person in instituting against, the Issuer or the Co-Issuer any bankruptcy, reorganization, arrangement, insolvency, moratorium, winding up or liquidation Proceedings, or other similar Proceedings under Cayman Islands, U.S. federal or state bankruptcy or similar laws. Nothing in this Section 5.4 shall preclude, or be deemed to estop, the Trustee (i) from taking any action prior to the expiration of the aforementioned period in (A) any case or Proceeding voluntarily filed or commenced by the Issuer or the Co-Issuer (B) any involuntary insolvency Proceeding filed or commenced by a Person other than the Trustee, or (ii) from commencing against the Issuer, the Co-Issuer or any of its properties any legal action which is not a bankruptcy, reorganization, arrangement, insolvency, moratorium, liquidation or similar Proceeding. The restrictions described in this Section 5.4(e) are a material inducement for each Holder and beneficial owner of Notes to acquire such Notes and for the Issuer, the Co-Issuer and the Collateral Manager to enter into this Indenture (in the case of the Issuer and the Co-Issuer) and the other applicable Transaction Documents and are an essential term of this Indenture. Any Holder, beneficial owner of Notes or either of the Issuers may seek and obtain specific performance of such restrictions (including injunctive relief), including, without limitation, in any bankruptcy, reorganization, arrangement, insolvency, moratorium or liquidation proceedings, or other proceedings under Cayman Islands law, United States federal or state bankruptcy law or similar laws.

(f) In the event one or more Holders or beneficial owners of Securities cause the filing of a petition in bankruptcy against the Issuer in violation of the prohibition described in Section 5.4(e) above, such Holder(s) or beneficial owner(s) will be deemed to acknowledge and agree that any claim that such Holder(s) or beneficial owner(s) have against the Issuer, the Co-Issuer or with respect to any Assets (including any proceeds thereof) shall, notwithstanding anything to the contrary in the Priority of Payments, be fully subordinate in right of payment to the claims of each Holder and beneficial owner of any Secured Notes that does not seek to cause any such filing, with such subordination being effective until each Secured Note held by each Holder or beneficial owner of any Secured Notes that does not seek to cause any such filing is paid in full in accordance with the Priority of Payments (after giving effect to such subordination). The terms described in the immediately preceding sentence are referred to herein as the "Bankruptcy Subordination Agreement". The Bankruptcy Subordination Agreement will constitute a "subordination agreement" within the meaning of Section 510(a) of the Bankruptcy Code. The Trustee shall be entitled to rely upon an issuer order from the Issuer with respect to the payment of amounts payable to Holders, which amounts are subordinated pursuant to this Section 5.4(f).

(g) The Issuer or the Co-Issuer, as applicable, shall, so long as any Notes remain Outstanding and for a year and a day thereafter, timely file an answer and any other appropriate pleading objecting to (i) the institution of any proceeding to have the Issuer or the Co-Issuer, as the case may be, adjudicated as bankrupt or insolvent, or (ii) the filing of any petition seeking relief, reorganization, arrangement, adjustment, liquidation, winding up or composition of or in respect of the Issuer or the Co-Issuer, as the case may be, under any Bankruptcy Law or any other applicable law. The reasonable fees, costs, charges and expenses incurred by the Issuer or Co-Issuer (including reasonable attorneys' fees and expenses) in connection with taking any such action shall be paid as Administrative Expenses.

Section 5.5 Optional Preservation of Assets. (a) Notwithstanding anything to the contrary herein (but subject to the right of the Collateral Manager to direct the Trustee to sell Collateral Obligations or Equity Securities in strict compliance with Section 12.1), if an Event of Default shall have occurred and be continuing, the Trustee shall retain the Assets securing the Secured Notes intact, collect and cause the collection of the proceeds thereof and make and apply all payments at the date or dates fixed by the Trustee and deposit and maintain all accounts in respect of the Assets and the Securities in accordance with the Priority of Payments and the provisions of Article X, Article XII and Article XIII unless:

(i) the Trustee, pursuant to Section 5.5(c), determines that the anticipated proceeds of a sale or liquidation of the Assets (after deducting the reasonable expenses of such sale or liquidation) would be sufficient to discharge in full the amounts then due (or, in the case of interest, accrued) and unpaid on the Secured Notes for principal and interest, and all other amounts that, pursuant to the Priority of Payments, are required to be paid prior to such payments on such Secured Notes (including any amounts due and owing as Administrative Expenses (without regard to the Administrative Expense Cap) and any due and unpaid Base Management Fee) and a Majority of the Controlling Class agrees with such determination and directs the sale and liquidation of the Assets;

(ii) in the case of an Event of Default specified in (A) Section 5.1(a) due to a failure to pay interest on the Class A Notes in accordance with Section 11.1(a)(i) or Section 11.1(a)(ii), (B) Section 5.1(a) due to failure to pay interest on the Class A-1 Notes in accordance with the Special Priority of Payments or (C) Section 5.1(e), the Holders of at least a Majority of the Class A-1 Notes direct the sale and liquidation of the Assets (in each case without regard to whether another Event of Default has occurred prior, contemporaneously or subsequent to such Event of Default); or

(iii) if the Class A-1 Notes are no longer Outstanding, or in the case of any other Event of Default not specified in clause (ii), the Holders of at least a Majority of each Class of Secured Notes (voting separately by Class) direct the sale and liquidation of the Assets.

So long as such Event of Default is continuing, any such retention pursuant to this Section 5.5(a) may be rescinded at any time when the conditions specified in clause (i), (ii) or (iii) exist.

(b) Nothing contained in Section 5.5(a) shall be construed to require the Trustee to sell the Assets securing the Secured Notes if the conditions set forth in clause (i), (ii) or (iii) of Section 5.5(a) are not satisfied. Nothing contained in Section 5.5(a) shall be construed to require the Trustee to preserve the Assets securing the Secured Notes if prohibited by applicable law.

(c) In determining whether the condition specified in Section 5.5(a)(i) exists, the Trustee shall use reasonable efforts to obtain, with the cooperation of the Collateral Manager, bid prices with respect to each Asset from two nationally recognized dealers (as specified by the Collateral Manager in writing) at the time making a market in such Assets and shall compute the anticipated proceeds of sale or liquidation on the basis of the lower of such bid prices for each such Asset. In the event that the Trustee, with the cooperation of the Collateral Manager, is only able to obtain bid prices with respect to each Asset from one nationally recognized dealer at the time making a market in such Assets, the Trustee shall compute the anticipated proceeds of the sale or liquidation on the basis of such one bid price for each such Asset. In addition, for the purposes of determining issues relating to the execution of a sale or liquidation of the Assets and the execution of a sale or other liquidation thereof in connection with a determination whether the condition specified in Section 5.5(a)(i) exists, the Trustee may retain and rely on an opinion of an Independent investment banking firm of national reputation (the cost of which shall be payable as an Administrative Expense).

The Trustee shall deliver to the Holders and the Collateral Manager a report stating the results of any determination required pursuant to Section 5.5(a)(i) no later than 10 days after such determination is made. The Trustee shall make the determinations required by Section 5.5(a)(i) within 30 days after an Event of Default and at the request of a Majority of the Controlling Class at any time during which the Trustee retains the Assets pursuant to Section 5.5(a)(i).

The Trustee shall deliver written notice to the Issuers, the Collateral Manager and the Rating Agency upon receipt of direction pursuant to Section 5.5(a)(i), (ii) or (iii) to liquidate and sell the Assets.

Section 5.6 Trustee May Enforce Claims without Possession of Notes All rights of action and claims under this Indenture or under any of the Secured Notes may be prosecuted and enforced by the Trustee without the possession of any of the Secured Notes or the production thereof in any trial or other Proceeding relating thereto, and any such action or Proceeding instituted by the Trustee shall be brought in its own name as trustee of an express trust, and any recovery of judgment shall be applied as set forth in Section 5.7 hereof.

Section 5.7 Application of Money Collected. Any Money collected by the Trustee with respect to the Notes pursuant to this Article V and any Money that may then be held or thereafter received by the Trustee with respect to the Notes hereunder shall be applied, subject to Section 13.1 and in accordance with the provisions of Section 11.1(a)(iii), at the date or dates fixed by the Trustee. Upon the final distribution of all proceeds of any liquidation effected hereunder, the provisions of Section 4.1(a) and Section 4.1(b) shall be deemed satisfied for the purposes of discharging this Indenture pursuant to Article IV.

Section 5.8 Limitation on Suits. No Holder of any Note shall have any right to institute any Proceedings, judicial or otherwise, with respect to this Indenture or any Note, or for the appointment of a receiver or trustee, or for any other remedy hereunder, unless:

- (a) such Holder has previously given to the Trustee written notice of an Event of Default;
- (b) the Holders of not less than 25% of the then Aggregate Outstanding Amount of the Securities of the Controlling Class shall have made written request to the Trustee to institute Proceedings in respect of such Event of Default in its own name as Trustee hereunder and such Holder or Holders have provided the Trustee indemnity reasonably satisfactory to the Trustee against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities which might reasonably be incurred by it in compliance with such request;
- (c) the Trustee, for 30 days after its receipt of such notice, request and provision of such indemnity, has failed to institute any such Proceeding; and
- (d) no direction inconsistent with such written request has been given to the Trustee during such 30-day period by a Majority of the Controlling Class; it being understood and intended that no one or more Holders of Notes shall have any right in any manner whatever by virtue of, or by availing itself of, any provision of this Indenture to affect, disturb or prejudice the rights of any other Holders of Notes of the same Class or to obtain or to seek to obtain priority or preference over any other Holders of the Notes of the same Class or to enforce any right under this Indenture, except in the manner herein provided and for the equal and ratable benefit of all the Holders of Notes of the same Class subject to and in accordance with Section 13.1 and the Priority of Payments.

In the event the Trustee shall receive conflicting or inconsistent requests and indemnity pursuant to this Section 5.8 from two or more groups of Holders of the Controlling Class, each representing less than a Majority of the Controlling Class, the Trustee shall act in accordance with the request specified by the group of Holders with the greatest percentage of the Aggregate Outstanding Amount of the Controlling Class, notwithstanding any other provisions of this Indenture. If all such groups represent the same percentage, the Trustee, in its sole discretion, may determine what action, if any, shall be taken.

Section 5.9 Unconditional Rights of Holders to Receive Principal and Interest. Subject to Section 2.8(i), but notwithstanding any other provision of this Indenture, the Holder of any Secured Note shall have the right, which is absolute and unconditional, to receive payment of the principal of and interest on such Secured Note, as such principal, interest and other amounts become due and payable in accordance with the Priority of Payments and Section 13.1, as the case may be, and, subject to the provisions of Section 5.8, to institute proceedings for the enforcement of any such payment, and such right shall not be impaired without the consent of such Holder. Holders of Secured Notes ranking junior to Secured Notes still Outstanding shall have no right to institute Proceedings to request the Trustee to institute proceedings for the enforcement of any such payment until such time as no Secured Notes ranking senior to such Secured Notes remains Outstanding, which right shall be subject to the provisions of Section 5.8, and shall not be impaired without the consent of any such Holder.

Section 5.10 Restoration of Rights and Remedies. If the Trustee or any Holder has instituted any Proceeding to enforce any right or remedy under this Indenture and such Proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Holder, then and in every such case the Issuers, the Trustee and the Holder shall, subject to any determination in such Proceeding, be restored severally and respectively to their former positions hereunder, and thereafter all rights and remedies of the Issuers, Trustee and the Holder shall continue as though no such Proceeding had been instituted.

Section 5.11 Rights and Remedies Cumulative. No right or remedy herein conferred upon or reserved to the Trustee or to the Holders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Section 5.12 Delay or Omission Not Waiver. No delay or omission of the Trustee or any Holder of Secured Notes to exercise any right or remedy accruing upon any Event of Default shall impair any such right or remedy or constitute a waiver of any such Event of Default or an acquiescence therein or of a subsequent Event of Default. Every right and remedy given by this Article V or by law to the Trustee or to the Holders of the Secured Notes may be exercised from time to time, and as often as may be deemed expedient, by the Trustee or by the Holders of the Secured Notes.

Section 5.13 Control by Majority of Controlling Class. A Majority of the Controlling Class shall have the right following the occurrence, and during the continuance of, an Event of Default to cause the institution of and direct the time, method and place of conducting any Proceeding for any remedy available to the Trustee or exercising any trust or power conferred upon the Trustee under this Indenture; provided that:

- (a) such direction shall not conflict with any rule of law or with any express provision of this Indenture;
- (b) the Trustee may take any other action deemed proper by the Trustee that is not inconsistent with such direction; provided that subject to Section 6.1, the Trustee need not take any action that it determines might involve it in liability or expense (unless the Trustee has received the indemnity as set forth in (c) below);

(c) the Trustee shall have been provided with an indemnity reasonably satisfactory to it; and

(d) notwithstanding the foregoing, any direction to the Trustee to undertake a Sale of the Assets shall be by the Holders of Secured Notes representing the requisite percentage of the Aggregate Outstanding Amount of Secured Notes specified in Section 5.4 and/or Section 5.5.

Section 5.14 Waiver of Past Defaults. Prior to the time a judgment or decree for payment of the Money due has been obtained by the Trustee, as provided in this Article V, a Majority of the Controlling Class may on behalf of the Holders of all the Secured Notes waive any past Default or Event of Default and its consequences, except a Default:

(a) in the payment of the principal of any Secured Note (which may be waived only with the consent of the Holder of such Secured Note);

(b) in the payment of interest on any Secured Note (which may be waived only with the consent of the Holder of such Secured Note);

(c) in respect of a covenant or provision hereof that under Section 8.2 cannot be modified or amended without the waiver or consent of the Holder of each Outstanding Security materially and adversely affected thereby (which may be waived only with the consent of each such Holder); or

(d) in respect of a representation contained in Section 7.19 (which may be waived only by a Majority of the Controlling Class if the S&P Rating Condition is satisfied).

In the case of any such waiver, the Issuers, the Trustee and the Holders of the Securities shall be restored to their former positions and rights hereunder, respectively, but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereto. The Trustee shall promptly give written notice of any such waiver to the Rating Agency, the Collateral Manager and each Holder. Upon any such waiver, such Default shall cease to exist, and any Event of Default arising therefrom shall be deemed to have been cured, for every purpose of this Indenture.

Section 5.15 Undertaking for Costs. All parties to this Indenture agree, and each Holder of any Note by such Holder's acceptance thereof shall be deemed to have agreed, that any court may in its discretion require, in any suit for the enforcement of any right or remedy under this Indenture, or in any suit against the Trustee for any action taken, or omitted by it as Trustee, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees, against any party litigant in such suit, having due regard to the merits and good faith of the claims or defenses made by such party litigant; but the provisions of this Section 5.15 shall not apply to any suit instituted by the Trustee, to any suit instituted by any Holder, or group of Holders, holding in the aggregate more than 10% of the Aggregate Outstanding Amount of the Controlling Class, or to any suit instituted by any Holder for the enforcement of the payment of the principal of or interest on any Secured Note on or after the applicable Stated Maturity (or, in the case of redemption which has resulted in an Event of Default, on or after the applicable Redemption Date).

Section 5.16 Waiver of Stay or Extension Laws. The Issuers covenant (to the extent that it may lawfully do so) that it will not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any valuation, appraisal, redemption or marshalling law or rights, in each case wherever enacted, now or at any time hereafter in force, which may affect the covenants set forth in, the performance of, or any remedies under this Indenture; and the Issuers (to the extent that it may lawfully do so) hereby expressly waive all benefit or advantage of any such law or rights, and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Trustee, but will suffer and permit the execution of every such power as though no such law had been enacted or rights created.

Section 5.17 Sale of Assets. (a) The power to effect any sale (a "Sale") of any portion of the Assets pursuant to Sections 5.4 and 5.5 shall not be exhausted by any one or more Sales as to any portion of such Assets remaining unsold, but shall continue unimpaired until the entire Assets shall have been sold or all amounts secured by the Assets shall have been paid. The Trustee may upon notice to the Holders, and shall, upon direction of a Majority of the Controlling Class, from time to time postpone any Sale by public announcement made at the time and place of such Sale. The Trustee hereby expressly waives its rights to any amount fixed by law as compensation for any Sale; provided that the Trustee shall be authorized to deduct the reasonable costs, charges and expenses incurred by it in connection with such Sale from the proceeds thereof notwithstanding the provisions of Section 6.7 or other applicable terms hereof.

(b) The Trustee may bid for and acquire any portion of the Assets on behalf of the Holders in connection with a public Sale thereof, and may pay all or part of the purchase price by crediting against amounts owing on the Secured Notes in the case of the Assets or other amounts secured by the Assets, all or part of the net proceeds of such Sale after deducting the reasonable costs, charges and expenses incurred by the Trustee in connection with such Sale notwithstanding the provisions of Section 6.7 hereof or other applicable terms hereof. The Secured Notes need not be produced in order to complete any such Sale, or in order for the net proceeds of such Sale to be credited against amounts owing on the Secured Notes. The Trustee may hold, lease, operate, manage or otherwise deal with any property so acquired in any manner permitted by law in accordance with this Indenture.

(c) If any portion of the Assets consists of securities issued without registration under the Securities Act ("Unregistered Securities"), the Trustee may seek an Opinion of Counsel, or, if no such Opinion of Counsel can be obtained and with the consent of a Majority of the Controlling Class, seek a no action position from the Securities and Exchange Commission or any other relevant federal or State regulatory authorities, regarding the legality of a public or private Sale of such Unregistered Securities.

(d) The Trustee shall execute and deliver an appropriate instrument of conveyance transferring its interest in any portion of the Assets in connection with a Sale thereof, without recourse, representation or warranty. In addition, the Trustee is hereby irrevocably appointed the agent and attorney in fact of the Issuer to transfer and convey its interest in any portion of the Assets in connection with a Sale thereof, and to take all action necessary to effect such Sale. No purchaser or transferee at such a sale shall be bound to ascertain the Trustee's authority, to inquire into the satisfaction of any conditions precedent or see to the application of any Monies.

Section 5.18 Action on the Notes. The Trustee's right to seek and recover judgment on the Notes or under this Indenture shall not be affected by the seeking or obtaining of or application for any other relief under or with respect to this Indenture. Neither the lien of this Indenture nor any rights or remedies of the Trustee or the Holders shall be impaired by the recovery of any judgment by the Trustee against the Issuer or by the levy of any execution under such judgment upon any portion of the Assets or upon any of the assets of the Issuer.

## ARTICLE VI

### THE TRUSTEE

Section 6.1 Certain Duties and Responsibilities. (a) Except during the continuance of an Event of Default known to the Trustee:

(i) the Trustee undertakes to perform such duties and only such duties as are specifically set forth herein, and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(ii) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements hereof; provided that in the case of any such certificates or opinions which by any provision hereof are specifically required to be furnished to the Trustee, the Trustee shall be under a duty to examine the same to determine whether or not they substantially conform to the requirements hereof and shall promptly, but in any event within three (3) Business Days in the case of an Officer's certificate furnished by the Collateral Manager, notify the party delivering the same if such certificate or opinion does not conform. If a corrected form shall not have been delivered to the Trustee within 15 days after such notice from the Trustee, the Trustee shall so notify the Holders.

(b) In case an Event of Default known to the Trustee has occurred and is continuing, the Trustee shall, prior to the receipt of directions, if any, from a Majority of the Controlling Class, or such other percentage as permitted by this Indenture, exercise such of the rights and powers vested in it by this Indenture, and use the same degree of care and skill in its exercise, as a prudent Person would exercise or use under the circumstances in the conduct of such Person's own affairs.

(c) No provision hereof shall be construed to relieve the Trustee from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

(i) this sub-Section shall not be construed to limit the effect of sub-Section (a) of this Section 6.1;

(ii) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer, unless it shall be proven that the Trustee was negligent in ascertaining the pertinent facts;

(iii) the Trustee shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the Issuers or the Collateral Manager in accordance with this Indenture and/or a Majority (or such other percentage as may be required by the terms hereof) of the Controlling Class (or other Class if required or permitted by the terms hereof), relating to the time, method and place of conducting any Proceeding for any remedy available to the Trustee, or exercising any trust or power conferred upon the Trustee, under this Indenture;

(iv) no provision hereof shall require the Trustee to expend or risk its own funds or otherwise incur any financial or other liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers contemplated hereunder, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity satisfactory to it against such risk or liability is not reasonably assured to it unless such risk or liability relates to the performance of its ordinary services, including mailing of notices under this Indenture; and

(v) in no event shall the Trustee be liable for special, indirect, punitive or consequential loss or damage (including lost profits) even if the Trustee has been advised of the likelihood of such damages and regardless of such action.

(d) For all purposes under this Indenture, the Trustee shall not be deemed to have notice or knowledge of any Default or Event of Default described in Sections 5.1(c), (d), (e), (f), or (g) unless a Trust Officer assigned to and working in the Corporate Trust Office has actual knowledge thereof or unless written notice of any event which is in fact such an Event of Default or Default is received by the Trustee at the Corporate Trust Office, and such notice references the Securities generally, the Issuer, the Co-Issuer, the Assets or this Indenture. For purposes of determining the Trustee's responsibility and liability hereunder, whenever reference is made herein to such an Event of Default or a Default, such reference shall be construed to refer only to such an Event of Default or Default of which the Trustee is deemed to have notice as described in this Section 6.1.

(e) Upon the Trustee receiving written notice from the Collateral Manager that an event constituting "Cause" has occurred, the Trustee shall, not later than two (2) Business Days thereafter, forward such notice to the Holders (as their names appear in the Register or the Share Register, as applicable) and the Rating Agency.

(f) Whether or not therein expressly so provided, every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section 6.1.

Section 6.2 Notice of Event of Default. Promptly (and in no event later than three (3) Business Days) after the occurrence of any Event of Default actually known to a Trust Officer of the Trustee or after any declaration of acceleration has been made or delivered to the Trustee pursuant to Section 5.2, the Trustee shall transmit by mail to the Issuer, the Co-Issuer, the Collateral Manager, the Rating Agency, all Holders (as their names and addresses appear on the Register or the Share Register, as applicable), notice of all Event of Defaults hereunder known to the Trustee, unless such Event of Default shall have been cured or waived.

Section 6.3 Certain Rights of Trustee. Except as otherwise provided in Section 6.1:

(a) the Trustee may conclusively rely and shall be fully protected in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, note or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties;

(b) any request or direction of the Issuer or the Co-Issuer mentioned herein shall be sufficiently evidenced by an Issuer Request or Issuer Order, as the case may be;

(c) whenever in the administration of this Indenture the Trustee shall (i) deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon an Officer's certificate or Issuer Order or (ii) be required to determine the value of any Assets or funds hereunder or the cash flows projected to be received therefrom, the Trustee may, in the absence of bad faith on its part, rely on reports of nationally recognized accountants, investment bankers or other Persons qualified to provide the information required to make such determination, including nationally recognized dealers in Assets of the type being valued, securities quotation services, loan pricing services and loan valuation agents;

(d) as a condition to the taking or omitting of any action by it hereunder, the Trustee may consult with counsel and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken or omitted by it hereunder in good faith and in reliance thereon;

(e) the Trustee shall be under no obligation to exercise or to honor any of the rights or powers vested in it by this Indenture at the request or direction of any of the Holders pursuant to this Indenture, unless such Holders shall have provided to the Trustee security or indemnity reasonably satisfactory to it against the costs, expenses (including reasonable attorneys' fees and expenses) and liabilities which might reasonably be incurred by it in compliance with such request or direction;

(f) the Trustee shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, note or other paper or document, but the Trustee, in its discretion, may, and upon the written direction of a Majority of the Controlling Class or of the Rating Agency shall (subject to the right hereunder to be reasonably satisfactorily indemnified for associated expense and liability), make such further inquiry or investigation into such facts or matters as it may see fit or as it shall be directed, and the Trustee shall be entitled, on reasonable prior notice to the Issuers and the Collateral Manager, to examine the books and records relating to the Securities and the Assets, personally or by agent or attorney, during the Issuers' or the Collateral Manager's normal business hours; provided that the Trustee shall, and shall cause its agents to, hold in confidence all such information, except (i) to the extent disclosure may be required by law by any regulatory, administrative or governmental authority and (ii) to the extent that the Trustee, in its sole discretion, may determine that such disclosure is consistent with its obligations hereunder; provided further that the Trustee may disclose on a confidential basis any such information to its agents, attorneys and auditors in connection with the performance of its responsibilities hereunder;

(g) the Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys; provided that the Trustee shall not be responsible for any misconduct or negligence on the part of any agent appointed or attorney appointed, with due care by it hereunder;

(h) the Trustee shall not be liable for any action it takes or omits to take in good faith that it reasonably believes to be authorized or within its rights or powers hereunder, including actions or omissions to act at the direction of the Collateral Manager;

(i) nothing herein shall be construed to impose an obligation on the part of the Trustee to monitor, recalculate, evaluate or verify or independently determine the accuracy of any report, certificate or information received from the Issuer, the Co-Issuer or the Collateral Manager (unless and except to the extent otherwise expressly set forth herein or in the Collateral Administration Agreement);

(j) to the extent any defined term hereunder, or any calculation required to be made or determined by the Trustee hereunder, is dependent upon or defined by reference to generally accepted accounting principles (as in effect in the United States) ("GAAP"), the Trustee shall be entitled to request and receive (and rely upon) instruction from the Issuer or the accountants identified in the Accountants' Report (and in the absence of its receipt of timely instruction therefrom, shall be entitled to obtain from an Independent accountant at the expense of the Issuer) as to the application of GAAP in such connection, in any instance;

(k) the Trustee shall not be liable for the actions or omissions of, or any inaccuracies in the records of, the Collateral Manager, the Issuer, the Co-Issuer, any Paying Agent (other than the Trustee), DTC, Euroclear, Clearstream, or any other clearing agency or depository and without limiting the foregoing, the Trustee shall not be under any obligation to monitor, evaluate or verify compliance by the Collateral Manager with the terms hereof or of the Collateral Management Agreement, or to verify or independently determine the accuracy of information received by the Trustee from the Collateral Manager (or from any selling institution, agent bank, trustee or similar source) with respect to the Assets;

(l) notwithstanding any term hereof (or any term of the UCC that might otherwise be construed to be applicable to a "securities intermediary" as defined in the UCC) to the contrary, none of the Trustee, the Custodian or the Securities Intermediary shall be under a duty or obligation in connection with the acquisition or Grant by the Issuer to the Trustee of any item constituting the Assets, or to evaluate the sufficiency of the documents or instruments delivered to it by or on behalf of the Issuers in connection with its Grant or otherwise, or in that regard to examine any Underlying Document, in each case, in order to determine compliance with applicable requirements of and restrictions on transfer in respect of such Assets;

(m) in the event the Bank is also acting in the capacity of Paying Agent, Registrar, Transfer Agent, Custodian, Calculation Agent, Collateral Administrator or Securities Intermediary, the rights, protections, benefits, immunities and indemnities afforded to the Trustee pursuant to this Article VI shall also be afforded to the Bank acting in such capacities; provided that such rights, protections, benefits, immunities and indemnities shall be in addition to any rights, immunities and indemnities provided in the Account Control Agreement, the Collateral Administration Agreement or any other documents to which the Bank in such capacity is a party;

(n) any permissive right of the Trustee to take or refrain from taking actions enumerated herein shall not be construed as a duty;

(o) to the extent permitted by applicable law, the Trustee shall not be required to give any bond or surety in respect of the execution of this Indenture or otherwise;

(p) except as otherwise provided herein, the Trustee shall not be deemed to have notice or knowledge of any matter unless a Trust Officer has actual knowledge thereof or unless written notice thereof is received by the Trustee at the Corporate Trust Office and such notice references the Securities generally, the Issuer or this Indenture. Whenever reference is made herein to a Default or an Event of Default such reference shall, insofar as determining any liability on the part of the Trustee is concerned, be construed to refer only to a Default or an Event of Default of which the Trustee is deemed to have knowledge in accordance with this paragraph;

(q) the Trustee shall not be responsible for delays or failures in performance resulting from circumstances beyond its control (such circumstances include but are not limited to acts of God, strikes, lockouts, riots, acts of war, loss or malfunctions of utilities, computer (hardware or software) or communications services);

(r) to help fight the funding of terrorism and money laundering activities, the Trustee will obtain, verify, and record information that identifies individuals or entities that establish a relationship or open an account with the Trustee. The Trustee may also ask for formation documents such as organizational documents, an offering memorandum, or other identifying documents to be provided;

(s) in making or disposing of any investment permitted by this Indenture, the Trustee is authorized to deal with itself (in its individual capacity) or with any one or more of its Affiliates, in each case on an arm's-length basis, whether it or such Affiliate is acting as a subagent of the Trustee or for any third party or dealing as principal for its own account. If otherwise qualified, obligations of the Bank or any of its Affiliates shall qualify as Eligible Investments hereunder;

(t) the Trustee or its Affiliates are permitted to receive additional compensation that could be deemed to be in the Trustee's economic self-interest for (i) serving as investment adviser, administrator, shareholder, servicing agent, custodian or subcustodian with respect to certain of the Eligible Investments, (ii) using Affiliates to effect transactions in certain Eligible Investments and (iii) effecting transactions in certain Eligible Investments. Section 6.4 Not Responsible for Recitals or Issuance of Notes. The recitals contained herein and in the Notes, other than the Certificate of Authentication thereon, shall be taken as the statements of the Issuer; and the Trustee assumes no responsibility for their correctness. The Trustee makes no representation as to the validity or sufficiency of this Indenture (except as may be made with respect to the validity of the Trustee's obligations hereunder), the Assets or the Notes. The Trustee shall not be accountable for the use or application by the Issuer of the Notes or the proceeds thereof or any Money paid to the Issuer pursuant to the provisions hereof.

Section 6.5 May Hold Securities. The Trustee, any Paying Agent, Registrar or any other agent of the Issuers, in its individual or any other capacity, may become the owner or pledgee of Securities and may otherwise deal with the Issuers or any of their Affiliates with the same rights it would have if it were not Trustee, Paying Agent, Registrar or such other agent.

Section 6.6 Money Held in Trust. Money held by the Trustee hereunder shall be held in trust to the extent required herein. The Trustee shall be under no liability for interest on any Money received by it hereunder except to the extent of income or other gain on investments which are deposits in or certificates of deposit of the Bank in its commercial capacity and income or other gain actually received by the Trustee on Eligible Investments.

Section 6.7 Compensation and Reimbursement. (a) The Issuer agrees:

(i) to pay the Trustee on each Payment Date reasonable compensation, as set forth in a separate fee schedule delivered to the Issuer in connection with this Indenture, for all services rendered by it hereunder (which compensation shall not be limited by any provision of law in regard to the compensation of a trustee of an express trust);

(ii) except as otherwise expressly provided herein, to reimburse the Trustee in a timely manner upon its request for all reasonable expenses, disbursements and advances incurred or made by the Trustee in accordance with any provision of this Indenture or other Transaction Document (including, without limitation, securities transaction charges and the reasonable compensation and expenses and disbursements of its agents and legal counsel and of any accounting firm or investment banking firm employed by the Trustee pursuant to Section 5.4, 5.5, 6.3(c) or 10.7, except any such expense, disbursement or advance as may be attributable to its negligence, willful misconduct or bad faith) but with respect to securities transaction charges, only to the extent any such charges have not been waived during a Collection Period due to the Trustee's receipt of a payment from a financial institution with respect to certain Eligible Investments, as specified by the Collateral Manager;

(iii) to indemnify the Trustee and its Officers, directors, employees and agents for, and to hold them harmless against, any loss, liability or expense (including reasonable attorneys' fees and expenses) incurred without negligence, willful misconduct or bad faith on their part, arising out of or in connection with the acceptance or administration of this trust or the performance of its duties hereunder, including the costs and expenses of defending themselves (including reasonable attorney's fees and costs) against any claim or liability in connection with the exercise or performance of any of their powers or duties hereunder and under any other agreement or instrument related hereto; and

(b) The Trustee shall receive amounts pursuant to this Section 6.7 and any other amounts payable to it under this Indenture or in any of the Transaction Documents to which the Trustee is a party only as provided in Sections 11.1(a)(i), (ii) and (iii) but only to the extent that funds are available for the payment thereof. Subject to Section 6.9, the Trustee shall continue to serve as Trustee under this Indenture notwithstanding the fact that the Trustee shall not have received amounts due it hereunder; provided that nothing herein shall impair or affect the Trustee's rights under Section 6.9. No direction by the Holders shall affect the right of the Trustee to collect amounts owed to it under this Indenture. If, on any date when a fee or an expense shall be payable to the Trustee pursuant to this Indenture, insufficient funds are available for the payment thereof, any portion of a fee or an expense not so paid shall be deferred and payable on such later date on which a fee or an expense shall be payable and sufficient funds are available therefor.

(c) The Trustee hereby agrees not to cause the filing of a petition in bankruptcy for the non-payment to the Trustee of any amounts provided by this Section 6.7 until at least one year (or, if longer, the applicable preference period then in effect) plus one day, after the payment in full of all Notes issued under this Indenture.

(d) The Issuer's payment obligations to the Trustee under this Section 6.7 shall be secured by the lien of this Indenture payable in accordance with the Priority of Payments, and shall survive the discharge of this Indenture and the resignation or removal of the Trustee.

(e) Without limiting Section 5.4, the Trustee hereby agrees not to cause the filing of a petition in bankruptcy against the Issuer or the Co-Issuer on its own behalf or on behalf of the Secured Parties until at least one year (or, if longer, the applicable preference period) plus one day after the payment in full of all of the Notes.

Section 6.8 Corporate Trustee Required; Eligibility. There shall at all times be a Trustee hereunder which shall be an Independent organization or entity organized and doing business under the laws of the United States or of any state thereof, authorized under such laws to exercise corporate trust powers, having a combined capital and surplus of at least U.S.\$200,000,000, subject to supervision or examination by federal or state authority, having a long-term issuer credit rating of at least “BBB+” by S&P and having an office within the United States, and who makes the representations contained in Section 6.17. If such organization or entity publishes reports of condition at least annually, pursuant to law or to the requirements of the aforesaid supervising or examining authority, then for the purposes of this Section 6.8, the combined capital and surplus of such organization or entity shall be deemed to be its combined capital and surplus as set forth in its most recent published report of condition. If at any time the Trustee shall cease to be eligible in accordance with the provisions of this Section 6.8, it shall resign immediately in the manner and with the effect hereinafter specified in this Article VI.

Section 6.9 Resignation and Removal; Appointment of Successor. (a) No resignation or removal of the Trustee and no appointment of a successor Trustee pursuant to this Article VI shall become effective until the acceptance of appointment by the successor Trustee under Section 6.10.

(b) Subject to Section 6.9(a), the Trustee may resign at any time by giving not less than 30 days’ written notice thereof to the Issuers, the Collateral Manager, the Holders of the Securities and the Rating Agency. Upon receiving such notice of resignation, the Issuer shall promptly appoint a successor trustee or trustees satisfying the requirements of Section 6.8 by written instrument, in duplicate, executed by a Responsible Officer of the Issuer, one copy of which shall be delivered to the Trustee so resigning and one copy to the successor Trustee or Trustees, together with a copy to each Holder and the Collateral Manager; provided that such successor Trustee shall be appointed only upon the Act of a Majority of the Securities of each Class or, at any time when an Event of Default shall have occurred and be continuing, by an Act of a Majority of the Controlling Class. If no successor Trustee shall have been appointed and an instrument of acceptance by a successor Trustee shall not have been delivered to the Trustee within 30 days after the giving of such notice of resignation, the resigning Trustee or any Holder, on behalf of itself and all others similarly situated, may petition any court of competent jurisdiction for the appointment of a successor Trustee satisfying the requirements of Section 6.8.

(c) The Trustee may be removed at any time upon 30 days written notice by an Act of a Majority of the Controlling Class and a Majority of the Preferred Shares or, at any time when an Event of Default shall have occurred and be continuing by an Act of a Majority of the Controlling Class, delivered to the Trustee and to the Issuer.

(d) If at any time:

(i) the Trustee shall cease to be eligible under Section 6.8 and shall fail to resign after written request therefor by the Issuer or by any Holder; or

(ii) the Trustee shall become incapable of acting or shall be adjudged as bankrupt or insolvent or a receiver or liquidator of the Trustee or of its property shall be appointed or any public officer shall take charge or control of the Trustee or of its property or affairs for the purpose of rehabilitation, conservation or liquidation;

then, in any such case (subject to Section 6.9(a)), (A) the Issuer, by Issuer Order, may remove the Trustee, or (B) subject to Section 5.15, any Holder may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee.

(e) If the Trustee shall be removed or become incapable of acting, or if a vacancy shall occur in the office of the Trustee for any reason (other than resignation), the Issuer, by Issuer Order, shall promptly appoint a successor Trustee. If the Issuer shall fail to appoint a successor Trustee within 30 days after such removal or incapability or the occurrence of such vacancy, a successor Trustee may be appointed by a Majority of the Controlling Class by written instrument delivered to the Issuer and the retiring Trustee. The successor Trustee so appointed shall, forthwith upon its acceptance of such appointment, become the successor Trustee and supersede any successor Trustee proposed by the Issuer. If no successor Trustee shall have been so appointed by the Issuer or a Majority of the Controlling Class and shall have accepted appointment in the manner hereinafter provided, subject to Section 5.15, the Trustee or any Holder may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Trustee.

(f) The Issuer shall give prompt notice of each resignation and each removal of the Trustee and each appointment of a successor Trustee by mailing written notice of such event by first class mail, postage prepaid, to the Collateral Manager, to the Rating Agency and to the Holders of the Securities as their names and addresses appear in the Register (or, if applicable, the Share Register). Each notice shall include the name of the successor Trustee and the address of its Corporate Trust Office. If the Issuer fails to mail such notice within ten days after acceptance of appointment by the successor Trustee, the successor Trustee shall cause such notice to be given at the expense of the Issuer.

Section 6.10 Acceptance of Appointment by Successor. Every successor Trustee appointed hereunder shall meet the requirements of Section 6.8, shall make the representations and warranties contained in Section 6.17, and shall execute, acknowledge and deliver to the Issuer and the retiring Trustee an instrument accepting such appointment. In addition, so long as the retiring Trustee is the same institution as the Collateral Administrator, unless otherwise agreed to in writing by the Issuer, the successor and the retiring institutions, such successor Trustee shall automatically become, and hereby so agrees to be, the Collateral Administrator pursuant to Section 7(b) of the Collateral Administration Agreement and shall assume the duties of the Collateral Administrator under the terms and conditions of the Collateral Administration Agreement in its acceptance of appointment as successor Trustee until such time, if any, as it is replaced as Collateral Administrator by the Issuer pursuant to the Collateral Administration Agreement. Upon delivery of the required instruments, the resignation or removal of the retiring Trustee shall become effective and such successor Trustee, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts, duties and obligations of the retiring Trustee; but, on request of the Issuer or a Majority of any Class of Securities or the successor Trustee or successor Collateral Administrator, as applicable, such retiring Trustee shall, upon payment of its charges then unpaid, execute and deliver an instrument transferring to such successor Trustee all the rights, powers and trusts of the retiring Trustee, and shall duly assign, transfer and deliver to such successor Trustee all property and Money held by such retiring Trustee hereunder. Upon request of any such successor Trustee, the Issuers shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor Trustee all such rights, powers and trusts.

Section 6.11 Merger, Conversion, Consolidation or Succession to Business of Trustee. Any organization or entity into which the Trustee may be merged or converted or with which it may be consolidated, or any organization or entity resulting from any merger, conversion or consolidation to which the Trustee shall be a party, or any organization or entity succeeding to all or substantially all of the corporate trust business of the Trustee, shall be the successor of the Trustee hereunder; provided that such organization or entity shall be otherwise qualified and eligible under this Article VI, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any of the Notes has been authenticated, but not delivered, by the Trustee then in office, any successor by merger, conversion or consolidation to such authenticating Trustee may adopt such authentication and deliver the Notes so authenticated with the same effect as if such successor Trustee had itself authenticated such Notes.

Section 6.12 Co-Trustees. At any time or times, the Issuer and the Trustee shall have power to appoint one or more Persons to act as co-trustee (subject to the satisfaction of the S&P Rating Condition), jointly with the Trustee, of all or any part of the Assets, with the power to file such proofs of claim and take such other actions pursuant to Section 5.6 herein and to make such claims and enforce such rights of action on behalf of the Holders, as such Holders themselves may have the right to do, subject to the other provisions of this Section 6.12.

The Issuer shall join with the Trustee in the execution, delivery and performance of all instruments and agreements necessary or proper to appoint a co-trustee. If the Issuer does not join in such appointment within 15 days after the receipt by them of a request to do so, the Trustee shall have the power to make such appointment.

Should any written instrument from the Issuer be required by any co-trustee so appointed, more fully confirming to such co-trustee such property, title, right or power, any and all such instruments shall, on request, be executed, acknowledged and delivered by the Issuer. The Issuer agrees to pay, to the extent funds are available therefor under Section 11.1(a)(i)(A), for any reasonable fees and expenses in connection with such appointment.

Every co-trustee shall, to the extent permitted by law, but to such extent only, be appointed subject to the following terms:

(a) the Notes shall be authenticated and delivered and all rights, powers, duties and obligations hereunder in respect of the custody of securities, Cash and other personal property held by, or required to be deposited or pledged with, the Trustee hereunder, shall be exercised solely by the Trustee;

(b) the rights, powers, duties and obligations hereby conferred or imposed upon the Trustee in respect of any property covered by the appointment of a co-trustee shall be conferred or imposed upon and exercised or performed by the Trustee or by the Trustee and such co-trustee jointly as shall be provided in the instrument appointing such co-trustee;

(c) the Trustee at any time, by an instrument in writing executed by it, with the concurrence of the Issuer evidenced by an Issuer Order, may accept the resignation of or remove any co-trustee appointed under this Section 6.12, and in case an Event of Default has occurred and is continuing, the Trustee shall have the power to accept the resignation of, or remove, any such co-trustee without the concurrence of the Issuer. A successor to any co-trustee so resigned or removed may be appointed in the manner provided in this Section 6.12;

- (d) no co-trustee hereunder shall be personally liable by reason of any act or omission of the Trustee hereunder;
- (e) the Trustee shall not be liable by reason of any act or omission of a co-trustee; and
- (f) any Act of the Holders delivered to the Trustee shall be deemed to have been delivered to each co-trustee.

The Issuer shall notify the Rating Agency of the appointment of a co-trustee hereunder.

Section 6.13 Certain Duties of Trustee Related to Delayed Payment of Proceeds and the Assets If the Trustee shall not have received a payment with respect to any Asset on its Due Date, (a) the Trustee shall promptly notify the Issuer and the Collateral Manager in writing and (b) unless within three (3) Business Days (or the end of the applicable grace period for such payment, if any) after such notice (x) such payment shall have been received by the Trustee or (y) the Issuer, in its absolute discretion (but only to the extent permitted by Section 10.2(a)), shall have made provision for such payment satisfactory to the Trustee in accordance with Section 10.2(a), the Trustee shall, not later than the Business Day immediately following the last day of such period and in any case upon request by the Collateral Manager, request the issuer of such Asset, the trustee under the related Underlying Document or a paying agent designated by either of them, as the case may be, to make such payment not later than three (3) Business Days after the date of such request. If such payment is not made within such time period, the Trustee, subject to the provisions of clause (iv) of Section 6.1(c), shall take such action as the Collateral Manager shall direct. Any such action shall be without prejudice to any right to claim a Default or Event of Default under this Indenture. If the Issuer or the Collateral Manager requests a release of an Asset and/or delivers an additional Collateral Obligation in connection with any such action under the Collateral Management Agreement or under this Indenture, such release shall be subject to Section 10.8 and Article XII of this Indenture, as the case may be. Notwithstanding any other provision hereof, the Trustee shall deliver to the Issuer or its designee any payment with respect to any Asset or any additional Collateral Obligation received after the Due Date thereof to the extent the Issuer previously made provisions for such payment satisfactory to the Trustee in accordance with this Section 6.13 and such payment shall not be deemed part of the Assets.

Reasonably promptly after receipt thereof, the Trustee will notify and provide to the Collateral Manager on behalf of the Issuer a copy of any documents, financial reports, legal opinions or any other information including, without limitation, any notices, reports, requests for waiver, consent requests or any other requests or communications relating to the Assets or any Obligor or to actions affecting the Assets or any Obligor. Upon reasonable request by the Collateral Administrator or the Collateral Manager, the Trustee further agrees to provide to the requesting Person from time to time, on a timely basis, any information in its possession relating to the Collateral Obligations, the Equity Securities and the Eligible Investments as requested so as to enable the requesting Person to perform its duties hereunder, under the Collateral Administration Agreement or under the Collateral Management Agreement, as applicable.

Section 6.14 Authenticating Agents. Upon the request of the Applicable Issuer, the Trustee shall, and if the Trustee so chooses the Trustee may, appoint one or more Authenticating Agents with power to act on its behalf and subject to its direction in the authentication of Notes in connection with the issuance, transfers and exchanges under Sections 2.4, 2.5, 2.6, 2.7 and 8.5, as fully to all intents and purposes as though each such Authenticating Agent had been expressly authorized by such Sections to authenticate such Notes. For all purposes of this Indenture, the authentication of Notes by an Authenticating Agent pursuant to this Section 6.14 shall be deemed to be the authentication of Notes by the Trustee.

Any Person into which any Authenticating Agent may be merged or converted or with which it may be consolidated, or any Person resulting from any merger, consolidation or conversion to which any Authenticating Agent shall be a party, or any Person succeeding to the corporate trust business of any Authenticating Agent, shall be the successor of such Authenticating Agent hereunder, without the execution or filing of any further act on the part of the parties hereto or such Authenticating Agent or such successor corporation.

Any Authenticating Agent may at any time resign by giving written notice of resignation to the Trustee and the Applicable Issuer. The Trustee may at any time terminate the agency of any Authenticating Agent by giving written notice of termination to such Authenticating Agent and the Applicable Issuer. Upon receiving such notice of resignation or upon such a termination, the Trustee shall, upon the written request of the Applicable Issuer, promptly appoint a successor Authenticating Agent and shall give written notice of such appointment to the Applicable Issuer.

Unless the Authenticating Agent is also the same entity as the Trustee, the Applicable Issuer agrees to pay to each Authenticating Agent from time to time reasonable compensation for its services, and reimbursement for its reasonable expenses relating thereto as an Administrative Expense. The provisions of Sections 2.9, 6.4 and 6.5 shall be applicable to any Authenticating Agent.

Section 6.15 Withholding. If any withholding tax is imposed by applicable law on the Issuer's payments (or allocations of income) under the Notes, such tax shall reduce the amount otherwise distributable to the relevant Holder. The Trustee and any other Paying Agent are hereby authorized and directed to retain from amounts otherwise distributable to any Holder sufficient funds for the payment of any such tax that is legally owed or required to be withheld by the Issuer (but such authorization shall not prevent the Trustee or any such other Paying Agent from contesting any such tax in appropriate Proceedings and withholding payment of such tax, if permitted by law, pending the outcome of such Proceedings) and to timely remit such amounts to the appropriate taxing authority. The amount of any withholding tax imposed with respect to any Note shall be treated as Cash distributed to the relevant Holder at the time it is withheld by the Trustee or any other Paying Agent. If there is a reasonable possibility that withholding is required by applicable law with respect to a distribution, the Paying Agent or the Trustee may, in its sole discretion, withhold such amounts in accordance with this Section 6.15. If any Holder or beneficial owner wishes to apply for a refund of any such withholding tax, the Trustee or such other Paying Agent shall reasonably cooperate with such Person in providing readily available information so long as such Person agrees to reimburse the Trustee or such Paying Agent for any out of pocket expenses incurred. Nothing herein shall impose an obligation on the part of the Trustee or any other Paying Agent to determine the amount of any tax or withholding obligation on the part of the Issuer or in respect of the Notes.

Section 6.16 Fiduciary for Holders Only; Agent for Each Other Secured Party. With respect to the security interest created hereunder, the delivery of any item of Asset to the Trustee is to the Trustee as representative of the Holders and agent for each other Secured Party. In furtherance of the foregoing, the possession by the Trustee of any Asset, and the endorsement to or registration in the name of the Trustee of any Asset (including without limitation as entitlement holder of the Custodial Account) are all undertaken by the Trustee in its capacity as representative of the Holders, and agent for each other Secured Party.

Section 6.17 Representations and Warranties of the Bank. The Bank hereby represents and warrants as follows, in its individual capacity and in its capacities as described below (and any Person that becomes a successor Trustee pursuant to Sections 6.9, 6.10, or 6.11 or a co-trustee pursuant to Section 6.12 represents and warrants as follows in its individual capacity and in its capacity as Trustee where applicable):

(a) Organization. The Bank has been duly organized and is validly existing as a trust company with trust powers under the laws of the Commonwealth of Massachusetts and has the power to conduct its business and affairs as a trustee, paying agent, registrar, transfer agent, custodian, calculation agent and securities intermediary.

( b ) Authorization; Binding Obligations. The Bank has the corporate power and authority to perform the duties and obligations of Trustee, Paying Agent, Registrar, Transfer Agent, Custodian, Calculation Agent and Securities Intermediary under this Indenture. The Bank has taken all necessary corporate action to authorize the execution, delivery and performance of this Indenture, and all of the documents required to be executed by the Bank pursuant hereto. This Indenture has been duly authorized, executed and delivered by the Bank and constitutes the legal, valid and binding obligation of the Bank enforceable in accordance with its terms subject, as to enforcement, (i) to the effect of bankruptcy, insolvency or similar laws affecting generally the enforcement of creditors' rights as such laws would apply in the event of any bankruptcy, receivership, insolvency or similar event applicable to the Bank and (ii) to general equitable principles (whether enforcement is considered in a proceeding at law or in equity).

(c) Eligibility. The Bank is eligible under Section 6.8 to serve as Trustee hereunder.

( d ) No Conflict. Neither the execution, delivery and performance of this Indenture, nor the consummation of the transactions contemplated by this Indenture, (i) is prohibited by, or requires the Bank to obtain any consent, authorization, approval or registration under, any law, statute, rule, regulation, judgment, order, writ, injunction or decree that is binding upon the Bank or any of its properties or assets, or (ii) will violate any provision of, result in any default or acceleration of any obligations under, result in the creation or imposition of any lien pursuant to, or require any consent under, any material agreement to which the Bank is a party or by which it or any of its property is bound.

( e ) Ownership of Securities. On the date of its appointment as Trustee, the Trustee does not own any Securities and has no present intention of acquiring any Securities although it is not restricted from doing so in the future as provided in Section 6.5.

Section 7.2 Maintenance of Office or Agency. The Issuers hereby appoint the Trustee as a Paying Agent for payments or distributions on the Securities, and appoint the Trustee as Transfer Agent at its applicable Corporate Trust Office as the Issuer's agent where Notes may be surrendered for registration of transfer or exchange.

The Issuer may at any time and from time to time vary or terminate the appointment of any such agent or appoint any additional agents for any or all of such purposes and no paying agent shall be appointed in a jurisdiction which subjects payments or distributions on the Securities to withholding tax solely as a result of such Paying Agent's activities. The Issuers shall at all times maintain a duplicate copy of the Register at the Corporate Trust Office. The Issuers shall give prompt written notice to the Trustee, the Rating Agency and the Holders of the appointment or termination of any such agent and of the location and any change in the location of any such office or agency.

If at any time the Issuers shall fail to maintain any such required office or agency, or shall fail to furnish the Trustee with the address thereof, presentations and surrenders may be made (subject to the limitations described in the preceding paragraph), notices and demands may be served on the Issuers, and Notes may be presented and surrendered for payment to the Trustee at its main office, and the Issuers hereby appoint the same as its agent to receive such respective presentations, surrenders, notices and demands.

The Issuers shall maintain and implement administrative and operating procedures reasonably necessary in the performance of their obligations hereunder, and the Issuer shall keep and maintain or cause the Administrator to keep or maintain at all times, or cause to be kept and maintained at all times in the Cayman Islands, all documents, books, records, accounts and other information as are required under the laws of the Cayman Islands.

The Issuers shall maintain an Issuers' Notice Agent at all times. If at any time the Issuers fail to maintain any such required office or agency in the United States, or fail to furnish the Trustee with the address thereof, notices and demands may be served directly on the Issuers. For the avoidance of doubt, notices to the Issuers under the Transaction Documents shall be delivered in accordance with Section 14.3.

Section 7.3 Money for Note Payments to Be Held in Trust All payments of amounts due and payable with respect to any Securities that are to be made from amounts withdrawn from the Payment Account shall be made on behalf of the Issuer (and, in the case of the Co-Issued Notes, the Issuers) by the Trustee or a Paying Agent with respect to payments or distributions on the Securities.

When the Issuers shall have a Paying Agent that is not also the Registrar, the Issuers shall furnish, or cause the Registrar to furnish, no later than the fifth day after each Record Date a list, if necessary, in such form as such Paying Agent may reasonably request, of the names and addresses of the Holders and of the certificate numbers of individual Notes held by each such Holder.

Whenever the Issuers shall have a Paying Agent other than the Trustee, the Issuers shall, on or before the Business Day next preceding each Payment Date and on any Redemption Date, as the case may be, direct the Trustee to deposit on such Payment Date or such Redemption Date, as the case may be, with such Paying Agent, if necessary, an aggregate sum sufficient to pay the amounts then becoming due (to the extent funds are then available for such purpose in the Payment Account), such sum to be held in trust for the benefit of the Persons entitled thereto and (unless such Paying Agent is the Trustee) the Issuers shall promptly notify the Trustee of its action or failure so to act. Any Monies deposited with a Paying Agent (other than the Trustee) in excess of an amount sufficient to pay the amounts then becoming due on the Securities with respect to which such deposit was made shall be paid over by such Paying Agent to the Trustee for application in accordance with Article XI.

The initial Paying Agent shall be as set forth in Section 7.2. Any additional or successor Paying Agents shall be appointed by Issuer Order with written notice thereof to the Trustee; provided that, with respect to any additional or successor Paying Agent, (x) so long as the Notes of any Class are rated by S&P either (i) such Paying Agent has a long-term issuer credit rating of "A+" or higher by S&P or a short-term debt rating of "A-1" by S&P or (ii) the S&P Rating Condition is satisfied. If such successor Paying Agent ceases to have any such minimum rating specified in clause (i) of the immediately preceding sentence, the Issuer shall promptly remove such Paying Agent and appoint a successor Paying Agent. The Issuers shall not appoint any Paying Agent that is not, at the time of such appointment, a depository institution or trust company subject to supervision and examination by federal and/or state and/or national banking authorities. The Issuers shall cause each Paying Agent other than the Trustee to execute and deliver to the Trustee an instrument in which such Paying Agent shall agree with the Trustee and if the Trustee acts as Paying Agent, it hereby so agrees, subject to the provisions of this Section 7.3, that such Paying Agent will:

(a) allocate all sums received for payment to the Holders of Securities for which it acts as Paying Agent on each Payment Date and any Redemption Date among such Persons in the proportion specified in the applicable Distribution Report to the extent permitted by applicable law;

(b) hold all sums held by it for the payment of amounts due with respect to the Securities in trust for the benefit of the Persons entitled thereto until such sums shall be paid to such Persons or otherwise disposed of as herein provided and pay such sums to such Persons as herein provided;

- (c) if such Paying Agent is not the Trustee, immediately resign as a Paying Agent and forthwith pay to the Trustee all sums held by it in trust for the payment of the Securities if at any time it ceases to meet the standards set forth above required to be met by a Paying Agent at the time of its appointment;
- (d) if such Paying Agent is not the Trustee, immediately give the Trustee notice of any default by the Issuer in the making of any payment required to be made; and
- (e) if such Paying Agent is not the Trustee, during the continuance of any such default, upon the written request of the Trustee, forthwith pay to the Trustee all sums so held in trust by such Paying Agent.

The Issuers may at any time, for the purpose of obtaining the satisfaction and discharge of this Indenture or for any other purpose, pay, or by Issuer Order direct any Paying Agent to pay, to the Trustee all sums held in trust by the Issuers or such Paying Agent, such sums to be held by the Trustee upon the same trusts as those upon which such sums were held by the Issuers or such Paying Agent; and, upon such payment by any Paying Agent to the Trustee, such Paying Agent shall be released from all further liability with respect to such Money.

Except as otherwise required by applicable law, any Money deposited with the Trustee or any Paying Agent in trust for any payment on any Securities and remaining unclaimed for two years after such amount has become due and payable shall be paid to the Issuer on Issuer Order; and the Holder of such Securities shall thereafter, as an unsecured general creditor, look only to the Issuer for payment of such amounts (but only to the extent of the amounts so paid to the Issuer) and all liability of the Trustee or such Paying Agent with respect to such trust Money shall thereupon cease. The Trustee or such Paying Agent, before being required to make any such release of payment, may, but shall not be required to, adopt and employ, at the expense of the Issuers any reasonable means of notification of such release of payment, including, but not limited to, mailing notice of such release to Holders whose Securities have been called but have not been surrendered for redemption or whose right to or interest in Monies due and payable but not claimed is determinable from the records of any Paying Agent, at the last address of record of each such Holder.

**Section 7.4 Existence of the Issuers.** (a) Each of the Issuer and Co-Issuer shall take all reasonable steps to maintain its identity as a separate legal entity from that of its shareholders or members, as applicable. Each of the Issuer and the Co-Issuer shall keep its registered office or principal place of business (as the case may be) in the same city, state and country indicated in the address specified in Section 14.3. Each of the Issuer and the Co-Issuer shall keep separate books and records and shall not commingle its respective funds with those of any other Person. The Issuer and the Co-Issuer shall keep in full force and effect their rights and franchises as an exempted company incorporated under the laws of the Cayman Islands and as a limited liability company organized under the laws of the State of Delaware, respectively, shall comply with the provisions of their respective Organizational Documents and shall obtain and preserve their qualification to do business as foreign corporations in each jurisdiction in which such qualifications are or shall be necessary to protect the validity and enforceability of this Indenture, the Securities or any of the Assets; provided that, subject to Cayman Islands law, the Issuer shall be entitled to change its jurisdiction of incorporation from the Cayman Islands to any other jurisdiction reasonably selected by the Issuer and approved by a Majority of the Preferred Shares in accordance with the Memorandum and Articles, so long as (i) the Issuer has received an Opinion of Counsel (upon which the Trustee may conclusively rely) to the effect that such change is not disadvantageous in any material respect to the Holders, (ii) written notice of such change shall have been given to the Trustee by the Issuer, which notice shall be promptly forwarded by the Trustee to the Holders, the Collateral Manager and the Rating Agency, (iii) the S&P Rating Condition is satisfied and (iv) on or prior to the 15th Business Day following receipt of such notice the Trustee shall not have received written notice from a Majority of the Controlling Class objecting to such change.

(b) Each of the Issuer and the Co-Issuer shall (i) ensure that all corporate (or, in the case of the Co-Issuer, limited liability company) or other formalities regarding its existence (including, to the extent required by applicable law, holding regular board of directors', partners', members', managers' and shareholders' or other similar meetings) are followed, (ii) conduct business in its own name, (iii) correct any known misunderstanding as to its separate existence, (iv) maintain separate financial statements (if any), (v) maintain an arm's-length relationship with any Affiliates, (vi) maintain adequate capital in light of its contemplated business operations and (vii) not commingle its funds with those of any other entity. Neither the Issuer nor the Co-Issuer shall take any action, or conduct its affairs in a manner, that is likely to result in its separate existence being ignored or in its assets and liabilities being substantively consolidated with any other Person in a bankruptcy, reorganization or other insolvency proceeding. Without limiting the foregoing, (i) the Issuer shall not have any subsidiaries (other than the Co-Issuer and any subsidiaries necessitated by a change of jurisdiction pursuant to clause (a), subject to satisfaction of the S&P Rating Condition in the case of such clause (a)), (ii) the Co-Issuer shall not have any subsidiaries and (iii) the Issuer and the Co-Issuer shall not (A) have any employees (other than their respective directors, manager and officers) to the extent they are employees, (B) engage in any transaction with any shareholder, member or partner that would constitute a conflict of interest (provided that each Transaction Document shall not be deemed to be such a transaction that would constitute a conflict of interest) or (C) pay dividends or make distributions to its owners other than in accordance with the provisions of this Indenture. This Section 7.4(b) shall not be binding for tax purposes.

- (c) The Co-Issuer will at all times have at least one Independent manager under the Limited Liability Company Agreement.

**Section 7.5 Protection of Assets.** (a) The Collateral Manager on behalf of the Issuer will cause the taking of such action within the Collateral Manager's control as is reasonably necessary in order to maintain the perfection and priority of the security interest of the Trustee in the Assets; provided that the Collateral Manager shall be entitled to rely on any Opinion of Counsel delivered pursuant to Section 7.6 and any Opinion of Counsel with respect to the same subject matter delivered pursuant to Section 3.1(a)(iii) to determine what actions are reasonably necessary, and shall be fully protected in so relying on such an Opinion of Counsel, unless the Collateral Manager has actual knowledge that the procedures described in any such Opinion of Counsel are no longer adequate to maintain such perfection and priority. The Issuer shall from time to time execute and deliver all such supplements and amendments hereto and file or authorize the filing of all such Financing Statements, continuation statements, instruments of further assurance and other instruments, and shall take such other action as may be necessary or advisable or desirable to secure the rights and remedies of the Holders of the Notes hereunder and to:

- (i) grant more effectively all or any portion of the Assets;
- (ii) maintain, preserve and perfect any Grant made or to be made by this Indenture including, without limitation, the first priority nature of the lien or carry out more effectively the purposes hereof;
- (iii) perfect, publish notice of or protect the validity of any Grant made or to be made by this Indenture (including, without limitation, any and all actions necessary or desirable as a result of changes in law or regulations);
- (iv) enforce any of the Assets or other instruments or property included in the Assets;
- (v) preserve and defend title to the Assets and the rights therein of the Trustee, for the benefit of the Secured Parties, in the Assets against the claims of all Persons and parties; or
- (vi) pay or cause to be paid any and all taxes levied or assessed upon all or any part of the Assets.

The Issuer hereby designates the Trustee as its agent and attorney in fact to prepare and file and hereby authorizes the filing of any Financing Statement, continuation statement and all other instruments, and take all other actions, required pursuant to this [Section 7.5](#). Such designation shall not impose upon the Trustee, or release or diminish, the Issuer's and the Collateral Manager's obligations under this [Section 7.5](#). The Issuer further authorizes and shall cause the Issuer's counsel to file without the Issuer's signature an initial Financing Statement on the Closing Date that names the Issuer as debtor and the Trustee, on behalf of the Secured Parties, as secured party and that describes "all personal property of the Issuer now owned or hereafter acquired" as the Assets in which the Trustee has a Grant.

(b) The Trustee shall not, except in accordance with [Section 5.5](#) or [Section 10.8\(a\), \(b\) and \(c\)](#), as applicable, permit the removal of any portion of the Assets or transfer any such Assets from the Account to which it is credited, or cause or permit any change in the Delivery made pursuant to [Section 3.3](#) with respect to any Assets, if, after giving effect thereto, the jurisdiction governing the perfection of the Trustee's security interest in such Assets is different from the jurisdiction governing the perfection at the time of delivery of the most recent Opinion of Counsel pursuant to [Section 7.6](#) (or, if no Opinion of Counsel has yet been delivered pursuant to [Section 7.6](#), the Opinion of Counsel delivered at the Closing Date pursuant to [Section 3.1\(a\)\(iii\)](#)) unless the Trustee shall have received an Opinion of Counsel to the effect that the lien and security interest created by this Indenture with respect to such property and the priority thereof will continue to be maintained after giving effect to such action or actions.

Section 7.6 Opinions as to Assets. Within the six month period preceding the fifth anniversary of the Closing Date (and every five years thereafter) the Issuer shall furnish to the Trustee and the Rating Agency an Opinion of Counsel relating to the continued perfection of the security interest granted by the Issuer to the Trustee, stating that, as of the date of such opinion, the lien and security interest created by this Indenture with respect to the Assets remain perfected and that no further action (other than as specified in such opinion) needs to be taken to ensure the continued perfection of such lien over the next five years.

Section 7.7 Performance of Obligations. (a) The Issuers shall not take any action, and will use its best efforts not to permit any action to be taken by others, that would release any Person from any of such Person's covenants or obligations under any instrument included in the Assets, except in the case of enforcement action taken with respect to any Defaulted Obligation in accordance with the provisions hereof and actions by the Collateral Manager under the Collateral Management Agreement and in conformity therewith or with this Indenture, as applicable, or as otherwise required hereby or deemed necessary or advisable by the Collateral Manager in accordance with the Collateral Management Agreement.

(b) The Issuer shall notify the Rating Agency within ten (10) Business Days after it has received notice from any Holder or the Trustee of any material breach of any Transaction Document, following any applicable cure period for such breach.

Section 7.8 [Reserved].

Section 7.9 Negative Covenants. (a) The Issuer will not from and after the Closing Date:

- (v) amend the Collateral Management Agreement except pursuant to the terms thereof and Article XV of this Indenture;

Section 7.10 Statement as to Compliance. On or before December 31st in each calendar year commencing in 2020, or promptly after a Responsible Officer of the Issuer becomes aware thereof if there has been a Default under this Indenture and prior to the issuance of any Additional Securities pursuant to Section 2.4, the Issuer shall deliver to the Trustee (to be forwarded by the Trustee to the Collateral Manager, each Holder making a written request therefor and the Rating Agency) an Officer’s certificate of the Issuer that, having made reasonable inquiries of the Collateral Manager, and to the best of the knowledge, information and belief of the Issuer, there did not exist, as at a date not more than five days prior to the date of the certificate, nor had there existed at any time prior thereto since the date of the last certificate (if any), any Default hereunder or, if such Default did then exist or had existed, specifying the same and the nature and status thereof, including actions undertaken to remedy the same, and that the Issuer has complied with all of its obligations under this Indenture or, if such is not the case, specifying those obligations with which it has not complied.

(vi) the Issuer shall have notified the Rating Agency of such consolidation, merger, conveyance or transfer and shall have delivered to the Trustee for transmission to each Holder an Officer's certificate (based upon the advice of counsel), stating that such consolidation, merger, conveyance or transfer and such supplemental indenture comply with this Section 7.11, that all conditions in this Section 7.11 have been satisfied and that no adverse U.S. federal or Cayman Islands tax consequences (relative to the tax consequences of not effecting the transaction) shall result therefrom to the Issuer or the Holders of the Securities;

(v) immediately after giving effect to such transaction, no Default or Event of Default shall have occurred and be continuing;

(vi) the Co-Issuer shall have notified the Rating Agency of such consolidation, merger, conveyance or transfer and shall have delivered to the Trustee and each Holder of a Co-Issued Note an Officer's certificate and an Opinion of Counsel, each stating that such consolidation, merger, conveyance or transfer and such supplemental indenture comply with this Section 7.11, that all conditions in this Section 7.11 have been satisfied and that no adverse U.S. federal or Cayman Islands tax consequences will result therefrom to the Co-Issuer or the Holders of the Co-Issued Notes;

(vii) after giving effect to such transaction, neither of the Issuers nor the pool of Assets will be required to register as an investment company under the 1940 Act;

(viii) after giving effect to such transaction, the outstanding ownership interests in the Co-Issuer will not be beneficially owned within the meaning of the 1940 Act by any U.S. Person; and

(ix) the conditions specified in Section 7.17(a) are satisfied.

Section 7.12 Successor Substituted. Upon any consolidation or merger, or transfer or conveyance of all or substantially all of the properties and assets of the Issuer or the Co-Issuer substantially as an entity in accordance with Section 7.11, the Person formed by or surviving such consolidation or merger (if other than the Issuer or the Co-Issuer), or the Person to which such consolidation, merger, conveyance or transfer is made, shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer or the Co-Issuer, as the case may be, under this Indenture with the same effect as if such Person had been named as the Issuer or the Co-Issuer, as the case may be, herein. In the event of any such consolidation, merger, transfer or conveyance, the Person named as the "Issuer" or the "Co-Issuer" herein or any successor which shall theretofore have become such in the manner prescribed in this Article VII may be dissolved, wound up and liquidated at any time thereafter, and such Person thereafter shall be released, without further action by any Person, from its liabilities as obligor on all the Securities (or with respect to the Co-Issuer, the Co-Issued Notes) and from its obligations under this Indenture and the other Transaction Documents to which it is a party.

Section 7.13 No Other Business. The Issuers shall not have any employees (other than its officers, directors and managers to the extent such officers, directors and managers might be considered employees) and shall not engage in any business or activity other than issuing, selling, paying, redeeming, prepaying and refinancing the Securities pursuant to this Indenture and the Memorandum and Articles, acquiring, holding, selling, exchanging, redeeming and pledging, solely for its own account, the Assets and other incidental activities thereto, including entering into the Transaction Documents to which it is a party and such other activities which are necessary, required or advisable to accomplish the foregoing; provided that the Issuer shall be permitted to enter into any additional agreements not expressly prohibited by Section 7.9 and to enter into any amendment, modification, or waiver of existing agreements or such additional agreements as otherwise provided in this Indenture, including in accordance with Article VIII. The Co-Issuer shall not engage in any business or activity other than issuing and selling the Co-Issued Notes pursuant to this Indenture and such other activities which are necessary, required or advisable to accomplish the foregoing.

Each of the Issuer and Co-Issuer will provide prior written notice to S&P of any proposed amendment to its Organizational Documents. Neither the Issuer nor the Co-Issuer shall permit the amendment of its Organizational Documents, if such amendment would result in the rating of any Class of Secured Notes being reduced or withdrawn without the consent of a Majority of the Holders of each Class of Securities so affected, and shall not otherwise amend its Organizational Documents, without the consent of a Majority of any one or more Classes of Securities unless (i) the Issuer determines that such amendment would not, upon or after becoming effective, materially adversely affect the rights or interests of such Class or Classes, (ii) the Issuer gives ten days' prior written notice to the Holders of such amendment, (iii) with respect to any such Class, a Majority of such Class do not provide written notice to the Issuer that, notwithstanding the determination of the Issuer, the Persons providing notice have reasonably determined that such amendment would, upon or after becoming effective, materially adversely affect such Class (the failure of any such Majority to provide such notice to the Issuer within ten days of receipt of notice of such amendment from the Issuer being conclusively deemed to constitute hereunder consent to and approval of such amendment) and (iv) the S&P Rating Condition is satisfied.

Section 7.14 Annual Rating Review. (a) So long as any of the Secured Notes of any Class remains Outstanding, on or before May 28th in each year commencing in 2021, the Issuer shall obtain and pay for an annual review of the rating of each such Class of Secured Notes from the Rating Agency, as applicable. The Issuer shall promptly notify the Trustee and the Collateral Manager in writing (and the Trustee shall promptly provide the Holders with a copy of such notice) if at any time the Issuer is notified or has actual knowledge that the then-current rating of any such Class of Secured Notes has been, or is known will be, changed or withdrawn.

(b) The Issuer shall obtain and pay for an annual review by S&P of any Collateral Obligation which has an S&P Rating determined pursuant to clause (iii)(b) of the definition of "S&P Rating".

Section 7.15 Reporting. At any time when the Issuers are not subject to Section 13 or 15(d) of the Exchange Act and are not exempt from reporting pursuant to Rule 12g3 - 2(b) under the Exchange Act, upon the request of a Holder or beneficial owner of a Note, the Issuers shall promptly furnish or cause to be furnished Rule 144A Information to such Holder or beneficial owner, to a prospective purchaser of such Note designated by such Holder or beneficial owner, or to the Trustee for delivery upon an Issuer Order to such Holder or beneficial owner or a prospective purchaser designated by such Holder or beneficial owner, as the case may be, in order to permit compliance by such Holder or beneficial owner with Rule 144A under the Securities Act in connection with the resale of such Note. "Rule 144A Information" shall be such information as is specified pursuant to Rule 144A(d)(4) under the Securities Act (or any successor provision thereto).

Section 7.16 Calculation Agent. (a) The Issuers hereby agree that for so long as any Floating Rate Note remains Outstanding there will at all times be an agent appointed (which does not control or is not controlled or under common control with the Issuers or their Affiliates or the Collateral Manager or its Affiliates) to calculate the Reference Rate in respect of each Interest Accrual Period in accordance with the definition of Reference Rate (the "Calculation Agent"). The Issuers hereby appoint the Collateral Administrator as Calculation Agent. The Calculation Agent may be removed by the Issuers or the Collateral Manager, on behalf of the Issuers, at any time. If the Calculation Agent is unable or unwilling to act as such or is removed by the Issuers or the Collateral Manager, on behalf of the Issuers, the Issuers or the Collateral Manager, on behalf of the Issuers, will promptly appoint a replacement Calculation Agent which does not control or is not controlled by or under common control with the Issuer or its Affiliates or the Collateral Manager or its Affiliates and provide notice thereof to the Trustee and the Collateral Administrator. The Calculation Agent may not resign its duties or be removed without a successor having been duly appointed.

(b) The Calculation Agent shall be required to agree (and the Collateral Administrator as Calculation Agent agrees under the Collateral Administration Agreement) that, as soon as possible after 11:00 a.m. London time on each Interest Determination Date, but in no event later than 11:00 a.m. New York time on the London Banking Day immediately following each Interest Determination Date, the Calculation Agent will calculate the Interest Rate applicable to each Class of Floating Rate Notes during the related Interest Accrual Period and the Note Interest Amount (in each case, rounded to the nearest cent, with half a cent being rounded upward) payable on the related Payment Date in respect of such Class of Floating Rate Notes in respect of the related Interest Accrual Period. At such time, the Calculation Agent will communicate such rates and amounts to the Issuer, the Trustee, each Paying Agent, the Collateral Manager, DTC, Euroclear and Clearstream. The Calculation Agent will also specify to the Issuer the quotations upon which the foregoing rates and amounts are based, and in any event the Calculation Agent shall notify the Issuer before 5:00 p.m. (New York time) on every Interest Determination Date if it has not determined and is not in the process of determining any such Interest Rate or Note Interest Amount together with its reasons therefor. The Calculation Agent's determination of the foregoing rates and amounts for any Interest Accrual Period will (in the absence of manifest error) be final and binding upon all parties.

Section 7.17 Certain Tax Matters. (a) The Issuers will treat the Issuers and the Notes as described in the “*Certain U.S. Federal Income Tax Considerations*” section of the Offering Circular for all U.S. federal, state and local income tax purposes and will take no action inconsistent with such treatment unless required by law.

(b) The Issuer and Co-Issuer shall prepare and file, or shall hire accountants and the accountants shall cause to be prepared and filed (and, where applicable, delivered to the Issuer or Holders) for each taxable year of the Issuer and the Co-Issuer the federal, state and local income tax returns and reports as required under the Code, or any tax returns or information tax returns required by any governmental authority which the Issuer and the Co-Issuer are required to file (and, where applicable, deliver), and shall provide to each Holder any information that such Holder reasonably requests in order for such Holder to comply with its U.S. federal, state or local tax and information return and reporting obligations.

(c) Notwithstanding any provision herein to the contrary, the Issuer shall take any and all reasonable actions that may be necessary or appropriate to ensure that the Issuer satisfies any and all withholding and tax payment obligations under Code Sections 1441, 1442, 1445, 1446, 1471, 1472, and any other provision of the Code or other applicable law. Without limiting the generality of the foregoing, the Issuer may withhold any amount that it or any advisor retained by the Trustee on its behalf determines is required to be withheld from any amounts otherwise distributable to any Person.

(d) Upon written request, the Trustee and the Registrar shall provide to the Issuer, the Collateral Manager or any agent thereof in accordance with Section 14.3 any information specified by such parties regarding the Holders of the Notes and payments on the Notes that is reasonably available to the Trustee or the Registrar, as the case may be, and may reasonably be necessary for the Issuer to comply with FATCA and the Cayman FATCA Legislation.

(e) The Issuer (or an agent acting on its behalf) will take such reasonable actions, including hiring agents or advisors, consistent with law and its obligations under this Indenture, as are necessary for compliance with FATCA and the Cayman FATCA Legislation, including appointing any agent or representative to perform due diligence, withholding or reporting obligations of the Issuer pursuant to FATCA and the Cayman FATCA Legislation, and any other action that the Issuer would be permitted to take under this Indenture necessary for compliance with FATCA and the Cayman FATCA Legislation.

(f) Upon the Trustee’s receipt of a request by a Holder or by a Person certifying that it is an owner of a beneficial interest in a Note for the information described in United States Treasury regulations section 1.1275-3(b)(1)(i) that is applicable to such Holder or beneficial owner, the Issuer shall cause its Independent accountants to provide promptly to the Trustee and such requesting Holder or owner of a beneficial interest in such a Note all of such information. Any additional issuance of the additional Notes shall be accomplished in a manner that shall allow the Independent accountants of the Issuer to accurately calculate original issue discount income to Holders of the additional Notes.

(g) No more than 50% of the debt obligations (as determined for U.S. federal income tax purposes) held by the Issuer may at any time consist of real estate mortgages as determined for purposes of Section 7701(i) of the Code unless, based on an opinion or advice from Allen & Overy LLP or Cleary Gottlieb Steen & Hamilton LLP, or an opinion of other nationally recognized U.S. tax counsel experienced in such matters, the ownership or such debt obligations will not cause the Issuer to be treated as a taxable mortgage pool for U.S. federal income tax purposes.

(h) In connection with a Re-Pricing or a designation of a new Reference Rate, the Issuer will cause its Independent accountants to assist the Issuer in complying with any requirements under Treasury Regulation Section 1.1273-2(f)(9) (or any successor provision), including, (i) determining whether Notes subject to such Re-Pricing or a designation of a new Reference Rate are traded on an established market, (ii) if so traded, to cause its Independent accountants to determine the fair market value of such Notes, and (iii) to make available such fair market value determination to Holders and beneficial owners of Notes in a commercially reasonable fashion, including by electronic publication, within 90 days after the effective date of such Re-Pricing or a designation of a new Reference Rate.

Section 7.18 Effective Date; Purchase of Additional Collateral Obligations. (a) The Issuer will use commercially reasonable efforts to purchase, on or before September 28, 2020, Collateral Obligations (i) such that the Target Initial Par Condition is satisfied and (ii) that satisfy, as of the Effective Date, the Concentration Limitations, the Collateral Quality Test and the Coverage Tests.

(b) During the period from the Closing Date to and including the Effective Date, the Issuer will use funds to purchase additional Collateral Obligations as follows: (i) to pay for the principal portion of any Collateral Obligation from any amounts on deposit in the Ramp-Up Account or any Principal Proceeds on deposit in the Collection Account at the discretion of the Collateral Manager and (ii) to pay for accrued interest on any such Collateral Obligation from any amounts on deposit in the Ramp-Up Account or any Principal Proceeds on deposit in the Collection Account at the discretion of the Collateral Manager.

(c) Within thirty (30) days after the Effective Date, (i) the Issuer shall provide to the Collateral Manager and the Trustee, an Accountants' Report: (x) confirming the identity of the issuer (it being understood that the same issuer may be referred to differently due to the use of abbreviations or shorthand references by different record keepers), principal balance, coupon/spread, stated maturity, S&P Rating and country of Domicile with respect to each Collateral Obligation as of the Effective Date and the information provided by the Issuer with respect to every other asset included in the Assets, by reference to such sources as shall be specified therein (such report, the "Accountants' Effective Date Comparison AUP Report") and (y) recalculating and comparing as of the Effective Date the level of compliance with, or satisfaction or non-satisfaction of the Effective Date Tested Items and specifying the procedures undertaken by them to review data and computations relating to such report (the "Accountants' Effective Date Recalculation AUP Report"), and (ii) the Issuer shall cause the Collateral Administrator to compile and deliver to the Rating Agency (in the case of delivery to S&P, via email to [CDOEffectiveDatePortfolios@spglobal.com](mailto:CDOEffectiveDatePortfolios@spglobal.com)) a report (the "Effective Date Report"), determined as of the Effective Date, containing (A) the information required in a Monthly Report, (B) a calculation of the Aggregate Principal Balance that indicates whether the Aggregate Principal Balance equals or exceeds the Target Initial Par Amount in satisfaction of the Target Initial Par Condition and (C) a list of any Closing Date Participation Interests held by the Issuer as of the Effective Date. For the avoidance of doubt, the Effective Date Report shall not include or refer to the Accountants' Report and no Accountants' Report shall be provided to or otherwise shared with the Rating Agency.

(d) In accordance with SEC Release No. 34-72936, Form 15-E, only in its complete and unedited form which includes the Accountants' Effective Date Comparison AUP Report as an attachment and, if Additional Securities are issued, any Accountants' Report delivered in connection thereto will be provided by the Independent accountants to the Issuer who will post such Form 15-E, except for the redaction of any sensitive information, on the 17g-5 Website. Copies of the Accountants' Effective Date Recalculation AUP Report or any other accountants' report provided by the Independent accountants to the Issuer, Trustee, Collateral Manager or Collateral Administrator will not be provided to any other party including the Rating Agency (other than as provided in an access letter between the accountants and such party).

(e) If (1) the Effective Date S&P Conditions have not been satisfied prior to the date that is thirty (30) days after the Effective Date or (2) S&P has not provided written confirmation (which may take the form of a press release or other written communication) of its Initial Rating of the Secured Notes rated by S&P by the date thirty (30) days following the Effective Date, then the Issuer (or the Collateral Manager on the Issuer's behalf) shall request S&P to provide written confirmation of its Initial Rating of the Secured Notes rated by S&P (which may take the form of a press release or other written communication). In such case, if S&P does not provide written confirmation of its Initial Rating of the Secured Notes on or prior to the Determination Date immediately preceding the first Payment Date, then the Issuer (or the Collateral Manager on the Issuer's behalf) will instruct the Trustee to transfer amounts from the Interest Collection Subaccount to the Principal Collection Subaccount and may, prior to the first Payment Date, use such funds on behalf of the Issuer for the purchase of additional Collateral Obligations until such time as S&P has provided written confirmation of its Initial Rating of the Secured Notes (provided that the amount of such transfer would not result in a default in the payment of interest with respect to the Class A Notes); provided that in lieu of complying with this clause (e), the Issuer (or the Collateral Manager on the Issuer's behalf) may take such action, including but not limited to, a Special Redemption and/or transferring amounts from the Interest Collection Subaccount to the Principal Collection Subaccount as Principal Proceeds (for use in a Special Redemption or to acquire additional Collateral Obligations), sufficient to enable the Issuer (or the Collateral Manager on the Issuer's behalf) to obtain written confirmation of its Initial Rating of the Secured Notes from S&P.

(f) U.S.\$247,552,950 of the net proceeds of the issuance of the Notes will be deposited in the Ramp-Up Account on the Closing Date. At the direction of the Issuer (or the Collateral Manager on behalf of the Issuer), the Trustee shall apply amounts held in the Ramp-Up Account to purchase additional Collateral Obligations and Principal Financed Accrued Interest, if any, from the Closing Date to and including the Effective Date as described in clause (b) above. If on the Effective Date, any amounts on deposit in the Ramp-Up Account have not been applied to purchase Collateral Obligations, such amounts shall be applied as described in Section 10.3(c).

( g ) Weighted Average S&P Recovery Rate: S&P CDO Monitor. On or prior to the later of (x) the S&P CDO Monitor Election Date and (y) the Effective Date, the Collateral Manager will elect the S&P Minimum Weighted Average Recovery Rate that will apply on and after such date to the Collateral Obligations for purposes of determining compliance with the Minimum Weighted Average S&P Recovery Rate Test, and the Collateral Manager will so notify the Trustee and the Collateral Administrator. Thereafter, at any time with written notice, substantially in the form of Exhibit D hereto, to the Trustee, the Collateral Administrator and S&P, the Collateral Manager may elect a different S&P Minimum Weighted Average Recovery Rate to apply to the Collateral Obligations; provided that if (i) the Collateral Obligations are currently in compliance with the S&P Minimum Weighted Average Recovery Rate case then applicable to the Collateral Obligations but the Collateral Obligations would not be in compliance with the S&P Minimum Weighted Average Recovery Rate case to which the Collateral Manager desires to change, then such changed case shall not apply or (ii) the Collateral Obligations are not currently in compliance with the S&P Minimum Weighted Average Recovery Rate case then applicable to the Collateral Obligations and would not be in compliance with any other S&P Minimum Weighted Average Recovery Rate case, the S&P Minimum Weighted Average Recovery Rate to apply to the Collateral Obligations shall be the lowest S&P Minimum Weighted Average Recovery Rate in Section 2 of Schedule 4. If the Collateral Manager does not notify the Trustee and the Collateral Administrator that it will alter the S&P Minimum Weighted Average Recovery Rate in the manner set forth in this Indenture, the S&P Minimum Weighted Average Recovery Rate chosen as of the S&P CDO Monitor Election Date or the Effective Date, as applicable, shall continue to apply.

(h) Compliance with the S&P CDO Monitor Test will be measured by the Collateral Manager on each Measurement Date on or after the Effective Date and on or prior to the last day of the Reinvestment Period; provided, however, that on each Measurement Date occurring on and after the S&P CDO Monitor Election Date, after receipt by the Issuer of the S&P CDO Monitor, the Collateral Manager will be required to provide to the Collateral Administrator a report on the portfolio of Collateral Obligations containing such information as shall be reasonably necessary to permit the Collateral Administrator to calculate the Class Default Differential with respect to the Highest Ranking Class on such Measurement Date. In the event that the Collateral Manager's measurement of compliance and the Collateral Administrator's measurement of compliance show different results, the Collateral Manager and the Collateral Administrator shall be required to cooperate promptly in order to reconcile such discrepancy.

(i) The failure of the Issuer to satisfy the requirements of this Section 7.18 will not constitute an Event of Default unless such failure constitutes an Event of Default under Section 5.1(d) hereof and the Issuer, or the Collateral Manager acting on behalf of the Issuer, has acted in bad faith.

Section 7.19 Representations Relating to Security Interests in the Assets. (a) The Issuer hereby represents and warrants that, as of the Closing Date (which representations and warranties shall survive the execution of this Indenture and be deemed to be repeated on each date on which an Asset is Granted to the Trustee hereunder):

(ii) Other than the security interest Granted to the Trustee for the benefit of the Secured Parties pursuant to this Indenture, except as permitted by this Indenture, the Issuer has not pledged, assigned, sold, granted a security interest in, or otherwise conveyed any of the Assets. The Issuer has not authorized the filing of and is not aware of any Financing Statements against the Issuer that include a description of collateral covering the Assets other than any Financing Statement relating to the security interest granted to the Trustee hereunder or that has been terminated; the Issuer is not aware of any judgment, PBGC liens or tax lien filings against the Issuer.

(iii) All Assets constitute Cash, accounts (as defined in Section 9-102(a)(2) of the UCC), Instruments, general intangibles (as defined in Section 9-102(a)(42) of the UCC), uncertificated securities (as defined in Section 8-102(a)(18) of the UCC), Certificated Securities or security entitlements to financial assets resulting from the crediting of financial assets to a "securities account" (as defined in Section 8-501(a) of the UCC).

(iv) All Accounts constitute "securities accounts" under Section 8-501(a) of the UCC or "deposit accounts" (as defined in Section 9-102(a) of the UCC).

(v) This Indenture creates a valid and continuing security interest (as defined in Section 1 - 201(37) of the UCC) in such Assets in favor of the Trustee, for the benefit and security of the Secured Parties, which security interest is prior to all other liens, claims and encumbrances (except as permitted otherwise herein), and is enforceable as such against creditors of and purchasers from the Issuer.

(b) The Issuer hereby represents and warrants that, as of the Closing Date (which representations and warranties shall survive the execution of this Indenture and be deemed to be repeated on each date on which an Asset is Granted to the Trustee hereunder), with respect to Assets that constitute Instruments:

(i) Either (x) the Issuer has caused or will have caused, within ten days after the Closing Date, the filing of all appropriate Financing Statements in the proper office in the appropriate jurisdictions under applicable law in order to perfect the security interest in the Instruments granted to the Trustee, for the benefit and security of the Secured Parties or (y) (A) all original executed copies of each promissory note or mortgage note that constitutes or evidences the Instruments have been delivered to the Trustee or the Issuer has received written acknowledgement from a custodian that such custodian is holding the mortgage notes or promissory notes that constitute evidence of the Instruments solely on behalf of the Trustee and for the benefit of the Secured Parties and (B) none of the Instruments that constitute or evidence the Assets has any marks or notations indicating that they are pledged, assigned or otherwise conveyed to any Person other than the Trustee, for the benefit of the Secured Parties.

(ii) The Issuer has received all consents and approvals required by the terms of the Assets to the pledge hereunder to the Trustee of its interest and rights in the Assets.

(c) The Issuer hereby represents and warrants that, as of the Closing Date (which representations and warranties shall survive the execution of this Indenture and be deemed to be repeated on each date on which an Asset is Granted to the Trustee hereunder), with respect to the Assets that constitute Security Entitlements:

(i) All of such Assets have been and will have been credited to one of the Accounts which are securities accounts within the meaning of Section 8-501(a) of the UCC or “deposit accounts” as defined in Section 9-102(a) of the UCC. The Securities Intermediary for each Account that is a securities account has agreed to treat all assets other than cash or general intangibles credited to such Accounts as “financial assets” within the meaning of Section 8-102(a)(9) the UCC.

(ii) The Issuer has received all consents and approvals required by the terms of the Assets to the pledge hereunder to the Trustee of its interest and rights in the Assets.

(iii) (x) The Issuer has caused or will have caused, within ten days after the Closing Date, the filing of all appropriate Financing Statements in the proper office in the appropriate jurisdictions under applicable law in order to perfect the security interest granted to the Trustee, for the benefit and security of the Secured Parties, hereunder and (y)(A) the Issuer has delivered to the Trustee a fully executed Account Control Agreement pursuant to which the Custodian has agreed to comply with all instructions originated by the Trustee relating to the Accounts without further consent by the Issuer or (B) the Issuer has taken all steps necessary to cause the Custodian to identify in its records the Trustee as the Person having a security entitlement against the Custodian in each of the Accounts.

(iv) The Accounts are not in the name of any Person other than the Issuer or the Trustee. The Issuer has not consented to the Custodian to comply with the Entitlement Order of any Person other than the Trustee (and the Issuer prior to a notice of exclusive control being provided by the Trustee).

(d) The Issuer hereby represents and warrants that, as of the Closing Date (which representations and warranties shall survive the execution of this Indenture and be deemed to be repeated on each date on which an Asset is Granted to the Trustee hereunder), with respect to Assets that constitute general intangibles:

(i) The Issuer has caused or will have caused, within ten days after the Closing Date, the filing of all appropriate Financing Statements in the proper filing office in the appropriate jurisdictions under applicable law in order to perfect the security interest in the Assets granted to the Trustee, for the benefit and security of the Secured Parties, hereunder.

(ii) The Issuer has received, or will receive, all consents and approvals required by the terms of the Assets to the pledge hereunder to the Trustee of its interest and rights in the Assets.

(e) The Issuer agrees to notify the Collateral Manager and the Rating Agency promptly if it becomes aware of the breach of any of the representations and warranties contained in this Section 7.19 and shall not, without satisfaction of the S&P Rating Condition, waive any of the representations and warranties in this Section 7.19 or any breach thereof.

Section 7.20 Limitation on Long Dated Obligations. Neither the Issuer nor the Collateral Manager on behalf of the Issuer shall agree to any amendment or modification to extend the stated maturity of a Collateral Obligation unless the amended stated maturity of such Collateral Obligation would be not later than two years beyond the earliest Stated Maturity of any Secured Notes Outstanding; provided that (x) immediately after giving effect to any such amendment or modification, the Aggregate Principal Balance of all Long Dated Obligations shall not exceed 7.5% of the Collateral Principal Amount and (y) if, after giving effect to such amendment or modification, the Weighted Average Life Test is not satisfied (or if not satisfied immediately prior to such amendment or modification, is not maintained or improved), then the Collateral Obligation that is subject to such amendment or modification (or portion thereof, as applicable) will be considered an "Additional Long Dated Obligation" and will be treated as an Equity Security until such time, if any, that the Weighted Average Life Test is satisfied, at which point such Long Dated Obligation shall no longer be deemed to be an Additional Long Dated Obligation; provided, however, that no Collateral Obligation will be considered an Additional Long Dated Obligation pursuant to the above proviso if such amendment or modification is being executed in connection with the restructuring of such Collateral Obligation as a result of an actual default, bankruptcy or insolvency of the related Obligor; provided further, however, that notwithstanding the prohibition set forth above, the Issuer or the Collateral Manager on behalf of the Issuer may agree to an amendment or modification to extend the stated maturity of a Collateral Obligation beyond two years following the earliest Stated Maturity of any Secured Note Outstanding and in such instances, for all purposes under this Indenture, such Collateral Obligation will be treated as an Equity Security. For the avoidance of doubt, after giving effect to such amendment or modification, the Collateral Obligation that is the subject of such amendment or modification must satisfy the definition of Collateral Obligation (other than clause (xvii) thereof).

Subject to the foregoing, the Collateral Manager may, on behalf of the Issuer, agree to any amendment, waiver or modification with respect to any Collateral Obligation in accordance with the Collateral Management Agreement.

Section 7.21 Proceedings. Notwithstanding any other provision of this Indenture, the Notes, the Collateral Administration Agreement, the Collateral Management Agreement, the Administration Agreement or of any other agreement, the Issuer shall be under no duty or obligation of any kind to the Holders, or any of them, to institute any legal or other proceedings of any kind, against any person or entity, including, without limitation, the Trustee, the Collateral Administrator, the Administrator or the Calculation Agent. Nothing in this Section 7.21 shall imply or impose any additional duties on the part of the Trustee.

Section 7.22 Involuntary Bankruptcy Proceedings. The Issuers shall take all actions necessary to defend and dismiss any petition, filing or institution of any involuntary bankruptcy, winding up or insolvency proceedings or procedures against the Issuer or Co-Issuer, or the filing with respect to the Issuer or the Co-Issuer of a petition or answer or consent seeking an involuntary reorganization, arrangement, moratorium, winding up or liquidation proceedings or other involuntary proceedings under any Bankruptcy Law or any similar laws; provided that the obligations of the Issuers in this Section 7.22 shall be subject to the availability of funds therefor under the Priority of Payments. The reasonable fees, costs, charges and expenses incurred by the Issuer or the Co-Issuer (including, without limitation, attorney's fees and expenses) in connection with taking any such actions constitute Administrative Expenses payable in accordance with the Priority of Payments.

#### ARTICLE VIII

(xv) following receipt by the Issuer of written advice of counsel with a national reputation and experienced in such matters (which may be via e-mail), to amend, modify or otherwise accommodate changes to this Indenture to comply with any statute, rule or regulation enacted by regulatory agencies of the United States federal government, or by any Member State of the European Economic Area or otherwise under European law, after the Closing Date that are applicable to the Issuers, the Secured Notes, the Preferred Shares or the transactions contemplated by this Indenture or the Offering Circular, including, without limitation, the EU Risk Retention Requirements, U.S. Risk Retention Rules, securities laws or the Dodd-Frank Act and all rules, regulations, and technical or interpretive guidance thereunder, or any amendment in relation to the Volcker Rule; provided that any amendment in relation to the Volcker Rule shall require the consent of each holder of Securities that notifies the Issuer that it is adversely affected thereby;

(xvi) to amend the name of the Issuer or the Co-Issuer;

(xvii) (A) to modify or amend any component of the Collateral Quality Test and the definitions related thereto which affect the calculation thereof or (B) to modify the definition of "Credit Improved Obligation," "Credit Risk Obligation," "Defaulted Obligation" or "Equity Security," the restrictions on the sales of Collateral Obligations set forth herein or the Investment Criteria set forth herein (other than the calculation of the Concentration Limitations and the Collateral Quality Test); provided, in each case under the foregoing clauses (A) and (B), that consent to such supplemental indenture has been obtained from a Majority of the Controlling Class;

(xviii) to facilitate the issuance of participation notes, combination notes, composite securities, and other similar securities by the Issuer or the Issuers, as applicable;

(xix) to modify any provision to facilitate an exchange of one Note for another Note that has substantially identical terms except transfer restrictions, including to effect any serial designation relating to the exchange;

(xx) to evidence any waiver or modification by the Rating Agency as to any material requirement or condition, as applicable, of the Rating Agency set forth herein; provided that consent to such supplemental indenture has been obtained from a Majority of the Controlling Class (such consent not to be unreasonably withheld, conditioned or delayed);

(xxi) to accommodate the settlement of the Notes in book-entry form through the facilities of DTC or otherwise;

(xxii) to change the date within the month on which reports are required to be delivered hereunder;

(xxiii) to enter into any additional agreements not expressly prohibited by this Indenture if the Issuer determines that such agreement would not, upon or after becoming effective, materially and adversely affect the rights and interests of the Holders of any Class of Securities; provided that (x) any such additional agreements include customary limited recourse and non-petition provisions and (y) consent to such supplemental indenture has been obtained from a Majority of the Controlling Class and a Majority of the Preferred Shares (such consents not to be unreasonably withheld, delayed or conditioned);

(xxiv) following (A) the occurrence of a Benchmark Transition Event and its related Benchmark Replacement Date, to make Benchmark Replacement Conforming Changes as are necessary or advisable in the reasonable judgment of the Collateral Manager to facilitate such change or (B) the occurrence of any Benchmark Transition Event and with the consent of a Majority of the Controlling Class and a Majority of the Preferred Shares, to implement an Alternative Reference Rate without regard to whether such changes materially and adversely affect any Class of Securities;

(xxv) to make such amendments as are necessary or advisable in the good faith and reasonable judgment of the Collateral Manager to conform this Indenture to any publication by the Relevant Governmental Body on or after the Closing Date of any new or updated recommendations with respect to reference rate replacement language for the leveraged loan market or the collateralized loan obligation market; or

(xxvi) to amend, modify or otherwise change the provisions of this Indenture so that (1) the Issuer is not a “covered fund” under the Volcker Rule, (2) the Secured Notes are not considered to constitute “ownership interests” under the Volcker Rule or (3) ownership of the Secured Notes will otherwise be exempt from the Volcker Rule.

Section 8.2 Supplemental Indentures with Consent of Holders. (a) With the written consent of (i) the Collateral Manager and (ii) a Majority of each Class of Securities (voting separately by Class) materially and adversely affected thereby, if any, the Trustee and the Issuers may, subject to Section 8.3 execute one or more supplemental indentures to add provisions to, or change in any manner or eliminate any of the provisions of, this Indenture or modify in any manner the rights of the Holders of the Securities of any Class under this Indenture; provided that, notwithstanding anything herein to the contrary, no such supplemental indenture shall, without the consent of the Holder of each Outstanding Security of each Class materially and adversely affected thereby:

(i) change the Stated Maturity of the principal of or the due date of any installment of interest on any Secured Notes, reduce the principal amount thereof or the rate of interest thereon (except in connection with a Re-Pricing) or, except as otherwise expressly permitted by this Indenture, the Redemption Price with respect to any Securities, or change the earliest date on which Securities of any Class may be redeemed or re-priced, change the provisions of this Indenture relating to the application of proceeds of any Assets to the payment of principal of or interest on the Secured Notes, or distributions on the Preferred Shares or change any place where, or the coin or currency in which, Securities or the principal thereof or interest or any distribution thereon is payable, or impair the right to institute suit for the enforcement of any such payment on or after the Stated Maturity thereof (or, in the case of redemption, on or after the applicable Redemption Date); provided that this Indenture may be amended without the consent of the Holders (except as expressly provided in Section 8.1(xxiv)) to facilitate a change from LIBOR to an Alternative Reference Rate or, pursuant to a Reference Rate Amendment, to any replacement Benchmark;

- (ii) reduce the percentage of the Aggregate Outstanding Amount of Holders of Securities of any Class whose consent is required for the authorization of any such supplemental indenture or for any waiver of compliance with certain provisions of this Indenture or certain defaults hereunder or their consequences provided for herein;
- (iii) materially impair or materially adversely affect the Assets except as otherwise permitted herein;
- (iv) except as otherwise permitted by this Indenture, permit the creation of any lien ranking prior to or on a parity with the lien of this Indenture with respect to any part of the Assets or terminate such lien on any property at any time subject hereto or deprive the Holder of any Secured Note of the security afforded by the lien of this Indenture;
- (v) reduce the percentage of the Aggregate Outstanding Amount of Holders of any Class of Secured Notes whose consent is required to request the Trustee to preserve the Assets or rescind the Trustee's election to preserve the Assets pursuant to Section 5.5 or to sell or liquidate the Assets pursuant to Section 5.4 or 5.5;
- (vi) modify any of the provisions of (x) this Section 8.2, except to increase the percentage of Outstanding Class A-1 Notes, Class A-2 Notes or Preferred Shares, the consent of the holders of which is required for any such action or to provide that certain other provisions of this Indenture cannot be modified or waived without the consent of the Holder of each Class A-1 Note Outstanding, Class A-2 Note Outstanding or Preferred Share Outstanding and affected thereby or (y) Section 8.1 or Section 8.3;
- (vii) modify the definitions of any of the terms "Outstanding," "Class," "Controlling Class," or "Majority" or the Priority of Payments; or
- (viii) modify any of the provisions of this Indenture in such a manner as to affect the calculation of the amount of any payment of interest or principal on any Secured Notes or any amount available for distribution to the Preferred Shares, or to affect the rights of the Holders of any Securities to the benefit of any provisions for the redemption of such Securities contained herein.

The Trustee may conclusively rely on an Opinion of Counsel (which may be supported as to factual (including financial and capital markets) matters by any relevant certificates and other documents necessary or advisable in the judgment of counsel delivering the opinion) or a Responsible Officer's certificate of the Collateral Manager as to whether the interests of any Holder of Securities would be materially and adversely affected by the modifications set forth in any supplemental indenture entered in pursuant to this Section 8.2, it being expressly understood and agreed that the Trustee shall have no obligation to make any determination as to the satisfaction of the requirements related to any supplemental indenture which may form the basis of such Opinion of Counsel or such Responsible Officer's certificate. Such determination shall be conclusive and binding on all present and future Holders. The Trustee shall not be liable for any such determination made in good faith and in reliance upon an Opinion of Counsel or such a Responsible Officer's certificate delivered to the Trustee as described herein. Notwithstanding the foregoing, if a Majority of any Class has provided written notice to the Trustee at least three Business Days prior to the execution of such supplemental indenture that such Class would be materially and adversely affected thereby (and setting forth in reasonable detail how such Class would be materially and adversely affected) and such Class is not being redeemed in connection with the execution of such supplemental indenture, the Trustee will not enter into such supplemental indenture without the consent of a Majority (or such greater percentage as may be required above) of such Class.

Section 8.3 Execution of Supplemental Indentures. (a) The Collateral Manager shall not be bound to follow any amendment or supplement to this Indenture unless it has consented thereto in accordance with this Article VIII. No amendment to this Indenture will be effective against the Collateral Administrator if such amendment would adversely affect the Collateral Administrator, including, without limitation, any amendment or supplement that would increase the duties or liabilities of, or adversely change the economic consequences to, the Collateral Administrator, unless the Collateral Administrator otherwise consents in writing.

(b) Notwithstanding any other provision relating to supplemental indentures herein, at any time after the expiration of the Non-Call Period, if any Class of Securities has been or contemporaneously with the effectiveness of any supplemental indentures will be paid in full in accordance with this Indenture as so supplemented or amended, no consent of any Holder of such Class will be required with respect to such supplemental indentures.

(c) The Trustee shall join in the execution of any such supplemental indentures and shall make any further appropriate agreements and stipulations which may be therein contained, but the Trustee shall not be obligated to enter into any such supplemental indentures which adversely affects the Trustee's own rights, duties, liabilities or immunities under this Indenture or otherwise, except to the extent required by law.

(d) In executing or accepting the additional trusts created by any supplemental indentures permitted by this Article VIII or the modifications thereby of the trusts created by this Indenture, the Trustee shall be entitled to receive, and (subject to Sections 6.1 and 6.3) shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such supplemental indentures is authorized or permitted by this Indenture and that all conditions precedent thereto have been satisfied. The Trustee shall not be liable for any reliance made in good faith upon such an Opinion of Counsel.

(e) At the cost of the Issuers, for so long as any Securities shall remain Outstanding, not later than ten (10) Business Days (or, in the case of a proposed supplemental indentures that effects a Refinancing, a Re-Pricing or an issuance of Additional Securities, five (5) Business Days) prior to the execution of any proposed supplemental indentures, the Trustee shall deliver to the Collateral Manager, the Collateral Administrator, the Holders, the Rating Agency (if any Class of Outstanding Notes is then rated by the Rating Agency) and the Issuers, a copy of such supplemental indentures. The Trustee shall, at the expense of the Issuer, notify the Holders if the Rating Agency determines that such supplemental indentures will affect its rating of any Class rated by the Rating Agency. At the cost of the Issuer, the Trustee shall provide to the Holders (in the manner described in Section 14.4) and the Rating Agency (if any Class of Outstanding Notes is then rated by the Rating Agency) a copy of the executed supplemental indentures after its execution. Any failure of the Trustee to publish or deliver such notice, or any defect therein, shall not in any way impair or affect the validity of any such supplemental indentures.

(f) It shall not be necessary for any Act of Holders to approve the particular form of any proposed supplemental indenture, but it shall be sufficient, if the consent of any Holders to such proposed supplemental indenture is required, that such Act shall approve the substance thereof.

(g) Notwithstanding any other provision in this Article VIII or any other requirements set forth in this Indenture, in connection with a Refinancing of all Classes of Secured Notes, the Issuers and the Trustee may enter into a supplemental indenture to add any provisions to, or change in any manner or eliminate any of the provisions of, this Indenture if (i) such supplemental indenture is effective on or after the date of such Refinancing, (ii) the Collateral Manager and a Majority of the Preferred Shares have consented to the execution of such supplemental indenture and (iii) such supplemental indenture does not, by its terms, modify the rights or terms applicable to any portion of the Preferred Shares in a manner intended to result in such rights or terms being materially different from any other portion of the Preferred Shares; provided further that with respect to any such supplemental indenture, a description of all material terms of such supplemental indenture was disclosed to the purchasers of the loans or replacement notes prior to the date of such Refinancing.

(h) Notwithstanding any other provision in this Article VIII, a supplemental indenture for which the Holders of each Outstanding Security of each Class have consented shall not require satisfaction of any timing requirements for prior notice of such supplemental indenture to any person. Notwithstanding the foregoing, the Trustee shall subsequently provide to the Rating Agency then rating an Outstanding Class of Notes a copy of any supplemental indenture described in the immediately preceding sentence.

(i) Any amendment or supplement to this Indenture, will only be effective if none of the Issuer, the Collateral Manager, the Retention Holder or any “sponsor” of the Issuer under the U.S. Risk Retention Rules fails to be in compliance with the U.S. Risk Retention Rules or the EU Risk Retention Requirements as a result of such amendment or supplement unless such Person has consented to such amendment or supplement.

Section 8.4 Effect of Supplemental Indentures. Upon the execution of any supplemental indenture under this Article VIII, this Indenture shall be modified in accordance therewith, and such supplemental indenture shall form a part of this Indenture for all purposes; and every Holder of Notes theretofore and thereafter authenticated and delivered hereunder shall be bound thereby.

Section 8.5 Reference in Notes to Supplemental Indentures. Notes authenticated and delivered as part of a transfer, exchange or replacement pursuant to Article II or Notes originally issued hereunder after the execution of any supplemental indenture pursuant to this Article VIII may, and if required by the Issuer shall, bear a notice in form approved by the Trustee as to any matter provided for in such supplemental indenture. If the Issuer shall so determine, new Notes, so modified as to conform in the opinion of the Issuer to any such supplemental indenture, may be prepared and executed by the Issuers and authenticated and delivered by the Trustee in exchange for Outstanding Notes.

Section 8.6 Hedge Agreements. Notwithstanding anything herein to the contrary, no supplemental indenture, or other modification or amendment of this Indenture, may be entered into that permits the Issuer to enter into any hedge agreement unless (i) the written terms of the hedge agreement directly relate to the Collateral Obligations or the Securities and such hedge agreement reduces the interest rate and/or foreign exchange risks related to the Collateral Obligations or the Securities and (ii) the S&P Rating Condition is satisfied. For the avoidance of doubt, the Issuer cannot enter into hedge agreements without such a modification.

Section 8.7 Effect of a Benchmark Transition Event (a) If the Collateral Manager determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date, the Alternative Reference Rate will replace the then-current Benchmark for all purposes relating to the securitization in respect of such determination on such date and all determinations on all subsequent dates.

(b) In connection with the implementation of an Alternative Reference Rate, the Collateral Manager will have the right to make Benchmark Replacement Conforming Changes from time to time in accordance with Section 8.1(a)(xxiv).

(c) Any determination, decision or election that may be made by the Collateral Manager pursuant to this Section 8.7 including any determination with respect to a tenor, rate or adjustment or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action or any selection, will be conclusive and binding absent manifest error, may be made in the Collateral Manager's sole discretion, and, notwithstanding anything to the contrary in the documentation relating to the securities, shall become effective without consent from any other party.

(d) The Holders shall be deemed to have waived and released any and all claims, with respect to any action taken or omitted to be taken with respect to an Alternative Reference Rate, including, without limitation, determinations as to the occurrence of a Benchmark Replacement Date or a Benchmark Transition Event, the selection of an Alternative Reference Rate, the determination of the applicable Benchmark Replacement Adjustment, and the implementation of any Reference Rate Amendment.

## ARTICLE IX

### REDEMPTION OF NOTES

Section 9.1 Mandatory Redemption. If a Coverage Test is not met on any Determination Date on which such Coverage Test is applicable, the Issuer shall apply available amounts in the Payment Account to make payments on the Securities on the applicable Payment Date pursuant to the Priority of Payments (a "Mandatory Redemption").

Section 9.2 Optional Redemption. (a) The Secured Notes shall be redeemable by the Issuers at the written direction of a Majority of the Preferred Shares (with the consent of the Collateral Manager) as follows: (i) in whole (with respect to all Classes of Secured Notes) but not in part on any Business Day after the end of the Non-Call Period from Sale Proceeds, Refinancing Proceeds and/or all other available funds or (ii) in part by Class (with respect to one or more entire Classes of Secured Notes designated by a Majority of the Preferred Shares) on any Business Day after the end of the Non-Call Period from Refinancing Proceeds and/or Partial Refinancing Interest Proceeds; provided that any redemption in part by Class will be in respect of the entire Class or Classes of Secured Notes. In connection with any such redemption, the Secured Notes shall be redeemed at the applicable Redemption Prices and a Majority of the Preferred Shares must provide the above described written direction to the Issuer and the Trustee not later than thirty (30) days (or such shorter period of time (not to be less than fifteen (15) Business Days) as the Trustee and the Collateral Manager find reasonably acceptable) prior to the Business Day on which such redemption is to be made; provided that all Secured Notes to be redeemed must be redeemed simultaneously.

(b) Upon receipt of a notice of any redemption of Secured Notes in whole (from the Trustee via overnight delivery service) pursuant to Section 9.2(a) (i), the Collateral Manager in its sole discretion shall direct the sale (and the manner thereof) of all or part of the Redemption Assets in an amount such that the proceeds from such sale and all other funds available for such purpose in the Collection Account and the Payment Account will be at least sufficient to pay the Redemption Prices of the Secured Notes to be redeemed and to pay all Administrative Expenses (without regard to the Administrative Expense Cap) and Collateral Management Fee due and payable under the Priority of Payments. If such proceeds of such sale and all other funds available for such purpose in the Collection Account and the Payment Account would not be sufficient to redeem all Secured Notes and to pay such fees and expenses, the Secured Notes may not be redeemed. The Collateral Manager, in its sole discretion, may effect the sale of all or any part of the Collateral Obligations or other Assets through the direct sale of such Collateral Obligations or other Assets or by participation or other arrangement.

(c) In addition to (or in lieu of) a sale of Collateral Obligations and/or Eligible Investments in the manner provided above, the Issuers may redeem the Secured Notes with the consent of the Collateral Manager in whole from Refinancing Proceeds and Sale Proceeds, if any, or in part by Class (with respect to one or more entire Classes of Secured Notes designated by a Majority of the Preferred Shares) from Refinancing Proceeds and/or Partial Refinancing Interest Proceeds, in each case, by obtaining a loan or an issuance of replacement securities, whose terms in each case may be negotiated by the Issuer or, upon request of the Issuer, by the Collateral Manager on behalf of the Issuer, from one or more financial institutions or purchasers (any such redemption and refinancing, a "Refinancing"); provided that the terms of such Refinancing and any financial institutions acting as lenders thereunder or purchasers thereof must be acceptable to the Collateral Manager and a Majority of the Preferred Shares and such Refinancing must otherwise satisfy the conditions set forth below. Any loans or replacement securities issued in connection with a Refinancing will be offered first to the Collateral Manager and the Retention Holder, in such amount that the Collateral Manager or the Retention Holder has determined, in its sole discretion, is required for the U.S. Risk Retention Rules and EU Risk Retention Requirements to be satisfied.

(d) In the case of a Refinancing upon a redemption of the Secured Notes in whole but not in part pursuant to Section 9.2(a)(i), such Refinancing will be effective only if (i) the Refinancing Proceeds, all Sale Proceeds from the sale of Collateral Obligations and Eligible Investments in accordance with the procedures set forth herein, and all other available funds will be at least sufficient to redeem simultaneously the Secured Notes then required to be redeemed at the respective Redemption Prices thereof, in whole but not in part, and to pay all accrued and unpaid Administrative Expenses (without regard to the Administrative Expense Cap), including, without limitation, the reasonable fees, costs, charges and expenses incurred by the Trustee, the Collateral Administrator and the Collateral Manager (including reasonable attorneys' fees and expenses) in connection with such Refinancing, (ii) any Sale Proceeds, Refinancing Proceeds and other available funds are used (to the extent necessary) to make such redemption, (iii) none of the Issuer, the Collateral Manager, the Retention Holder or any "sponsor" of the Issuer under the U.S. Risk Retention Rules shall fail to be in compliance with the U.S. Risk Retention Rules or the EU Risk Retention Requirements as a result of such Refinancing unless such Person has consented to such Refinancing, (iv) the agreements relating to the Refinancing contain limited recourse and non-petition provisions equivalent (*mutatis mutandis*) to those contained in Section 13.1(b) and Section 2.8(i) and (v) a written opinion or advice from Allen & Overy LLP or Cleary Gottlieb Steen & Hamilton LLP, or a written opinion of tax counsel of nationally recognized standing in the United States experienced in such matters, is delivered to the Trustee, in form and substance satisfactory to the Collateral Manager and the Trustee, to the effect that such Refinancing will not result in the Issuer becoming subject to U.S. federal income taxation with respect to its net income (including any tax liability imposed under Section 1446 of the Code), or result in the Issuer being treated as a publicly traded partnership taxable as a corporation for U.S. federal income tax purposes.

(e) In the case of a Refinancing upon a redemption of the Secured Notes in part by Class pursuant to Section 9.2(a)(ii), such Refinancing will be effective only if (i) the S&P Rating Condition has been satisfied with respect to any remaining Secured Notes that were not the subject of the Refinancing, (ii) the Refinancing Proceeds and the Partial Refinancing Interest Proceeds will be at least sufficient to pay in full the aggregate Redemption Prices of the entire Class or Classes of Secured Notes subject to Refinancing, (iii) the Refinancing Proceeds and the Partial Refinancing Interest Proceeds are used (to the extent necessary) to make such redemption, (iv) the agreements relating to the Refinancing contain limited recourse and non-petition provisions equivalent (*mutatis mutandis*) to those contained in Section 13.1(b) and Section 2.8(i), (v) the aggregate principal amount of any obligations providing the Refinancing is no greater than the Aggregate Outstanding Amount of the Secured Notes being redeemed with the proceeds of such obligations *plus* an amount equal to the reasonable fees, costs, charges and expenses incurred in connection with such Refinancing, (vi) the stated maturity of each class of obligations providing the Refinancing is no earlier than the corresponding Stated Maturity of each Class of Secured Notes being refinanced, (vii) the reasonable fees, costs, charges and expenses incurred in connection with such Refinancing have been paid or will be adequately provided for from the Refinancing Proceeds (except for expenses owed to Persons that the Collateral Manager informs the Trustee will be paid solely as Administrative Expenses payable in accordance with the Priority of Payments; provided that any such fees due to the Trustee and determined by the Collateral Manager to be paid in accordance with the Priority of Payments shall not be subject to the Administrative Expense Cap), (viii) the weighted average interest rate (based on the aggregate principal amount of the obligations providing the Refinancing and the Reference Rate as in effect in the Interest Accrual Period in which the notice of redemption is delivered) with respect to such obligations providing the Refinancing must not exceed the weighted average interest rate (based on the aggregate principal amount of each Class of Secured Notes subject to a Refinancing and the Reference Rate as in effect in the Interest Accrual Period in which the notice of redemption is delivered) of the Class or Classes of Secured Notes that are being redeemed pursuant to such Refinancing; provided, for the avoidance of doubt, that Floating Rate Notes may be refinanced with notes bearing a fixed rate of interest, (ix) the obligations providing the Refinancing are subject to the Priority of Payments and do not rank higher in priority pursuant to the Priority of Payments than the corresponding Class of Secured Notes being refinanced, (x) the voting rights, consent rights, redemption rights and all other rights of the obligations providing the Refinancing are the same as the rights of the corresponding Class of Secured Notes being refinanced, (xi) a Majority of the Preferred Shares directs the Issuer to effect such Refinancing, (xii) the Issuer has received a written opinion or advice from Allen & Overy LLP or Cleary Gottlieb Steen & Hamilton LLP, or a written opinion of tax counsel of nationally recognized standing in the United States experienced in such matters, to the effect that such Refinancing will not result in the Issuer becoming subject to U.S. federal income tax with respect to its net income (including any tax liability imposed under Section 1446 of the Code), or result in the Issuer being treated as a publicly traded partnership taxable as a corporation for U.S. federal income tax purposes and (xiii) none of the Issuer, the Collateral Manager, the Retention Holder or any "sponsor" of the Issuer under the U.S. Risk Retention Rules shall fail to be in compliance with the U.S. Risk Retention Rules or the EU Risk Retention Requirements as a result of such Refinancing unless such Person has consented to such Refinancing.

(f) The holders of the Preferred Shares will not have any cause of action against the Issuers, the Collateral Manager, the Collateral Administrator or the Trustee for any failure to obtain a Refinancing. Unless it otherwise consents, neither the Collateral Manager nor any Affiliate of the Collateral Manager shall be required to acquire any obligations or securities of the Issuers in connection with such Refinancing. If a Refinancing is obtained meeting the requirements specified above as certified by the Collateral Manager, the Issuers and the Trustee shall amend this Indenture to the extent necessary to reflect the terms of the Refinancing and, notwithstanding anything to the contrary set forth in Article VIII hereof, no further consent for such amendments shall be required from the Holders of Securities other than the consent of a Majority of the Preferred Shares directing the redemption (including with respect to any related amendment providing that replacement securities issued in connection therewith will not be subject to any subsequent Refinancing). The Trustee shall not be obligated to enter into any amendment that, in its view, adversely affects its duties, obligations, liabilities or protections hereunder, and the Trustee shall be entitled to conclusively rely upon an Opinion of Counsel as to matters of law (which may be supported as to factual (including financial and capital markets) matters by any relevant certificates and other documents necessary or advisable in the judgment of counsel delivering such Opinion of Counsel) provided by the Issuer to the effect that such amendment meets the requirements specified above and is permitted under this Indenture (except that such officer or counsel shall have no obligation to certify or opine as to the sufficiency of the Refinancing Proceeds, or the sufficiency of the Accountants' Report required hereunder).

(g) In the event of any Optional Redemption, the Issuer shall, at least fifteen (15) Business Days prior to the Redemption Date, notify the Trustee in writing of such Redemption Date, the applicable Record Date, the principal amount of Secured Notes to be redeemed on such Redemption Date and the applicable Redemption Prices. The failure to effect any Optional Redemption shall not constitute an Event of Default.

(h) In connection with any Optional Redemption of the Secured Notes in whole or of any Class of the Secured Notes in connection with a Refinancing of such Class, Holders of 100% of the Aggregate Outstanding Amount of any such Class of Secured Notes may elect to receive less than 100% of the Redemption Price that would otherwise be payable to the Holders of such Class of Secured Notes.

(i) If a Class or Classes of Secured Notes are redeemed in connection with a Refinancing in part by Class, Refinancing Proceeds, together with Partial Refinancing Interest Proceeds, shall be used to pay the Redemption Price(s) of such Class or Classes of Secured Notes without regard to the Priority of Payments.

(j) Subject to and in accordance with the Memorandum and Articles, the Preferred Shares may be redeemed by the Issuer at their Redemption Price (any such redemption, an "Optional Preferred Shares Redemption"), in whole but not in part, on any Business Day upon five (5) Business Days' notice (or such shorter agreed period) to the Trustee on or after the redemption in full of the Secured Notes, at the direction of a Majority of the Preferred Shares (with the consent of the Collateral Manager) or at the direction of the Collateral Manager. If no funds are available to pay holders of the Preferred Shares pursuant hereto and to the Fiscal Agency Agreement, the Issuer may redeem the Preferred Shares (in whole but not in part) for no consideration on any Redemption Date, on the Stated Maturity or upon an acceleration of the Notes as the result of an Event of Default.

Section 9.3 Tax Redemption. (a) The Securities shall be redeemed in whole but not in part (any such redemption, a "Tax Redemption") at their applicable Redemption Prices at the written direction (delivered to the Trustee) of (x) a Majority of any Affected Class or (y) a Majority of the Preferred Shares, in either case following the occurrence and continuation of a Tax Event.

(b) In connection with any Tax Redemption, Holders of 100% of the Aggregate Outstanding Amount of any Class of Secured Notes may elect to receive less than 100% of the Redemption Price that would otherwise be payable to the Holders of such Class of Secured Notes.

(c) Upon its receipt of such written direction directing a Tax Redemption, the Trustee shall promptly notify the Collateral Manager, the Holders and the Rating Agency thereof.

(d) If an Officer of the Collateral Manager obtains actual knowledge of the occurrence of a Tax Event, the Collateral Manager shall promptly notify the Issuer, the Collateral Administrator and the Trustee thereof, and upon receipt of such notice the Trustee shall promptly notify the Holders of the Securities and the Rating Agency thereof.

Section 9.4 Redemption Procedures. (a) In the event of any Optional Redemption, the written direction of a Majority of the Preferred Shares and the consent of the Collateral Manager shall be provided to the Issuers, the Trustee and the Collateral Manager not later than thirty (30) days (or such shorter period of time, not to be less than fifteen (15) Business Days, as the Trustee and the Collateral Manager find reasonably acceptable) prior to the Business Day on which such redemption is to be made (which date shall be designated in such notice). In the event of any Optional Redemption or Tax Redemption, a notice of redemption shall be given by the Trustee by overnight delivery service, postage prepaid, mailed not later than fifteen (15) Business Days prior to the applicable Redemption Date, to each Holder of Securities, at such Holder's address in the Register or the Share Register, as applicable (and, in the case of Global Notes, delivered by electronic transmission to DTC) and the Rating Agency.

(b) All notices of redemption delivered pursuant to Section 9.4(a) shall state:

(i) the applicable Redemption Date;

(ii) the Redemption Prices of the Notes to be redeemed;

(iii) all of the Securities that are to be redeemed are to be redeemed in full and that interest on such Notes shall cease to accrue on the Payment Date specified in the notice; and

(iv) the place or places where Securities are to be surrendered for payment of the Redemption Prices, which in the case of the Notes shall be the Corporate Trust Office of the Trustee and in the case of the Preferred Shares shall be the offices of the Fiscal Agent as set forth in the Fiscal Agency Agreement.

(c) The Issuer may withdraw any such notice of an Optional Redemption on any day up to and including the later of (x) the day on which the Collateral Manager is required to deliver to the Trustee the sale agreement or agreements or certifications as described in Section 9.4(e), by written notice to the Trustee that the Collateral Manager will be unable after using commercially reasonable efforts to deliver such sale agreement or agreements or certifications or it elects in good faith based on an assessment of current market conditions not to deliver such sale agreement or agreements or certifications and (y) the day on which the Holders of Securities are notified of such redemption in accordance with Section 9.4(a), at the written direction of a Majority of Preferred Shares to the Trustee and the Collateral Manager. The Issuer shall provide notice to the Rating Agency of any such withdrawal. The reasonable fees, costs, charges and expenses incurred in connection with the failure of any such redemption will be paid by the Issuer as Administrative Expenses payable in accordance with the Priority of Payments.

(d) Notice of redemption (and any withdrawal thereof) pursuant to Section 9.2 or 9.3 shall be given to the Holders of Securities and the Rating Agency by the Issuer or, upon an Issuer Order, by the Trustee in the name and at the expense of the Issuer. Failure to give notice of redemption, or any defect therein, to any Holder of any Notes selected for redemption shall not impair or affect the validity of the redemption of any other Notes.

(e) Unless Refinancing Proceeds are being used to redeem the Secured Notes in whole or in part, in the event of any Optional Redemption or Tax Redemption, no Secured Note may be optionally redeemed unless (i) at least five (5) Business Days before the scheduled Redemption Date the Collateral Manager shall have furnished to the Trustee evidence in a form reasonably satisfactory to the Trustee that the Collateral Manager on behalf of the Issuer has entered into a binding agreement or agreements with a financial or other institution or institutions whose short-term unsecured debt obligations (other than such obligations whose rating is based on the credit of a Person other than such institution) are rated, or guaranteed by a Person whose short-term unsecured debt obligations are rated, at least "A-1" by S&P to purchase (directly or by participation or other arrangement), not later than the Business Day immediately preceding the scheduled Redemption Date in immediately available funds, all or part of the Assets at a purchase price at least sufficient, together with the Eligible Investments maturing, redeemable or puttable to the issuer thereof at par on or prior to the scheduled Redemption Date, to pay all Administrative Expenses (without regard to the Administrative Expense Cap) and Collateral Management Fees payable in connection with such Optional Redemption or Tax Redemption, in each case, as applicable and in accordance with the Priority of Payments, and redeem the applicable Class of Secured Notes on the scheduled Redemption Date at the applicable Redemption Prices (including, without limitation, any such amount that the Holders of such Class have elected to receive, where Holders of such Class have elected to receive less than 100% of the Redemption Price that would otherwise be payable to the Holders of such Class), or (ii) prior to selling any Collateral Obligations and/or Eligible Investments, the Collateral Manager shall certify to the Trustee that, in its judgment (which may be based on the Issuer having entered into an agreement to sell such Assets to another special purpose entity (or any Affiliate which has sufficient cash or financing resources available) that has committed financing or that has priced but has not yet closed its securities offering if such securities offering is expected to close on or prior to the scheduled Redemption Date), the aggregate sum of (A) expected proceeds from the sale of Eligible Investments and all amounts that ORCC has committed to contribute to the Issuer, and (B) for each Collateral Obligation, its Market Value, shall exceed the sum of (x) the aggregate Redemption Prices of the applicable Class of Secured Notes (including, without limitation, any such amount that the Holders of such Class have elected to receive, where Holders of such Class have elected to receive less than 100% of the Redemption Price that would otherwise be payable to the Holders of such Class) and (y) all Administrative Expenses (without regard to the Administrative Expense Cap) and Collateral Management Fees payable in connection with such Optional Redemption or Tax Redemption, in each case, as applicable and in accordance with the Priority of Payments. Any certification delivered by the Collateral Manager pursuant to this Section 9.4(e) shall include (1) the prices of, and expected proceeds from, the sale (directly or by participation or other arrangement) of any Collateral Obligations and/or Eligible Investments and (2) all calculations required by this Section 9.4(e). Any holder of Securities, ORCC, the Collateral Manager or any of their respective Affiliates or accounts managed thereby or by any of their respective Affiliates may, subject to the same terms and conditions afforded to other bidders and compliance with applicable law (including the Advisers Act), bid on Assets to be sold as part of an Optional Redemption or Tax Redemption.

Section 9.5 Notes Payable on Redemption Date. (a) Notice of redemption pursuant to Section 9.4 having been given as aforesaid, the Notes to be redeemed shall, on the Redemption Date, subject to Section 9.4(e) and the Issuer's right to withdraw any notice of redemption pursuant to Section 9.4(c), become due and payable at the Redemption Prices therein specified, and from and after the Redemption Date (unless the Issuer shall default in the payment of the Redemption Prices and accrued interest) all such Notes shall cease to bear interest on the Redemption Date. Upon final payment on a Note to be so redeemed, the Holder shall present and surrender such Note at the place specified in the notice of redemption on or prior to such Redemption Date; provided that if there is delivered to the Issuer and the Trustee such security or indemnity as may be required by them to save such party harmless and an undertaking thereafter to surrender such Note, then, in the absence of notice to the Issuer or the Trustee that the applicable Note has been acquired by a protected purchaser, such final payment shall be made without presentation or surrender. Payments of interest on Notes to be so redeemed which are payable on or prior to the Redemption Date shall be payable to the Holders of such Notes, or one or more predecessor Notes, registered as such at the close of business on the relevant Record Date according to the terms and provisions of Section 2.8(e).

(b) If any Secured Notes called for redemption shall not be paid upon surrender thereof for redemption, the principal thereof shall, until paid, bear interest from the Redemption Date at the applicable Interest Rate for each successive Interest Accrual Period such Secured Notes remain Outstanding; provided that the reason for such non-payment is not the fault of such Holder.

Section 9.6 Special Redemption. Principal payments on the Secured Notes shall be made in part in accordance with the Priority of Payments on any Payment Date (i) during the Reinvestment Period, if the Collateral Manager in its sole discretion notifies the Trustee at least five (5) Business Days prior to the applicable Special Redemption Date that it has been unable, for a period of at least twenty (20) consecutive Business Days, to identify additional Collateral Obligations that are deemed appropriate by the Collateral Manager in its sole discretion and which would satisfy the Investment Criteria in sufficient amounts to permit the investment or reinvestment of all or a portion of the funds then in the Collection Account that are to be invested in additional Collateral Obligations or (ii) after the Effective Date, if the Collateral Manager notifies the Trustee that a redemption is required pursuant to Section 7.18 in order to (A) satisfy the Effective Date S&P Conditions or (B) obtain from S&P its written confirmation of its Initial Ratings of the Secured Notes (each of (i) and (ii), a "Special Redemption"). On the first Payment Date following the Collection Period in which such notice is given (a "Special Redemption Date"), the amount in the Collection Account representing, as applicable, either (i) Principal Proceeds which the Collateral Manager has determined cannot be reinvested in additional Collateral Obligations will be applied as described in Section 11.1(a)(ii)(E), or (ii) Interest Proceeds and Principal Proceeds available therefor will be applied to pay principal of the Secured Notes in accordance with the Note Payment Sequence as described in Section 11.1(a)(i)(F) and Section 11.1(a)(ii)(C) (but in the case of this clause (ii), only to the extent that the Collateral Manager does not direct that the Interest Proceeds and Principal Proceeds be allocated to the purchase of additional Collateral Obligations) until the Issuer obtains written confirmation from S&P of the Initial Ratings of the Secured Notes or the Effective Date S&P Conditions have been satisfied (the applicable amount payable under clause (i) or (ii), the "Special Redemption Amount") will be applied in accordance with the Priority of Payments. Notice of a Special Redemption shall be given by the Trustee not less than three (3) Business Days prior to the applicable Special Redemption Date (x) by email transmission, if available, and otherwise by facsimile, if available, or (y) by first class mail, postage prepaid, to each Holder of Securities affected thereby at such Holder's facsimile number, email address or mailing address in the Register (and, in the case of Global Notes, delivered by electronic transmission to DTC) or the Share Register, as applicable, and to the Rating Agency.

Section 9.7 Optional Re-Pricing. (a) On any Business Day after the Non-Call Period, at the written direction of a Majority of the Preferred Shares (with the consent of the Collateral Manager), the Issuers shall reduce the spread over the Reference Rate with respect to any Class of Re-Pricing Eligible Notes (such reduction, a "Re-Pricing" and any Class of Re-Pricing Eligible Notes to be subject to a Re-Pricing, a "Re-Priced Class"); provided that the Issuers shall not effect any Re-Pricing unless each condition specified in this Section 9.7 is satisfied with respect thereto. For the avoidance of doubt, no terms of any Secured Notes other than the Interest Rate applicable to the related Re-Priced Class may be modified or supplemented in connection with a Re-Pricing. In connection with any Re-Pricing, the Issuer may engage a broker-dealer (the "Re-Pricing Intermediary") upon the recommendation and subject to the approval of (i) a Majority of the Preferred Shares and (ii) the Collateral Manager and such Re-Pricing Intermediary shall assist the Issuer in effecting the Re-Pricing.

(b) At least 30 days prior to the Business Day fixed by a Majority of the Preferred Shares for any proposed Re-Pricing (the "Re-Pricing Date"), the Issuer, or the Re-Pricing Intermediary on behalf of the Issuer, shall deliver a notice in writing to the Trustee (who shall promptly deliver a copy of such notice to each Holder of the proposed Re-Priced Class(es), the Collateral Manager and the Rating Agency), which notice shall:

(i) specify the proposed Re-Pricing Date and the revised Interest Rate to be applied with respect to such Class (the "Re-Pricing Rate");

(ii) request each Holder of the Re-Priced Class to approve the proposed Re-Pricing; and

(iii) specify the price at which Secured Notes of any Holder of the Re-Priced Class which does not approve the Re-Pricing may be sold and transferred pursuant to Section 9.7(c), which, for purposes of such Re-Pricing, shall be the applicable Redemption Price after giving effect on *apro forma* basis to all payments to be made pursuant to the Priority of Payments on the Re-Pricing Date if such date is a Payment Date.

(c) In the event any Holders of the Re-Priced Class do not deliver written consent to the proposed Re-Pricing on or before the date that is ten (10) Business Days prior to the proposed Re-Pricing Date, the Issuer, or the Re-Pricing Intermediary on behalf of the Issuer, shall deliver written notice thereof to the Trustee (who shall promptly deliver a copy of such notice to the consenting Holders of the Re-Priced Class), specifying the Aggregate Outstanding Amount of the Secured Notes of the Re-Priced Class held by such non-consenting Holders, and shall request that each such consenting Holder provide written notice to the Issuer, the Trustee, the Collateral Manager and the Re-Pricing Intermediary if such Holder would like to purchase all or any portion of the Secured Notes of the Re-Priced Class held by the non-consenting Holders (each such notice, an “Exercise Notice”) within five (5) Business Days after receipt of such notice. In the event the Issuer shall receive Exercise Notices with respect to more than the Aggregate Outstanding Amount of the Secured Notes of the Re-Priced Class held by non-consenting Holders, the Issuer, or the Re-Pricing Intermediary on behalf of the Issuer, shall cause the sale and transfer of such Secured Notes, without further notice to the non-consenting Holders thereof (for settlement on the Re-Pricing Date) to the Holders delivering Exercise Notices with respect thereto, *pro rata* based on the Aggregate Outstanding Amount of the Secured Notes such Holders indicated an interest in purchasing pursuant to their Exercise Notices. In the event the Issuer shall receive Exercise Notices with respect to less than the Aggregate Outstanding Amount of the Secured Notes of the Re-Priced Class held by non-consenting Holders, the Issuer, or the Re-Pricing Intermediary on behalf of the Issuer, shall cause the sale and transfer of such Secured Notes, without further notice to the non-consenting Holders thereof, for settlement on the Re-Pricing Date to the Holders delivering Exercise Notices with respect thereto, and any excess Secured Notes of the Re-Priced Class held by non-consenting Holders shall be sold (for settlement on the Re-Pricing Date) to one or more transferees designated by the Re-Pricing Intermediary and consented to by the Collateral Manager on behalf of the Issuer. All sales of Re-Pricing Eligible Notes to be effected pursuant to this clause (c) shall be made at the applicable Redemption Price after giving effect on a *pro forma* basis to all payments to be made pursuant to the Priority of Payments on the Re-Pricing Date if such date is a Payment Date, and shall be effected only if the related Re-Pricing is effected in accordance with the provisions hereof. The Holder of each Re-Pricing Eligible Note, by its acceptance of an interest in the Re-Pricing Eligible Note, agrees that the Issuer, or the Re-Pricing Intermediary on behalf of the Issuer, may enter into binding commitments to sell and transfer all Re-Pricing Eligible Notes of a Re-Priced Class held by non-consenting Holders in accordance with this Section 9.7 and, if it is a non-consenting Holder, hereby irrevocably appoints the Issuer, or the Re-Pricing Intermediary on behalf of the Issuer, as its true and lawful agent and attorney-in-fact (with full power of substitution) in its name, place and stead and at its expense, in connection with such sale and transfer, and agrees to sell and transfer its Secured Notes in accordance with this Section 9.7 and to cooperate with the Issuer, the Re-Pricing Intermediary and the Trustee to effect such sale and transfers. The Issuer, or the Re-Pricing Intermediary on behalf of the Issuer, shall deliver written notice to the Trustee and the Collateral Manager not later than five (5) Business Days prior to the proposed Re-Pricing Date confirming that the Issuer has received written commitments to purchase all Secured Notes of the Re-Priced Class held by non-consenting Holders. For the avoidance of doubt, such Re-Pricing will apply to all the Secured Notes of the Re-Priced Class, including the Secured Notes of the Re-Priced Class held by non-consenting Holders.

(d) The Issuer shall not effect any proposed Re-Pricing unless: (i) with the consent of a Majority of the Preferred Shares and the Collateral Manager, the Issuers and the Trustee shall have entered into a supplemental indenture, dated as of the Re-Pricing Date solely to decrease the spread over the Reference Rate applicable to the Re-Priced Class; (ii) the Issuer, or the Re-Pricing Intermediary on behalf of the Issuer, has received written commitments to purchase all Secured Notes of the Re-Priced Class held by non-consenting Holders; (iii) the Rating Agency shall have been notified of such Re-Pricing; (iv) the Issuer has received a written opinion or advice from Allen & Overy LLP or Cleary Gottlieb Steen & Hamilton LLP, or a written opinion of other tax counsel of nationally recognized standing in the United States experienced in such matters, to the effect that such Re-Pricing will not result in the Issuer becoming subject to U.S. federal income tax with respect to its net income (including any tax liability imposed under Section 1446 of the Code), or result in the Issuer being treated as a publicly traded partnership taxable as a corporation for U.S. federal income tax purposes; (v) all expenses of the Issuer and the Trustee (including the fees of the Re-Pricing Intermediary and fees of counsel) incurred in connection with the Re-Pricing shall not exceed the amount of Interest Proceeds expected to be available after taking into account all amounts required to be paid pursuant to the Priority of Payments on the subsequent Payment Date prior to distributions to the Holders of the Preferred Shares, unless such expenses shall have been paid (including from proceeds of any additional issuance of Preferred Shares) or shall be adequately provided for by an entity other than the Issuer; and (vi) none of the Issuer, the Collateral Manager, the Retention Holder or any "sponsor" of the Issuer under the U.S. Risk Retention Rules fails to be in compliance with the U.S. Risk Retention Rules or the EU Risk Retention Requirements as a result of such Re-Pricing unless such Person has consented to such Re-Pricing. Unless it otherwise consents, none of the Collateral Manager, the Retention Holder nor any of their Affiliates shall be required to acquire any obligations or securities of the Issuer in connection with such Re-Pricing.

(e) If notice has been received by the Trustee from the Issuer, or the Re-Pricing Intermediary on behalf of the Issuer, confirming that the Issuer, or the Re-Pricing Intermediary on behalf of the Issuer, has received written commitments to purchase all Secured Notes of the Re-Priced Class held by non-consenting Holders, notice of a Re-Pricing shall be given by the Trustee by email transmission, if available, and by first class mail, postage prepaid, mailed not less than three (3) Business Days prior to the proposed Re-Pricing Date, to each Holder of Notes of the Re-Priced Class at the address in the Register (and, in the case of Global Notes, delivered by electronic transmission to DTC) (with a copy to the Collateral Manager), specifying the applicable Re-Pricing Date and Re-Pricing Rate. Notice of Re-Pricing shall be given by the Trustee at the expense of the Issuer. Failure to give a notice of Re-Pricing, or any defect therein, to any Holder of any Re-Priced Class shall not impair or affect the validity of the Re-Pricing or give rise to any claim based upon such failure or defect. Any notice of a Re-Pricing may be withdrawn by a Majority of the Preferred Shares on or prior to the fourth Business Day prior to the scheduled Re-Pricing Date by written notice to the Issuer, the Trustee and the Collateral Manager for any reason. Upon receipt of such notice of withdrawal, the Trustee shall send such notice to the Holders of Secured Notes and the Rating Agency.

(f) The Issuer shall direct the Trustee to segregate payments and take other reasonable steps to effect the Re-Pricing and the Trustee shall have the authority to take such actions as may be directed by the Issuer or the Collateral Manager as the Issuer (or the Re-Pricing Intermediary on behalf of the Issuer) or Collateral Manager shall deem necessary or desirable to effect a Re-Pricing. In order to give effect to the Re-Pricing, the Issuer may, to the extent necessary or desirable, obtain and assign a separate CUSIP or CUSIPs to the Secured Notes of each Class held by such consenting or non-consenting Holder(s). The Trustee shall be entitled to receive, and shall be fully protected in relying upon an Opinion of Counsel stating that the Re-Pricing is authorized or permitted by this Indenture and that all conditions precedent thereto have been complied with. The Trustee may request and rely on an Issuer Order providing direction and any additional information requested by the Trustee in order to effect a Re-Pricing.

Section 9.8 Clean-Up Call Redemption. (a) At the written direction of the Collateral Manager to the Issuer and the Trustee, with a copy to the Rating Agency, at least twenty (20) Business Days prior to the proposed Redemption Date, the Secured Notes shall be subject to redemption by the Issuers, in whole but not in part, at the applicable Redemption Price, on any Business Day after the Non-Call Period on which the Collateral Principal Amount is less than 10% of the Target Initial Par Amount.

(b) Notwithstanding anything to the contrary set forth herein, the Secured Notes shall not be redeemed pursuant to a Clean-Up Call Redemption unless (i) at least five (5) Business Days before the scheduled Redemption Date the Collateral Manager shall have furnished to the Trustee evidence, in form satisfactory to the Trustee, that the Collateral Manager on behalf of the Issuer has entered into a binding agreement or agreements to sell to a financial or other institution or institutions not later than the Business Day immediately preceding the scheduled Redemption Date, all or part of the Collateral Obligations at a purchase price at least equal to an amount sufficient, together with the Eligible Investments maturing, redeemable (or puttable to the issuer thereof at par) on or prior to the scheduled Redemption Date, to pay all Administrative Expenses and other fees and expenses payable in accordance with the Priority of Payments (without regard to the Administrative Expense Cap) prior to the payment of the principal of the Secured Notes to be redeemed and redeem all of the Secured Notes on the scheduled Redemption Date at the applicable Redemption Price, or (ii) prior to selling any Collateral Obligations and/or Eligible Investments, the Collateral Manager shall certify to the Trustee in a certificate of a Responsible Officer upon which the Trustee can conclusively rely that, in its judgment (which may be based on the Issuer having entered into an agreement to sell such Assets to another special purpose entity that has committed financing or that has priced but has not yet closed its securities offering if such securities offering is expected to close on or prior to the scheduled Redemption Date), the aggregate sum of (A) any expected proceeds from the sale of Eligible Investments and (B) for each Collateral Obligation, the Market Value thereof, shall equal or exceed the Redemption Price of the Secured Notes. Any certification delivered by the Collateral Manager pursuant to this Section 9.8 shall include (1) the prices of, and expected proceeds from, the sale (directly or by participation or other arrangement) of any Collateral Obligations and/or Eligible Investments and (2) all calculations required by this Section 9.8.

(c) Upon receipt from the Collateral Manager of a direction in writing to effect a Clean-Up Call Redemption, the Issuer will set the related Redemption Date and the Record Date and give written notice thereof to the Trustee, the Collateral Administrator, the Collateral Manager and the Rating Agency not later than fifteen (15) Business Days prior to the proposed Redemption Date. A notice of redemption will be given by email, if available, and by first-class mail, postage prepaid, mailed not later than ten (10) Business Days prior to the applicable Redemption Date, to each Holder of Securities, at such Holder's address in Register (and, in the case of Global Notes, delivered by electronic transmission to DTC) or the Share Register, as applicable, and the Rating Agency.

(d) Any notice of a Clean-Up Call Redemption may be withdrawn by the Issuer (or by the Collateral Manager on behalf of the Issuer) up to (and including) the fourth Business Day prior to the related Redemption Date by written notice to the Trustee, the Fiscal Agent and the Rating Agency (if the Secured Notes remain Outstanding) only if the Collateral Manager has not delivered the sale agreement or agreements or certifications as described in Section 9.8(b) in form satisfactory to the Trustee.

(e) The Trustee will give notice of any such withdrawal of a Clean-Up Call Redemption, at the expense of the Issuer, to each Holder of Securities that were to be redeemed at such holder's address in the Register or Share Register, as applicable, by overnight courier guaranteeing next day delivery not later than the third Business Day prior to the related scheduled Redemption Date.

(f) On the Redemption Date related to any Clean-Up Call Redemption, the Redemption Price for the Secured Notes will be distributed pursuant to the Priority of Payments.

### ACCOUNTS, ACCOUNTINGS AND RELEASES

Section 10.1 Collection of Money. Except as otherwise expressly provided herein, the Trustee may demand payment or delivery of, and shall receive and collect, directly and without intervention or assistance of any fiscal agent or other intermediary, all Money and other property payable to or receivable by the Trustee pursuant to this Indenture, including all payments due on the Assets, in accordance with the terms and conditions of such Assets. The Trustee shall segregate and hold all such Money and property received by it in trust for the Holders of the Securities and shall apply it as provided herein. Each Account shall be established and maintained (a) with a federal or state-chartered depository institution that has a short-term debt rating of at least "A-1" and a long-term issuer credit rating of at least "A" (or, in the absence of a short-term debt rating, a long-term issuer credit rating of at least "A+") by S&P or (b) in segregated trust accounts with the corporate trust department of a federal or state-chartered deposit institution that has a short-term debt rating of at least "A-1" and a long-term issuer credit rating of at least "A" (or, in the absence of a short-term debt rating, a long-term issuer credit rating of at least "A+") by S&P and is subject to regulations regarding fiduciary funds on deposit similar to Title 12 of the Code of Federal Regulation Section 9.10(b) (an "Eligible Institution") and, in each case, if such institution's rating falls below any such rating threshold, the assets held in such Account shall be moved within 30 calendar days to another institution that satisfies those ratings. Such institution shall have a combined capital and surplus of at least U.S.\$200,000,000. All Cash deposited in the Accounts shall be invested only in Eligible Investments or Collateral Obligations in accordance with the terms of this Indenture. To avoid the consolidation of the Assets of the Issuer with the general assets of the Bank under any circumstances, the Trustee shall comply, and shall cause the Custodian to comply, with all law applicable to it as a Massachusetts trust company holding segregated trust assets in a fiduciary capacity. Notwithstanding anything herein to the contrary, the Trustee shall not credit or otherwise deposit Excluded Property into any Account. The Co-Issuer shall have no legal, equitable or beneficial interest in an Account.

Section 10.2 Collection Account. (a) In accordance with this Indenture and the Account Control Agreement, the Issuer shall, prior to the Closing Date, cause the Trustee to establish at the Custodian two segregated trust accounts, one of which will be designated the "Interest Collection Subaccount" and one of which will be designated the "Principal Collection Subaccount" (and which together will comprise the Collection Account), each held in the name of the Issuer subject to the Lien of this Indenture and each of which shall be maintained with the Custodian in accordance with the Account Control Agreement. The Trustee shall from time to time deposit into the Interest Collection Subaccount, in addition to the deposits required pursuant to Section 10.6(a), immediately upon receipt thereof or upon transfer from the Payment Account, all Interest Proceeds (unless simultaneously reinvested in additional Collateral Obligations in accordance with Article XII). The Trustee shall deposit immediately upon receipt thereof or upon transfer from the Expense Reserve Account, the Ramp-Up Account or Revolver Funding Account all other amounts remitted to the Collection Account into the Principal Collection Subaccount, including in addition to the deposits required pursuant to Section 10.6(a), (i) any funds designated as Principal Proceeds by the Collateral Manager in accordance with this Indenture and (ii) all other Principal Proceeds (unless simultaneously reinvested in additional Collateral Obligations in accordance with Article XII or in Eligible Investments). The Issuer may, but under no circumstances shall be required to, deposit from time to time into the Collection Account, in addition to any amount required hereunder to be deposited therein, such Monies received from external sources for the benefit of the Secured Parties or the Issuer (other than payments on or in respect of the Collateral Obligations, Eligible Investments or other existing Assets) as the Issuer deems, in its sole discretion, to be advisable and to designate them as Interest Proceeds or Principal Proceeds. All Monies deposited from time to time in the Collection Account pursuant to this Indenture shall be held by the Trustee as part of the Assets and shall be applied to the purposes herein provided. Subject to Section 10.2(d), amounts in the Collection Account shall be reinvested pursuant to Section 10.6(a).

(b) The Trustee, within one Business Day after receipt of any distribution or other proceeds in respect of the Assets which are not Cash, shall so notify the Issuer and the Issuer (or the Collateral Manager on behalf of the Issuer) shall use its commercially reasonable efforts to, within five (5) Business Days after receipt of such notice from the Trustee (or as soon as practicable thereafter), sell such distribution or other proceeds for Cash in an arm's length transaction and deposit the proceeds thereof in the Collection Account; provided that the Issuer (i) need not sell such distributions or other proceeds if it delivers an Issuer Order or an Officer's certificate to the Trustee certifying that such distributions or other proceeds constitute Collateral Obligations, Equity Securities or Eligible Investments or (ii) may otherwise retain such distribution or other proceeds for up to two years from the date of receipt thereof if it delivers an Officer's certificate to the Trustee certifying that (x) it will sell such distribution within such two-year period and (y) retaining such distribution is not otherwise prohibited by this Indenture.

(c) At any time when reinvestment is permitted pursuant to Article XII, the Collateral Manager on behalf of the Issuer may by Issuer Order direct the Trustee to, and upon receipt of such Issuer Order the Trustee shall, withdraw funds on deposit in the Principal Collection Subaccount representing Principal Proceeds (together with any Principal Financed Accrued Interest) and reinvest (or invest, in the case of funds referred to in Section 7.18) such funds in additional Collateral Obligations, in each case in accordance with the requirements of Article XII and such Issuer Order. At any time, the Collateral Manager on behalf of the Issuer may by Issuer Order direct the Trustee to, and upon receipt of such Issuer Order the Trustee shall, withdraw funds on deposit in the Principal Collection Subaccount representing Principal Proceeds and deposit such funds in the Revolver Funding Account to meet funding requirements on Delayed Drawdown Collateral Obligations or Revolving Collateral Obligations.

(d) The Collateral Manager on behalf of the Issuer may by Issuer Order direct the Trustee to, and upon receipt of such Issuer Order the Trustee shall, pay from amounts on deposit in the Collection Account on any Business Day during any Interest Accrual Period (i) any amount required to purchase additional Collateral Obligations or to exercise a warrant or right to acquire securities held in the Assets in accordance with the requirements of Article XII and such Issuer Order; provided that any payment to exercise a warrant or right to acquire securities held in the Assets shall be made from Interest Proceeds only (including Contributions treated as Interest Proceeds), and (ii) from Interest Proceeds only, any Administrative Expenses (such payments to be counted against the Administrative Expense Cap for the applicable period and to be subject to the order of priority as stated in the definition of Administrative Expenses); provided that the aggregate Administrative Expenses paid pursuant to this Section 10.2(d) during any Collection Period shall not exceed the Administrative Expense Cap for the related Payment Date; provided further that the Trustee shall be entitled (but not required) without liability on its part, to refrain from making any such payment of an Administrative Expense pursuant to this Section 10.2 on any day other than a Payment Date if, in its reasonable determination, the payment of such amount is likely to leave insufficient funds available to pay in full each of the items described in Section 11.1(a)(i)(A) as reasonably anticipated to be or become due and payable on the next Payment Date, taking into account the Administrative Expense Cap.

(e) The Trustee shall transfer to the Payment Account, from the Collection Account for application pursuant to Section 11.1(a), on the Business Day immediately preceding each Payment Date, the amount set forth to be so transferred in the Distribution Report for such Payment Date.

(f) In connection with a Refinancing in part by Class of one or more Classes of Notes, the Collateral Manager on behalf of the Issuer may direct the Trustee to apply Partial Refinancing Interest Proceeds from the Interest Collection Subaccount on the date of a Refinancing of one or more Classes of Notes to the payment of the Redemption Price(s) of the Class or Classes of Notes subject to Refinancing without regard to the Priority of Payments.

Section 10.3 Transaction Accounts.

( a ) Payment Account. In accordance with this Indenture and the Account Control Agreement, the Issuer shall, prior to the Closing Date, cause the Trustee to establish at the Custodian a single, segregated non-interest bearing trust account held in the name of State Street Bank and Trust Company, as Trustee, for the benefit of the Secured Parties, which shall be designated as the Payment Account, which shall be maintained with the Custodian in accordance with the Account Control Agreement. Except as provided in Section 11.1(a), the only permitted withdrawal from or application of funds on deposit in, or otherwise to the credit of, the Payment Account shall be to pay amounts due and payable on the Securities in accordance with their terms and the provisions of this Indenture and, upon Issuer Order, to pay Administrative Expenses, fees and other amounts due and owing to the Collateral Manager under the Collateral Management Agreement and other amounts specified herein, each in accordance with the Priority of Payments. The Issuer shall not have any legal, equitable or beneficial interest in the Payment Account other than in accordance with this Indenture (including the Priority of Payments) and the Account Control Agreement. Amounts in the Payment Account shall remain uninvested.

( b ) Custodial Account. In accordance with this Indenture and the Account Control Agreement, the Issuer shall, prior to the Closing Date, cause the Trustee to establish at the Custodian a single, segregated non-interest bearing trust account held in the name of the Issuer, subject to the Lien of this Indenture, which shall be designated as the Custodial Account, which shall be maintained with the Custodian in accordance with the Account Control Agreement. All Collateral Obligations shall be credited to the Custodial Account. The only permitted withdrawals from the Custodial Account shall be in accordance with the provisions of this Indenture. The Trustee agrees to give the Issuer immediate notice if (to the actual knowledge of a Trust Officer of the Trustee) the Custodial Account or any assets or securities on deposit therein, or otherwise to the credit of the Custodial Account, shall become subject to any writ, order, judgment, warrant of attachment, execution or similar process. The Issuer shall not have any legal, equitable or beneficial interest in the Custodial Account other than in accordance with this Indenture and the Priority of Payments.

(c) Ramp-Up Account. In accordance with this Indenture and the Account Control Agreement, the Trustee shall, if directed to do so by the Issuer, prior to the Closing Date, establish at the Custodian a single, segregated non-interest bearing trust account held in the name of the Issuer, subject to the Lien of this Indenture, which shall be designated as the Ramp-Up Account, which shall be maintained with the Custodian in accordance with the Account Control Agreement. The Issuer shall direct the Trustee to deposit the amount specified in the Issuer Order delivered pursuant to Section 3.1(a)(xi) to the Ramp-Up Account on the Closing Date. In connection with any purchase of an additional Collateral Obligation, the Trustee will apply amounts held in the Ramp-Up Account as provided by Section 7.18(b) and Section 7.18(f). Any income earned on amounts deposited in the Ramp-Up Account will be deposited in the Interest Collection Subaccount. All other amounts on deposit in the Ramp-Up Account will be deemed to represent Principal Proceeds. Upon the occurrence of an Enforcement Event (and excluding any amounts that will be used to settle binding commitments entered into prior to such date), the Trustee will deposit any remaining amounts in the Ramp-Up Account into the Principal Collection Subaccount as Principal Proceeds. On the Effective Date (and excluding any amounts that will be used to settle binding commitments entered into prior to such date), the Collateral Manager, in its sole discretion, may direct the Trustee to deposit from amounts remaining in the Ramp-Up Account into the Principal Collection Subaccount as Principal Proceeds.

(d) Expense Reserve Account. In accordance with this Indenture and the Account Control Agreement, the Issuer shall, prior to the Closing Date, cause the Trustee to establish at the Custodian a single, segregated non-interest bearing trust account held in the name of the Issuer, subject to the Lien of this Indenture, which shall be designated as the Expense Reserve Account, which shall be maintained with the Custodian in accordance with the Account Control Agreement. The Issuer shall direct the Trustee to deposit the amount specified in the Issuer Order delivered pursuant to Section 3.1(a)(xi) to the Expense Reserve Account. If the Issuer shall fail to appoint a successor to a firm of Independent certified public accountants which has resigned within 30 days after such resignation, the Issuer shall promptly notify the Trustee of such failure in writing. If the Issuer shall not have appointed a successor within ten days thereafter, the Trustee shall promptly notify the Collateral Manager, who shall appoint a successor firm of Independent certified public accountants of recognized international reputation. The fees of such Independent certified public accountants and its successor shall be payable by the Issuer as Administrative Expenses. In the event such firm requires the Bank, in any of its capacities including but not limited to Trustee or Collateral Administrator, to agree to the procedures performed by such firm, which acknowledgment or agreement may include confidentiality provisions and/or releases of claims or other liabilities by the Bank, the Issuer hereby directs the Bank to so agree; it being understood that the Bank shall deliver such letter of agreement in conclusive reliance on the foregoing direction and the Bank shall make no inquiry or investigation as to, and shall have no obligation in respect of, the sufficiency, validity, or correctness of such procedures. The Bank, in each of its capacities, shall not disclose any information or documents provided to it by such firm of Independent accountants.

(b) On or before the date which is 30 days after the Payment Date occurring in May of each year commencing in 2021, the Issuer shall cause to be delivered to the Trustee and the Collateral Manager a statement from a firm of Independent certified public accountants for each Distribution Report delivered in the previous year (i) indicating that such firm has performed agreed upon procedures to recalculate certain calculations within such Distribution Report (excluding the S&P CDO Monitor Test) and (ii) listing the Aggregate Principal Balance of the Assets and the Aggregate Principal Balance of the Collateral Obligations securing the Notes as of the relevant Determination Dates; provided that in the event of a conflict between such firm of Independent certified public accountants and the Issuer with respect to any matter in this Section 10.9, the determination by such firm of Independent public accountants shall be conclusive.

(c) Upon the written request of the Trustee or any holder of a Preferred Share, the Issuer will cause the firm of Independent certified public accountants appointed pursuant to Section 10.9(a) to provide any holder of the Preferred Shares with all of the information required to be provided by the Issuer or pursuant to Section 7.17 or assist the Issuer in the preparation thereof.

Section 10.10 Reports to Rating Agency and Additional Recipients. In addition to the information and reports specifically required to be provided to the Rating Agency pursuant to the terms of this Indenture, the Issuer shall provide the Rating Agency with all information or reports delivered to the Trustee hereunder, and such additional information as the Rating Agency may from time to time reasonably request (including notification (i) to the Rating Agency of any Specified Amendment, which notice shall include (x) a copy of such Specified Amendment, (y) a brief summary of its purpose and (z) which criteria under the definition of "Collateral Obligation" are no longer satisfied with respect to such Collateral Obligation after giving effect to the Specified Amendment, if any, and (ii) to the Rating Agency of the occurrence of an event with respect to a Collateral Obligation that has a credit estimate or credit opinion from the Rating Agency and which in the reasonable business judgment of the Collateral Manager would require such notification to the Rating Agency under its credit estimate or credit opinion guidelines); provided that any reports, statements or certificates of the Issuer's Independent certified public accountants shall not be provided to the Rating Agency. Within ten (10) Business Days after the Effective Date, together with each Monthly Report and on each Payment Date, the Issuer shall provide to S&P at [cdo\\_surveillance@spglobal.com](mailto:cdo_surveillance@spglobal.com) or via the Trustee's website, a Microsoft Excel file of the Excel Default Model Input File and, with respect to each Collateral Obligation, the name of each obligor or issuer thereof, the CUSIP number thereof (if applicable) and the Priority Category thereof.

Section 10.11 Procedures Relating to the Establishment of Accounts Controlled by the Trustee. Notwithstanding anything else contained herein, the Trustee agrees that with respect to each of the Accounts, it will cause each Securities Intermediary establishing such accounts to enter into an account control agreement and, if the Securities Intermediary is the Bank, shall cause the Bank to comply with the provisions of such account control agreement. The Trustee shall have the right to open such subaccounts of any such account as it deems necessary or appropriate for convenience of administration.

Section 10.12 Section 3(c)(7) Procedures. For so long as any Securities are Outstanding, the Issuer shall do the following:

(a) Notification. Each Monthly Report sent or caused to be sent by the Issuer to the Holders will include a notice to the following effect:

“The United States Investment Company Act of 1940, as amended (the “1940 Act”), requires that all holders of the outstanding securities of the Issuer that are “U.S. persons” (as defined in Regulation S) be “Qualified Purchasers” (“Qualified Purchasers”) as defined in Section 2(a)(51)(A) of the 1940 Act and related rules. Under the rules, the Issuer must have a “reasonable belief” that all holders of its outstanding securities that are “U.S. persons” (as defined in Regulation S), including transferees, are Qualified Purchasers. Consequently, all sales and resales of the Securities in the United States or to “U.S. persons” (as defined in Regulation S) must be made solely to purchasers that are Qualified Purchasers. Each purchaser of a Security in the United States who is a “U.S. person” (as defined in Regulation S) (such Security a “Restricted Security”) will be deemed (or required, as the case may be) to represent at the time of purchase that: (i) the purchaser is a Qualified Purchaser who is a qualified institutional buyer as defined in Rule 144A under the Securities Act (“QIB”); (ii) the purchaser is acting for its own account or the account of another Qualified Purchaser and QIB; (iii) the purchaser is not formed for the purpose of investing in the Issuer (unless each beneficial owner of the purchaser is a Qualified Purchaser); (iv) the purchaser, and each account for which it is purchasing, will hold and transfer at least the minimum denominations of the Securities specified in the Transaction Documents; (v) the purchaser understands that the Issuer may receive a list of participants holding positions in securities from one or more book-entry depositories; and (vi) the purchaser will provide written notice of the foregoing, and of any applicable restrictions on transfer, to any subsequent transferees. The Restricted Securities may only be transferred to another Qualified Purchaser and QIB and all subsequent transferees are deemed to have made representations (i) through (vi) above.”

“The Issuer directs that the recipient of this notice, and any recipient of a copy of this notice, to provide a copy to any Person having an interest in this Security as indicated on the books of DTC or on the books of a participant in DTC or on the books of an indirect participant for which such participant in DTC acts as agent.”

“The Transaction Documents provide that if, notwithstanding the restrictions on transfer contained therein, the Issuer determines that any holder of, or beneficial owner of an interest in a Restricted Security is a “U.S. person” (as defined in Regulation S) who is determined not to have been a Qualified Purchaser at the time of acquisition of such Restricted Security, or beneficial interest therein, the Issuer may require, by notice to such Holder or beneficial owner, that such Holder or beneficial owner sell all of its right, title and interest to such Restricted Security (or any interest therein) to a Person that is either (x) a Person that is not a “U.S. Person” (as defined in Regulation S) acquiring the Securities in an offshore transaction (as defined in Regulation S) in reliance on the exemption from registration provided by Regulation S, or (y) a Qualified Purchaser who is a QIB, with such sale to be effected within 30 days after notice of such sale requirement is given. If such holder or beneficial owner fails to effect the transfer required within such 30-day period, (i) the Issuer or the Collateral Manager acting for the Issuer, without further notice to such holder, shall and is hereby irrevocably authorized by such holder or beneficial owner, to cause its Restricted Security, or beneficial interest therein, to be transferred in a commercially reasonable sale (conducted by the Collateral Manager in accordance with Article 9 of the UCC as in effect in the State of New York as applied to securities that are sold on a recognized market or that may decline speedily in value) to a Person that certifies to the Trustee, the Issuer and the Collateral Manager, in connection with such transfer, that such Person meets the qualifications set forth in clauses (x) and (y) above and (ii) pending such transfer, no further payments will be made in respect of such Restricted Security, or beneficial interest therein held by such holder or beneficial owner.”

(b) DTC Actions. The Issuer will direct DTC to take the following steps in connection with the Global Notes:

(i) The Issuer will direct DTC to include the marker “3c7” in the DTC 20-character security descriptor and the 48-character additional descriptor for the Global Notes in order to indicate that sales are limited to Qualified Purchasers.

(ii) The Issuer will direct DTC to cause each physical deliver order ticket that is delivered by DTC to purchasers to contain the 20-character security descriptor. The Issuer will direct DTC to cause each deliver order ticket that is delivered by DTC to purchasers in electronic form to contain a “3c7” indicator and a related user manual for participants. Such user manual will contain a description of the relevant restrictions imposed by Section 3(c)(7).

(iii) On or prior to the Closing Date, the Issuer will instruct DTC to send a Section 3(c)(7) Notice to all DTC participants in connection with the offering of the Global Notes.

(iv) In addition to the obligations of the Registrar set forth in Section 2.6, the Issuer will from time to time (upon the request of the Trustee) make a request to DTC to deliver to the Issuer a list of all DTC participants holding an interest in the Global Notes.

(v) The Issuer will cause each CUSIP number obtained for a Global Note to have a fixed field containing “3c7” and “144A” indicators, as applicable, attached to such CUSIP number.

(c) Bloomberg Screens, Etc. The Issuer will from time to time request all third-party vendors to include on screens maintained by such vendors appropriate legends regarding Rule 144A and Section 3(c)(7) under the 1940 Act restrictions on the Global Notes. Without limiting the foregoing, the Placement Agent will request that each third-party vendor include the following legends on each screen containing information about the Notes:

(i) Bloomberg.

(A) "Iss'd Under 144A/3c7," to be stated in the "Note Box" on the bottom of the "Security Display" page describing the Global Notes;

(B) a flashing red indicator stating "See Other Available Information" located on the "Security Display" page;

(C) a link to an "Additional Security Information" page on such indicator stating that the Global Notes are being offered in reliance on the exception from registration under Rule 144A of the Securities Act of 1933 to Persons that are both (i) "qualified institutional buyers" as defined in Rule 144A under the Securities Act and (ii) "qualified purchasers" as defined under Section 2(a)(51) of the 1940 Act, as amended; and

(D) a statement on the "Disclaimer" page for the Global Notes that the Notes will not be and have not been registered under the Securities Act of 1933, as amended, that the Issuer has not been registered under the 1940 Act, as amended, and that the Global Notes may only be offered or sold in accordance with Section 3(c)(7) of the 1940 Act, as amended.

(ii) Reuters.

(A) a "144A – 3c7" notation included in the security name field at the top of the Reuters Instrument Code screen;

(B) a "144A3c7Disclaimer" indicator appearing on the right side of the Reuters Instrument Code screen; and

(C) a link from such "144A3c7Disclaimer" indicator to a disclaimer screen containing the following language: "These Notes may be sold or transferred only to Persons who are both (i) Qualified Institutional Buyers, as defined in Rule 144A under the Securities Act, and (ii) Qualified Purchasers, as defined under Section 3(c)(7) under the U.S. Investment Company Act of 1940."

(G) to the payment of (1) *first* (in the same manner and order of priority stated therein), any Administrative Expenses not paid pursuant to clause (A)(2) above due to the limitation contained therein and (2) *second*, any expenses related to a Re-Pricing to the extent not paid on the effective date of such Re-Pricing;

(H) to the payment to the Collateral Manager of any accrued and unpaid Subordinated Management Fee that has not been waived by the Collateral Manager; and

(I) any remaining Interest Proceeds (i) first to be deposited in the Collection Account to the extent the Collateral Manager elects, in its sole discretion, to designate such amounts as Interest Proceeds or Principal Proceeds and (ii) second, to be paid to the Fiscal Agent for payment to the holders of the Preferred Shares.

(ii) On each Payment Date, unless an Enforcement Event has occurred and is continuing, Principal Proceeds on deposit in the Collection Account that are received on or before the related Determination Date (or if such Determination Date is not a Business Day, the next succeeding Business Day) and that are transferred to the Payment Account (which will not include (i) amounts required to meet funding requirements with respect to Delayed Drawdown Collateral Obligations and Revolving Collateral Obligations that are deposited in the Revolver Funding Account or (ii) Principal Proceeds which the Issuer has entered into any commitment to reinvest in Collateral Obligations) shall be applied in the following order of priority:

(B) to pay the amounts referred to in clause (E) of Section 11.1(a)(i), but only to the extent not paid in full thereunder and to the extent necessary to cause the Coverage Tests that are applicable on such Payment Date to be met as of the related Determination Date on a *pro forma* basis after giving effect to any payments made through this clause (B);

(C) with respect to any Payment Date following the Effective Date, if after the application of Interest Proceeds as provided in clause (F) under Section 11.1(a)(i) S&P has not yet confirmed satisfaction of the S&P Rating Condition pursuant to Section 7.18(e), and the Effective Date S&P Conditions are not satisfied, to one or both of the following alternatives, as directed by the Collateral Manager: (i) for application in accordance with the Note Payment Sequence on such Payment Date or (ii) as Principal Proceeds and transferred to the Collection Account to invest in Eligible Investments (pending the purchase of additional Collateral Obligations) and/or to the purchase of additional Collateral Obligations (provided that such payment would not, in the reasonable determination of the Collateral Manager, cause an EU Retention Deficiency), in an amount sufficient to satisfy the S&P Rating Condition;

(D) if such Payment Date is a Redemption Date, to make payments in accordance with the Note Payment Sequence;

(E) if such Payment Date is a Special Redemption Date occurring in connection with a Special Redemption described in clause (i) of the definition thereof to make payments in the amount of the Special Redemption Amount at the election of the Collateral Manager, in accordance with the Note Payment Sequence;

(F) during the Reinvestment Period, to the Collection Account as Principal Proceeds to invest in Eligible Investments (pending the purchase of additional Collateral Obligations) and/or to the purchase of additional Collateral Obligations (provided that such payment would not, in the reasonable determination of the Collateral Manager, cause an EU Retention Deficiency);

(G) after the Reinvestment Period, to make payments in accordance with the Note Payment Sequence;

(H) after the Reinvestment Period, to pay the amounts referred to in clause (G) of Section 11.1(a)(i) only to the extent not already paid (in the same manner and order of priority stated therein);

(I) after the Reinvestment Period, to pay the amounts referred to in clause (H) of Section 11.1(a)(i) only to the extent not already paid (in the same manner and order of priority stated therein); and

(J) any remaining Principal Proceeds to be paid to the Fiscal Agent for payment to the holders of the Preferred Shares.

(iii) On the Stated Maturity of the Notes, the Trustee shall pay the net proceeds from the liquidation of the Assets and all available Cash, but only after the payment of (or establishment of a reserve for) all Administrative Expenses (in the same manner and order of priority stated in the definition thereof), Collateral Management Fees, and interest and principal on the Notes, to the Holders of the Preferred Shares in final payment of such Preferred Shares (such payments to be made in accordance with the priority set forth in Section 11.1(a)(iv)).

(iv) Notwithstanding the provisions of the foregoing Sections 11.1(a)(i) and 11.1(a)(ii) (other than the last paragraph thereof), on the Stated Maturity of the Notes, or if the maturity of the Notes has been accelerated following an Event of Default and has not been rescinded in accordance with the terms herein (an "Enforcement Event"), pursuant to Section 5.7, distributions and proceeds in respect of the Assets will be applied at the date or dates fixed by the Trustee in the following order of priority (the "Special Priority of Payments"):

(c) In connection with the application of funds to pay Administrative Expenses of the Issuer in accordance with Section 11.1(a)(i), Section 11.1(a)(ii) and Section 11.1(a)(iii), the Trustee shall remit such funds, to the extent available (and subject to the order of priority set forth in the definition of "Administrative Expenses"), as directed and designated in an Issuer Order (which may be in the form of standing instructions, including standing instructions to pay Administrative Expenses in such amounts and to such entities as indicated in the Distribution Report in respect of such Payment Date) delivered to the Trustee no later than the Business Day prior to each Payment Date.

### SALE OF COLLATERAL OBLIGATIONS; PURCHASE OF ADDITIONAL COLLATERAL OBLIGATIONS

Section 12.1 Sales of Collateral Obligations. Subject to the satisfaction of the conditions specified in Section 12.4, the Collateral Manager on behalf of the Issuer may (except as otherwise specified in this Section 12.1) direct the Trustee to sell and the Trustee shall sell on behalf of the Issuer in the manner directed by the Collateral Manager any Collateral Obligation or Equity Security if, as certified by the Collateral Manager, such sale meets the requirements of any one of paragraphs (a) through (j) of this Section 12.1 (subject in each case to any applicable requirement of disposition under Section 12.1(h) and provided that (x) if an Event of Default has occurred and is continuing, the Collateral Manager may not direct the Trustee to sell any Collateral Obligation or Equity Security pursuant to Section 12.1(e), Section 12.1(f) or Section 12.1(g) unless the sale of such Asset is permitted pursuant to Section 12.4(c) and (y) the Collateral Manager may not direct the Trustee to sell any Collateral Obligation pursuant to this Section 12.1 to ORCC unless such sale satisfies the Purchase and Substitution Limit). For purposes of this Section 12.1, the Sale Proceeds of a Collateral Obligation sold by the Issuer shall include any Principal Financed Accrued Interest received in respect of such sale.

(a) Credit Risk Obligations. The Collateral Manager may direct the Trustee to sell any Credit Risk Obligation at any time.

( b ) Credit Improved Obligations. The Collateral Manager may direct the Trustee to sell any Credit Improved Obligation at any time during the Reinvestment Period, if the Collateral Manager reasonably believes prior to any such sale that either:

(i) after giving effect to such sale and subsequent reinvestment, the Adjusted Collateral Principal Amount (excluding the Collateral Obligation being sold but including, without duplication, the Collateral Obligation being purchased and the anticipated cash proceeds, if any, of such sale that are not applied to the purchase of such additional Collateral Obligation) will be at least equal to the Reinvestment Target Par Balance; or

(ii) it will be able to enter into binding commitments to reinvest all or a portion of the proceeds of such sale, in compliance with the Investment Criteria, in one or more additional Collateral Obligations with an aggregate outstanding principal balance at least equal to the outstanding principal balance (or, in the case of any Discount Obligation, the purchase price, excluding accrued interest, expressed as a percentage of par and multiplied by the outstanding principal balance thereof) of such Credit Improved Obligation within 20 Business Days of such sale;

(c) Defaulted Obligations. The Collateral Manager may direct the Trustee to sell any Defaulted Obligation at any time.

(d) Equity Securities. The Collateral Manager may direct the Trustee to sell any Equity Security at any time and shall use its commercially reasonable efforts to effect the sale of any Equity Security, regardless of price (provided that any sale to ORCC or its Affiliates must be on arm's length terms), subject to any applicable transfer restrictions:

(i) within three years after receipt, if such Equity Security is (A) received upon the conversion of a Defaulted Obligation, or (B) received in an exchange initiated by the Obligor to avoid bankruptcy; and

(ii) within 45 days after receipt, if such Equity Security constitutes Margin Stock, unless such sale is prohibited by applicable law or contractual restriction, in which case such Equity Security shall be sold as soon as such sale is permitted by applicable law or such contract.

(e) Optional Redemption, Optional Preferred Shares Redemption or Clean-Up Call Redemption. In connection with an Optional Redemption of the Secured Notes, an Optional Preferred Shares Redemption or a Clean-Up Call Redemption, if all requirements for such redemption set forth in this Indenture are met (or expected to be met), if necessary to effect such redemption, the Collateral Manager shall direct the Trustee to sell (which sale may be through participation or other arrangement) all or a portion of the Collateral Obligations (provided that all of the Collateral Obligations shall be sold in connection with an Optional Preferred Shares Redemption) if the requirements of Article IX (including the certification requirements of Section 9.4(e)(ii), if applicable) are satisfied.

(f) Tax Redemption. After a Majority of an Affected Class or a Majority of the Preferred Shares has directed (by a written direction delivered to the Trustee) a Tax Redemption, the Collateral Manager shall, if necessary to effect such Tax Redemption, direct the Trustee to sell (which sale may be through participation or other arrangement) all or a portion of the Collateral Obligations if the requirements of Article IX (including the certification requirements of Section 9.4(e)(ii), if applicable) are satisfied (or expected to be satisfied).

(g) Discretionary Sales. The Collateral Manager may direct the Trustee to sell (in addition to any sales pursuant to clauses (a) through (e) above) any Collateral Obligation to any party other than ORCC at any time other than during a Restricted Trading Period if after giving effect to such sale, the Aggregate Principal Balance of all Collateral Obligations sold as described in this Section 12.1(g) during the preceding period of 12 calendar months (or, for the first 12 calendar months after the Closing Date, during the period commencing on the Closing Date) is not greater than 25% of the Collateral Principal Amount as of the first day of such 12 calendar month period (or as of the Closing Date, as the case may be).

(h) Mandatory Sales. The Collateral Manager on behalf of the Issuer shall use its commercially reasonable efforts to effect the sale (regardless of price, but after a reasonable period of market inquiry, except that sales to ORCC or its Affiliates must be on arm's length terms) subject to any applicable transfer restrictions of any Collateral Obligation that (i) no longer meets the criteria described in clause (vii) of the definition of "Collateral Obligation," within 18 months after the failure of such Collateral Obligation to meet such criteria or (ii) no longer meets the criteria described in clause (vi) of the definition of "Collateral Obligation" within 45 days after the failure of such Collateral Obligation to meet either such criteria.

( i ) Sales in Connection with an Optional Substitution or Optional Repurchase The Collateral Manager may direct the Trustee to sell any Collateral Obligation to ORCC at any time in connection with an optional purchase or substitution of such Collateral Obligation pursuant to Section 12.3, it being understood that such sales will be subject to the Purchase and Substitution Limit.

( j ) Sales at Stated Maturity The Collateral Manager may direct the Trustee to sell any Collateral Obligation in order to repay the Secured Notes at the earliest Stated Maturity of any Secured Notes Outstanding.

Section 12.2 Purchase of Additional Collateral Obligations. On any date during the Reinvestment Period, the Collateral Manager on behalf of the Issuer may, subject to the other requirements in this Indenture, direct the Trustee to invest Principal Proceeds, amounts on deposit in the Ramp-Up Account and Principal Financed Accrued Interest, and the Trustee shall invest such Principal Proceeds and other amounts in accordance with such direction. After the Reinvestment Period, the Collateral Manager shall not direct the Trustee to invest any amounts on behalf of the Issuer; provided that in accordance with Section 12.2(f), Cash on deposit in any Account (other than the Payment Account) may be invested in Eligible Investments following the Reinvestment Period.

( a ) Investment Criteria. No obligation may be purchased by the Issuer unless each of the following conditions is satisfied as of the date the Collateral Manager commits on behalf of the Issuer to make such purchase, in each case as determined by the Collateral Manager after giving effect to such purchase and all other sales or purchases previously or simultaneously committed to; provided that the conditions set forth in clauses (ii), (iii) and (iv) below need only be satisfied with respect to purchases of Collateral Obligations occurring on or after the Effective Date (the "Investment Criteria"):

(i) such obligation is a Collateral Obligation;

(ii) each Coverage Test will be satisfied, or if any such test is not satisfied, the level of compliance with such test is maintained or improved;

(iii) (A) in the case of an additional Collateral Obligation purchased with the proceeds from the sale of a Credit Risk Obligation or a Defaulted Obligation, either (1) the Aggregate Principal Balance of all additional Collateral Obligations purchased with the proceeds from such sale will at least equal the Sale Proceeds from such sale, (2) the Aggregate Principal Balance of the Collateral Obligations will be maintained or increased (when compared to the Aggregate Principal Balance of the Collateral Obligations immediately prior to such sale) or (3) the Adjusted Collateral Principal Amount (excluding the Collateral Obligation being sold but including, without duplication, the Collateral Obligation being purchased and the anticipated cash proceeds, if any, of such sale that are not applied to the purchase of such additional Collateral Obligation) will be greater than the Reinvestment Target Par Balance and (B) in the case of any other purchase of additional Collateral Obligations purchased with the proceeds from the sale of a Collateral Obligation, either (1) the Aggregate Principal Balance of the Collateral Obligations will be maintained or increased (when compared to the Aggregate Principal Balance of the Collateral Obligations immediately prior to such sale) or (2) the Adjusted Collateral Principal Amount (excluding the Collateral Obligation being sold but including, without duplication, the Collateral Obligation being purchased and the anticipated cash proceeds, if any, of such sale that are not applied to the purchase of such additional Collateral Obligation) will be greater than the Reinvestment Target Par Balance;

(iv) either (A) each requirement or test, as the case may be, of the Concentration Limitations and the Collateral Quality Test (except, in the case of an additional Collateral Obligation purchased with the proceeds from the sale of a Credit Risk Obligation or a Defaulted Obligation, the S&P CDO Monitor Test) will be satisfied or (B) if any such requirement or test was not satisfied immediately prior to such investment, such requirement or test will be maintained or improved, in each case after giving effect to the investment;

(v) the date on which the Issuer (or the Collateral Manager on its behalf) commits to purchase such Collateral Obligation occurs during the Reinvestment Period;

(vi) if the Weighted Average Life Test is not satisfied immediately prior to the purchase of such additional Collateral Obligation, the Average Life of such additional Collateral Obligation shall be no greater than the level of the Weighted Average Life Test in effect as of the date of such purchase;

(vii) the EU Origination Requirement will be satisfied after giving effect to such purchase; and

(viii) no EU Retention Deficiency would occur as a result of, and immediately after giving effect to any such purchase.

(b) Post-Reinvestment Period Settlement Obligations. If the Issuer has entered into a written trade ticket or other written binding commitment to purchase a Collateral Obligation during the Reinvestment Period which purchase does not settle or is not scheduled to settle prior to the end of the Reinvestment Period (such Collateral Obligation, a "Post-Reinvestment Period Settlement Obligation"), such Post-Reinvestment Period Settlement Obligation shall be treated as having been purchased by the Issuer prior to the end of the Reinvestment Period for purposes of the Investment Criteria, and Principal Proceeds received after the end of the Reinvestment Period may be applied to the payment of the purchase price of such Post-Reinvestment Period Settlement Obligation, provided that the Collateral Manager believes, in its commercially reasonable business judgment, that the settlement date with respect to such purchase will occur within forty-five (45) Business Days of the date of the trade ticket or other commitment to purchase such Collateral Obligations. Not later than the Business Day immediately preceding the end of the Reinvestment Period, the Collateral Manager shall deliver to the Trustee a schedule of Collateral Obligations purchased by the Issuer with respect to which purchases the trade date has occurred but the settlement date has not yet occurred and shall certify to the Trustee that sufficient Principal Proceeds are available (including for this purpose, cash on deposit in the Principal Collection Subaccount as well as any Principal Proceeds received by the Issuer from the sale of Collateral Obligations for which the trade date has already occurred but the settlement date has not yet occurred) to effect the settlement of such Collateral Obligation.

( c ) Trading Plan Period. For purposes of calculating compliance with the Investment Criteria, at the election of the Collateral Manager in its sole discretion, any proposed investment (whether a single Collateral Obligation or a group of Collateral Obligations) identified by the Collateral Manager as such at the time when compliance with the Investment Criteria is required to be calculated (a “Trading Plan”) may be evaluated after giving effect to all sales and reinvestments proposed to be entered into within the three (3) Business Days following the date of determination of such compliance (such period, the “Trading Plan Period”); provided that (i) no Trading Plan may result in the purchase of Collateral Obligations having an Aggregate Principal Balance that exceeds 5.0% of the Collateral Principal Amount as of the first day of the Trading Plan Period, (ii) no Trading Plan Period may include a Determination Date, (iii) no more than one Trading Plan may be in effect at any time during a Trading Plan Period, (iv) if the Investment Criteria are satisfied prospectively after giving effect to a Trading Plan but are not satisfied upon the expiry of the related Trading Plan Period, solely as a result of the purchases and sales included in the Trading Plan, the Investment Criteria shall not at any time thereafter be evaluated by giving effect to a Trading Plan, (v) no Trading Plan may result in the purchase of Collateral Obligations with the difference between the maturity of the Collateral Obligation with the shortest maturity in such group and the maturity of the Collateral Obligation with the longest maturity in such group being greater than 36 months, (vi) no Trading Plan may result in the purchase of a Collateral Obligation with a maturity of less than 6 months and (vii) with respect to Discount Obligations and for purposes of determining compliance with clause (xxiii) of the definition of “Collateral Obligation,” no such calculation or evaluation may be made using the weighted average price of any Collateral Obligation or any group of Collateral Obligations. The Collateral Manager shall provide written notice to the Rating Agency of (i) any Trading Plan, which notice shall specify the proposed investments identified by the Collateral Manager for acquisition as part of such Trading Plan, prior to utilizing such Trading Plan and (ii) the occurrence of the event described in clause (iv) above promptly following the occurrence thereof. The Collateral Manager shall notify the Trustee of the completion of any Trading Plan and, upon receipt of such notice, the Trustee will post a notice on the Trustee’s website and the Trustee will include the details of any Trading Plan in the Monthly Report.

( d ) Exercise of Warrants. At any time, the Collateral Manager may, subject to Section 10.2(d), direct the Trustee to apply Interest Proceeds (but not Principal Proceeds) to make any payments required in connection with a workout or restructuring of a Collateral Obligation or exercise an option, warrant, right of conversion or similar right in connection with a workout or restructuring of a Collateral Obligation; provided, that the Issuer will not exercise any warrant or other similar right received in connection with a workout or a restructuring of a Collateral Obligation that requires a payment that results in receipt of an Equity Security unless (i) the Collateral Manager (on the Issuer’s behalf) certifies to the Trustee that (x) exercising the warrant or other similar right is necessary for the Issuer to realize the value of the workout or restructuring and (y) any Equity Security received as a result will be sold prior to receipt by the Issuer or, if such sale or other disposition is prohibited by applicable law or an applicable contractual restriction in the related Underlying Documents, the Issuer (or the Collateral Manager on the Issuer’s behalf) will sell such Equity Security as soon as practicable after such sale or disposition is permitted by applicable law and not prohibited by such contractual restriction and (ii) the Collateral Manager has determined (based on advice from counsel) that such Equity Security has been “received in lieu of debt previously contracted” for purposes of the Volcker Rule or that such Equity Security is a “loan” (not a “security”) for purposes of the loan securitization exclusion under the Volcker Rule, in which case, such Equity Security may be received by the Issuer and the Collateral Manager will use commercially reasonable efforts to effect the sale of such Equity Security within three years after receipt; provided, further that, with respect to any such exercise, the Issuer shall only apply Interest Proceeds (including Contributions treated as Interest Proceeds) in excess of the amount of Interest Proceeds required (x) to pay interest due and payable on the Secured Notes on the next succeeding Payment Date and (y) to cure any Coverage Test failure continuing at such time. For the avoidance of doubt, any sale or other disposition described in clause (i) or (ii) above may be to ORCC or otherwise.

(e) Certification by Collateral Manager. Not later than the Cut-Off Date for any Collateral Obligation purchased in accordance with this Section 12.2, the Collateral Manager shall deliver by e-mail or other electronic transmission to the Trustee and the Collateral Administrator an Officer's certificate of the Collateral Manager certifying that such purchase complies with this Section 12.2 and Section 12.4.

(f) Investment in Eligible Investments. Cash on deposit in any Account (other than the Payment Account) may be invested at any time in Eligible Investments in accordance with Article X.

Section 12.3 Optional Purchase or Substitution of Collateral Obligations

(a) Optional Substitutions.

(i) With respect to any Collateral Obligation as to which a Substitution Event has occurred, subject to the limitations set forth in this Section 12.3 (including the Purchase and Substitution Limit), ORCC may (but shall not be obligated to) either (x) convey to the Issuer one or more Collateral Obligations in exchange for such Collateral Obligation or (y) deposit into the Principal Collection Subaccount an amount equal to the Fair Market Value (or, with respect to any Post-Transition S&P CCC Collateral Obligation, the purchase price that the Issuer paid to acquire such Post-Transition S&P CCC Collateral Obligation) for such Collateral Obligation and then, prior to the expiration of the Substitution Period, convey to the Issuer one or more Collateral Obligations in exchange for the funds so deposited or a portion thereof.

(ii) Any substitution pursuant to this Section 12.3(a) shall be initiated by delivery of written notice in the form of Exhibit E hereto (a "Notice of Substitution") by ORCC to the Trustee, the Issuer and the Collateral Manager that ORCC intends to substitute a Collateral Obligation pursuant to this Section 12.3(a) and shall be completed prior to the earliest of: (x) the expiration of forty-five (45) days after delivery of such notice (or, with respect to any Collateral Obligation that is substituted or repurchased solely on the basis of becoming a Post-Transition S&P CCC Collateral Obligation, 15 Business Days from the date on which it became a Post-Transition S&P CCC Collateral Obligation); (y) delivery of written notice to the Trustee from ORCC stating that ORCC does not intend to convey any additional Substitute Collateral Obligations to the Issuer in exchange for any remaining amounts deposited in the Principal Collection Subaccount under clause (a)(i)(y); or (z) in the case of a Collateral Obligation which has become subject to a Specified Amendment, three Business Days after the effective date set forth in such Specified Amendment (such period described in this clause (ii), the "Substitution Period").

(iii) Each Notice of Substitution shall specify the Collateral Obligation to be substituted, the reasons for such substitution and the Fair Market Value (or, with respect to any Collateral Obligation that is substituted or repurchased solely on the basis of becoming a Post-Transition S&P CCC Collateral Obligation, the purchase price that the Issuer paid to acquire such Collateral Obligation) with respect to the Collateral Obligation. On the last day of any Substitution Period, any amounts previously deposited in accordance with clause (a)(i)(v) above which relate to such Substitution Period that have not been applied to purchase one or more Substitute Collateral Obligations (or to fund the Revolver Funding Account if necessary) with respect thereto shall be deemed to constitute Principal Proceeds; provided that prior to the expiration of the related Substitution Period any such amounts shall not be deemed to be Principal Proceeds and shall remain in the Principal Collection Subaccount until applied to acquire Substitute Collateral Obligations (or to fund the Revolver Funding Account if necessary) with respect thereto.

(iv) The substitution of any Substitute Collateral Obligation will be subject to the satisfaction of the Substitute Collateral Obligations Qualification Conditions as of the related Cut-Off Date for each such Collateral Obligation (after giving effect to such substitution).

(b) Optional Purchases. In addition to the right to substitute for any Collateral Obligations that become subject to a Substitution Event, ORCC shall have the right, but not the obligation, to purchase from the Issuer any Collateral Obligation subject to the Purchase and Substitution Limit at a cash purchase price at least equal to the Fair Market Value of such Collateral Obligation (or applicable portion thereof) as of the date of such purchase, which the Trustee shall deposit into the Collection Account upon receipt.

( c ) Purchase and Substitution Limit. At all times, (i) the Aggregate Principal Balance of all Collateral Obligations that are Substitute Collateral Obligations, *plus* (ii) the Aggregate Principal Balance of all Collateral Obligations that have been purchased by ORCC pursuant to Section 12.3(a) and that the purchase price therefor was not subsequently applied to purchase a Substitute Collateral Obligation, *plus* (iii) the Aggregate Principal Balance of all Collateral Obligations that have been purchased by ORCC pursuant to Section 12.3(b) above, *plus* (iv) the Aggregate Principal Balance of all Collateral Obligations that have been purchased by ORCC pursuant to Section 12.1 may not exceed an amount equal to 30% of the Target Initial Par Amount; provided that the aggregate principal balance of all Collateral Obligations that have been purchased by ORCC since the end of the Reinvestment Period under clauses (ii) – (iv) above may not exceed an amount equal to 7.5% of the Target Initial Par Amount; provided further that (I) clauses (i) - (iv) above shall not include (A) the Principal Balance related to any Collateral Obligation that is purchased or substituted by ORCC in connection with a Specified Amendment or a proposed Specified Amendment to such Collateral Obligation so long as such repurchase or substitution is effected not less than three Business Days after the effective date set forth in such Specified Amendment and ORCC certifies in writing to the Collateral Manager and the Trustee that such purchase or substitution is, in the commercially reasonable business judgment of ORCC, necessary or advisable in connection with the restructuring of such Collateral Obligation and such restructuring has or is expected to result in a Specified Amendment to such Collateral Obligation, (B) the purchase price of any Equity Securities sold to ORCC pursuant to Section 12.1(d), (C) the Principal Balance of up to 15 Post-Transition S&P CCC Collateral Obligations that are substituted or repurchased solely on the basis of becoming a Post-Transition S&P CCC Collateral Obligation; provided that (x) each such Collateral Obligation must be substituted or repurchased by ORCC within 15 Business Days from the date it becomes a Post-Transition S&P CCC Collateral Obligation and (y) the purchase price, or substitution value, as applicable, for such Post-Transition S&P CCC Collateral Obligation must be at least the greater of its Fair Market Value and the purchase price that the Issuer paid to acquire such Collateral Obligation (less any principal payments received by the Issuer) or (D) any purchase by ORCC in connection with an Optional Redemption, Tax Redemption or Clean-Up Call Redemption and (II) ORCC may not substitute or repurchase a Collateral Obligation that is a Post-Transition S&P CCC Collateral Obligation that was not substituted or repurchased in accordance with clause (I)(C) above or was an S&P CCC Collateral Obligation at the time the Issuer acquired such Collateral Obligation, in each case, other than (A) if a Substitution Event has occurred with respect to such Collateral Obligation (other than a Substitution Event under clause (v) of the definition thereof) or (B) in connection with an Optional Redemption, Tax Redemption or Clean-Up Call Redemption. The foregoing provisions in this paragraph constitute the “Purchase and Substitution Limit.”

(d) Third Party Beneficiaries. The Issuer and the Trustee agree that ORCC shall be a third party beneficiary of this Indenture solely for purposes of this Section 12.3, and shall be entitled to rely upon and enforce such provisions of this Section 12.3 to the same extent as if it were a party hereto.

Section 12.4 Conditions Applicable to All Sale and Purchase Transactions. (a) Any transaction effected under this Article XII or in connection with the acquisition, disposition or substitution of any Asset shall be conducted on an arm's length basis and, if effected with an Affiliate of the Collateral Manager (or with an account or portfolio for which the Collateral Manager or any of its Affiliates serves as investment adviser), shall be effected in accordance with the requirements of Section 5 of the Collateral Management Agreement on terms no less favorable to the Issuer than would be the case if such Person were not an Affiliate of the Collateral Manager; provided that the Trustee shall have no responsibility to oversee compliance with this clause (a) by the other parties. Any sale of a Collateral Obligation or an Equity Security (other than a Substitute Collateral Obligation) to the Collateral Manager, an Affiliate of the Collateral Manager or an Affiliate of the Issuer shall be at a purchase price at least equal to the current Fair Market Value of such Collateral Obligation or Equity Security and certified by the Collateral Manager to the Trustee.

(b) Upon any acquisition of a Collateral Obligation pursuant to this Article XII, all of the Issuer's right, title and interest to the Asset or Assets shall be Granted to the Trustee pursuant to this Indenture, such Asset or Assets shall be Delivered to the Custodian, and, if applicable, the Custodian shall receive such Asset or Assets. The Trustee shall also receive, not later than the Cut-Off Date, an Officer's certificate of the Issuer containing the statements set forth in Section 3.1(a)(viii); provided that such requirement shall be satisfied, and such statements shall be deemed to have been made by the Issuer, in respect of such acquisition by the delivery to the Trustee of a trade ticket in respect thereof that is signed by a Responsible Officer of the Collateral Manager.

(c) Notwithstanding anything contained in this Article XII or Article V to the contrary, in addition to the rights described herein, the Issuer shall have the right to effect any sale of any Asset or purchase of any Collateral Obligation and ORCC shall have the right to exercise any optional purchase or substitution rights with the consent of Holders evidencing at least 75% of the Aggregate Outstanding Amount of each Class of Securities (and notice to the Trustee and the Rating Agency).

(d) Notwithstanding anything contained in this Article XII or Article V to the contrary, upon the occurrence and during the continuance of an Enforcement Event, the Issuer shall not have the right to effect any sale of any Asset or purchase of any Collateral Obligation and ORCC shall not exercise any optional purchase or substitution rights, in each case without the consent of a Majority of the Controlling Class.

(b) The Holders of each Class of Securities and beneficial owners of each Class of Securities agree, for the benefit of all Holders of each Class of Securities and beneficial owners of each Class of Securities, not to cause the filing of a petition in bankruptcy, insolvency or a similar proceeding in the United States, the Cayman Islands or any other jurisdiction against the Issuer or the Co-Issuer until the payment in full of all Notes and the expiration of a period equal to one year (or, if longer, the applicable preference period then in effect) plus one day, following such payment in full.

Section 13.2 Standard of Conduct. In exercising any of its or their voting rights, rights to direct and consent or any other rights as a Holder under this Indenture, a Holder or Holders shall not have any obligation or duty to any Person or to consider or take into account the interests of any Person and shall not be liable to any Person for any action taken by it or them or at its or their direction or any failure by it or them to act or to direct that an action be taken, without regard to whether such action or inaction benefits or adversely affects any Holder, the Issuers, or any other Person, except for any liability to which such Holder may be subject to the extent the same results from such Holder's taking or directing an action, or failing to take or direct an action, in bad faith or in violation of the express terms of this Indenture.

ARTICLE XIV

MISCELLANEOUS

Section 14.1 Form of Documents Delivered to Trustee. In any case where several matters are required to be certified by, or covered by an opinion of, any specified Person, it is not necessary that all such matters be certified by, or covered by the opinion of, only one such Person, or that they be so certified or covered by only one document, but one such Person may certify or give an opinion with respect to some matters and one or more other such Persons as to other matters, and any such Person may certify or give an opinion as to such matters in one or several documents.

Any certificate or opinion of an Officer of the Issuer, the Co-Issuer or the Collateral Manager may be based, insofar as it relates to legal matters, upon a certificate or opinion of, or representations by, counsel (provided that, with respect to any matter of U.S. law, such counsel is a nationally or internationally recognized and reputable law firm, one or more of the partners of which are admitted to practice before the highest court of any State of the United States or the District of Columbia which law firm may, except as otherwise expressly provided herein, be counsel for the Issuer), unless such Officer knows, or should know, that the certificate or opinion or representations with respect to the matters upon which such certificate or opinion is based are erroneous. Any such certificate of an Officer of the Issuer, the Co-Issuer or the Collateral Manager or Opinion of Counsel may be based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, the Issuer, the Co-Issuer, the Collateral Manager or any other Person (on which the Trustee shall be entitled to rely), stating that the information with respect to such factual matters is in the possession of the Issuer, the Co-Issuer, the Collateral Manager or such other Person, unless such Officer of the Issuer, the Co-Issuer or the Collateral Manager or such counsel knows that the certificate or opinion or representations with respect to such matters are erroneous. Any Opinion of Counsel may also be based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, an Officer of the Collateral Manager or of the Issuer or the Co-Issuer, stating that the information with respect to such matters is in the possession of the Collateral Manager or of the Issuer, unless such counsel knows that the certificate or opinion or representations with respect to such matters are erroneous.

Where any Person is required to make, give or execute two or more applications, requests, consents, certificates, statements, opinions or other instruments under this Indenture, they may, but need not, be consolidated and form one instrument.

Whenever in this Indenture it is provided that the absence of the occurrence and continuation of a Default or Event of Default is a condition precedent to the taking of any action by the Trustee at the request or direction of the Issuer or the Co-Issuer, then notwithstanding that the satisfaction of such condition is a condition precedent to the Issuer's or the Co-Issuer's right to make such request or direction, the Trustee shall be protected in acting in accordance with such request or direction if it does not have knowledge of the occurrence and continuation of such Default or Event of Default as provided in Section 6.1(d).

The Bank (in any capacity under the Transaction Documents) agrees to accept and act upon instructions or directions pursuant to the Transaction Documents sent by unsecured email, facsimile transmission or other similar unsecured electronic methods. If any person elects to give the Bank email or facsimile instructions (or instructions by a similar electronic method) and the Bank in its discretion elects to act upon such instructions, the Bank's reasonable understanding of such instructions shall be deemed controlling. The Bank shall not be liable for any losses, costs or expenses arising directly or indirectly from the Bank's reliance upon and compliance with such instructions notwithstanding such instructions conflicting with or being inconsistent with a subsequent written instruction. Any person providing such instructions agrees to assume all risks arising out of the use of such electronic methods to submit instructions and directions to the Bank, including without limitation the risk of the Bank acting on unauthorized instructions, and the risk of interception and misuse by third parties and acknowledges and agrees that there may be more secure methods of transmitting such instructions than the method(s) selected by it and agrees that the security procedures (if any) to be followed in connection with its transmission of such instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances.

Section 14.2 Acts of Holders. (a) Any request, demand, authorization, direction, notice, consent, waiver or other action provided by this Indenture to be given or taken by Holders may be embodied in and evidenced by one or more instruments of substantially similar tenor signed by such Holders in person or by an agent duly appointed in writing; and, except as herein otherwise expressly provided, such action shall become effective when such instrument or instruments are delivered to the Trustee, and, where it is hereby expressly required, to the Issuer. Such instrument or instruments (and the action or actions embodied therein and evidenced thereby) are herein sometimes referred to as the "Act" of the Holders signing such instrument or instruments. Proof of execution of any such instrument or of a writing appointing any such agent shall be sufficient for any purpose of this Indenture and conclusive in favor of the Trustee and the Issuers, if made in the manner provided in this Section 14.2.

(b) The fact and date of the execution by any Person of any such instrument or writing may be proved in any manner which the Trustee reasonably deems sufficient.

(c) The principal amount or face amount, as the case may be, and registered numbers of Securities held by any Person, and the date of such Person's holding the same, shall be proved by the Register or Share Register, as applicable, or shall be provided by certification by such Holder.

(d) Any request, demand, authorization, direction, notice, consent, waiver or other action by the Holder of any Security shall bind the Holder (and any transferee thereof) of such and of every Security issued upon the registration thereof or in exchange therefor or in lieu thereof, in respect of anything done, omitted or suffered to be done by the Trustee or the Issuers in reliance thereon, whether or not notation of such action is made upon such Security.

(e) Notwithstanding anything herein to the contrary, a holder of a beneficial interest in a Global Note will have the right to receive access to reports on the Trustee's website and will be entitled to exercise rights to vote, give consents and directions which holders of the related Class of Notes is entitled to give under this Indenture upon delivery of a beneficial ownership certificate (a "Beneficial Ownership Certificate") to the Trustee which certifies (i) that such Person is a beneficial owner of an interest in a Global Note, (ii) the amount and Class of Notes so owned, and (iii) that such Person will notify the Trustee when it sells all or a portion of its beneficial interest in such Class of Notes. A separate Beneficial Ownership Certificate must be delivered each time any such vote, consent or direction is given; provided that nothing shall prevent the Trustee from requesting additional information and documentation with respect to any such beneficial owner.

Section 14.4 Notices to Holders; Waiver. Except as otherwise expressly provided herein, where this Indenture provides for notice to Holders of any event:

(a) such notice shall be sufficiently given to Holders if in writing and sent by email transmission, if available, and mailed, first class postage prepaid, or by overnight delivery service (or, in the case of Holders of Global Notes, emailed to DTC), to each Holder affected by such event, at the address of such Holder as it appears in the Register not earlier than the earliest date and not later than the latest date prescribed for the giving of such notice; and

(b) such notice shall be in the English language.

Where this Indenture provides for notice to holders of Preferred Shares, such notice shall be sufficiently given if in writing and mailed, first class postage prepaid, or by overnight delivery service to Issuer, or by electronic mail transmission, at the Issuer's address pursuant to Section 14.3 hereof. The Issuer shall forward all notices received pursuant to the preceding sentence to the holders of Preferred Shares. The Issuer shall provide notice and a consent solicitation package to each holder of a Preferred Share to the extent that such holder's consent or approval is required hereunder. The Issuer shall provide written notice to the Trustee confirming any such approval or consent obtained from the requisite holders of the Preferred Shares.

Notwithstanding clause (a) above, a Holder may give the Trustee a written notice that it is requesting that notices to it be given by electronic mail or by facsimile transmissions and stating the electronic mail address or facsimile number for such transmission. Thereafter, the Trustee shall give notices to such Holder by electronic mail or facsimile transmission, as so requested; provided that if such notice also requests that notices be given by mail, then such notice shall also be given by mail in accordance with clause (a) above. Notices for Holders may also be posted to the Trustee's website.

Subject to the requirements of Section 14.15, the Trustee will deliver to the Holders any information or notice relating to this Indenture requested to be so delivered by at least 25% of the Holders of any Class of Notes (by Aggregate Outstanding Amount), at the expense of the Issuer; provided that the Trustee may decline to send any such notice that it reasonably determines to be contrary to (i) any of the terms of this Indenture, (ii) any duty or obligation that the Trustee may have hereunder or (iii) applicable law. The Trustee may require the requesting Holders to comply with its standard verification policies in order to confirm Holder status.

Neither the failure to mail any notice, nor any defect in any notice so mailed, to any particular Holder shall affect the sufficiency of such notice with respect to other Holders. In case by reason of the suspension of regular mail service as a result of a strike, work stoppage or similar activity or by reason of any other cause it shall be impracticable to give such notice by mail of any event to Holders when such notice is required to be given pursuant to any provision of this Indenture, then such notification to Holders as shall be made with the approval of the Trustee shall constitute a sufficient notification to such Holders for every purpose hereunder.

Where this Indenture provides for notice in any manner, such notice may be waived in writing by any Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Holders shall be filed with the Trustee but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

Section 14.5 Effect of Headings and Table of Contents. The Article and Section headings herein (including those used in cross-references herein) and the Table of Contents are for convenience only and shall not affect the construction hereof.

If any term, provision, covenant or condition of this Indenture or the Securities, or the application thereof to any party hereto or any circumstance, is held to be unenforceable, invalid or illegal (in whole or in part) for any reason (in any relevant jurisdiction), the remaining terms, provisions, covenants and conditions of this Indenture or the Securities, modified by the deletion of the unenforceable, invalid or illegal portion (in any relevant jurisdiction), will continue in full force and effect, and such unenforceability, invalidity, or illegality will not otherwise affect the enforceability, validity or legality of the remaining terms, provisions, covenants and conditions of this Indenture or the Securities, as the case may be, so long as this Indenture or the Securities, as the case may be, as so modified continues to express, without material change, the original intentions of the parties as to the subject matter hereof and the deletion of such portion of this Indenture or the Securities, as the case may be, will not substantially impair the respective expectations or reciprocal obligations of the parties or the practical realization of the benefits that would otherwise be conferred upon the parties.

Section 14.8 Benefits of Indenture. Except as otherwise expressly set forth in this Indenture, nothing herein or in the Securities, expressed or implied, shall give to any Person, other than the parties hereto and their successors hereunder, the Collateral Manager, the Collateral Administrator, the Holders of the Securities and (to the extent provided herein) and the other Secured Parties any benefit or any legal or equitable right, remedy or claim under this Indenture.

Section 14.9 Liability of Issuers. Notwithstanding any other terms of this Indenture, the Notes, or any other agreement entered into by either of the Issuers or otherwise, neither of the Issuers shall have any liability whatsoever to the other of the Issuers under this Indenture, the Notes, any other agreement, or otherwise. Without prejudice to the generality of the foregoing, neither of the Issuers may take any action to enforce, or bring any action or proceeding, in respect of this Indenture, the Notes, any other agreement, or otherwise against the other of the Issuers. In particular, the Issuers may not petition or take any other steps for the winding up or bankruptcy of the other of the Issuers or of any and neither of the Issuers shall have any claim with respect to any assets of the other of the Issuers.

Section 14.10 Governing Law. This Indenture shall be construed in accordance with, and this Indenture and any matters arising out of or relating in any way whatsoever to this Indenture (whether in contract, tort or otherwise), shall be governed by, the law of the State of New York.

Section 14.11 Submission to Jurisdiction. With respect to any suit, action or proceedings relating to this Indenture or any matter between the parties arising under or in connection with this Indenture (“Proceedings”), each party irrevocably: (i) submits to the non-exclusive jurisdiction of the Supreme Court of the State of New York sitting in the Borough of Manhattan and the United States District Court for the Southern District of New York, and any appellate court from any thereof; and (ii) waives any objection which it may have at any time to the laying of venue of any Proceedings brought in any such court, waives any claim that such Proceedings have been brought in an inconvenient forum and further waives the right to object, with respect to such Proceedings, that such court does not have any jurisdiction over such party. Nothing herein precludes any of the parties from bringing Proceedings in any other jurisdiction, nor will the bringing of Proceedings in any one or more jurisdictions preclude the bringing of Proceedings in any other jurisdiction.

Section 14.12 WAIVER OF JURY TRIAL. EACH OF THE ISSUERS, THE HOLDERS AND THE TRUSTEE HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS INDENTURE, THE NOTES OR THE TRANSACTIONS CONTEMPLATED HEREBY. Each party hereby (i) certifies that no representative, agent or attorney of the other has represented, expressly or otherwise, that the other would not, in the event of a Proceeding, seek to enforce the foregoing waiver and (ii) acknowledges that it has been induced to enter into this Indenture by, among other things, the mutual waivers and certifications in this paragraph. THE ISSUERS IRREVOCABLY CONSENT TO THE SERVICE OF ANY AND ALL PROCESS IN ANY ACTION OR PROCEEDING BY THE MAILING OR DELIVERY OF COPIES OF SUCH PROCESS TO IT AT THE OFFICE OF THE ISSUERS’ NOTICE AGENT SET FORTH IN SECTION 7.2. THE ISSUERS AND THE TRUSTEE AGREE THAT A FINAL JUDGMENT IN ANY SUCH ACTION OR PROCEEDING SHALL BE CONCLUSIVE AND MAY BE ENFORCED IN OTHER JURISDICTIONS BY SUIT ON THE JUDGMENT OR IN ANY OTHER MANNER PROVIDED BY LAW.

Section 14.13 Counterparts. This Indenture (and each amendment, modification and waiver in respect of it) may be executed and delivered in counterparts (including by e-mail (.pdf) or facsimile transmission), each of which will be deemed an original, and all of which together constitute one and the same instrument. Delivery of an executed counterpart signature page of this Indenture by e-mail (.pdf) or facsimile shall be effective as delivery of a manually executed counterpart of this Indenture. The parties agree that this Indenture may be electronically signed and that such electronic signatures appearing on this Indenture are the same as handwritten signatures for purposes of validity, enforceability and admissibility.

Section 14.14 Acts of Issuer. Any report, information, communication, request, demand, authorization, direction, notice, consent, waiver or other action provided by this Indenture to be given or performed by the Issuer shall be effective if given or performed by the Issuer or by the Collateral Manager on the Issuer's behalf.

The Issuer agrees to coordinate with the Collateral Manager with respect to any communication to the Rating Agency and to comply with the provisions of this Section and Section 14.16, unless otherwise agreed to in writing by the Collateral Manager.

Section 14.15 Confidential Information. (a) The Trustee, the Collateral Administrator and each Holder or beneficial owner of Securities will maintain the confidentiality of all Confidential Information in accordance with procedures adopted by such Person in good faith to protect Confidential Information of third parties delivered to such Person; provided that such Person may deliver or disclose Confidential Information to: (i) such Person's directors, trustees, managers, officers, employees, agents, attorneys and affiliates who agree to hold confidential the Confidential Information substantially in accordance with the terms of this Section 14.15 and to the extent such disclosure is reasonably required for the administration of this Indenture, the matters contemplated hereby or the investment represented by the Securities; (ii) such Person's legal advisors, financial advisors and other professional advisors who agree to hold confidential the Confidential Information substantially in accordance with the terms of this Section 14.15 and to the extent such disclosure is reasonably required for the administration of this Indenture, the matters contemplated hereby or the investment represented by the Securities; (iii) any other Holder, or any of the other parties to this Indenture, the Collateral Management Agreement or the Collateral Administration Agreement; (iv) except for Specified Obligor Information, any Person of the type that would be, to such Person's knowledge, permitted to acquire Securities or any other security of the Issuers in accordance with the requirements of Section 2.6 hereof to which such Person sells or offers to sell any such Securities or security or any part thereof or is proposing in good faith a transaction relating thereto; (v) any federal or state or other regulatory, governmental or judicial authority having jurisdiction over such Person; (vi) the National Association of Insurance Commissioners or any similar organization, or any nationally recognized rating agency that requires access to information about the investment portfolio of such Person, reinsurers and liquidity and credit providers that agree to hold confidential the Confidential Information substantially in accordance with this Section 14.15; (vii) the Rating Agency (subject to Section 14.16); (viii) any other Person with the consent of the Issuer and the Collateral Manager; or (ix) any other Person to which such delivery or disclosure may be necessary or appropriate (A) to effect compliance with any law, rule, regulation or order applicable to such Person, (B) in response to any subpoena or other legal process (unless prohibited by applicable law, rule, order or decree or other requirement having the force of law), (C) in connection with any litigation to which such Person is a party (unless prohibited by applicable law, rule, order or decree or other requirement having the force of law), (D) if an Event of Default has occurred and is continuing, to the extent such Person may reasonably determine such delivery and disclosure to be necessary or appropriate in the enforcement or for the protection of the rights and remedies under this Indenture or the Securities or (E) in the Trustee's or Collateral Administrator's performance of its obligations under this Indenture, the Collateral Administration Agreement or other transaction document related thereto; and provided that delivery to the Holders by the Trustee or the Collateral Administrator of any report of information required by the terms of this Indenture to be provided to Holders shall not be a violation of this Section 14.15. In the event of any required disclosure of the Confidential Information by such Holder or beneficial owner such Holder or beneficial owner will, by its acceptance of its Securities, be deemed to have agreed to use reasonable efforts to protect the confidentiality of the Confidential Information. Each Holder or beneficial owner of a Security, by its acceptance of its Securities, will be deemed to have agreed to be bound by and to be entitled to the benefits of this Section 14.15 (subject to Section 7.17(f)).

(b) For the purposes of this Section 14.15, (A) “Confidential Information” means information delivered to the Trustee, the Collateral Administrator or any Holder of Securities by or on behalf of the Issuer in connection with and relating to the transactions contemplated by or otherwise pursuant to this Indenture (including, without limitation, information relating to Obligors); provided that such term does not include information that: (i) was publicly known or otherwise known to the Trustee, the Collateral Administrator or such Holder prior to the time of such disclosure; (ii) subsequently becomes publicly known through no act or omission by the Trustee, the Collateral Administrator, any Holder or any Person acting on behalf of the Trustee, the Collateral Administrator or any Holder; (iii) otherwise is known or becomes known to the Trustee, the Collateral Administrator or any Holder other than (x) through disclosure by the Issuer or (y) to the knowledge of the Trustee, the Collateral Administrator or a Holder, as the case may be, in each case after reasonable inquiry, as a result of the breach of a fiduciary duty to the Issuer or a contractual duty to the Issuer; or (iv) is allowed to be treated as non-confidential by consent of the Issuer; and (B) “Specified Obligor Information” means Confidential Information relating to Obligors that is not otherwise included in the Monthly Reports or Distribution Reports or the disclosure of which would be prohibited by applicable law or the Underlying Documents relating to such Obligor’s Collateral Obligation.

Section 14.16 17g-5 Information. (a) The Issuer shall comply with their obligations under Rule 17g-5 promulgated under the Exchange Act (“Rule 17g-5”), by its or its agent’s posting on the 17g-5 Website, no later than the time such information is provided to the Rating Agency, all information that the Issuer or other parties on its behalf, including the Trustee and the Collateral Manager, provide to the Rating Agency for the purposes of determining the initial credit rating of the Secured Notes or undertaking credit rating surveillance of the Secured Notes (the “17g-5 Information”); provided that no party other than the Issuer (or the Information Agent on its behalf), the Trustee or the Collateral Manager may provide information to the Rating Agency on the Issuer’s behalf without the prior written consent of the Collateral Manager. At all times while any Secured Note is rated by the Rating Agency or any other NRSRO, the Issuer shall engage a third-party to post 17g-5 Information to the 17g-5 Website. On the Closing Date, the Issuer shall engage the Collateral Administrator (in such capacity, the “Information Agent”), to post 17g-5 Information it receives from the Issuer, the Trustee or the Collateral Manager to the 17g-5 Website in accordance with Section 2A of the Collateral Administration Agreement.

(b) To the extent that any of the Issuer, the Collateral Manager, the Collateral Administrator or the Trustee is required to provide any information to, or communicate with, the Rating Agency in writing in accordance with its obligations under this Indenture, the Collateral Management Agreement or the Collateral Administration Agreement (as applicable), the Issuer, the Collateral Manager, the Collateral Administrator or the Trustee, as applicable (or their respective representatives or advisors), shall provide such information or communication to the Information Agent by e-mail at [statestreet\\_cdo\\_services@statestreet.com](mailto:statestreet_cdo_services@statestreet.com) with the subject line specifically referencing “17g-5 Information” and “Owl Rock CLO IV,” which information the Information Agent shall promptly post to the 17g-5 Website in accordance with Section 2A of the Collateral Administration Agreement.

(d) All information to be made available to the Rating Agency pursuant to [Section 14.3\(a\)](#) shall be made available on the 17g-5 Website. In the event that any information is delivered or posted in error, the Issuer may remove it from the 17g-5 Website, and shall so remove promptly when instructed to do so by the Person that delivered such information. None of the Trustee, the Collateral Manager, the Collateral Administrator and the Information Agent shall have obtained or shall be deemed to have obtained actual knowledge of any information solely due to receipt and posting to the 17g-5 Website. Access will be provided to the Issuer, the Collateral Manager, the Rating Agency, and to any NRSRO upon receipt by the Issuer of an NRSRO Certification from such NRSRO (which may be submitted electronically via the 17g-5 Website).

(e) Notwithstanding the requirements herein, the Trustee shall have no obligation to engage in or respond to any oral communications, for the purposes of determining the initial credit rating of the Secured Notes or undertaking credit rating surveillance of the Secured Notes, with the Rating Agency or any of its respective officers, directors or employees.

(f) The Trustee shall not be responsible for maintaining the 17g-5 Website, posting any 17g-5 Information to the 17g-5 Website or assuring that the 17g-5 Website complies with the requirements of this Indenture, Rule 17g-5, or any other law or regulation. In no event shall the Trustee be deemed to make any representation in respect of the content of the 17g-5 Website or compliance of the 17g-5 Website with this Indenture, Rule 17g-5, or any other law or regulation.

(g) The Trustee shall not be responsible or liable for the dissemination of any identification numbers or passwords for the 17g-5 Website, including by the Issuer, the Rating Agency, the NRSROs, any of their agents or any other party. The Trustee shall not be liable for the use of any information posted on the 17g-5 Website, whether by the Issuer, the Rating Agency, the NRSROs or any other third party that may gain access to the 17g-5 Website or the information posted thereon.

(h) Notwithstanding anything herein to the contrary, the maintenance by the Information Agent of the website described in Section 10.7(g) shall not be deemed as compliance by or on behalf of the Issuer with Rule 17g-5 or any other law or regulation related thereto.

(i) For the avoidance of doubt, no reports of Independent accountants shall be provided to the Rating Agency hereunder and shall not be posted to the 17g-5 Website.

Notwithstanding anything to the contrary in this Indenture, a breach of this Section 14.16 shall not constitute a Default or Event of Default.

#### ARTICLE XV

##### ASSIGNMENT OF CERTAIN AGREEMENTS

Section 15.1 Assignment of Collateral Management Agreement. (a) The Issuer hereby acknowledges that its Grant pursuant to the first Granting Clause hereof includes all of the Issuer's estate, right, title and interest in, to and under the Collateral Management Agreement, including (i) the right to give all notices, consents and releases thereunder, (ii) the right to give all notices of termination and to take any legal action upon the breach of an obligation of the Collateral Manager thereunder, including the commencement, conduct and consummation of proceedings at law or in equity, (iii) the right to receive all notices, accountings, consents, releases and statements thereunder and (iv) the right to do any and all other things whatsoever that the Issuer is or may be entitled to do thereunder; provided that, notwithstanding anything herein to the contrary, the Trustee shall not have the authority to exercise any of the rights set forth in (i) through (iv) above or that may otherwise arise as a result of the Grant until the occurrence of an Event of Default hereunder and such authority shall terminate at such time, if any, as such Event of Default is cured or waived and, for the avoidance of doubt, the Issuer may exercise any of its rights under the Collateral Management Agreement without notice to or the consent of the Trustee (except as otherwise expressly required by this Indenture), so long as an Event of Default has not occurred and is not continuing. From and after the occurrence and continuance of an Event of Default, the Collateral Manager shall continue to perform and be bound by the provisions of the Collateral Management Agreement and this Indenture applicable thereto.

(b) The assignment made hereby is executed as collateral security, and the execution and delivery hereby shall not in any way impair or diminish the obligations of the Issuer under the provisions of the Collateral Management Agreement, nor shall any of the obligations contained in the Collateral Management Agreement be imposed on the Trustee.

(c) Upon the retirement of the Secured Notes, the payment of all amounts required to be paid pursuant to the Priority of Payments and the release of the Assets from the lien of this Indenture, this assignment and all rights herein assigned to the Trustee for the benefit of the Holders shall cease and terminate and all the estate, right, title and interest of the Trustee in, to and under the Collateral Management Agreement shall revert to the Issuer and no further instrument or act shall be necessary to evidence such termination and reversion.

(d) The Issuer represents that, as of the date hereof, the Issuer has not executed any other assignment of the Collateral Management Agreement.

(e) The Issuer agrees that this assignment is irrevocable, and that it will not take any action which is inconsistent with this assignment or make any other assignment inconsistent herewith. The Issuer will, from time to time, execute all instruments of further assurance and all such supplemental instruments with respect to this assignment as may be necessary to continue and maintain the effectiveness of such assignment.

(f) The Issuer hereby agrees, and hereby undertakes to obtain the agreement and consent of the Collateral Manager in the Collateral Management Agreement, to the following:

(i) The Collateral Manager shall consent to the provisions of this assignment and agree to perform any provisions of this Indenture applicable to the Collateral Manager subject to the terms (including the Collateral Manager Standard) of the Collateral Management Agreement.

(ii) The Collateral Manager shall acknowledge that the Issuer is assigning all of its right, title and interest in, to and under the Collateral Management Agreement to the Trustee as representative of the Holders and the Collateral Manager shall agree that all of the representations, covenants and agreements made by the Collateral Manager in the Collateral Management Agreement are also for the benefit of the Trustee.

(iii) The Collateral Manager shall deliver to the Trustee copies of all notices, statements, communications and instruments delivered or required to be delivered by the Collateral Manager to the Issuer pursuant to the Collateral Management Agreement.

(iv) Neither the Issuer nor the Collateral Manager will enter into any agreement amending, modifying or terminating the Collateral Management Agreement except as permitted by the Collateral Management Agreement.

(v) Except as otherwise set forth herein and in the Collateral Management Agreement (including pursuant to Section 8 thereof), the Collateral Manager shall continue to serve as Collateral Manager under the Collateral Management Agreement notwithstanding that the Collateral Manager shall not have received amounts due it under the Collateral Management Agreement because sufficient funds were not then available hereunder to pay such amounts in accordance with the Priority of Payments set forth under Section 11.1. The Collateral Manager agrees not to cause the filing of a petition in bankruptcy against the Issuer for the nonpayment of the fees or other amounts payable by the Issuer to the Collateral Manager under the Collateral Management Agreement until the payment in full of all Notes issued under this Indenture and the expiration of a period equal to one year (or, if longer, the applicable preference period then in effect) and a day, following such payment. Nothing in this Section 15.1 shall preclude, or be deemed to estop, the Collateral Manager (i) from taking any action prior to the expiration of the aforementioned period in (A) any case or Proceeding voluntarily filed or commenced by the Issuer, or (B) any involuntary insolvency Proceeding filed or commenced by a Person other than the Collateral Manager, or (ii) from commencing against the Issuer or any of its properties any legal action which is not a bankruptcy, reorganization, arrangement, insolvency, moratorium or liquidation proceeding.

(vi) Except with respect to transactions contemplated by Section 5 of the Collateral Management Agreement, if the Collateral Manager determines that it or any of its Affiliates has a conflict of interest between the Holder of any Securities and any other account or portfolio for which the Collateral Manager or any of its Affiliates is serving as investment adviser which relates to any action to be taken with respect to any Asset, then the Collateral Manager will give written notice briefly describing such conflict and the action it proposes to take to the Trustee, who shall promptly forward such notice to the relevant Holder. The provisions of this clause (vi) shall not apply to any transaction permitted by the terms of the Collateral Management Agreement.

(vii) On each Measurement Date on which the S&P CDO Monitor Test is used, the Collateral Manager on behalf of the Issuer will measure compliance under such test.

(g) The Issuer and the Trustee agree that the Collateral Manager shall be a third party beneficiary of this Indenture, and shall be entitled to rely upon and enforce such provisions of this Indenture to the same extent as if it were a party hereto.

(h) Upon a Trust Officer of the Trustee receiving written notice from the Collateral Manager that an event constituting "Cause" has occurred, the Trustee shall, not later than two (2) Business Days thereafter, forward such notice to the Holders (as their names appear in the Register).

2. General Duties and Authorization of the Collateral Manager

The Collateral Manager shall provide services to the Issuer as follows:

(a) Subject to and in accordance with the applicable terms of the Indenture and the terms of this Agreement, the Collateral Manager agrees to, and is appointed and authorized by the Issuer to (i) select the Assets to be acquired, sold, terminated, tendered or otherwise disposed of by the Issuer, (ii) invest and reinvest the Assets subject to the Investment Criteria and other conditions and restrictions set forth in the Indenture, (iii) instruct the Trustee with respect to any acquisition, disposition or tender of, or Offer with respect to, any Assets received in respect thereof in the open market or otherwise by the Issuer, and (iv) perform all other tasks and take all other actions that any of the Indenture, the Collateral Administration Agreement or this Agreement specify are to be taken by the Collateral Manager (provided that the Collateral Manager will not be bound to follow any amendment or supplement to the Indenture unless it has consented thereto in accordance with the Indenture); and the Collateral Manager may, in its sole discretion, take any other action not inconsistent with an action that such agreements specify may be taken by the Collateral Manager.

(b) The Collateral Manager shall monitor the Assets on behalf of the Issuer on an ongoing basis and will further agree to provide or cause to be provided to the Issuer all reports, schedules and other data reasonably available to the Collateral Manager that the Issuer is required to prepare and deliver or cause to be prepared and delivered under the Indenture, in such forms and containing such information required thereby, in reasonably sufficient time for such required reports, schedules and data to be reviewed and delivered by or on behalf of the Issuer to the parties entitled thereto under the Indenture. The obligation of the Collateral Manager to furnish such reports, schedules and other data is subject to the Collateral Manager's timely receipt of necessary information, reports, schedules and other data from the Person responsible for the delivery or preparation thereof (including without limitation, Obligor of the Collateral Obligations, the Rating Agency, the Trustee and the Collateral Administrator) and to any confidentiality restrictions with respect thereto.

(c) Without limiting the foregoing, the Issuer authorizes the Collateral Manager to, at any time and subject to and in accordance with this Agreement, the Indenture and the Loan Sale Agreements: (i) direct the Trustee to dispose of any or all Assets in the open market or otherwise, (ii) direct the Trustee to acquire or retain, as security for the Secured Notes in substitution for or in addition to any Collateral Obligations, Eligible Investments or other Assets, one or more Collateral Obligations, Eligible Investments or other Assets, and (iii) as agent of the Issuer, direct the Trustee to take the following actions with respect to any Asset:

- (A) tender such Assets pursuant to an Offer;
- (B) consent or object to any proposed amendment, modification or waiver with respect to such Asset, including pursuant to an Offer;
- (C) retain or dispose of any securities or other property (if other than Cash) received pursuant to an Offer or with respect to any Asset;
- (D) waive any default with respect to any Asset;
- (E) vote to accelerate, or to rescind the acceleration of, the maturity of any Asset; or
- (F) exercise any other rights or remedies with respect to such Asset as provided in the related Underlying Document or take any other action consistent with the terms of the Indenture and the standard of care set forth in Section 2(f).

(d) The Issuer hereby irrevocably (except as provided below) appoints the Collateral Manager as its true and lawful agent and attorney-in-fact (with full power of substitution) in its name, place and stead and at its expense, in connection with the performance of its duties provided for in this Agreement or in the Indenture. The Issuer hereby ratifies and confirms all that such attorney-in-fact (or any substitute) shall lawfully do hereunder and pursuant hereto and authorizes such attorney-in-fact to exercise full discretion and act for the Issuer in the same manner and with the same force and effect as the managers or officers of the Issuer might or could do in respect of the performance of such services, as well as in respect of all other things the Collateral Manager deems necessary or incidental to the furtherance or conduct of such services, subject in each case to the other terms of this Agreement. The Issuer hereby authorizes such attorney-in-fact, in its sole discretion (but subject to applicable law and the provisions of this Agreement and the Indenture), to take all actions that it considers reasonably necessary and appropriate in respect of the Assets, this Agreement, the Indenture and the other Transaction Documents. This grant of power of attorney is coupled with an interest, and it shall survive and not be affected by the subsequent dissolution or bankruptcy of the Issuer, except that, notwithstanding anything herein to the contrary, the appointment herein of the Collateral Manager as the Issuer's agent and attorney-in-fact shall automatically cease and terminate upon the effective date of any termination of this Agreement, the resignation of the Collateral Manager pursuant to Section 12 or any removal of the Collateral Manager pursuant to Section 14.

(e) The Collateral Manager and the Issuer shall take such other action, and furnish such certificates, opinions and other documents, as may be reasonably requested by the other party hereto in order to effectuate the purposes of this Agreement and to facilitate compliance with applicable laws and regulations and the terms of this Agreement.

(f) The Collateral Manager will perform its obligations under this Agreement, the Indenture and the Fiscal Agency Agreement with reasonable care and in good faith using a degree of skill and attention no less than that which the Collateral Manager exercises with respect to comparable assets that it may manage for itself and its other clients and which is consistent with what the Collateral Manager reasonably believes to be the customary and usual collateral management practices that a prudent collateral manager of national recognition in the United States would use to manage comparable assets for its own account and for the account of others, except as expressly provided otherwise in this Agreement, the Indenture and the Fiscal Agency Agreement or under applicable law; provided that the Collateral Manager shall not be liable for any losses or damages resulting from any failure to satisfy the foregoing standard of care except to the extent that such failure would result in liability pursuant to Section 10. Without prejudicing the preceding, the Collateral Manager shall follow its customary standards, policies and procedures in performing its duties under this Agreement, the Indenture and the Fiscal Agency Agreement.

3. Brokerage.

If the Collateral Manager chooses to effect a transaction for the purchase or sale of an Asset through a broker-dealer, the Collateral Manager shall use commercially reasonable efforts to obtain the best execution for all orders placed with respect to the Assets, considering all circumstances (but, for the avoidance of doubt and without limiting the foregoing, with no obligation to obtain the lowest price) and in a manner permitted by law. Subject to the preceding sentence, the Collateral Manager may, in the allocation of business, take into consideration research and other brokerage services furnished to the Collateral Manager or its Affiliates by brokers and dealers which are not Affiliates of the Collateral Manager. Such services may be furnished to the Collateral Manager or its Affiliates in connection with its other advisory activities or investment operations. Transactions may be executed as part of concurrent authorizations to purchase or sell the same investment for other accounts served by the Collateral Manager or its Affiliates. When these concurrent transactions occur, the objective of the Collateral Manager (and any of its Affiliates involved in such transactions) shall be to allocate the executions among the accounts in an equitable manner. A more complete description of the Collateral Manager's policies with respect to the placement of orders is set forth in the Collateral Manager's most recent Form ADV, a copy of which has been made available to the Issuer and to the Trustee.

4. Additional Activities of the Collateral Manager.

Nothing herein shall prevent the Collateral Manager or any of its Affiliates from engaging in its customary businesses, or from rendering services of any kind to the Issuer and its Affiliates, the Trustee, the Holders or beneficial owners of the Securities or any other Person or entity to the extent permitted by applicable law and not expressly prohibited under the Indenture. Without prejudice to the generality of the foregoing, the Collateral Manager or any of its Affiliates and any directors, officers, partners, employees and agents of the Collateral Manager or its Affiliates may, among other things, and subject to any limits specified in the Indenture:

- (a) serve as directors (whether supervisory or managing), partners, officers, employees, agents, nominees or signatories for the Issuer, its Affiliates or any issuer of any obligations included in the Assets, to the extent permitted by their Governing Instruments, as from time to time amended, or by any resolutions duly adopted by the Issuer, its Affiliates or any issuer of any obligations included in the Assets, pursuant to their respective Governing Instruments;
- (b) receive fees for services of any nature rendered to the issuer of any obligations included in the Assets;
- (c) be retained to provide services to the Issuer or its Affiliates that are unrelated to this Agreement, and be paid therefor;
- (d) be a secured or unsecured creditor of, or hold an equity interest in, the Issuer, its Affiliates or any issuer of any obligation included in the Assets;
- (e) make a market in any Collateral Obligations or in any Notes; and
- (f) serve as a member of any “creditors’ committee” or informal workout group with respect to any obligation included in the Assets which is, has become, or, in the Collateral Manager’s opinion, may become a Defaulted Obligation.

It is understood that the Collateral Manager and any of its Affiliates have engaged (and expect to continue to engage) in other business and have furnished (and expect to continue to furnish) investment management and advisory services to others, including Persons which may have investment policies similar to those followed by the Collateral Manager with respect to the Assets and which may own obligations or securities of the same class, or which are of the same type, as the Collateral Obligations or the Eligible Investments or other obligations or securities of the Obligors or issuers of the Collateral Obligations or the Eligible Investments. The Collateral Manager will be free, in its sole discretion, to make recommendations to others, or effect transactions on behalf of itself or for others, which may be the same as or different from those effected with respect to the Assets and the Issuer. Nothing in the Indenture or this Agreement shall prevent the Collateral Manager or any of its Affiliates, acting either as principal or agent on behalf of others, from buying or selling, or from recommending to or directing any other account to buy or sell, at any time, obligations or securities of the same kind or class, or obligations or securities of a different kind or class of the same Obligor or issuer, as those directed by the Collateral Manager to be purchased or sold on behalf of the Issuer.

It is understood that, to the extent permitted by applicable law, the Collateral Manager, its Affiliates or their respective Related Persons or any member of their families or a Person advised by the Collateral Manager or its Affiliates may have an interest in a particular transaction or in obligations or securities of the same kind or class, or obligations or securities of a different kind or class of the same Obligor or issuer, as those whose purchase or sale the Collateral Manager may direct under this Agreement. If, in light of market conditions and investment objectives, the Collateral Manager determines that it would be advisable to purchase or sell the same Collateral Obligation both for the Issuer, and either the proprietary account of the Collateral Manager or any Affiliate of the Collateral Manager or another client of the Collateral Manager or any Affiliate, the Collateral Manager will allocate such investment opportunities across such Persons for which such opportunities are appropriate in a manner it deems fair and equitable over time in accordance with (i) its internal conflicts of interest and allocation policies (as such policies and procedures may change from time to time in the sole discretion of the Collateral Manager) and (ii) any applicable requirements of the Advisers Act. The Issuer agrees that, in the course of managing the Collateral Obligations held by the Issuer, the Collateral Manager may consider its relationships with other clients (including Obligor and issuers) and its Affiliates. The Collateral Manager may decline to make a particular investment for the Issuer in view of such relationships.

Unless the Collateral Manager determines in its sole discretion that such purchase or sale may be appropriate, the Collateral Manager may refrain from directing the purchase or sale hereunder of securities or obligations of (i) Persons of which the Collateral Manager, its Affiliates or any of its or their officers, directors, partners or employees are directors or officers, (ii) Persons for which the Collateral Manager or any of its Affiliates acts as financial adviser or underwriter or (iii) Persons about which the Collateral Manager or any of its Affiliates has information which the Collateral Manager deems confidential or non-public or otherwise might prohibit it from trading such securities or obligations in accordance with applicable law. The Collateral Manager shall not be obligated to utilize with respect to the Assets any particular investment opportunity of which it becomes aware or to pursue any particular investment strategy.

5. Acquisitions from or Dispositions to the Collateral Manager and Related Parties

Subject to compliance with applicable laws and regulations and subject to this Agreement and the applicable provisions of the Loan Sale Agreements and the Indenture, the Collateral Manager may direct the Trustee to acquire a Collateral Obligation from, or sell a Collateral Obligation, Eligible Investment or Equity Security to, the Collateral Manager, any of its Affiliates or any client for whom the Collateral Manager or any of its Affiliates serve as investment advisor. Any such acquisition by the Issuer shall be for Fair Market Value or as otherwise specified in the Indenture.

6. Records; Confidentiality.

(a) The Collateral Manager shall maintain appropriate books of account and records relating to services performed hereunder, and such books of account and records shall be accessible for inspection by a representative of the Issuer, the Trustee and the Independent accountants appointed by the Collateral Manager on behalf of the Issuer pursuant to Article X of the Indenture at any time during normal business hours and upon not less than three Business Days' prior notice. The Collateral Manager shall provide the Issuer with sufficient information and reports to maintain the books and records of the Issuer.

(b) The Collateral Manager shall keep confidential any and all information obtained in connection with the services rendered hereunder and shall not disclose any such information to non-affiliated third parties except (i) with the prior written consent of the Issuer, (ii) such information as any Rating Agency shall reasonably request in connection with its rating of the Notes, (iii) in connection with establishing trading or investment accounts or otherwise in connection with effecting transactions on behalf of the Issuer, (iv) as required by law, regulation, court order or the rules or regulations of any self-regulating organization, regulatory authority, body or official having jurisdiction over the Collateral Manager, (v) to its professional advisers or (vi) such information as shall have been publicly disclosed other than in violation of this Agreement. Notwithstanding the foregoing, the Collateral Manager (a) may present summary data with respect to the performance of the Assets in conjunction with presentation of performance statistics of other funds managed or to be managed by the Collateral Manager or its Affiliates, and may aggregate data with respect to the performance of one or more categories of Assets with similar data of such other funds and (b) may disclose such other information about the Issuer, the Assets and the Securities as is customarily disclosed by managers of collateralized loan obligations. For purposes of this Section 6, the Holders and beneficial owners of the Securities shall in no event be considered "non-affiliated third parties."

(c) Notwithstanding anything in this Agreement or any other Transaction Document to the contrary, the Collateral Manager, the Issuers, the Trustee and the Holders and beneficial owners of the Securities (and each of their respective employees, representatives or other agents) may disclose to any and all Persons, without limitation of any kind, the U.S. tax treatment and U.S. tax structure (in each case, under applicable federal, state or local law) of the transactions contemplated by this Agreement and all materials of any kind (including opinions or other tax analyses) that are provided to them relating to such U.S. tax treatment and U.S. tax structure; provided that such U.S. tax treatment and U.S. tax structure shall be kept confidential to the extent reasonably necessary to comply with applicable U.S. federal or state laws.

7. Obligations of the Collateral Manager.

Unless otherwise specifically required by any provision of this Agreement, any other Transaction Document or applicable law, the Collateral Manager shall use commercially reasonable efforts to ensure that no action is taken by it, and shall not intentionally or with reckless disregard take any action, which would (a) materially adversely affect the Issuer for purposes of Cayman Islands law, United States federal or state law or any other law known to the Collateral Manager to be applicable to the Issuer, (b) not be permitted under the Issuers' Governing Instruments, (c) violate in any material respect any law, rule or regulation of any governmental body or agency having jurisdiction over the Issuer, including, without limitation, any Cayman Islands or United States federal, state or other applicable securities law, (d) require registration of the Issuer or the pool of Assets as an "investment company" under the Investment Company Act or (e) result in the Issuer or the Co-Issuer violating the terms of the Indenture. In connection with the foregoing, but without prejudice to Section 2 hereof, the Collateral Manager will not be required to make any independent investigation of any facts or laws in connection with its obligations under this Agreement or the conduct of its business generally. If the Collateral Manager is ordered to take any such action by the Issuer, the Collateral Manager shall promptly notify the Issuer, the Trustee and the Rating Agency of the Collateral Manager's judgment that such action would, or would reasonably be expected to, have one or more of the consequences set forth above and need not take such action unless (i) the action would not have the consequences set forth in clause (c) above and (ii) the Issuer again requests the Collateral Manager to do so and a Majority of each Class of Notes have consented thereto in writing. Notwithstanding any such request, the Collateral Manager need not take such action unless arrangements satisfactory to it are made to insure or indemnify the Collateral Manager from any liability it may incur as a result of such action. The Collateral Manager, its partners, their respective partners, and the Collateral Manager's directors, officers, stockholders and employees shall not be liable to the Issuer, the Trustee, the Holders or any other Person, except as provided in Section 10 of this Agreement. Any indemnification or insurance pursuant to this Section 7 that is payable out of the Assets shall be payable only in accordance with the priorities set forth in Article XI of the Indenture.

8. Compensation.

(a) The Issuer shall pay to the Collateral Manager, for services rendered and performance of its obligations under this Agreement, a fee, payable in arrears on each Payment Date (including any Redemption Date, other than a Redemption Date in connection with a redemption of Secured Notes in part by Class not occurring on a regularly scheduled Payment Date) in accordance with the Priority of Payments that consists of (i) an amount equal to 0.15% per annum (calculated on the basis of a 360 day year and the actual number of days elapsed during the related Interest Accrual Period) of the Fee Basis Amount measured as of the first day of the Collection Period relating to such Payment Date (the "Base Management Fee") and (ii) an amount equal to 0.25% per annum (calculated on the basis of a 360 day year and the actual number of days elapsed during the related Interest Accrual Period) of the Fee Basis Amount measured as of the first day of the Collection Period relating to such Payment Date (the "Subordinated Management Fee") and, together with the Base Management Fee, the "Management Fees"). If any portion of any Management Fee payable on any Payment Date in accordance with the Priority of Payments is not paid in full for any reason, such portion shall be deferred and remain due and payable on subsequent Payment Dates.

(b) The Collateral Manager may, in its sole discretion, waive its rights to receive any portion of the Management Fees payable on any Payment Date. The Collateral Manager hereby waives its rights to receive all Management Fees until such date as the Collateral Manager notifies the Issuer and the Trustee that it is revoking such waiver.

(c) If this Agreement is terminated for any reason, or if the Collateral Manager resigns or is removed, the Base Management Fee and the Subordinated Management Fee will each be prorated for any partial period elapsing from the last Payment Date on which such Collateral Manager was entitled to receive the Base Management Fee and the Subordinated Management Fee to the effective date of such termination, resignation or removal and shall be immediately due and payable on each Payment Date following the effective date of such termination, resignation or removal in accordance with the Priority of Payments until paid in full. Otherwise, such Collateral Manager shall not be entitled to any further compensation for further services but shall be entitled to receive any expense reimbursement accrued to the effective date of termination, resignation or removal and any indemnity amounts owing (or that may become owing) under this Agreement. Any Management Fee, expense reimbursement and indemnities owed to such Collateral Manager or owed to any successor Collateral Manager on any Payment Date shall be paid *pro rata* based on the amount thereof then owing to each such Person, subject to the Priority of Payments.

(d) The Collateral Manager shall be responsible for expenses incurred in the performance of its obligations under this Agreement; provided, however, the Issuer will pay or reimburse the Collateral Manager for expenses including fees and out-of-pocket expenses reasonably incurred by the Collateral Manager in connection with the services provided under this Agreement with respect to (i) the costs and expenses of the Collateral Manager incurred in connection with the negotiation, preparation and execution of this Agreement and all other agreements and matters related to the issuance of any Securities; (ii) any transfer fees necessary to register any Collateral Obligation in accordance with the Indenture; (iii) any fees and expenses in connection with the acquisition, management or disposition of Assets or otherwise in connection with the Securities or the Issuer (including (a) investment related travel, communications and related expenses, (b) loan processing fees, accounting and legal fees and expenses (including internally allocated expenses) and other expenses of professionals retained by the Collateral Manager on behalf of the Issuer and (c) amounts in connection with the termination, cancellation or abandonment of a potential acquisition or disposition of any Assets that is not consummated); (iv) any and all taxes, regulatory and governmental charges that may be incurred or payable by the Issuer; (v) any and all insurance premiums or expenses incurred in connection with the activities of the Issuer by the Collateral Manager; (vi) any and all costs, fees and expenses incurred in connection with the rating of the Secured Notes or obtaining ratings or credit estimates on Collateral Obligations, and communications with the Rating Agency; (vii) any and all costs, fees and expenses incurred in connection with the Collateral Manager's communications with the Holders (including charges related to annual meetings and for preparation of reports); (viii) costs, fees and expenses of one or more firms that provide software databases and applications for the purpose of modeling, evaluating and monitoring the Assets and the Securities pursuant to a licensing or other agreement; (ix) fees and expenses for services to the Issuer in respect of the Assets relating to asset pricing and rating services; (x) any and all expenses incurred to comply with any law or regulation related to the activities of the Issuer and, to the extent relating to the Issuer and the Assets, the Collateral Manager; (xi) the fees and expenses of any independent advisor employed to value or consider Collateral Obligations; (xii) any and all costs, fees and expenses incurred in connection with any amendment or supplemental indenture effected (or proposed to be effected) pursuant to the Indenture; (xiii) in the event the Issuer is included in the consolidated financial statements of the Collateral Manager or its Affiliates, costs and expenses associated with the preparation of such financial statements and other information by the Collateral Manager or its Affiliates to the extent related to the inclusion of the Issuer in such financial statements; (xiv) any and all costs, fees and expenses incurred in connection with the preparation and audit of the Issuer's financial statements; (xv) any out-of-pocket costs or expenses incurred by the Collateral Manager in connection with complying with applicable law; and (xvi) as otherwise agreed upon by the Issuer and the Collateral Manager, to be paid in accordance with the Indenture. In addition, the Issuer will pay or reimburse the costs and expenses (including fees and disbursements of counsel and accountants) of the Collateral Manager and the Issuer incurred in connection with or incidental to the entering into of this Agreement or any amendment hereto.

9. Benefit of the Agreement.

The Collateral Manager shall perform its obligations hereunder in accordance with the terms of this Agreement and the terms of the Indenture applicable to it and shall use all reasonable endeavors, in the course of carrying out such obligations, to protect the interests of the Holders as a group. The Collateral Manager agrees that such obligations shall be enforceable at the instance of the Issuer, the Trustee, on behalf of the Holders, or the requisite percentage of Holders as provided in the Indenture.

10. Limits of Collateral Manager Responsibility.

(a) The Collateral Manager assumes no responsibility under this Agreement other than to render the services called for hereunder and under the terms of the Indenture applicable to it in good faith and shall not be responsible for any action or inaction of the Issuer or the Trustee in following or declining to follow any advice, recommendation or direction of the Collateral Manager. The Collateral Manager, its Affiliates, and their respective Related Persons shall not be liable to the Issuers, the Trustee, any Holder of Securities, any holder of the Issuer's ordinary shares, the Placement Agent, any of their respective Affiliates or Related Persons or any other Person for any act, omission, error of judgment, mistake of law, or for any claim, loss, liability, damage, judgements, assessments, settlement cost, or other expense (including attorneys' fees and expenses and court costs) arising out of any investment, or for any other act or omission in the performance of the Collateral Manager's obligations under or in connection with this Agreement or the terms of any other Transaction Document applicable to the Collateral Manager, incurred as a result of actions taken or recommended or for any omissions of the Collateral Manager, or for any decrease in the value of the Assets, except the Collateral Manager will be liable (i) by reason of acts or omissions constituting bad faith, willful misconduct or gross negligence in the performance of its duties under this Agreement and under the terms of the Indenture or (ii) with respect to the Collateral Manager Information, as of the date made, containing any untrue statement of a material fact or omitting to state a material fact necessary in order to make the statements in the Offering Circular, in light of the circumstances under which they were made, not misleading (the preceding clauses (i) and (ii) collectively referred to as "Collateral Manager Breaches").

(b) The Collateral Manager shall not be liable for any consequential, punitive, exemplary or special damages or lost profits under this Agreement or under the Indenture. Nothing contained in this Agreement shall be deemed to waive any liability which cannot be waived under applicable state or federal law or any rules or regulations thereunder.

(c) Indemnity by the Issuer. The Issuer shall indemnify and hold harmless (the Issuer in such case, the "Indemnifying Party") the Collateral Manager, its Affiliates, and their respective Related Persons (such parties collectively in such case, the "Indemnified Parties") from and against any and all losses, claims, damages, judgments, assessments, costs or other liabilities (collectively, "Losses") (as Administrative Expenses) and will promptly reimburse each such Indemnified Party for all reasonable fees and expenses incurred by an Indemnified Party with respect thereto (including, without limitation, reasonable fees and expenses of counsel and costs of collection) (collectively, "Expenses") (as Administrative Expenses) arising out of or in connection with the issuance of the Securities (including, without limitation, any untrue statement of material fact or alleged untrue statement of material fact contained in the Offering Circular, or any omission or alleged omission to state in the Offering Circular a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading, other than Collateral Manager Information), the transactions contemplated by the Offering Circular, the Indenture or this Agreement and any acts or omissions of any such Indemnified Party; provided that such Indemnified Party shall not be indemnified for any Losses or Expenses incurred as a result of any Collateral Manager Breach or any information contained under the headings "U.S. Credit Risk Retention" and "EU Risk Retention Requirements—The Retention Holder" in the Offering Circular as of the date made containing any untrue statement of a material fact or omitting to state a material fact necessary in order to make the statements in the Offering Circular, in light of the circumstances under which they were made, not misleading.

(d) Notwithstanding anything contained herein to the contrary, the obligations of the Issuer under this Section 10 shall be limited-recourse obligations of the Issuer, payable solely out of the Assets in accordance with the priorities set forth in Article XI of the Indenture and shall be subject to the terms of Section 22 hereof.

(e) Notwithstanding anything to the contrary contained in this Agreement, the provisions of this Agreement shall not be construed so as to provide for the exculpation of the Collateral Manager or the indemnification of the Issuer or the Collateral Manager for any liability (including liability under U.S. federal securities laws), to the extent (but only to the extent) that such liability may not be waived, modified or limited under applicable law or such indemnification may not be demanded under applicable law, but shall otherwise be construed so as to effectuate the provisions of this Agreement to the fullest extent permitted by applicable law.

(f) In providing services under this Agreement, the Collateral Manager may rely in good faith upon and will be fully protected and incur no liability for acting at the direction of the Issuer (where such direction has been given without direct advice from the Collateral Manager) or for relying upon advice of nationally recognized counsel, accountants or other advisers as the Collateral Manager determines, in its sole discretion, is reasonably appropriate in connection with the services provided by the Collateral Manager under this Agreement.

(g) An Indemnified Party shall (or with respect to an Indemnified Party other than the Collateral Manager, the Collateral Manager shall cause such Indemnified Party to) promptly notify the Indemnifying Party if the Indemnified Party receives a complaint, claim, compulsory process or other notice of any loss, claim, damage or liability giving rise to a claim for indemnification under this Section 10 and give written notice to the Indemnifying Party of such claim within ten (10) days after such claim is made or threatened, which notice shall specify in reasonable detail the nature of the claim and the amount (or an estimate of the amount) of the claim but failure so to notify the Indemnifying Party (i) shall not relieve such Indemnifying Party from its obligations under paragraph (a) above unless and to the extent that it did not otherwise learn of such action or proceeding and to the extent such failure results in the forfeiture by the Indemnifying Party of substantial rights and defenses and (ii) shall not, in any event, relieve the Indemnifying Party for any obligations to any Person entitled to indemnity pursuant to paragraph (a) above other than the indemnification obligations provided for in paragraph (a) above.

(h) With respect to any claim made or threatened against an Indemnified Party, or compulsory process or request served upon such Indemnified Party for which such Indemnified Party is or may be entitled to indemnification under this Section 10, such Indemnified Party shall (or with respect to an Indemnified Party other than the Collateral Manager, the Collateral Manager shall cause such Indemnified Party to), at the Indemnifying Party's expense:

(i) provide the Indemnifying Party such information and cooperation with respect to such claim as the Indemnifying Party may reasonably require, including, but not limited to, making appropriate personnel available to the Indemnifying Party at such reasonable times as the Indemnifying Party may request;

(ii) cooperate and take all such steps as the Indemnifying Party may reasonably request to preserve and protect any defense to such claim;

(iii) in the event suit is brought with respect to such claim, upon reasonable prior notice, afford to the Indemnifying Party the right, which the Indemnifying Party may exercise in its sole discretion and at its expense, to participate in the investigation, defense and settlement of such claim;

(iv) neither incur any material expense to defend against nor release or settle any such claim or make any admission with respect thereto (other than routine or incontestable admissions or factual admissions the failure to make which would expose such Indemnified Party to unindemnified liability) without the prior written consent of the Indemnifying Party; provided, that the Indemnifying Party shall have advised such Indemnified Party that such Indemnified Party is entitled to be indemnified hereunder with respect to such claim; and

(v) upon reasonable prior notice, afford to the Indemnifying Party the right, in its sole discretion and at its sole expense, to assume the defense of such claim, including, but not limited to, the right to designate counsel and to control all negotiations, litigation, arbitration, settlements, compromises and appeals of such claim; provided, that if the Indemnifying Party assumes the defense of such claim, it shall not be liable for any fees and expenses of counsel for any Indemnified Party incurred thereafter in connection with such claim except that if such Indemnified Party reasonably determines that counsel designated by the Indemnifying Party has a conflict of interest, such Indemnifying Party shall pay the reasonable fees and disbursements of one counsel (in addition to any local counsel) separate from its own counsel for all Indemnified Parties in connection with any one action or separate but similar or related actions in the same jurisdiction arising out of the same general allegations or circumstances; and provided further, that prior to entering into any final settlement or compromise, such Indemnifying Party shall seek the consent of the Indemnified Party and use its best efforts in the light of the then prevailing circumstances (including, without limitation, any express or implied time constraint on any pending settlement offer) to obtain the consent of such Indemnified Party as to the terms of settlement or compromise. If an Indemnified Party does not consent to the settlement or compromise within a reasonable time under the circumstances, the Indemnifying Party shall not thereafter be obligated to indemnify the Indemnified Party for any amount in excess of such proposed settlement or compromise.

(i) No Indemnified Party shall, without the prior written consent of the Indemnifying Party, which consent shall not be unreasonably withheld or delayed, settle or compromise any claim giving rise to a claim for indemnity hereunder, or permit a default or consent to the entry of any judgment in respect thereof, unless such settlement, compromise or consent includes, as an unconditional term thereof, the giving by the claimant to the Indemnifying Party of a release from liability substantially equivalent to the release given by the claimant to such Indemnified Party in respect of such claim.

(j) In the event that any Indemnified Party waives its right to indemnification hereunder, the Indemnifying Party shall not be entitled to appoint counsel to represent such Indemnified Party nor shall the Indemnifying Party reimburse such Indemnified Party for any costs of counsel to such Indemnified Party.

(k) Indemnity by Collateral Manager. The Collateral Manager shall indemnify, defend and hold harmless the Issuer and its Related Persons from and against any and all Losses and shall reimburse each such Person for all Expenses in investigating, preparing, pursuing or defending any claim, action, proceeding or investigation with respect to any pending or threatened litigation against the Issuer or any such Related Person (collectively, "Actions"), to the extent that such Action is caused by, or is a direct consequence of, any Collateral Manager Breach; provided that no such indemnity shall be paid to the extent that such Action was caused by, or arose out of or in connection with, bad faith, willful misconduct, gross negligence or reckless disregard of the Issuer or any Related Person.

11. No Partnership or Joint Venture.

The Issuer and the Collateral Manager are not partners or joint venturers with each other and nothing herein shall be construed to make them such partners or joint venturers or impose any liability as such on either of them. The Collateral Manager's relation to the Issuer shall be deemed to be solely that of an independent contractor.

12. Term: Termination.

(a) This Agreement shall commence as of the date first set forth above and shall continue in force until the first of the following occurs: (i) the payment in full of the Notes and the termination of the Indenture in accordance with its terms; (ii) the liquidation of the Assets and the final distribution of the proceeds of such liquidation pursuant to the terms of the Indenture; or (iii) the termination of this Agreement in accordance with clause (b) or (c) of this Section 12 or Section 14 of this Agreement.

(b) This Agreement may be terminated without cause by the Collateral Manager, and the Collateral Manager may resign upon 90 days' prior written notice (or such shorter notice as is acceptable to the Issuer) to the Issuer, the Trustee (who will forward such notice to each Holder), and the Rating Agency; provided, however, that the Collateral Manager shall have the right to resign immediately upon the effectiveness of any material change in applicable law or regulations which renders the performance by the Collateral Manager of its duties under the Collateral Management Agreement or under the Indenture to be a violation of such law or regulation. No such termination or resignation shall be effective until the date as of which a successor collateral manager shall have been appointed in accordance with this Agreement and delivered an instrument of acceptance to the Issuer and the resigned Collateral Manager and the successor collateral manager has effectively assumed all of the Collateral Manager's duties and obligations pursuant to this Agreement.

(c) If this Agreement is terminated pursuant to this Section 12, such termination shall be without any further liability or obligation of either party to the other, except as provided in Sections 8(c), 10, 15 and 22 of this Agreement, which provisions shall survive the termination of this Agreement.

(d) Promptly after notice of any removal for Cause pursuant to Section 14 hereof or resignation of the Collateral Manager pursuant to this Section 12 while any Securities are Outstanding, the Issuer shall:

(i) transmit copies of such notice to the Trustee (who shall forward a copy of such notice to the Holders), the Fiscal Agent and the Rating Agency; and

(ii) at the direction of a Majority of the Preferred Shares appoint as a successor collateral manager any institution that (A) has demonstrated an ability to professionally and competently perform duties similar to those imposed upon the Collateral Manager hereunder, (B) is legally qualified and has the capacity to assume all of the duties, responsibilities and obligations of the Collateral Manager hereunder and under the applicable terms of the Indenture, (C) does not cause the Issuer or the Co-Issuer or the pool of Assets to become required to register under the Investment Company Act, (D) has been approved by a Majority of the Controlling Class and a Majority of the Preferred Shares (provided, for the avoidance of doubt, that if a Majority of the Controlling Class or a Majority of the Preferred Shares has nominated such successor, it shall be deemed to have approved of such successor) and (E) does not by its appointment cause the Issuer or the Co-Issuer to be treated as a publicly traded partnership taxable as a corporation for U.S. federal income tax purposes or subject to U.S. federal, state or local income tax on a net income basis (including any tax liability imposed under Section 1446 of the Code).

(e) If (i) a Majority of the Preferred Shares fails to nominate a successor within 30 days of initial notice of the resignation or removal of the Collateral Manager or (ii) a Majority of the Controlling Class does not approve the proposed successor nominated by the holders of the Preferred Shares within 10 days of the date of the notice of such nomination, then a Majority of the Controlling Class shall, within 60 days of the failure described in clause (i) or (ii) of this sentence, as the case may be, nominate a successor Collateral Manager that meets the criteria set forth in clause (d)(ii) above. If a Majority of the Preferred Shares approves such proposed successor nominated pursuant to the preceding sentence, such nominee shall become the Collateral Manager. If no successor Collateral Manager is appointed within 90 days (or, in the event of a change in applicable law or regulation which renders the performance by the resigning Collateral Manager of its duties under this Agreement or the Indenture to be a violation of such law or regulation, within 30 days) following the termination or resignation of the Collateral Manager, any of the Collateral Manager, a Majority of the Preferred Shares and the Majority of the Controlling Class shall have the right to petition a court of competent jurisdiction to appoint a successor Collateral Manager, in either such case whose appointment shall become effective after such successor has accepted its appointment and without the consent of any Holder of any Securities.

(f) Any successor Collateral Manager shall be entitled to the Base Management Fee and the Subordinated Management Fee accruing from the effective date of its appointment. No compensation payable to such successor Collateral Manager shall be greater than such components of the Management Fee without the prior written consent of 100% of the Holders of each Class of Securities, including Collateral Manager Securities.

(g) The Issuer, the Trustee and the successor collateral manager shall take such action (or cause the outgoing Collateral Manager to take such action) consistent with this Agreement and the terms of the Indenture applicable to the Collateral Manager, as shall be necessary to effectuate any such succession. Promptly following the appointment of a successor collateral manager in accordance with the foregoing, the Issuer shall provide written notice thereof to the Rating Agency.

(h) In the event of removal of the Collateral Manager pursuant to this Agreement by the Issuer, the Issuer shall have all of the rights and remedies available with respect thereto at law or equity, and, without limiting the foregoing, the Issuer may by notice in writing to the Collateral Manager as provided under this Agreement terminate all the rights and obligations of the Collateral Manager under this Agreement (except those that survive termination pursuant to Section 12(c) above). Upon expiration of the applicable notice period with respect to termination specified in this Section 12 or Section 14 of this Agreement, as applicable, all authority and power of the Collateral Manager under this Agreement, whether with respect to the Assets or otherwise, shall automatically and without further action by any person or entity pass to and be vested in the successor collateral manager upon the appointment thereof. Nevertheless, the Collateral Manager shall take such steps as may be reasonably necessary to transfer such authority and power.

13. Delegation; Assignments; Succession.

(a) Except as provided in this Agreement, the Collateral Manager may not assign or delegate its rights or responsibilities under this Agreement without obtaining the consent of the Issuer and the consent of a Majority of the Controlling Class and a Majority of the Preferred Shares (voting separately).

(b) The Collateral Manager may, without obtaining the consent of any Holder of Securities, but subject to any consent of the Issuer required for an assignment under the Advisers Act, assign any of its rights or obligations under this Agreement to an Affiliate of the Collateral Manager, to the surviving entity of a merger, consolidation or restructuring of the Collateral Manager, or to any other entity to which all or substantially all of the assets, or at the time of such transfer, the collateral management business, of the Collateral Manager has been transferred; provided that such Affiliate, successor or transferee (i) has demonstrated an ability to professionally and competently perform duties similar to those imposed upon the Collateral Manager pursuant to this Agreement, (ii) has the legal right and capacity to act as Collateral Manager under this Agreement, (iii) shall not cause any of the Issuer, the Co-Issuer or the pool of Assets to become required to register under the provisions of the 1940 Act and (iv) by its appointment will not cause the Issuer or Co-Issuer to be treated as a publicly traded partnership taxable as a corporation for U.S. federal income tax purposes or subject to U.S. federal, state or local income tax on a net income basis (including any tax liability imposed under Section 1446 of the Code). The Collateral Manager shall deliver prior notice to the Rating Agency of any such assignment or combination.

(c) In addition, the Collateral Manager may, without the consent of any Person, delegate to third parties (including without limitation its Affiliates) the duties assigned to the Collateral Manager under this Agreement, and employ third parties (including without limitation its Affiliates) to render advice (including investment advice), to provide services to arrange for trade execution and otherwise provide assistance to the Issuer, and to perform any of the Collateral Manager's duties under this Agreement; provided that the Collateral Manager shall not (i) delegate investment advice responsibilities, including (without limitation) asset selection, credit review and the negotiation and determination of the acquisition price of a Collateral Obligation to non-affiliates; (ii) be relieved of any of its duties under this Agreement regardless of the performance of any services by third parties; or (iii) by its appointment cause the Issuer or the Co-Issuer to be treated as a publicly traded partnership taxable as a corporation for U.S. federal income tax purposes or subject to U.S. federal, state or local income tax on a net income basis (including any tax liability imposed under Section 1446 of the Code).

(d) Any assignment by the Collateral Manager consented to by the Issuer and the required Holders shall bind the assignee hereunder in the same manner as the Collateral Manager is bound. In addition, the assignee shall execute and deliver to the Issuer and the Trustee an appropriate agreement naming such assignee as a Collateral Manager. Upon the execution and delivery of such a counterpart by the assignee, the Collateral Manager shall be released from further obligations pursuant to this Agreement, except with respect to its obligations under Section 10 of this Agreement arising prior to such assignment and except with respect to its obligations under Sections 15 and 22 hereof.

(e) This Agreement shall not be assigned by the Issuer without the prior written consent of the Collateral Manager, except that the Collateral Manager agrees and consents to the assignment by the Issuer of this Agreement pursuant to Section 15.1(f) of the Indenture.

(f) In the event of any assignment by the Issuer, the Issuer shall (x) use its best efforts to cause its successor to execute and deliver to the Collateral Manager such documents as the Collateral Manager shall consider reasonably necessary to effect fully such assignment and (y) provide written notice thereof to the Issuer, each Holder, the Trustee and the Rating Agency.

#### 14. Termination by the Issuer for Cause.

This Agreement may be terminated, and the Collateral Manager may be removed for Cause (as defined below) upon 30 Business Days' prior written notice by the Issuer (a "Termination Notice") at the direction of either (i) a Majority of the Controlling Class or (ii) a Majority of the Preferred Shares provided that Collateral Manager Securities shall be disregarded and have no voting rights with respect to any vote in respect of removal of the Collateral Manager for Cause.

Simultaneous with its direction to the Issuer to so remove the Collateral Manager, either (i) a Majority of the Controlling Class or (ii) a Majority of the Preferred Shares (as applicable) shall give to the Issuer a written statement setting forth the reason for such removal (a "Notice of Removal") and the Issuer shall deliver a copy of the Termination Notice and the Notice of Removal to the Trustee (who shall deliver a copy of such notice to the Holders) within five Business Days of receipt of such written notice. No such termination or removal pursuant to this Section 14 shall be effective (A) until the date as of which a successor collateral manager shall have been appointed in accordance with Section 12 and have delivered an instrument of acceptance to the Issuer and the removed Collateral Manager and the successor collateral manager has effectively assumed all of the Collateral Manager's duties and obligations under this Agreement and the Indenture and (B) unless the Notice of Removal shall have been delivered to the Issuer as set forth above.

For purposes of determining "Cause" with respect to termination of this Agreement pursuant to this Section 14, such term shall mean any one of the following events:

(a) the Collateral Manager willfully and intentionally violated or breached any material provision of this Agreement or the Indenture applicable to it (not including a willful and intentional breach that results from a good faith dispute regarding reasonable alternative courses of action or reasonable interpretation of instructions);

(b) the Collateral Manager breached any provision of this Agreement or any terms of the Indenture applicable to it (other than as covered by clause (a) above and it being understood that failure to meet any Concentration Limitation, Collateral Quality Test or Coverage Test is not a breach for purposes of this clause (b)), which breach would reasonably be expected to have a material adverse effect on any Class of Secured Notes and shall not cure such breach (if capable of being cured) within 60 days after the earlier to occur of a Responsible Officer of the Collateral Manager receiving notice or having actual knowledge of such breach, unless, if such breach is remediable, the Collateral Manager has taken action commencing the cure thereof within such 60 day period that the Collateral Manager believes in good faith will remedy such breach within 90 days after the earlier to occur of a Responsible Officer receiving notice or having actual knowledge thereof;

(c) the failure of any representation or warranty of the Collateral Manager in Section 16 hereof to be correct in any material respect when such representation or warranty is made, which failure (i) would reasonably be expected to have a material adverse effect on any Class of Secured Notes and (ii) if capable of being corrected, is not corrected by the Collateral Manager within 45 days of a Responsible Officer of the Collateral Manager receiving notice of such failure, unless if such failure is remediable, the Collateral Manager has taken action commencing the cure thereof within such 45-day period that the Collateral Manager believes in good faith will remedy such failure within 90 days after the earlier to occur of a Responsible Officer receiving notice thereof or having actual knowledge thereof;

(d) (A) the Collateral Manager is wound up or dissolved; (B) there is appointed over the Collateral Manager or a substantial portion of its assets a receiver, administrator, administrative receiver, trustee or similar officer; or (C) the Collateral Manager (i) ceases to be able to, or admits in writing its inability to, pay its debts as they become due and payable, or makes a general assignment for the benefit of, or enters into any composition or arrangement with, its creditors generally; (ii) applies for or consents (by admission of material allegations of a petition or otherwise) to the appointment of a receiver, trustee, assignee, custodian, liquidator or sequestrator (or other similar official) of the Collateral Manager or of any substantial part of its properties or assets, or authorizes such an application or consent, or proceedings seeking such appointment are commenced without such authorization, consent or application against the Collateral Manager and continue undismissed for 60 days; (iii) authorizes or files a voluntary petition in bankruptcy, or applies for or consents (by admission of material allegations of a petition or otherwise) to the application of any bankruptcy, reorganization, arrangement, readjustment of debt, insolvency or dissolution, or authorizes such application or consent, or proceedings to such end are instituted against the Collateral Manager without such authorization, application or consent and are approved as properly instituted and remain undismissed for 60 days or result in adjudication of bankruptcy or insolvency; or (iv) permits or suffers all or any substantial part of its properties or assets to be sequestered or attached by court order and the order remains undismissed for 60 days;

(e) the occurrence and continuation of an Event of Default specified under clause (a), (b) or (c) of the definition of such term that results primarily from any material breach by the Collateral Manager of its duties under this Agreement or under the Indenture which breach or default is not cured within any applicable cure period (excluding any such Event of Default relating to a good faith dispute with respect to reasonable alternative courses of action or the meaning of any relevant provision under the Transaction Documents or any matter that is in the process of being reconciled in accordance with the applicable Transaction Documents); or

(f) (i) the occurrence of an act by the Collateral Manager that constitutes fraud or felony criminal activity in the performance of its obligations under this Agreement (as determined pursuant to a final adjudication by a court of competent jurisdiction) or the Collateral Manager being indicted for a felony criminal offense materially related to its business of providing asset management services or (ii) any Responsible Officer of the Collateral Manager primarily responsible for the performance by the Collateral Manager of its obligations under this Agreement (in the performance of his or her investment management duties) is indicted for a felony criminal offense materially related to the business of the Collateral Manager providing asset management services and continues to have responsibility for the performance by the Collateral Manager under this Agreement for a period of thirty (30) days after such indictment.

Prior to the effective appointment of any successor collateral manager in accordance with this Agreement, the event or circumstance giving rise to the removal of the Collateral Manager for Cause described above (other than pursuant to clause (d) of the definition thereof) may be waived by a written approval of both a Majority of the Controlling Class and a Majority of the Preferred Shares (voting separately) as a basis for termination of this Agreement and removal of the Collateral Manager hereunder; provided that Collateral Manager Securities shall be disregarded and have no voting rights for purposes of this waiver, it being understood that if all of the Securities of either such Class are Collateral Manager Securities, the approval of a Majority of such Class shall not be required for such waiver.

If any of the events specified in clauses (a) through (f) of this Section 14 shall occur, the Collateral Manager shall give prompt written notice thereof to the Issuer, the Trustee (who shall forward such notice to the Holders) and the Rating Agency; provided that if the events specified

in clause (d) above shall occur, the Collateral Manager shall give written notice thereof to the Issuer, the Trustee (who will forward such notice to the holders of the Securities) and the Rating Agency immediately upon the Collateral Manager's becoming aware of the occurrence of such event. In no event will the Trustee be required to determine whether or not Cause exists to remove the Collateral Manager.

15. Action Upon Termination.

(a) From and after the effective date of termination of this Agreement, the Collateral Manager shall not be entitled to compensation for further services hereunder, but shall be paid all compensation to which it is entitled, and shall receive all other amounts for which it is entitled to reimbursement, all as provided in and subject to Section 8 hereof, and shall be entitled to receive any amounts owing under Sections 7 and 10 hereof. Upon such termination, the Collateral Manager shall as soon as practicable:

(i) deliver to and at the direction of the Issuer all property and documents of the Trustee or the Issuer or otherwise relating to the Assets then in the custody of the Collateral Manager; and

(ii) deliver to the Trustee an accounting with respect to the books and records delivered to the Trustee or the successor collateral manager appointed pursuant to Section 12(d) hereof.

Notwithstanding such termination, the Collateral Manager shall remain liable for its acts or omissions hereunder as described in Section 10 arising prior to termination and for any expenses, losses, damages, liabilities, demands, charges and claims of any nature whatsoever (including reasonable attorneys' fees) in respect of or arising out of a breach of the representations and warranties made by the Collateral Manager in Section 16(b) hereof or from any failure of the Collateral Manager to comply in all material respects with the provisions of this Section 15.

(b) The Collateral Manager agrees that, notwithstanding any termination, it shall reasonably cooperate in any Proceeding arising in connection with this Agreement, the Indenture or any of the Assets (excluding any such Proceeding in which claims are asserted against the Collateral Manager or any Affiliate of the Collateral Manager) upon receipt of appropriate indemnification and expense reimbursement.

(iv) There is no charge, investigation, action, suit or proceeding before or by any court pending or, to the knowledge of the Collateral Manager, threatened that, if determined adversely to the Collateral Manager, would have a material adverse effect upon the performance by the Collateral Manager of its duties under, or on the validity or enforceability of, this Agreement or the provisions of the Indenture applicable to the Collateral Manager hereunder.

19. Binding Nature of Agreement; Successors and Assigns

This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, personal representatives, successors and assigns as provided herein. The Collateral Manager agrees that its obligations hereunder shall be enforceable, at the instance of the Issuer, on behalf of the Issuer by the Trustee under the Indenture, as provided in the Indenture (subject to the rights and defenses of the Collateral Manager and the provisions of Sections 10 and 15 hereunder). The Collateral Manager agrees and consents to the provisions contained in Article XV of the Indenture.

20. Entire Agreement; Amendments.

This Agreement contains the entire agreement and understanding among the parties hereto with respect to the subject matter hereof and supersedes all prior and contemporaneous agreements, understandings, inducements and conditions, express or implied, oral or written, of any nature whatsoever with respect to the subject matter hereof. The parties hereto hereby acknowledge that any prior agreement concerning the subject matter hereof has been terminated as of the date hereof and is of no further force or effect (except for provisions in such agreement designated to survive termination). (For the avoidance of doubt, the parties acknowledge that this Agreement does not govern the relationship of ORCA in its capacity as a Holder.) The express terms hereof control and supersede any course of performance and/or usage of the trade inconsistent with any of the terms hereof.

This Agreement may be amended by the parties thereto to (i) correct inconsistencies, typographical or other errors, defects or ambiguities or (ii) conform the Collateral Management Agreement to the Offering Circular, the Collateral Administration Agreement or the Indenture (as it may be amended from time to time in accordance with the terms thereof), in each case without the consent of the holders of any Securities and without satisfaction of the S&P Rating Condition. The Collateral Manager will provide notice to the Rating Agency of any such amendment.

Any other amendment to this Agreement requires the consent of the parties hereto and the approval of a Majority of the Preferred Shares, with at least ten (10) days' prior written notice to the Trustee (who shall forward such notice to the Controlling Class), the Fiscal Agent and the Rating Agency; provided that any such amendment to this Agreement that would (i) modify the definition of the term Cause, (ii) modify the Base Management Fee, including any component of the Base Management Fee, the method for calculating any component of the Base Management Fee or any definition used in any component of the Base Management Fee or (iii) modify the Class or Classes or the percentage of the Aggregate Outstanding Amount of any Class that has the right to remove the Collateral Manager, consent to any assignment of this Agreement or nominate or approve any successor Collateral Manager shall, in each case, also require the approval of a Majority of the Controlling Class and satisfaction of the S&P Rating Condition.

21. Conflict with the Indenture.

In the event that this Agreement requires any action to be taken with respect to any matter and the Indenture requires that a different action be taken with respect to such matter, and such actions are mutually exclusive, the provisions of the Indenture in respect thereof shall control.

22. Subordination; Limited Recourse; Non-Petition.

(a) The Collateral Manager agrees that the payment of all amounts to which it is entitled pursuant to this Agreement shall be subordinated to the extent set forth in the Indenture, including Article XI thereof.

(b) Notwithstanding any other provision of this Agreement, the obligations of the Issuer hereunder are, from time to time and at any time, limited recourse obligations of the Issuer, payable solely from the Assets and only to the extent of funds available from time to time and in accordance with the Priority of Payments, and following exhaustion of the Assets, any claims of the Collateral Manager hereunder shall be extinguished and shall not thereafter revive. The Collateral Manager further agrees (i) not to take any action in respect of any claims hereunder against any officer, director, employee, shareholder, noteholder or administrator of the Issuer and (ii) not to cause the filing of a petition in bankruptcy against the Issuer for the nonpayment of the fees or other amounts payable by the Issuer to the Collateral Manager under this Agreement until the payment in full of all Notes issued under the Indenture and the expiration of a period equal to one year and a day, or, if longer, the applicable preference period, following such payment. Nothing in this Section 22 shall preclude, or be deemed to stop, the Collateral Manager (x) from taking any action prior to the expiration of the aforementioned period in (A) any case or Proceeding voluntarily filed or commenced by the Issuer, or (B) any involuntary insolvency Proceeding filed or commenced by a Person other than the Collateral Manager, or (y) from commencing against the Issuer or any of its properties any legal action which is not a bankruptcy, reorganization, arrangement, insolvency, moratorium or liquidation proceeding. The provisions of this Section 22 shall survive the termination of this Agreement for any reason whatsoever.

23. Governing Law.

**THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAW OF THE STATE OF NEW YORK**

24. Indulgences Not Waivers

Neither the failure nor any delay on the part of any party hereto to exercise any right, remedy, power or privilege under this Agreement shall operate as a waiver thereof, nor shall any single or partial exercise of any right, remedy, power or privilege preclude any other or further exercise of the same or of any other right, remedy, power or privilege, nor shall any waiver of any right, remedy, power or privilege with respect to any occurrence be construed as a waiver of such right, remedy, power or privilege with respect to any other occurrence. No waiver shall be effective unless it is in writing and is signed by the party asserted to have granted such waiver.

25. Costs and Expenses

The reasonable costs and expenses (including the fees and disbursements of counsel and accountants) incurred by the Collateral Manager in connection with the negotiation and preparation of and the execution of this Agreement, and all matters incident thereto, shall be borne by the Issuer and, unless paid on the Closing Date or shortly thereafter by ORCC or from the proceeds of the offering of the Securities (to the extent permitted under the Indenture), shall be subject to the Priority of Payments.

26. Titles Not to Affect Interpretation

The titles of paragraphs and subparagraphs contained in this Agreement are for convenience only, and they neither form a part of this Agreement nor are they to be used in the construction or interpretation hereof.

27. Execution in Counterparts

This Agreement may be executed in any number of counterparts, which may be effectively delivered by facsimile or other electronic means or other written form of communication, each of which shall be deemed to be an original as against any party whose signature appears thereon, and all of which shall together constitute one and the same instrument. This Agreement shall become binding when one or more counterparts hereof, individually or taken together, shall bear the signatures of all of the parties reflected hereon as the signatories.

28. Provisions Separable

In case any provision in this Agreement shall be invalid, illegal or unenforceable as written, such provision shall be construed in the manner most closely resembling the apparent intent of the parties with respect to such provision so as to be valid, legal and enforceable; provided, however, that if there is no basis for such a construction, such provision shall be ineffective only to the extent of such invalidity, illegality or unenforceability and, unless the ineffectiveness of such provision destroys the basis of the bargain for one of the parties to this Agreement, the validity, legality and enforceability of the remaining provisions hereof or thereof shall not in any way be affected or impaired thereby.

29. Number and Gender.

Words used herein, regardless of the number and gender specifically used, shall be deemed and construed to include any other number, singular or plural, and any other gender, masculine, feminine or neuter, as the context requires.

30. Jurisdiction and Venue.

The parties to this Agreement irrevocably submit to the non-exclusive jurisdiction of any New York state or federal court sitting in the Borough of Manhattan in The City of New York in any action or proceeding arising out of or relating to this Agreement, the Securities or the Indenture, and the parties irrevocably agree that all claims in respect of such action or proceeding may be heard and determined in such New York state or federal court. The parties to this Agreement irrevocably waive, to the fullest extent they may legally do so, the defense of an inconvenient forum to the maintenance of such action or proceeding. The parties to this Agreement irrevocably consent to the service of any and all process in any action or proceeding by the mailing or delivery of copies of such process to it in accordance with Section 18. The parties agree that a final judgment in any such action or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law.

31. Rule 17g-5 Compliance.

The Collateral Manager agrees that any notice, report, request for satisfaction of the Global Rating Condition or other information provided by the Collateral Manager (or any of its respective representatives or advisors) to any Rating Agency hereunder or under the Indenture or the Collateral Administration Agreement for the purposes of undertaking credit rating surveillance of the Secured Notes shall be provided, substantially concurrently, by the Collateral Manager to the Information Agent for posting on a password-protected website in accordance with the procedures set forth in Section 2A of the Collateral Administration Agreement and Section 14.16 of the Indenture.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first written above.

**CONVEYANCES OF TRANSFERRED ASSETS**

SECTION 2.1 Conveyances.

(a) In the event the Purchaser agrees (in accordance with and subject to the requirements of the Indenture) from time to time to acquire one or more Loan Assets and Related Property from the Seller and the Seller agrees to Convey such Loan Assets and Related Property to the Purchaser, the Purchaser shall deliver written notice thereof to the Trustee substantially in the form set forth in Schedule B hereto (each, a “Purchase Notice”), designating the Conveyance Date and attaching a supplement to Schedule A identifying the Loan Assets proposed to be Conveyed and the Purchase Price with respect to such Conveyance. On the terms and subject to the conditions set forth in this Agreement and the Indenture, the Seller shall Convey to the Purchaser without recourse, and the Purchaser shall accept such Conveyance, on the applicable Conveyance Date, all of the Seller’s right, title and interest (whether now owned or hereafter acquired or arising, and wherever located) in and to each Loan Asset then reported by the Seller on the Schedule A attached to the related Purchase Notice and the Related Property, together with all proceeds of the foregoing. For the avoidance of doubt, Schedule A, when delivered in accordance with the terms hereof, shall automatically be deemed to update any previously delivered Schedule A without the need for action or consent on the part of any Person. Without the need for a Purchase Notice, on the date hereof, the Purchaser agrees to acquire the Loan Assets set forth on Schedule A and the Related Property from the Seller and the Seller agrees to Convey such Loan Assets and Related Property to the Purchaser for the applicable Purchase Prices set forth on Schedule A.

(b) It is the express intent of the Seller and the Purchaser that each Conveyance of Transferred Assets by the Seller to the Purchaser pursuant to this Agreement be construed as an absolute sale and/or contribution of such Transferred Assets by the Seller to the Purchaser providing Purchaser with the full risks and benefits of ownership of the Transferred Assets. Further, it is not the intention of the Seller and the Purchaser that any Conveyance be deemed a grant of a security interest in the Transferred Assets by the Seller to the Purchaser to secure a debt or other obligation of the Seller. However, in the event that, notwithstanding the intent of the parties expressed herein, the Conveyances hereunder shall be characterized as loans and not as sales and/or contributions, then (i) this Agreement also shall be deemed to be, and hereby is, a security agreement within the meaning of the UCC and other applicable law and (ii) the Conveyances by the Seller provided for in this Agreement shall be deemed to be, and the Seller hereby grants to the Purchaser, a first priority security interest (subject only to Permitted Liens) in, to and under all of the Seller's right, title and interest in, to and under, whether now owned or hereafter acquired, such Transferred Assets and all proceeds of the foregoing to secure an obligation of the Seller to pay over and transfer to the Purchaser any and all distributions received by the Seller (other than Excluded Amounts) in relation to the Transferred Assets from time to time, whether in cash or in kind, so that the Purchaser will receive all distributions under, proceeds of and benefits of ownership of the Transferred Assets and to secure all other obligations of the Seller hereunder. If the Conveyances hereunder shall be characterized as loans and not as sales and/or contributions, the Purchaser and its assignees shall have, with respect to such Transferred Assets and other related rights, in addition to all the other rights and remedies available to the Purchaser and its assignees hereunder and under the underlying instruments, all the rights and remedies of a secured party under any applicable UCC.

(c) The Seller and the Purchaser shall, to the extent consistent with this Agreement, take such actions as may be necessary to ensure that, if this Agreement were deemed to create a security interest in the Transferred Assets to secure a debt or other obligation, such security interest would be deemed to be a first priority perfected security interest in favor of the Purchaser under applicable law and will be maintained as such throughout the term of this Agreement. The Seller represents and warrants that the Transferred Assets are being transferred with the intention of removing them from the Seller's estate pursuant to Section 541 of the Bankruptcy Code. The Purchaser assumes all risk relating to nonpayment or failure by the obligors to make any distributions owed by them under the Transferred Assets. Except with respect to the representations, warranties and covenants expressly stated in this Agreement, the Seller assigns each Transferred Asset "as is," and makes no covenants, representations or warranties regarding the Transferred Assets.

(d) In connection with this Agreement, the Seller agrees to file (or cause to be filed) on or prior to the Closing Date, at its own expense, a financing statement or statements with respect to the Transferred Assets Conveyed by the Seller hereunder from time to time meeting the requirements of applicable state law in the jurisdiction of the Seller's organization to perfect and protect the interests of the Purchaser created hereby under the UCC against all creditors of, and purchasers from, the Seller, and to deliver a file-stamped copy of such financing statements or other evidence of such filings to the Purchaser as soon as reasonably practicable after its receipt thereof and to keep such financing statements effective at all times during the term of this Agreement.

(e) The Seller agrees that from time to time, at its expense, it will promptly execute and deliver all instruments and documents and take all actions as may be reasonably necessary or as the Purchaser may request, in order to perfect or protect the interest of the Purchaser in the Transferred Assets Conveyed hereunder or to enable the Purchaser to exercise or enforce any of its rights hereunder. Without limiting the foregoing, the Seller will, in order to accurately reflect the Conveyances contemplated by this Agreement, execute and file such financing or continuation statements or amendments thereto or assignments thereof (as permitted pursuant hereto) or other documents or instruments as may be reasonably necessary or as requested by the Purchaser and mark its records noting the Conveyance to the Purchaser of the Transferred Assets. The Seller hereby authorizes the Purchaser to file and, to the fullest extent permitted by applicable law the Purchaser shall be permitted to sign (if necessary) and file, initial financing statements, continuation statements and amendments thereto and assignments thereof without further acts of the Seller; provided that the description of collateral contained in such financing statements shall be limited to only Transferred Assets. Carbon, photographic or other reproduction of this Agreement or any financing statement shall be sufficient as a financing statement.

(f) Each of the Seller and the Purchaser agree that prior to the time of Conveyance of any Loan Assets hereunder, the Purchaser has no rights to or claim of benefit from any Loan Asset (or any interest therein) owned by the Seller.

(g) The Transferred Assets acquired, transferred to and assumed by the Purchaser from the Seller shall include the Seller's entitlement to any surplus or responsibility for any deficiency that, in either case, arises under, out of, in connection with, or as a result of, the foreclosure upon or acceleration of any such Transferred Assets (other than Excluded Amounts).

#### SECTION 2.2 Optional Substitution of Loan Assets; Optional Seller Purchase of Assets

(a) The Seller may, from time to time in its sole discretion and with the agreement of the Purchaser, substitute for any Collateral Obligation (each, a "Substitution") and such new Collateral Obligation, a "Substitute Loan Asset") in accordance with and subject to the requirements of the Indenture, including Section 12.3 thereof.

(b) The Seller may, from time to time in its sole discretion and with the agreement of the Purchaser, purchase from the Purchaser any Collateral Obligation or Equity Security in accordance with and subject to the requirements of the Indenture, including Section 12.3 thereof, in which case, the purchase price for such Collateral Obligation or Equity Security shall be a dollar amount at least equal to the Fair Market Value (or such other price required under the Indenture) and, if such asset is a Loan Asset, the Seller shall update Schedule A to remove such asset effective as of the date such asset is conveyed to the Seller.

SECTION 2.3 Assignments. The Seller and the Purchaser acknowledge and agree that, solely for administrative convenience, any transfer document or assignment agreement required to be executed and delivered in connection with the transfer of a Transferred Asset in accordance with the terms of the related underlying instruments may reflect that (a) the Seller (or any Affiliate or third party from whom the Seller or the applicable Affiliate may purchase Transferred Assets) is assigning such Transferred Asset directly to the Purchaser or (b) the Purchaser is acquiring such Transferred Asset at the closing of such Transferred Asset.

SECTION 2.4 Actions Pending Completion of Conveyance

(a) Pending the receipt of any required consents to, and the effectiveness of, the sale of any Loan Assets from the Seller to the Purchaser on the date hereof in accordance with the applicable underlying instrument, the Seller hereby sells to the Purchaser a 100% participation in such Loan Asset and its related right, title and interest (each, a "Participation"). The Participations will not include any rights that are not permitted to be participated pursuant to the terms of the underlying instruments. Such sale of the Participations shall be without recourse to the Seller (including with regard to collectability), and shall constitute an absolute sale of each such Participation. Each of the Participations has the following characteristics:

(i) the Participation represents an undivided participating interest in 100% of the underlying Loan Asset and its proceeds (including the Proceeds);

(ii) the Seller does not provide any guaranty of payments to the Purchaser or other form of recourse (except as otherwise expressly provided in the representations and warranties set forth in Article IV) or credit support;

(iii) the Participation represents a pass through of all of the payments made on the Loan Asset (including the Proceeds) and will last for the same length of time as such Loan Asset except that each Participation will terminate automatically upon the settlement of the assignment of the underlying right, title and interest of the related Loan Asset from the Seller to the Purchaser; and

(iv) the Seller holds title in such participated Loan Assets for the benefit of the Purchaser and shall exercise the same care in the administration of the participated Loan Assets as it would exercise for loans held for its own account.

(b) Each party hereto shall use commercially reasonable efforts to, as soon as reasonably practicable after the Conveyance Date cause the Purchaser to become a lender under the underlying instrument with respect to the Seller's interest in each Transferred Asset and take such action as shall be mutually agreeable in connection therewith and in accordance with the terms and conditions of the underlying instrument and consistent with the terms of this Agreement.

(c) Pending completion of the assignment of the Seller's interest in each Transferred Asset in accordance with the applicable underlying instruments, the Seller shall comply with any written instructions provided to the Seller by or on behalf of the Purchaser with respect to voting rights to be exercised by holders of such Transferred Assets and shall refrain from taking any action with respect to the participated Loan Assets other than as instructed by the Purchaser, other than with respect to any voting rights that are not permitted to be participated pursuant to the terms of the applicable underlying instrument (and such restrictions, requirements or prohibitions are hereby incorporated by reference as if set forth herein).

SECTION 2.5 Indemnification.

(a) The Seller hereby agrees to indemnify the Purchaser and its successors, transferees, and assigns (including each Secured Party) or any of such Person's respective shareholders, officers, employees, agents or Affiliates (each of the foregoing Persons being individually called an "Indemnified Party") against, and hold each Indemnified Party harmless from, any and all costs, losses, claims, damages, liabilities and related expenses (including the reasonable and documented out-of-pocket fees, charges and disbursements of any outside counsel for any Indemnitee) (all of the foregoing being collectively called "Indemnified Amounts,"") incurred by any Indemnified Party or awarded against any Indemnified Party in favor of any Person (including the Seller) other than such Indemnified Party arising out of the fraud, bad faith or willful misconduct on the part of the Seller with respect to this Agreement; provided that such indemnity shall not, as to any Indemnitee, be available to the extent that such Indemnified Amounts (i) are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the fraud, bad faith or willful misconduct of such Indemnified Party or (ii) the uncollectability of any Loan Asset due to an Obligor's failure to pay any amounts due under the applicable loan agreement in accordance with its terms.

(b) If the Seller has made any payment pursuant to this Section 2.5 and the recipient thereof later collects any payments from others (including insurance companies) in respect of such amounts or is found in a final and nonappealable judgment by a court of competent jurisdiction not to be entitled to such indemnification, then the recipient agrees that it shall promptly repay to the Seller such amounts collected.

SECTION 2.6 Assignment of Rights and Indemnities. The Seller acknowledges that, pursuant to the Indenture, the Purchaser shall assign all of its right, title and interest in, to and under this Agreement, including its rights of indemnity granted hereunder, to the Trustee, for the benefit of the Secured Parties. Upon such assignment, (a) the Trustee, for the benefit of the Secured Parties, shall have all rights of the Purchaser hereunder and may in turn assign such rights, and (b) the obligations of the Seller under Section 2.5 and Section 2.6 shall inure to the Trustee, for the benefit of the Secured Parties. The Seller agrees that, upon such assignment, the Trustee, for the benefit of the Secured Parties, may enforce directly, without joinder of the Purchaser, the indemnities set forth in Section 2.5 and Section 2.6.

ARTICLE III

CONSIDERATION AND PAYMENT

SECTION 3.1 Purchase Price; Substitution Value.

(a) The purchase price (the "Purchase Price") for each Loan Asset Conveyed by the Seller to the Purchaser on each Conveyance Date shall be a dollar amount at least equal to the Fair Market Value of such Loan Asset Conveyed as of such date.

(b) The substitution value (the "Substitution Value") for each Substitute Loan Asset Conveyed from the Seller to the Purchaser on each Conveyance Date shall be a dollar amount at least equal to the Fair Market Value (or such greater price as may be required under the Indenture).

SECTION 3.2 Payment of Purchase Price. The Purchase Price, along with any fees from origination of the applicable Loan Asset, for the Transferred Assets Conveyed from the Seller to the Purchaser shall be paid on the related Conveyance Date (a) by payment in cash in immediately available funds and/or (b) to the extent not paid in cash, as a capital contribution by the Seller to the Purchaser in respect of the preferred shares of the Purchaser held by the Seller (a "Contribution"). The applicable Purchase Notice shall specify the portions of the Purchase Price to be paid in cash and as a contribution; *provided* that, on the Closing Date, the portions of the Purchase Price to be paid in cash and as a contribution will be as set forth on Schedule A.

## ARTICLE IV

### REPRESENTATIONS AND WARRANTIES

SECTION 4.1 Seller's Representations and Warranties. The Seller represents and warrants to the Purchaser as of the Closing Date and as of each Conveyance

Date:

(a) Existence, Qualification and Power. The Seller (i) is duly organized, validly existing and in good standing under the laws of its jurisdiction of organization, (ii) has all requisite power and authority to own and operate its properties, to carry on its business as now conducted and as proposed to be conducted, to enter into this Agreement and to carry out the transactions contemplated thereby and (iii) is qualified to do business and in good standing in every jurisdiction where its assets are located and wherever necessary to carry out its business and operations, except in jurisdictions where the failure to be so qualified or in good standing has not had, and could not be reasonably expected to have, a material adverse effect on the Purchaser.

(b) Authorization; No Contravention. The execution, delivery and performance of the Seller and the consummation of the transactions contemplated by this Agreement do not and will not (i) violate (1) any provision of any law or any governmental rule or regulation applicable to it, (2) any of its organizational documents or (3) any order, judgment or decree of any court or other agency of government binding on it or its properties (except where the violation could not reasonably be expected to have a material adverse effect on the Purchaser); (ii) conflict with, result in a breach of or constitute (with due notice or lapse of time or both) a default under any of its contractual obligations (except where the violation could not reasonably be expected to have a material adverse effect on the Purchaser); (iii) result in or require the creation or imposition of any Lien upon any of its properties or assets (other than any Liens created under the Indenture in favor of the Trustee for the benefit of the Secured Parties); or (iv) require any approval of its stockholders, members or partners or any approval or consent of any other Person.

(c) Governmental Authorization; Other Consents. The execution, delivery and performance by the Seller and the consummation of the transactions contemplated by this Agreement do not and will not require any registration with, consent or approval of, or notice to, or other action to, with or by, any governmental authority, except for filings and recordings with respect to the Collateral to be made, or otherwise delivered to the Trustee for filing and/or recordation, as of the Closing Date.

(d) No Adverse Proceeding: Title. There is no litigation, adverse proceeding or investigation pending or threatened against the Seller, before any governmental authority (i) asserting the invalidity of this Agreement, (ii) seeking to prevent the consummation of any of the transactions contemplated by this Agreement or (iii) seeking any determination or ruling that would reasonably be expected to have a material adverse effect on the Purchaser. The Seller is not (A) in violation of any applicable laws that, individually or in the aggregate, could reasonably be expected to have a material adverse effect on the Purchaser or (B) subject to or in default with respect to any final judgments, writs, injunctions, decrees, rules or regulations of any court or any federal, state, municipal or other governmental department, commission, board, bureau, agency or instrumentality, domestic or foreign, that, individually or in the aggregate, could reasonably be expected to have a material adverse effect on the Purchaser.

(e) Good and Marketable Title. The Seller owns and has good and marketable title to the Transferred Assets Conveyed to the Purchaser on the applicable Conveyance Date, which Transferred Assets were originated without any fraud or misrepresentation by the Seller or, to the best of the Seller's knowledge, on the part of the applicable Obligor, and free and clear of any lien (other than the liens in favor of the Trustee for the benefit of the Secured Parties pursuant to the Indenture and inchoate liens arising by operation of law, Permitted Liens or any lien that will be released prior to or contemporaneously with the applicable Conveyance) and there are no financing statements naming the Seller as debtor and covering the Transferred Assets other than any financing statements in favor of the Trustee for the benefit of the Secured Parties pursuant to the Indenture, Permitted Liens or any lien that will be released prior to or contemporaneously with the applicable Conveyance.

(f) Backup Security Interest. In the event that, notwithstanding the intent of the parties, the Conveyances hereunder shall be characterized as loans and not as sales and/or contributions, then:

(i) this Agreement creates a valid and continuing lien and security interest on the Seller's right, title and interest in and to the Transferred Assets in favor of the Purchaser and the Trustee, as assignee, for the benefit of the Secured Parties, which security interest is validly perfected under Article 9 of the UCC (to the extent such security interest may be perfected by filing a UCC financing statement under such article), and is enforceable as such against creditors of and purchasers from the Seller;

(ii) the Transferred Assets are comprised of interests in instruments, security entitlements, general intangibles, accounts, certificated securities, uncertificated securities, securities accounts, deposit accounts, supporting obligations, insurance, investment property and proceeds (each as defined in the UCC) and such other categories of collateral under the UCC as to which the Seller has complied with its obligations as set forth herein;

(iii) the Seller has received all consents and approvals required by the terms of any Loan Asset to the sale and granting of a security interest in the Loan Assets hereunder to the Purchaser and the Trustee, as assignee on behalf of the Secured Parties; the Seller has taken all necessary steps to file or authorize the filing of all appropriate financing statements in the proper filing office in the appropriate jurisdictions under applicable law in order to perfect the security interest in that portion of the Transferred Assets in which a security interest may be perfected by filing pursuant to Article 9 of the UCC as in effect in Maryland;

(iv) none of the underlying promissory notes that constitute or evidence the Loan Assets has any marks or notations indicating that they have been pledged, assigned or otherwise conveyed to any Person other than the Purchaser and the Trustee, as assignee on behalf of the Secured Parties; and

(v) with respect to a Transferred Asset that constitutes a “certificated security,” such certificated security has been delivered to the Trustee, or will be delivered to the Trustee, and, if in registered form, has been specially Indorsed to the Trustee or in blank by an effective Indorsement or has been registered in the name of the Trustee upon original issue or registration of transfer by the Seller of such certificated security, in each case, promptly upon receipt; provided that any file-stamped document, promissory note and certificates relating to any Loan Asset shall be delivered as soon as they are reasonably available; and in the case of an uncertificated security, by (A) causing the Trustee to become the registered owner of such uncertificated security and (B) causing such registration to remain effective.

(g) Fair Consideration; No Avoidance for Loan Asset Payments. With respect to each Transferred Asset sold or contributed hereunder, the Seller sold or contributed such Transferred Asset to the Purchaser in exchange for payment, made in accordance with the provisions of this Agreement, in an amount which constitutes fair consideration and reasonably equivalent value. Each such Conveyance referred to in the preceding sentence shall not have been made for or on account of an antecedent debt owed by the Seller to the Purchaser and, accordingly, no such sale is or may be voidable or subject to avoidance under the Bankruptcy Code and the rules and regulations thereunder.

(h) Adequate Capitalization; No Insolvency. As of such date it is, and after giving effect to any Conveyance it will be, solvent and it is not entering into this Agreement or consummating any transaction contemplated hereby with any intent to hinder, delay or defraud any of its creditors.

(i) True Sale or True Contribution. Each Transferred Asset sold or contributed hereunder shall have been sold or contributed by the Seller to the Purchaser in a “true sale” or a “true contribution.”

(j) Notice to Agents and Obligors. The Seller will direct any agent, administrative agent or obligor for any Loan Asset included in the Transferred Assets to remit all payments and collections with respect to such Loan Asset directly to the relevant Collection Account.

(k) Proceeds. The Seller acknowledges that all Collections received by it or its Affiliates with respect to the Transferred Assets (other than Excluded Amounts) (the “Proceeds”) Conveyed to the Purchaser are held and shall be held in trust for the benefit of the Purchaser and its assignees until deposited into the Interest Collection Subaccount or the Principal Collection Subaccount. The Seller shall promptly remit to the Purchaser or the Purchaser’s designee any payment or any other sums relating to, or otherwise payable on account of, the Transferred Assets (other than Excluded Amounts) that the Seller receives after the applicable Conveyance Date.

SECTION 4.2 Reaffirmation of Representations and Warranties by the Seller: Notice of Breach. On the Closing Date and on each Conveyance Date, the Seller, by accepting the proceeds of the related Conveyance, shall be deemed to have certified that all representations and warranties described in Section 4.1 are true and correct in all material respects on and as of such day as though made on and as of such day (or if specifically referring to an earlier date, as of such earlier date). The representations and warranties set forth in Section 4.1 shall survive (a) the Conveyance of the Transferred Assets to the Purchaser, (b) the termination of the rights and obligations of the Purchaser and the Seller under this Agreement and (c) the termination of the rights and obligations of the Purchaser under the Indenture. Upon discovery by a Responsible Officer of the Purchaser or the Seller of a breach of any of the foregoing representations and warranties in any material respect, the party discovering such breach shall give prompt written notice to the other and to the Trustee.

## ARTICLE V

### COVENANTS OF THE SELLER

SECTION 5.1 Covenants of the Seller. The Seller hereby covenants and agrees with the Purchaser that, from the date hereof until the termination of this Agreement, unless the Purchaser otherwise consents in writing:

(a) Deposit of Collections. The Seller shall transfer, or cause to be transferred, all Collections (if any) it receives in respect of the Loan Assets (other than Excluded Amounts) to the Trustee promptly following the date such Collections are received by the Seller.

(b) Books and Records. The Seller shall maintain proper books of record and account of the transactions contemplated hereby, in which full, true and correct entries in conformity with GAAP consistently applied shall be made of all financial transactions contemplated hereunder.

(c) Accounting of Purchases. Other than for consolidated accounting purposes, the Seller will not account for or treat the transactions contemplated hereby in any manner other than as a sale or contribution of the Transferred Assets by the Seller to the Purchaser; provided that solely for federal income tax reporting purposes, the Purchaser is treated as a “disregarded entity” of the Seller and, therefore, the Conveyance of Transferred Assets by the Seller to the Purchaser hereunder will not be recognized.

(d) Liens. The Seller shall not create, incur, assume or permit to exist any Lien on or with respect to any of its rights in the Transferred Assets (other than the liens in favor of the Trustee for the benefit of the Secured Parties pursuant to the Indenture, Permitted Liens and any lien that will be released prior to or contemporaneously with the applicable Conveyance). For the avoidance of doubt, this Section 5.1(d) shall not apply to any property retained by the Seller and not Conveyed or purported to be Conveyed hereunder.

(e) Change of Name, Etc. The Seller shall not change its name, or name under which it does business, in any manner that would make any financing statement or continuation statement filed by the Seller or Purchaser pursuant hereto (or by the Trustee on behalf of the Seller or Purchaser) or change its jurisdiction of organization, unless the Seller shall have given the Purchaser at least 30 days prior written notice thereof, and shall promptly file appropriate amendments to all previously filed financing statements and continuation statements and, in the case of a change in jurisdiction, new financing statements. ## ARTICLE II

### CONVEYANCES OF TRANSFERRED ASSETS

#### SECTION 2.1 Conveyances.

(a) On the terms and subject to the conditions set forth in this Agreement, the Seller Conveys to the Purchaser without recourse, and the Purchaser accepts such Conveyance, on the date hereof, all of the Seller's right, title and interest (whether now owned or hereafter acquired or arising, and wherever located) in and to each Loan Asset on the Schedule A and the Related Property, together with all proceeds of the foregoing.

(b) It is the express intent of the Seller and the Purchaser that each Conveyance of Transferred Assets by the Seller to the Purchaser pursuant to this Agreement be construed as an absolute sale of such Transferred Assets by the Seller to the Purchaser providing Purchaser with the full risks and benefits of ownership of the Transferred Assets. Further, it is not the intention of the Seller and the Purchaser that any Conveyance be deemed a grant of a security interest in the Transferred Assets by the Seller to the Purchaser to secure a debt or other obligation of the Seller. However, in the event that, notwithstanding the intent of the parties expressed herein, the Conveyances hereunder shall be characterized as loans and not as sales, then (i) this Agreement also shall be deemed to be, and hereby is, a security agreement within the meaning of the UCC and other applicable law and (ii) the Conveyances by the Seller provided for in this Agreement shall be deemed to be, and the Seller hereby grants to the Purchaser, a first priority security interest (subject only to Permitted Liens) in, to and under all of the Seller's right, title and interest in, to and under, whether now owned or hereafter acquired, such Transferred Assets and all proceeds of the foregoing to secure an obligation of the Seller to pay over and transfer to the Purchaser any and all distributions received by the Seller (other than Excluded Amounts) in relation to the Transferred Assets from time to time, whether in cash or in kind, so that the Purchaser will receive all distributions under, proceeds of and benefits of ownership of the Transferred Assets and to secure all other obligations of the Seller hereunder. If the Conveyances hereunder shall be characterized as loans and not as sales, the Purchaser and its assignees shall have, with respect to such Transferred Assets and other related rights, in addition to all the other rights and remedies available to the Purchaser and its assignees hereunder and under the underlying instruments, all the rights and remedies of a secured party under any applicable UCC.

(c) The Seller and the Purchaser shall, to the extent consistent with this Agreement, take such actions as may be necessary to ensure that, if this Agreement were deemed to create a security interest in the Transferred Assets to secure a debt or other obligation, such security interest would be deemed to be a first priority perfected security interest in favor of the Purchaser under applicable law and will be maintained as such throughout the term of this Agreement. The Seller represents and warrants that the Transferred Assets are being transferred with the intention of removing them from the Seller's estate pursuant to Section 541 of the Bankruptcy Code. The Purchaser assumes all risk relating to nonpayment or failure by the obligors to make any distributions owed by them under the Transferred Assets. Except with respect to the representations, warranties and covenants expressly stated in this Agreement, the Seller assigns each Transferred Asset "as is," and makes no covenants, representations or warranties regarding the Transferred Assets.

(d) In connection with this Agreement, the Seller agrees to file (or cause to be filed) on or prior to the Closing Date, at its own expense, a financing statement or statements with respect to the Transferred Assets Conveyed by the Seller hereunder meeting the requirements of applicable state law in the jurisdiction of the Seller's organization to perfect and protect the interests of the Purchaser created hereby under the UCC against all creditors of, and purchasers from, the Seller, and to deliver a file-stamped copy of such financing statements or other evidence of such filings to the Purchaser as soon as reasonably practicable after its receipt thereof and to keep such financing statements effective at all times during the term of this Agreement.

(e) The Seller agrees that from time to time, at its expense, it will promptly execute and deliver all instruments and documents and take all actions as may be reasonably necessary or as the Purchaser may request, in order to perfect or protect the interest of the Purchaser in the Transferred Assets Conveyed hereunder or to enable the Purchaser to exercise or enforce any of its rights hereunder. Without limiting the foregoing, the Seller will, in order to accurately reflect the Conveyances contemplated by this Agreement, execute and file such financing or continuation statements or amendments thereto or assignments thereof (as permitted pursuant hereto) or other documents or instruments as may be reasonably necessary or as requested by the Purchaser and mark its records noting the Conveyance to the Purchaser of the Transferred Assets. The Seller hereby authorizes the Purchaser to file and, to the fullest extent permitted by applicable law the Purchaser shall be permitted to sign (if necessary) and file, initial financing statements, continuation statements and amendments thereto and assignments thereof without further acts of the Seller; provided that the description of collateral contained in such financing statements shall be limited to only Transferred Assets. Carbon, photographic or other reproduction of this Agreement or any financing statement shall be sufficient as a financing statement.

(f) Each of the Seller and the Purchaser agree that prior to the time of Conveyance of any Loan Assets hereunder, the Purchaser has no rights to or claim of benefit from any Loan Asset (or any interest therein) owned by the Seller.

(g) The Transferred Assets acquired, transferred to and assumed by the Purchaser from the Seller shall include the Seller's entitlement to any surplus or responsibility for any deficiency that, in either case, arises under, out of, in connection with, or as a result of, the foreclosure upon or acceleration of any such Transferred Assets (other than Excluded Amounts).

SECTION 2.2 [Reserved].

SECTION 2.3 [Reserved].

SECTION 2.4 Actions Pending Completion of Conveyance.

(a) Pending the receipt of any required consents to, and the effectiveness of, the sale of any Loan Assets from the Seller to the Purchaser on the date hereof in accordance with the applicable underlying instrument, the Seller hereby sells to the Purchaser a 100% participation in such Loan Asset and its related right, title and interest (each, a "Participation"). The Participations will not include any rights that are not permitted to be participated pursuant to the terms of the underlying instruments. Such sale of the Participations shall be without recourse to the Seller (including with regard to collectability), and shall constitute an absolute sale of each such Participation. Each of the Participations has the following characteristics:

(i) the Participation represents an undivided participating interest in 100% of the underlying Loan Asset and its proceeds (including the Proceeds);

(ii) the Seller does not provide any guaranty of payments to the holder of the Participation or other form of recourse (except as otherwise expressly provided in the representations and warranties set forth in Article IV) or credit support;

(iii) the Participation represents a pass through of all of the payments made on the Loan Asset (including the Proceeds) and will last for the same length of time as such Loan Asset except that each Participation will terminate automatically upon the settlement of the assignment of the underlying right, title and interest of the related Loan Asset from the Seller to the Purchaser; and

(iv) the Seller holds title in such participated Loan Assets for the benefit of the Purchaser and shall exercise the same care in the administration of the participated Loan Assets as it would exercise for loans held for its own account.

(b) Each party hereto shall use commercially reasonable efforts to, as soon as reasonably practicable after the Closing Date, cause the Purchaser to become a lender under the underlying instrument with respect to the Seller's interest in each Transferred Asset and take such action as shall be mutually agreeable in connection therewith and in accordance with the terms and conditions of the underlying instrument and consistent with the terms of this Agreement.

(c) Pending completion of the assignment of the Seller's interest in each Transferred Asset in accordance with the applicable underlying instruments, the Seller shall comply with any written instructions provided to the Seller by or on behalf of the Purchaser with respect to voting rights to be exercised by holders of such Transferred Assets and shall refrain from taking any action with respect to the participated Loan Assets other than as instructed by the Purchaser, other than with respect to any voting rights that are not permitted to be participated pursuant to the terms of the applicable underlying instrument (and such restrictions, requirements or prohibitions are hereby incorporated by reference as if set forth herein).

#### SECTION 2.5 Indemnification.

(a) The Seller hereby agrees to indemnify the Purchaser and its successors, transferees, and assigns (including each Secured Party) or any of such Person's respective shareholders, officers, employees, agents or Affiliates (each of the foregoing Persons being individually called an "Indemnified Party") against, and hold each Indemnified Party harmless from, any and all costs, losses, claims, damages, liabilities and related expenses (including the reasonable and documented out-of-pocket fees, charges and disbursements of any outside counsel for any Indemnitee) (all of the foregoing being collectively called "Indemnified Amounts") incurred by any Indemnified Party or awarded against any Indemnified Party in favor of any Person (including the Seller) other than such Indemnified Party arising out of the fraud, bad faith or willful misconduct on the part of the Seller with respect to this Agreement; provided that such indemnity shall not, as to any Indemnitee, be available to the extent that such Indemnified Amounts (i) are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the fraud, bad faith or willful misconduct of such Indemnified Party or (ii) the uncollectability of any Loan Asset due to an Obligor's failure to pay any amounts due under the applicable loan agreement in accordance with its terms.

(b) If the Seller has made any payment pursuant to this Section 2.5 and the recipient thereof later collects any payments from others (including insurance companies) in respect of such amounts or is found in a final and nonappealable judgment by a court of competent jurisdiction not to be entitled to such indemnification, then the recipient agrees that it shall promptly repay to the Seller such amounts collected.

SECTION 2.6 Assignment of Rights and Indemnities. The Seller acknowledges that, pursuant to the Indenture, the Purchaser shall assign all of its right, title and interest in, to and under this Agreement, including its rights of indemnity granted hereunder, to the Trustee, for the benefit of the Secured Parties. Upon such assignment, (a) the Trustee, for the benefit of the Secured Parties, shall have all rights of the Purchaser hereunder and may in turn assign such rights, and (b) the obligations of the Seller under Section 2.5 and Section 2.6 shall inure to the Trustee, for the benefit of the Secured Parties. The Seller agrees that, upon such assignment, the Trustee, for the benefit of the Secured Parties, may enforce directly, without joinder of the Purchaser, the indemnities set forth in Section 2.5 and Section 2.6.

### ARTICLE III

SECTION 3.2 Payment of Purchase Price. The Purchase Price, along with any fees from origination of the applicable Loan Asset, for the Transferred Assets Conveyed from the Seller to the Purchaser shall be paid in cash in immediately available funds.

The execution, delivery and performance of the Seller and the consummation of the transactions contemplated by this Agreement do not and will not (i) violate (1) any provision of any law or any governmental rule or regulation applicable to it, (2) any of its organizational documents or (3) any order, judgment or decree of any court or other agency of government binding on it or its properties (except where the violation could not reasonably be expected to have a material adverse effect on the Purchaser); (ii) conflict with, result in a breach of or constitute (with due notice or lapse of time or both) a default under any of its contractual obligations (except where the violation could not reasonably be expected to have a material adverse effect on the Purchaser); (iii) result in or require the creation or imposition of any Lien upon any of its properties or assets (other than any Liens created under the Indenture in favor of the Trustee for the benefit of the Secured Parties); or (iv) require any approval of its stockholders, members or partners or any approval or consent of any other Person.

(c) Governmental Authorization; Other Consents. The execution, delivery and performance by the Seller and the consummation of the transactions contemplated by this Agreement do not and will not require any registration with, consent or approval of, or notice to, or other action to, with or by, any governmental authority, except for filings and recordings with respect to the Collateral to be made, or otherwise delivered to the Trustee for filing and/or recordation, as of the Closing Date.

(d) No Adverse Proceeding; Title. There is no litigation, adverse proceeding or investigation pending or threatened against the Seller, before any governmental authority (i) asserting the invalidity of this Agreement, (ii) seeking to prevent the consummation of any of the transactions contemplated by this Agreement or (iii) seeking any determination or ruling that would reasonably be expected to have a material adverse effect on the Purchaser. The Seller is not (A) in violation of any applicable laws that, individually or in the aggregate, could reasonably be expected to have a material adverse effect on the Purchaser or (B) subject to or in default with respect to any final judgments, writs, injunctions, decrees, rules or regulations of any court or any federal, state, municipal or other governmental department, commission, board, bureau, agency or instrumentality, domestic or foreign, that, individually or in the aggregate, could reasonably be expected to have a material adverse effect on the Purchaser.

(e) Good and Marketable Title. The Seller owns and has good and marketable title to the Transferred Assets and free and clear of any lien (other than the liens in favor of the Trustee for the benefit of the Secured Parties pursuant to the Indenture and inchoate liens arising by operation of law, Permitted Liens or any lien that will be released prior to or contemporaneously with the applicable Conveyance) and there are no financing statements naming the Seller as debtor and covering the Transferred Assets other than any financing statements in favor of the Trustee for the benefit of the Secured Parties pursuant to the Indenture, Permitted Liens or any lien that will be released prior to or contemporaneously with the Conveyance.

(f) Backup Security Interest. In the event that, notwithstanding the intent of the parties, the Conveyances hereunder shall be characterized as loans and not as sales, then:

(i) this Agreement creates a valid and continuing lien and security interest on the Seller's right, title and interest in and to the Transferred Assets in favor of the Purchaser and the Trustee, as assignee, for the benefit of the Secured Parties, which security interest is validly perfected under Article 9 of the UCC (to the extent such security interest may be perfected by filing a UCC financing statement under such article), and is enforceable as such against creditors of and purchasers from the Seller;

(ii) the Transferred Assets are comprised of interests in instruments, security entitlements, general intangibles, accounts, certificated securities, uncertificated securities, securities accounts, deposit accounts, supporting obligations, insurance, investment property and proceeds (each as defined in the UCC) and such other categories of collateral under the UCC as to which the Seller has complied with its obligations as set forth herein;

(iii) the Seller has received all consents and approvals required by the terms of any Loan Asset to the sale and granting of a security interest in the Loan Assets hereunder to the Purchaser and the Trustee, as assignee on behalf of the Secured Parties; the Seller has taken all necessary steps to file or authorize the filing of all appropriate financing statements in the proper filing office in the appropriate jurisdictions under applicable law in order to perfect the security interest in that portion of the Transferred Assets in which a security interest may be perfected by filing pursuant to Article 9 of the UCC as in effect in Delaware;

(iv) none of the underlying promissory notes that constitute or evidence the Loan Assets has any marks or notations indicating that they have been pledged, assigned or otherwise conveyed to any Person other than the Purchaser and the Trustee, as assignee on behalf of the Secured Parties; and

(v) with respect to a Transferred Asset that constitutes a "certificated security," such certificated security has been delivered to the Trustee, or will be delivered to the Trustee and, if in registered form, has been specially Indorsed to the Trustee or in blank by an effective Indorsement or has been registered in the name of the Trustee upon original issue or registration of transfer by the Seller of such certificated security, in each case, promptly upon receipt; provided that any file-stamped document, promissory note and certificates relating to any Loan Asset shall be delivered as soon as they are reasonably available; and in the case of an uncertificated security, by (A) causing the Trustee to become the registered owner of such uncertificated security and (B) causing such registration to remain effective.

(g) Fair Consideration; No Avoidance for Loan Asset Payments. With respect to each Transferred Asset sold hereunder, the Seller sold such Transferred Asset to the Purchaser in exchange for payment, made in accordance with the provisions of this Agreement, in an amount which constitutes fair consideration and reasonably equivalent value. Each such Conveyance referred to in the preceding sentence shall not have been made for or on account of an antecedent debt owed by the Seller to the Purchaser and, accordingly, no such sale is or may be voidable or subject to avoidance under the Bankruptcy Code and the rules and regulations thereunder.

(h) Adequate Capitalization; No Insolvency. As of such date it is, and after giving effect to any Conveyance it will be, solvent and it is not entering into this Agreement or consummating any transaction contemplated hereby with any intent to hinder, delay or defraud any of its creditors.

(i) True Sale. Each Transferred Asset sold hereunder shall have been sold by the Seller to the Purchaser in a “true sale.”

(j) Notice to Agents and Obligors. The Seller will direct any agent, administrative agent or obligor for any Loan Asset included in the Transferred Assets to remit all payments and collections with respect to such Loan Asset directly to the relevant Collection Account.

(k) Proceeds. The Seller acknowledges that all Collections received by it or its Affiliates with respect to the Transferred Assets (other than Excluded Amounts) (the “Proceeds”) Conveyed to the Purchaser are held and shall be held in trust for the benefit of the Purchaser and its assignees until deposited into the Interest Collection Subaccount or the Principal Collection Subaccount. The Seller shall promptly remit to the Purchaser or the Purchaser’s designee any payment or any other sums relating to, or otherwise payable on account of, the Transferred Assets (other than Excluded Amounts) that the Seller receives after the Closing Date.

## ARTICLE V

### COVENANTS OF THE SELLER

SECTION 5.1 Covenants of the Seller. The Seller hereby covenants and agrees with the Purchaser that, from the date hereof until the termination of this Agreement, unless the Purchaser otherwise consents in writing:

(a) Deposit of Collections. The Seller shall transfer, or cause to be transferred, all Collections (if any) it receives in respect of the Loan Assets (other than Excluded Amounts) to the Trustee promptly following the date such Collections are received by the Seller.

(b) Books and Records. The Seller shall maintain proper books of record and account of the transactions contemplated hereby, in which full, true and correct entries in conformity with GAAP consistently applied shall be made of all financial transactions contemplated hereunder.

(c) Accounting of Purchases. Other than for consolidated accounting purposes, the Seller will not account for or treat the transactions contemplated hereby in any manner other than as a sale of the Transferred Assets by the Seller to the Purchaser; provided that solely for federal income tax reporting purposes, the Purchaser is treated as a “disregarded entity” of the sole owner of the Seller and, therefore, the Conveyance of Transferred Assets by the Seller to the Purchaser hereunder will not be recognized.

(d) Liens. The Seller shall not create, incur, assume or permit to exist any Lien on or with respect to any of its rights in the Transferred Assets (other than the liens in favor of the Trustee for the benefit of the Secured Parties pursuant to the Indenture, Permitted Liens and any lien that will be released prior to or contemporaneously with the applicable Conveyance). For the avoidance of doubt, this Section 5.1(d) shall not apply to any property retained by the Seller and not Conveyed or purported to be Conveyed hereunder.

(e) Change of Name, Etc. The Seller shall not change its name, or name under which it does business, in any manner that would make any financing statement or continuation statement filed by the Seller or Purchaser pursuant hereto (or by the Trustee on behalf of the Seller or Purchaser) or change its jurisdiction of organization, unless the Seller shall have given the Purchaser at least 30 days prior written notice thereof, and shall promptly file appropriate amendments to all previously filed financing statements and continuation statements and, in the case of a change in jurisdiction, new financing statements. The Seller shall do or cause to be done, all things necessary to preserve and keep in full force and effect its existence, its material rights and its material privileges, obligations, licenses and franchises for so long as any Participations remain outstanding pursuant to Section 2.4.

(f) Sale Characterization. The Seller shall not make statements or disclosures, or treat the transactions contemplated by this Agreement (other than for consolidated accounting purposes) in any manner other than as a true sale or absolute assignment of the title to and sole record and beneficial ownership interest of the Transferred Assets Conveyed or purported to be Conveyed hereunder; provided that the Seller may consolidate the Purchaser and/or its properties and other assets for accounting purposes in accordance with GAAP if any consolidated financial statements of the Seller contain footnotes that the Transferred Assets have been sold to the Purchaser.

(g) Expenses. The Seller shall pay its operating expenses and liabilities from its own assets.

(h) Commingling. The Seller shall not, and shall not permit any of its Affiliates to, deposit or permit the deposit of any funds that do not constitute Collections of any Loan Asset into the Interest Collection Subaccount or the Principal Collection Subaccount.
